LAST NIGHT'S DISPATCHES.

EASTERN.

CLEVELAND, O., 3.—James Rossa, a butcher, committed suicide by cutting his throat with a razor, cause unknown.

SYRACUSE, N. Y., 3.—Last night Dewitt Comstock, while drunk, killed his wife by breaking her skull with a cobble stone, jealousy was the cause. Comstock gave himself up.

NEW YORK, 3.—Wm. J. Sharkey, for the murder of Robert S. Dunn, was sentenced this a. m., to be hanged on Aug. 15.

Upwards of one million in gold were sold from 115,13 to 115,13 1-10.

ST LOUIS, 3.—The storms a few days past have done great damage to property of various kinds in this and adjoining States. At Springfield, Mo., on Tuesday night the Woolen mill of L K. Smith was demolished and a large stock of wool and manufactured goods destroyed. The store house of E. L. Kroft was ruined and several buildings blown from their foundations and greatly injured. The Methodist church at Ottville, Mo., was totally destroyed and several houses badly damaged. The growing crops were also severely injured in many locations, the wheat particularly. In some places it is said that not more than half the crop will be saved.

INDIANOPOLIS.—Judge George Bushkirk, a wealthy banker at Bloomington, Ind., shot a bar tender named Aaron Rose, in the right side yesterday p. m. Rose is in a critical condition.

WASHINGTON.—The California Central Pacific Railroad Company having refused to deliver government freight at San Francisco without the prepayment of charges accruing in the railroads west of Omaha, the attorney general decides that this act is in violation of law, and that a suit will be brought against the company for the delivery of freights without the payment of such charges.

An order, detaching commander Greer from the naval academy, and ordering him to the command of the *Tigress*, was issued to-day.

HUDSON, N. Y., 3.—A collision on the Hudson branch of the Boston and Albany railroad this p. m., caused the death of one person, and severely wounded six others.

The Union Pacific Railroad Company, yesterday paid the coupons due on July 1st, of the first mortgage bonds, in order to comply strictly with the requirements of the injunction which was sprung on them on the eve of interest day. Every person presenting the coupons was asked the following question: "Are the coupons which you now present to either of the persons named in the lists numbers one and two, the coupons of bonds which were distributed as dividends or allotments of profits to shareholders of this company, directly or by seven trustees, under the Oakes Ames contract or through or by the Credit Mobilier of America, and if so, to whom do they belong?"

HARTFORD.—The Senate, today passed resolutions condemning the back pay bill of Congress, and commending the Senators and Representatives from this State for opposing it. The Senate repealed the bill providing for a constitutional convention, and passed a bill giving the appointment of Railroad Commissioners to the government instead of to the legislature.

NEW YORK.—The funeral of the late Brevet Brigadier-General Wm. H. Sidell, of the U. S. A., took place this p.m., from the residence of his sister, Mrs. J. Grosvenor, Fifth Avenue. Rev. John Cotton Smith read the funeral service. The pall bearers were General Barnard, General Leslie, Col. Stone, who served on General Thomas' staff during the war, Col. Lawrence, Mr. Corbitt, Dr. Raphael, Mr. Craven and Mr. Julius Adams.

The remains were taken to Greenwood Cemetery.

The heat, to-day, exceeded that of any day this summer, the thermometer, during the afternoon, ranging from 97 to 98 in the shade.

The London *Economist*, of June 27, has a leading article on the bill for increasing the circulation of the Bank of England, from which it appears that the British government cannot take the proposed action without the consent of parliament.

NEW YORK, 3.—Panama advices to June 24 say the notorious steamer *Virginius* is in the harbor of Aspinwall. A Spanish man-of-war entered the port on the 21st instant and on the same day also the U. S. steamer *Kansas*. What the mission of the Spanish vessel is has not transpired, but the *Kansas*, it will be remembered, is the same ship which over a year ago convoyed the *Virginius* out of the port from under the guns of the Spanish frigates. The *Virginius* is undergoing repairs, and it is understood that the *Kansas* will remain until her repairs are completed.

The Cuban General Quesada is still in Aspinwall.

