Cattle Has Arrested.

ST. LOUIS, May 25.—The *Globe-Democrat's* special from Dallas, Tex., says: W. D. Lewis, late president of the Colorado Cattle Association, was arrested at San Angelo yesterday charged with obtaining money under false pretenses from the National Exchange Bank of Dallas. The bank claims Lewis obtained $10,000 on a deed of trust for 2,000 head of cattle, while a diligent search brought to light only three hundred head.

No Cabinet Yet.

PARIS, May 25.—Ferry and Baron de Mackau, leader of the right in the chamber of deputies, visited President Grevy to-day in relation to the recalling of M. Floquet to form a cabinet. They declared that the creation of a Floquet ministry would injure the foreign relations of France.

Floquet still continues his negotiations with the opportunists, who persist in their opposition to the retention of Boulanger in the cabinet. Rouvier especially refuses to accept the portfolio of minister of finance if

GEN. BOULANGER

is retained, and if he persists in his refusal it may lead to Floquet's abandoning the task of forming a new ministry.

M. Elcquet has refused to form a ministry, and it is now proposed to form a Duclerc government with General Saussiere as minister of war.

President Grevy has again asked De Freycinet to form a cabinet.

ANOTHER HOLOCAUST.

The Paris Opera Comique Burned—Great Loss of Life.

PARIS, May 25.—The Opera Comique took fire this evening. The whole building is now wrapped in flames. Fourteen persons who jumped from the windows are dead. Forty-three are injured. Probably many were crushed to death in the gallery. At present this is uncertain.

The fire broke out during the first act of the opera of "Mignon." One of the wings caught fire from a gas jet and the entire stage was immediately enveloped in flames. The

FIRE SOON SPREAD

to the whole house. Madame Merguillier and Mme. Tasquin and Bernard were on the stage when the fire broke out. All the actors ran out in their stage costumes. The audience got out easily, but the gas was turned off before all had left the building, and it was feared some were left in the upper tiers. The roof soon fell in, sending showers of sparks as far as the Place de la Bourse. With the exception of Madame Sellini, who perished, all the actors escaped, though a number were seriously injured. Five bodies

TERRIBLY BURNED

were conveyed to the national library. Among them was the body of a woman clasping a little boy in her arms. The money receipts were saved and deposited in the *Gaulois* office. The firemen showed the greatest courage. M. Goblet and M. Thibeaud were on the spot soon after the fire started and remained throughout with the fire officials.

The military club rendered great assistance in the work of resisting the crowding of people toward the building. Nineteen persons are known to be dead. Many supposed that the artificial fire apparatus, which had been placed in position in readiness for the burning of the palace in the second act had rolled down from its place near the roof and

EXPLODED BELOW.

Women half clad carrying their costumes fled from the stage screaming. The supers and members of the chorus were terrified. Some of the latter fled with nothing on but their tights. The flames spread with such rapidity that in fifteen minutes the stage was a vast furnace. Several actors escaped by climbing to the roof on the side of Rue de Merivaute, where they were rescued by the fire escapes. M. Tasquin implored the audience to remain seated until the exits were opened, which they did. If they had made a rush for the doors the loss of life would have been terrible. The police outside were unable to

RESTRAIN THE CROWD,

who beseiged the building inquiring for friends, until a military cordon was formed. One man who wanted to rescue his brother and sister raved and tore his hair and menaced with a stick the people who stopped him from rushing into the burning building. The scene outside was one of the wildest excitement. Falling embers struck horses in the surrounding streets causing them to plunge in the rear. Flames shot out of every window, forcing the crowd into the narrow streets where the crush was terrific. Figuratte says there were 150 persons on the stage when the fire broke out. She heard the glass breaking but told the others

NOT TO MIND IT

but while she was speaking a column of flame broke through the wings with a roar and all rushed pell mell from the stage. Many policemen were injured. It is still unknown how many persons were unable to escape from the doomed building. Only a fortnight ago M. Steinakers called attention in the Chamber of Deputies to the dangerous condition of the Opera Comique, the oldest theatre in Paris.

Figaro also called attention to the same thing after the recent 19-hour benefit performance.

The audience was delayed a few minutes by the dense smoke and insufficient light. Doctor Soleil, with his wife and two children, escaped without injury. Among

THE KILLED

are four firemen. No frantic rush was made in the theatre, but it is believed the stair-case became blocked.

The iron curtain was lowered in front of the stage, and this prevented the fire from spreading immediately to the auditorium and allowed the audience time to escape. The man who carried away the money chest report that when they left the auditorium was quite empty. The fire brigade distinguished themselves. Many had narrow escapes. Most of the casualties so far reported are due to nervousness. Many persons who were unable to trust themselves to walk the narrow ledge of the cornice round the building,

JUMPED OFF

in terror. One woman coolly walked around the cornice while the flames were bursting above her head, until she reached the fire escape. The victims are almost all singers.

