WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safest appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

is the direct and favorite line between Chicago and Minneapolis and St. Paul. Close connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the pleasuring places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points. For detailed information see Maps and Folders, obtainable, as well as tickets, at all principal Ticket Offices in the United States and Canada; or address

EVENING NEWS.

Friday - February 12, 1886

BY TELEGRAPH.

OVER WESTERN UNION TELEGRAPH LINE.

AMERICAN.

Wired from Washington.

WASHINGTON, 11.—Pillsbury and Chase, nominated respectively to be Internal Revenue collectors of the Eastern District of Massachusetts and the District of Maine were heard this morning by the Senate Committee on Finance in their own defense. They explained their connection with the so-called Garcelon controversy, and declared that the subsequent action of the State authorities was a vindication of their course.

The President gave a state dinner to-night in honor of the Supreme Court of the United States and the members of the Senate and the House Judiciary Committees. The Executive Mansion was handsomely illuminated and artistically arranged for the occasion.

The House committee on public lands at a special meeting this afternoon, agreed to declare a forfeiture of the Northern Pacific railroad land grant to all lands lying opposite that part of the line which was unconstructed on July 4, 1879, the date on which the committee construe the granting act to expire. Certain lands are excepted from the operation of the forfeiture act.

The cabinet meeting to-day was devoted to the consideration of the silver question and the anti-Chinese riots in Washington Territory.

The Senate in executive session confirmed the nomination of Peter Gallager, agent for the Indians in Idaho.

The Remains Placed in a Steel Casket.

WASHINGTON, 11.—The Secretary of War and several prominent army officers will go to Philadelphia Saturday to receive the remains of Gen. Hancock and will accompany them to Norristown.

The President desired to attend the funeral of General Hancock, but finds it impossible for him to do so. The Cabinet will be represented by Secretary Bayard, who will act as pallbearer, Secretary Endicott, and possibly two or three others. Secretary Whitney will not be able to attend, but will detail a number of officers to represent the Navy.

New York, 11.—General Hancock died poor and the fact being known to his friends and comrades, a subscription has been started for his widow. The plan was originated by Gen. W. F. Smith, Gen. J. B. Bry, Wm. Burns and T. L. Crittenden. J. Pierrepont Morgan is treasurer of the fund. These sums have been signed: Samuel S. Tilden, $1,000; Wm. R. Grace, $500; M. B. Brown, $250; John D. Cremmins, $250. The circular accompanying the subscription says the General was kept poor by the calls upon his official hospitality and the constant charities which he gave those in distress.

The remains were taken from the bier this afternoon and placed in a steel casket, dressed in the uniform of a Major-General.

The following order was issued to-night:

HEADQUARTERS DIVISION OF THE ATLANTIC,
GOVERNOR'S ISLAND,
New York City.

General Order No. 2.

For the information of all concerned, it is hereby announced that the Lieut. General has assumed immediate command of the Division of the Atlantic and the Department of the East until the successor of the command is assigned by the President of the United States. By command of

P. H. SHERIDAN,
Lieut. General.

Attest: WM. D. WHIPPLE,
Ass't Adj. General.

Orders were also issued detailing four battleries of the Fifth Artillery to act as an escort at the funeral ceremonies; sixteen non-commissioned officers to accompany the remains to Norristown, and a detachment of sixteen men under an officer to fire salvos over the grave.

More Trouble Anticipated in Seattle and Vicinity.

SEATTLE, W. T., 11.—This city is quiet to-day. Troops are patrolling the streets, but there has been no collision. The mob has dispersed, but it is thought that it would re-assemble in an hour if the troops were withdrawn. Martial law continues and half-a-dozen prominent agitators have been arrested and are confined in the jail. Among these prisoners is the chief officer of the Knights of Labor in this city.

TROUBLE IN PORTLAND ANTICIPATED.

