AGREEMENT VOID, SAYS THE COURT.

Mrs. Bell Sold Dower Rights in Husband's Estate for A Song.

FORMER DECREE IS AFFIRMED

Arrangement Was Against Public Policy and Unjust, Unfair and Inequitable.

The decree of the lower court in the matter of the estate of James Bell, deceased, which allowed Mrs. Ellen R. Quinn Bell one-third of her husband's estate has been affirmed by the supreme court in an opinion written by Justice Straup and concurred in by Chief Justice Bartch and Justice McCarty. Franklin R. Bell, executor of the estate, asked for a decree of distribution in the lower court, distributing the estate to the children of deceased, when Mrs. Bell enterd a protest and asked that she be awarded her one-third interest in the same.

The executor claimed that Mrs. Bell, in consideration of the payment of $225, had relinquished her interest in the estate and hence she was not entitled to anything. It appears that the children of deceased were very anxious to get their step-mother away from their home and finally induced her to leave and also to agree to let Mr. Bell get a divorce from her without a contest, and to relinquish her dower rights in his estate for $225. It was shown that the total value of the estate was about $7,000. The lower court held that the agreement entered into was void, as being against public policy.

This decision is affirmed by the supreme court, which holds that such an agreement made in furtherance of an action for divorce is clearly against public policy and hence void and further the payment of $225 to Mrs. Bell for a relinquishment of her dower is so inadequate as to render the transaction unjust unfair and inequitable.

Arraigned for Horse Stealing.

Two prisoners were arrigned before Judge Armstrong yesterday afternoon, both upon the charge of horse stealing. They were both given until Thursday to plead. Robert T. Clark is charged with stealing a team of horses and a buckboard from Albert C. Goodwin of Ft. Douglas on Jan. 9, 1905.

J. W. Gilson has two charges of horse stealing against him. He is charged with stealing one horse from E. J. Price and another from Laura Kennedy on Feb. 9, 1905.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents.—Ask Your Druggist.

SCHETTLER HELD AGAIN.

New Four Cases in the District Court To Which Answer Must be Made.

B. H. Schettler was yesterday bound over to the district court on the final action brought against him by depositors alleging that he accepted money after knowing the bank to be insolvent. The complaints filed before Justice Dana T. Smith were signed by Mrs. Caroline Thompson and Mrs. Mary Larsen. The defendant, through Attorney Will Ray, waived preliminary hearing and was bound over to the district court on the aggregate bond of $5,000 previously fixed. The sureties are Robert Patrick and Royal B. Young, $1,000; and Thomas A. Clawson, and Royal B. Young, $4,000. These cases make a total of four on which the ex-banker is awaiting trial.

A Dandy for Burns.

Dr. Bergin, Pana, Ills., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by Z. C. M. I. Drug Dept. B

THE ANNUAL JUNKET.

Country Newspaper Editors Meet and Prepare for Another Coast Trip.

The Utah Press association held a well attended and enthusiastic meeting at the Kenyon hotel parlors yesterday afternoon. The features were a discussion of the power of the country press, by Frank J. Cannon, himself an editor of a well known country paper, and a talk on patent medicine advertisements by Chas. England of the Logan Journal. An invitation was received to visit the performance of "Reville and Taps" in the Salt Lake Theater, and was accepted. President D. P. Felt called the meeting to order, and P. P. Jenson acted as secretary.

Mr. Cannon took the view in his talk that the people of Utah too often underestimate the value to the community of the home paper, and fail to give practical recognition to its efforts. The power of the country paper for good will be greatly enhanced with the gaining of the support which should be its due.

Mr. England had plenty of troubles to discuss, in connection with patent medicine advertisinig. He said the patent medicine advertisements usually went in cheaper than local rates and when final payments were due, some excuse was usually found to refuse to make good. He recommended charging the full local rate with a bonus for collection expenses.