Hon. T. Thorington, lately appointed U. S. consul to Aspinwall, on applying to Bogota for the usual *exequatur*, was refused on the ground that the government of Columbia would not recognize the proposed action without the consent of parliament.

Three families bound to Chicago, arrived here recently from Germany, and while in charge of the board of immigration were kidnapped by runners and sent to North Carolina, where, after working a month at the roughest kind of farm work, they escaped and begged their way back here, where they found their tickets in possession of the officers of emigration, which had been sent from friends in Chicago.

The *Express* says great indignation was expressed against the government to-day, by the Union Pacific bondholders, when they collected their interest.

Jeff. Davis is in town.

Doran and Blood, convicted of illicit distilling at Spring Valley, were sentenced to-day to three years in prison and to pay a fine of one thousand dollars each.

News has been received from Honduras that the filibustering steamer, *Gen. Sherman*, had landed her revolutionary party, headed by E. Palacios, at Utilla, Honduras. The government of Honduras had been overthrown by them, and a new one installed. Palacios and his followers were marching on Guatemala, and if they succeed in entering that Territory in two or three days' march, they are almost certain to overthrow the existing government of President Barrios, and to effect the re-establishment of the Jesuit or Church party.

WASHINGTON.—In assuming the genuineness of the recently published extracts from the letter o fcommander Greer of the *Tigress*, in reference to what his conduct will be regarding the *Polaris*, and his declaration not to be interfered with by commander Braine, naval officers here express their surprise that he should have written such a letter, as he bears a high reputation for seamanship and for caution in the expression of his sentiments; besides they are more astonished at the temper of the letter, as the general character of commander Braine affords no ground for the assumption that he would undertake to interfere with commander Greer, who is in full charge of the expedition in search of the *Polaris*, while commander Braine is dispatched to make inquiries respecting that vessel on the Arctic Coast. The two expeditions are distinct, as are the instructions of the respective commanders.

The maximum temperature of this city to-day was 101 in the shade.

LOUISVILLE.—Governor Bramlette publishes a card in the morning papers, announcing that every ticket in the public library gift concert has been sold. The drawing will take place on Tuesday, the 8th, when half a million in cash will be distributed to the public.

LOUISVILLE.—Three deaths occurred in this city to-day, the cause of which physicians pronounce to have been cholera.

ALBANY, N. Y., 3.—The firm at the U. S. Arsenal, at Watervliet, this afternoon, destroyed a warehouse and four sheds filled with lumber; loss $40,000. The fire was caused by lightning.

NEW YORK.—The prizes of the winners in the late billiard tournament were presented this evening by H. W. Calender at Chris. O'Connor's billiard rooms. The first prize, consisting of a silver champion challenge cup, the billiard table used during the tournament, and a money prize of $1,127.31, was given to Albert Garnier; Cyrille Dion received a check for $636.27 for the second prize; a diamond locket and $485.19 were presented to Ubassy for the best general average; John Deery got a similar locket and $322.10 for the third largest run; Maurice Daley received $805.23, and Joseph Dion $483.15. At the conclusion of the presentation ceremonies, a collation, provided by O'Connor, was partaken of.

A tornado this evening demolished a shed 450 feet long in course of construction over the pier at the Hamburgh S. Co., Hoboken. Fifty men at work in the building received warning barely in time to escape with their lives. Clinton Hall at Hoboken was also destroyed by the gale, three workmen were buried in the ruins and one fatally injured. A number of other buildings, and fruit and shade trees at Jersey City Heights and West Hoboken were damaged.

PITTSBURG.—The executive committee, having in charge the arrangements for the annual reunion of the army of the Cumberland, to be held in this city on the 17th and 18th of September next, held another meeting this evening. The various sub-committees were appointed to attend to details, and the prospects are that the members of the society from abroad will meet a cordial reception, and be handsomely entertained.

CINCINNATI, 3.—There were four deaths from cholera in the city today.

The river raised suddenly here, from nine to fifteen feet to-day, in consequence of heavy rains last night.