Portland, Ogn., 11.—There are fears of trouble here next Saturday or Sunday similar to that at Seattle this week. If it comes at all, it will be on a much larger scale. At a large meeting of anti-Chinese organizations held here Jan. 28, the following resolutions were passed:

Whereas, We the citizens of Portland and vicinity, in mass meeting assembled, do believe that unless intelligent action be immediately taken by us on the Chinese question, the destruction of life and property will be the inevitable result; and inasmuch as there are thousands of our wage-workers out of employment with no prospect in future of securing work whereby to earn bread for themselves and families, and realizing that under the present state of affairs their condition cannot be made worse, and seeing as we do the danger that threatens our city, we deem it our duty to humanity to adopt the following resolutions; therefore, be it

Resolved, That a congress be held in the City of Portland on the second Saturday of February next, for the purpose of taking intelligent and concerted action in this matter; be it further

Resolved, That all companies, corporations, trades unions and labor organizations be and are hereby requested to hold meetings and elect delegates to represent their respective organizations; each organization, trade union, company or corporation to be entitled to three delegates to rearesent their respective locality.

This Congress will convene here Saturday morning. Ordinarily there would be very little in such a convention to excite alarm, but last Tuesday evening Burnett G. Haskell, who styles himself the "Organizer of the International Workmen's Association, and a delegate from the Confederated Trades and Labor Organizations of California, Arizona and Nevada," arrived here, and by common consent has been placed at the head of the movement to expel the Chinese by force. In an interview published yesterday evening, Haskell, in answer to a question by a reporter, said: "We don't intend to commit any violence or precipitate any strife, but we do intend to have the Chinese leave Portland. The way we intend to remove the Chinese is to remove their goods and chattles and themselves to the wharf, put them on board a steamer sailing for San Francisco and say to them, 'God bless you. You are not wanted here. Depart in peace.'"

Physically stated, the situation in Portland in this: There is a Chinese population of between 2,700 and 3,000, and a white population of about 32,000. Nearly five-sixths of the Chinese are quartered in eight blocks on Second Street, between Washington and Taylor, and two blocks from the harbor. There are five companies of militia, two of them with sixty members each and the other three numbering less than twenty each. The Vancouver Barracks, where 600 United States troops are stationed, is distant 16 miles by boat, but from the experience of Seattle this week it is thought their assistance could not be had till much damage is done should an outbreak occur.

The steamship *Oregon* leaves here for San Francisco on her regular trip next Saturday night at 12 o'clock. Her passenger capacity is limited to about 300. A steamer leaves every five days. There is a very strong sentiment among the genuine laboring classes in favor of law and order, and the only fear is that some hot-headed professional agitator will do something which will lead to bloodshed.

It is estimated that 700 to 800 men will join in violence towards the Chinese.

Portland, Oregon, 11.—Fifty-four Chinamen at work in the mines at Carbonado, on the Puyallup branch of the Northern Pacific railroad, were driven out to-day and are now at the station awaiting transportation to Tacoma and thence to San Francisco.

A Stolen Child.

JERSEY CITY, N. J., 11.—On Friday night last Mrs. Charles S. Hogan, the wife of a Pennsylvania railroad conductor, who resides in an apartment house at Jersey Avenue and Eighth Street, called to a little boy who was passing to get her a physician. She was about to be confined, and as Dr. Holcomb, who lived near by, had attended her, she asked the boy to summon him. In a few minutes the boy returned with a man who said he was Dr. A. T. Sayers. As Mrs. Hogan was in a critical condition, she accepted his services. He immediately, she says, put her under the influence of ether. When she recovered from the effects of the drug she was alone in the room. The child, of which she had been delivered, had disappeared, and the only evidence of its existence left in the room was a small package which contained a little curl of golden hair. Mrs. Hogan is of the opinion that the Doctor either killed the child by mistake or was trying to secure a subject. There is no physician in Jersey City of the name of Sayers. The police are searching for the alleged physician and the boy who brought him to the house.

FOREIGN.

All Quiet.

LONDON, 11.—No disturbances reported in any part of London to-night. Public confidence is restored. The Government has caused circulars to be sent to officials throughout the country, inquiring into the extent of the distress existing among the working people out of employment and inviting suggestions as to the best measures for the relief of the sufferers.