The streets in the vicinity of the burned theatre were crowded until an early hour this morning. The doctors attended many persons who have been bruised. Sewell, solicitor of the British embassy, said the audience showed great calmness when the alarm was given.

The Baptists.

MINNEAPOLIS, May 25.—The American Baptist Publication Society held its sixty-third annual meeting this morning.

Dr. Goodman presented the report of the board of managers. He called attention to the supplemental report announcing the delaication of over $89,452 by two bookkeepers and the subsequent recovery of part of the money. The shortage had been reduced to $22,000 and possibly may be reduced to $20,000. The report continued as follows: Gross receipts for the year in all departments, $824,140.43. The business shows an increase of $17,644.89 over last year and $124,654.19 over the average of the last ten years. In the

MISSIONARY DEPARTMENT

the gross receipts were $8,084 less than last year, mainly because of the diminished receipts from churches, schools and individuals of $7,508.48, whilst $4,658 68 more was paid this year for missionary work at home and $785 14 less for foreign work. The Bible department receipts were $11,519 63 less than last year The receipts were entirely insufficient for the work; 104 new publications were issued during the year and 331,500 copies printed; 767,500 copies of new editions of former publications were issued, an increase for the year of 2,288,256 copies Sixty-eight missionaries have served 19,031 days. They sold 27,568 books and gave away 3,170; distributed 3,014,023 tracts, preached

12,546 SERMONS

baptized 710, constituted 43 churches and organized 311 Sunday schools.

Vice-President Goodman announced the committees. Rev. John A. Broadus, Professor of the Baptist Theological Seminary at Louisville, delivered a doctrinal sermon at the afternoon session. Dr. Heron of Chicago read the report of the committee appointed on missionary work in Turkey. The report recommended that the Baptists take up and carry on the work.

The Brewers.

BALTIMORE, May 25.—The twenty-seventh annual convention of the United States Brewers' Association convened this morning. The report of the board of trustees recommending the appropriation of $5,000 towards defraying the expenses of the Michigan brewers in their fight against prohibition, and declaring against high license was read. The report showed that about three hundred and fifty brewers throughout the country had pledged themselves to protect each other during the strikes.

The committee reported a balance on hand of $18,000, and a total membership of 818.

After the appointment of the necessary committees the convention adjourned till to-morrow, when the officers for the ensuing year will be elected. In the afternoon the various committees held a private meeting and most of the visitors spent several hours inspecting the large breweries on the outskirts of the city. The convention will close with a banquet to-morrow night.

O'Brien.

NIAGARA FALLS, N. Y., May 25.—Editor O'Brien rested comfortably last night and reports himself feeling considerably better to-day. He was shown a dispatch containing the statement of the London *Standard* to the effect that he had declined the seat in Parliament to which he was recently elected, and was asked if the statement was accurate. Mr. O'Brien replied that the statement was wholly unauthorized, and that he had neither accepted nor declined the seat, and will take no action until first he has a consultation with Mr. Parnell.

O'Brien left for Montreal at four o'clock.

WASHINGTON.

Rules of the Commission—An Applicant for Pardon Gratified, Etc.

WASHINGTON, May 25.—Major Bent Perley Poore was reported much worse this morning.

The inter-state commerce commission has adopted rules to govern the practice before it. They provide that when the commission is in Washington the sessions for hearing complaints, etc., will be held at 11 a.m. daily, except Saturday.

Application for authority to charge less for a longer than shorter distance must be made by the agent or the officer of the applying company, in a legally attested petition setting forth the

MEASURE OF RELIEF

desired, the facts upon which it is based and the points at and between which it is desired, and that notice thereof must be published in at least two newspapers of general circulation on its line, setting forth the relief sought for. Prior to the presentation of the petition the commission will appoint the time for hearing the testimony for and against the complaint.

Complaints against a common carrier of discriminations, must be attested in the petition setting forth the facts complained of, and copies enough thereof must be furnished to allow of one being sent each common carrier complained of; and must have the address of complainant or the counsel endorsed thereon.

THE CARRIER

complained of must make answer inside of twenty days, unless otherwise prescribed by the commissioners in Washington, and a copy sent to the complainant, or, if he shall make satisfactory rates in the meantime he may so state in his answer. If the carrier complained of considers the complaint insufficient to show a breach of the law, instead of answering he may notify the complainant of his readiness to have the case heard on the complaint in which the facts stated in the complaint will be taken as admitted, and the commission will fix the time and place of hearing, which will be at its office in Washington, unless otherwise ordered. In case of failure to answer,

THE COMMISSION

will take proof and make an answer in the premises.