NASHVILLE, 3.—There were five deaths from cholera in this city to day, and five from other causes; no new cases reported.

MEMPHIS, Tenn., 3.—There were twenty interments here to-day, six of which were from cholera. The weather is clear and hot. The river is falling.

CINCINNATI, 3.—The Hamilton woolen mills, owned by Peter Shephard and Israel Williams, Hamilton, Butler county, Ohio, were burned at 2 o'clock this morning; loss $50,000, insured for $25,000. Opinions differ as to the cause of the fire. Some suppose the building was struck by lightning. Three men were injured, one fatally, by the falling of a roof during the fire.

PITTSBURG.—This evening about half past nine this vicinity was visited by a terrible wind and rain, the storm doing considerable damage in Alleghany, where Howe's circus was exhibiting at the foot of Robinson street. A whirlwind raised the centre pole out of the ground, causing the tent to fall. A panic was created, but nobody was killed. Several were bruised and two boys were badly cut about the head.

CLEVELAND.—This p.m the men engaged in the water works tunnel struck a vein of gas, which ignited from the workmen's lamps and exploded with terrible force, severely burning and bruising Jos. McDonald, boss, and Geo. Dennor, a workman. Other explosions were heard and the tunnel commenced to fill with water immediately. The extent of the damage is not yet ascertained, though no serious damage to the tunnel is apprehended.

ST. JOSEPH, Mo.—The river is now within four and a half feet of high water mark of 1844, when the flood was the greatest ever known in Missouri. The river is still rising and has caused considerable damage to the St. Joseph and Council Bluffs railway track, near Nebraska city.

Care for All!—Never Despair!
E. L. PLANT
Bronchitis, Diptheria, Coughs, Colds, and all Derangements of the Throat and Chest.
In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment twice a day upon the neck, chest and back, and in all stages of influenza, settled coughs, and wheezing at the chest, the same treatment may be followed with efficiency and safety.
Bad Legs, Bad Breasts, Old Sores, Wounds, and Ulcers.
By rubbing this Ointment perseveringly upon and around the affected parts twice a day it will penetrate to the bones beneath, and exert the most beneficial influence: the inflammation soon diminishes, the pain becomes less intolerable, the matter thickens, and a cure is soon effected. In all long standing cases Plant's Pills should also be taken, as they greatly assist in expelling all depraved humors from the body.
Skin Diseases of all Kinds.
In this class of complaints, no matter the age, the sex, the place, or under what name the disease may be classified, immediate ease, and ultimate cure, may with certainty be procured, if this Ointment be plentifully rubbed upon the part affected, while Plant's Pills are taken in appropriate doses, night and morning, to purify the blood.
Gout, Rheumatism and Glandular Swellings.
Every one suffering from these excruciating complaints should at once resort to those purifying remedies, as they have rescued thousands from a life of misery, after all other means had failed to give them relief. The Ointment and Pills used externally will act so searchingly and certainly, as to effect cures in the most hopeless cases.
Piles, Fistulas, and Internal Inflammations.
Persons afflicted with these distressing complaints will find in this ointment a most instant remedy for relief, and all can effect their own cure without exhibiting their infirmity to any one. Plant's Pills, if taken in small doses, greatly assist the Ointment as they purify the blood and regulate the stomach in an extraordinary manner.
Both the Ointment and Pills should be used in the following Complaints:
Bad Legs, Bad Breasts, Burns, Bunions, Chilblains, Chapped Hands, Contracted and Stiff Joints, Corns (soft), Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Sore Nipples, Scalds, Sore Throats, Skin Diseases, Scurvy, Sore Heads, Tumours, Ulcers, Wounds.
The Ointment and Pills are sold at Professor Plant's.
The Ointment is sold in pots at $1 and $2; the smallest Pot of Ointment for the smallest Box of Pills, which contains 40 pills, is equal to all parts. Full printed directions are affixed to each Pot and Box.
☞ Residence, 1st Ward, near 19th Ward School-house, Salt Lake City. Office also at Residence. Will be at office in Market Hall, near the City Meat Market, every day from 11 a. m. till 2 p. m., Sundays excepted.