The Crown Solicitors have advised the Government that a conviction can probably be obtained of the Socialist leaders who took part in the mob proceedings of Monday. Such a conviction would entail two years penal servitude on each defendant.

The mass meeting of the unemployed men of the southeastern part of London, called to assemble in Deptford to-night, has been postponed until Saturday.

Six hundred police recruits have been engaged by the government for service in London. The new men will go on duty at once, and while waiting for their uniforms will wear plain clothes with a badge on the left arm.

The movement for the relief of the unemployed workingmen is spreading to the provincial towns. Two thousand rations and a large quantity of clothing are distributed in Glasgow daily. That the existence of the distress is owing to the severity of the winter is undisputed.

Strikers in Leicester.

A dispatch from Leicester says: The hosiery operatives here are out on a strike. They are parading the streets and smashing the windows of the factory. The police charged upon the strikers, but were unable to disperse them.

A meeting of unemployed workmen was held at Norwich last night for the purpose of urging the authorities to give work to the unemployed laborers and mechanics on the new barracks, schools and jails, instead of employing convicts. Similar meetings were held at Jarrow and elsewhere.

BRIEF TELEGRAMS.

The California Sugar Refinery made a reduction to-day of ten cents a gallon on syrups.

John G. Thompson, a well-known Ohio politician, died at the Occidental Hotel in Seattle yesterday, of valvular insufficiency of the heart and dilation.

Two more classes of the Greek naval reserve have been summoned into active service. The Greek fleet in the Gulf of Vola, Thessaly, has been ordered to return soon to Salamis in the Gulf of Ægina, near Athens.

The schooner *Lizzie Merrill*, was discovered near Queetz river, W. T., bottom up. All hands are supposed to be lost. The schooner went ashore January 27th. It is thought she was boarded at sea after she capsized, as several holes were found cut in her bottom.

CORRESPONDENCE.

WEST BOUNTIFUL ITEMS.

WEST BOUNTIFUL,
February 7, 1886.

Editor Deseret News:

The West Bountiful Ward is not a place that can boast of a great population, nevertheless we are enjoying a pleasant and in general very good time.

Our new Bishop is a straightforward, plain and pleasant man, and does all in his power to strengthen his ward in their love for God and justice to man by a Godly walk and conversation, and consequently enjoys the good will and respect of those who he is placed to preside over.

Our Y. M. M. I. A. is in a flourishing condition, under the able and praiseworthy management of Brother Joe Argyle, Sen., whom is assisted in his labors by two of our energetic young men, Duncan Kippir and Fred. Muir. Brother Joseph Argyle is an exemplary man, and there is probably not a man in this Ward who enjoys more general respect, from young and old alike, than he.

The Y. L. M. I. A. is also in an excellent condition, being conducted by Mrs. Joseph Wood, Mrs. William S. Muir and Miss Mary Roberts, all ladies of undisputable efficiency. Neither are the ladies that belong to that association second to those of any association in the Territory in point of ability.

Brother James Hood has been teaching lessons in music for the last three months, at the end of which time a sociable was held in the school house, which was crowded till there was no sitting room. The entertainment, under the kind and able care of Bishop Grant, gave entire satisfaction and was a perfect success, music, singing, and recitations being special features of the affair.

Brother Hood is a competent music teacher, and has by his suavity and other desirable characteristics, won himself a good name and the respect and love of his pupils and the people in general, both young and old. He will teach music another quarter, and has the good wishes of all who are acquainted with him, and being a bright, energetic young man, it is reasonable to believe that he has a promising future before him.

A home dramatic club is also in operation in this ward, under the leadership of Brother Walker H. Pack, which, judging by his determination and the ability of the members, will prove to be a perfect success and an honor to this place.

Generally speaking, a good spirit prevails, and the love of God and His laws and ordinances and due respect for His authorities seem to be increasing.

Your Brother in the Gospel,
JOHN THORGERSON.

—On February 3d, James Steers, an agent of the California Mutual Accident Association, was caught in a snowslide on Lion Mountain, near Hecla, Montana, and killed.