Richard Nixon, the correspondent for the New Orleans *Times-Democrat* was married to Miss Agnes Dolph, at Epiphany Church, this evening.

The parade of the troops to-day for review by the President has afforded the first opportunity for seeing at once the entire body of those forming the encampment and was an unqualified success. The arrangements for the parade were reasonably complete and were carried out almost to the allotted second and without an apparent hitch or break. The reviewing stand had seats for nearly 300 persons, and was well filled without being crowded. With

THE PRESIDENT

were Mrs. Cleveland, Mrs. Welsh and Mrs Marsey, and Mrs. Lamont. General Sheridan and several members of his staff in full uniform were their escorts. Among the guests of the drill were Governor Merrill of Minnesota and staff, the staff of Governor Gray of Indiana, (the governor himself having been detained at the last moment), Secretary Endicott, Senators Sherman and Gorman, the Mexican and Japanese ministers and ladies and their families, and a liberal sprinkling of other legations and army people. The stand was covered with bunting, and stood beneath the shade of the lofty trees which front the White House grounds.

Assistant Secretary Maynard has informed a correspondent who asked

FOR INFORMATION

on the subject, that under the law, the property, goods and effects of whatever nature, of Indians passing or residing the boundary lines are exempt from duty, but that such exemption does not extend to goods in sales or other large packages unusual among Indians.

The President has granted amnesty in the case of Lars Christianson, convicted in Utah of polygamy.

Indian Commissioner Atkins has returned from New York, where he has been for the past two weeks, opening bids and awarding contracts for furnishing the Indian service with supplies for the next fiscal year. The aggregate will reach $1,000,000.

Presbyterian Convention.

OMAHA, May 25.—In the Presbyterian convention to-day the resignation of Dr. Allison as a member of the board of the freedmen's missions was tendered and accepted.

The report of the committee on theological seminaries reported thirteen in the country, all in a prosperous condition with an increase of 318 students over last year. The committee recommended that hereafter more attention be paid in theological institutions to a more systematical study of the English Bible.

The committee on publication of Sabbath school publications reported the distribution of 37,886 volumes, 22,911 Sabbath school papers, 3,094,418 tracts and visited 65,282 families.

Money donations have been received from 3,007 churches. The total receipts were $211,637 87.

Section four of twenty-four of church government was amended by removing the restriction against a husband marrying the sister of the deceased wife, or a wife marrying the brother of a deceased husband.

Permanent clerk More held that the amendment did not permit what was claimed. The subject was committed.

Five Million Suit Against Jay Gould.

NEW YORK, May 25.—The *Commercial Advertiser* says: A suit involving $5,000,000 is about to be commenced against Jay Gould and Russel Sage as trustees of the consolidated mortgage on the Kansas Pacific Railroad, by foreign holders of the bonds issued under the mortgage. Certain facts were elicited during the recent examination in the affairs of the Pacific railways by the United States Pacific Railway Commission, which have long been suspected by interested parties, but which they were unable to prove. Now all is made clear, and this suit will be the result.

IT IS STATED

that in 1879, when the plan to consolidate the Kansas Pacific and Union Pacific roads was about to be carried into effect, Sydney Dillon, by a preconcerted arrangement had an attorney bring an action against Gould and Sage as trustees of the great Kansas Pacific blanket mortgage to release 30,000 shares of the Denver Pacific stock from the lien of the mortgage. This stock was worth $100 per share par, but at this time was of no great market value. In this unique case, in place of the ordinary legal delays, the answer was served on the following day and an application made to Judge Donohue for the appointment of Hon. Rufus Ranger as referee, and within the next two or three days a

SO-CALLED TRIAL

was had before the referee, during which Dillon testified that the Denver Pacific stock was worth about $200,000 or $300,000, though its face value was $3,000,000. The report made was confirmed and the judgment entered releasing the $3,000,000 worth of stock from the lien of the mortgage, and the stock was transferred to Gould and Sage as individuals. The whole suit involving so large a sum of money, was commenced and ended inside of one week. On the same day or the day after the stock was transferred, consolidation was consummated, and shortly after the Denver Pacific stock became worth its

FACE VALUE.

Had it remained under the lien of the consolidated mortgage, each bond issued would have been worth its pro rata share of three million dollars more than it is to-day. This, with interest, would be about $5,000,000. It is to secure a proportionate share of this that the foreign bondholders propose to bring their suit, claiming a wrongful depreciation and that a court of justice was improperly used to give a color of legality to robbery. The case bids fair to be one of the great lawsuits of the day.

THE RAILROADS.

The Union Pacific Investigation Continued.

BOSTON, May 25.—The Union Pacific investigation was resumed to-day.