The committee on the Portland exposition reported that they would visit the fair city in June in company with the national association.

FULLY ORGANIZED.

Horticultural Society Selects Last of Officers and Adjourns.

The state horticultural society wound up the business of its convention yesterday afternoon and adjourned, after having effected a permanent organization and elected officers for the ensuing year. A constitution and by-laws were adopted, and plans made for a permanent association.

The officers chosen are as follows:

President, Thomas Judd of St. George; vice presidents, Joseph Stanford, Weber; H. W. Valentine, Boxelder; B. H. Bower, Utah; Nils R. Broby, Cache; Mons Petersen, Grand; W. H. Miller, Davis; secretary, A. H. Snow of Brigham; executive board, Prof. E. D. Ball, Cache; R. E. Wilson, Weber; W. C. Burgon, Salt Lake; Jesse M. Smith; president and secretary, ex-officio members.

The feature of the afternoon's discussion was a talk on the subject, "Early and Late Spraying for the Codling Moth," by Prof. E. D. Ball, etomologist at the Logan exepriment station.

Prof. Ball discussed the results of his work in spraying a badly infected orchard at Logan during last season and the year preceding. He had selected this orchard on account of its being so badly infected and had operated differently on different trees. He found that by spraying twice early and three times late he had killed 89 per cent of the first breod of worms the first year and 96 per cent the second. The spray of May or June killed more worms of the second brood than the first.

The best sort of spray Prof. Ball considered to be Paris green diluted to the strength of 150 gallons of water to the pound.

Preceding Prof. Ball's address C. A. Hukenlooper of San Jose spoke on the "San Jose Scale and Its Treatment."

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of indigested food—or money back. 25c at Z. C. M. I. Drug Dept.

BIDS FOR SIDEWALKS.

Will be Considered by Board of Public Works Tomorrow.

At the meeting of the board of public works yesterday afternoon bids were opened for the construction of cement sidewalks, watermain and sewer extension for the year 1905. There were about 20 bids received, all of which were referred to the city engineer for tabulation and then to be reconsidered by the board at tomorrow's meeting. Some of the bidders are P. J. Moran, G. G. Doyle & Co., Palmer, Tate & Co., Midgley Bros., R. S. Blome & Co., P. P. Ford and Page, Swan & Perkins.

The following committee was chosen to arrange for a banquet in entertainment of the State Medical association which meets next month in this city: Drs. R. W. Fisher, C. G. Plummer, W. B. Ewing. The delegates to the state association were Drs. S. C. Baldwin, C. G. Plummer, J. N. Harrison, W. F. Beer, E. O. Jones and A. Reuscher.

The Very Best Remedy for Bowel Troubles—No Family Can Afford To Be Without It.

"I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the very best remedies for bowel troubles," says Mr. J. W. Hanlon, editor of the Despatch, Ocilla, Georgia. "I make this statement after having used the medicine in my family for several years. I am never without it." No family can afford to be without a bottle of this remedy in the house. It is certain to be needed sooner or later. For sale by all druggists.

This Day In History.

APRIL 11th.

1794—Edward Everett, orator and statesman, born at Dorchester, Mass.; died 1865.

1814—Napoleon at Fontainebleau signed the act of abdication.

1873—Major General Canby murdered by the Modocs in the lava beds of Oregon; born 1819. General Canby was killed on all errand of peace. Sent to the lava beds to subdue and punish Captain Jack's vicious band, he was suddenly ordered to stop hostilities and conduct negotiations for peace. Captain Jack asked for a "peace talk," specifying that Gen. Canby and his second in command, with three civilian commissioners, meet an equal number of savage leaders between the lines. Although warned by friendly Modocs, who knew the secrets of the Indian councils, that it was a plot to massacre the leaders of the troops, Canby yielded to the wishes of the peace men and accompanied the party.

1899—Formal proclamation by President McKinley announcing the ratification of the treaty and restoration of peace with Spain.