Frederick L. Ames, formerly a stockholder in the Union Pacific Railroad, was familiar with the relations of this road and the Kansas Pacific road prior to 1877. Jay Gould was instrumental in buying up the Kansas Pacific securities in 1876. I owned no securities that entered into that pool. I received two certificates for $50,000 each. I have not these in my possession now. They were turned over to somebody. These certificates were probably issued to every member of the pool. I think I paid $100,000 to the Farmers' Loan and Trust Company. Ames testified to the manner in which the business of the pool was conducted. A copy of the consolidated mortgage was introduced in evidence. "I do not remember," he said, "that I ever contributed the $383,009 funding bonds named in this mortgage. My connection with this pool was limited to the advancement of $100,000. I was director on the Kansas Pacific road in 1879. I cannot explain why the bonds were issued to the parties holding claims against the road at a rate which would aggregate its indebtedness more than $100,000. I exchanged my bonds for Kansas Pacific bonds. I do not remember that in 1880 $2,950,000 of the preferred stock was issued to Jay Gould at 75, when the bonds were worth 94. I do not know how the Kansas Pacific road came to be indebted to Jay Gould for $2,000,000 at this date. All the directors were in favor of consolidation except Jay Gould. The final consummation was reached at Mr. Gould's house. The paper was signed by all present. The basis of the consolidation was $50,000,000."

AFTER RECESS,

the examination of Ames was continued. He remembered an agreement between the Union Pacific, Colorado Central, Denver Pacific and the receivers of the Kansas Pacific, dated June, 1878. It was reported to the directors of the Kansas Pacific for approval. This pool remained in operation until the consolidation. Witness did not remember the meeting in July, 1879, in which it was agreed to make a note to Jay Gould for $230,371, with the deposit of Kansas Pacific consols as security, the proceeds to be used for the payment of overdue coupons and interest certificates; but very likely the agreement was made, for the company had not then sufficiently recovered to be able to get along without raising money in this way. The stock of the Denver & South Park Railway was bought in a lump for $3,000,000 and more directly, as he understood, from Gov. Evans at par. The road had earned a surplus for two and perhaps three years. The Union Pacific has recently ceased paying interest on $1,800,000 of the first mortgage bonds on the first 100 miles of the road. These were outstanding when the road was bought. This 100 miles of road would carry the link that would operate to the advantage of the

DENVER & RIO GRANDE,

and to the disadvantage of the U. P. This fact had kept them paying interest in the past years. The Union Pacific still paid interest on the Kansas Central, though it was not earned, it being thought better policy to keep the road in hand than allow a foreclosure. Another line on which unearned dividends were paid was the Oregon Short Line, in whose bonds the Union Pacific had no interest.

When asked how he explained the payment of dividends with a condition of affairs which required the sale of stock for the extinction of the floating debt, Ames said the declaration of a dividend was made upon a statement of the earnings and the road might very well have earned the dividends several times over and at the same time have been building roads and borrowing money and using its funds for other purposes in addition to the property which would not interfere with the right to draw dividends. Ames also said the directors of the Union Pacific were largely controlled in signing the agreement by the fact that they were cornered by Jay Gould. Gould made about $3,500,000 by the consolidation.

Order appointing time and place for settlement of final account and to hear petition for distribution.

ON READING AND FILING THE PEtition of Christian Jensen and Daniel McRae, Executors of the last will of Jacob Jensen, deceased, setting forth that they have filed their final account of their administration upon said estate in this Court; that all the debts have been fully paid, and that a portion of said estate remains to be divided among the heirs of said deceased, and praying among other things for an order allowing said final account and of distribution of the residue of said estate among the persons entitled.

It is ordered that all persons interested in the estate of the said Jacob Jensen, deceased, be and appear before the Probate Court of the County of Salt Lake, at the Court Room of said Court, in the County Court House, on the 23rd day of June, 1887, at 1 o'clock a. m., then and there to show cause why an order allowing said final account and of distribution should not be made of the residue of said estate among the heirs and devisees of the said Jacob Jensen, deceased, according to law.

It is further ordered that the clerk cause copies of this order to be posted in three public places in Salt Lake County and published in the DESERET EVENING NEWS, a newspaper printed and circulated in Salt Lake County, three weeks successively prior to said 23rd day of June, 1887.

ELIAS A. SMITH, Probate Judge.

Dated May 21st, 1887.

Territory of Utah, County of Salt Lake. } ss.

I, John C. Cutler, Clerk of the Probate Court in and for the County of Salt Lake, in the Territory of Utah, do hereby certify that the foregoing is a full, true and correct copy of order appointing time and place for hearing petition for distribution in the matter of the Estate of Jacob Jensen, as appears of record in my office.

In witness whereof, I have hereunto set my hand and affixed the seal of said Court, this 21st day of May, A. D. 1887.

[SEAL.] JOHN C. CUTLER, Probate Clerk.

GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to all Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders sold at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report, says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.
