

COUNCIL BREAKS PREVIOUS RECORDS.

Holds a Meeting Without Introducing a Resolution or an Ordinance.

THE BOND VOTE IS CANVASSED.

City Engineer Gets Busy on Water Supply—Joint Building Insurance To Be Increased.

For the first time in several years there was not one new resolution or ordinance of any nature presented at the regular meeting of the city council last night. Such an occurrence is decidedly unusual and may not happen again for several years. The council met in special session yesterday afternoon at 4 o'clock and canvassed the vote cast at the special bond election and hence there was not much business before the regular session last night. There was only one change in the vote from the figures first announced. One vote was lost for the bonds in the First district making the majority for the bonds in the entire city 166 votes instead of 167.

ENGINEER GETTING BUSY.

City Engineer Snow, asked for an appropriation of \$2,500 to carry on the engineering work for the additional water supply. The matter was referred to the special water committee. This is the first action taken on the water proposition since the bond election. It means that the water committee will be pushed as rapidly as possible.

JOINT BUILDING INSURANCE.

The insurance on the joint building was again discussed at length. The committee on control recommended that the insurance be increased from \$57,500 to \$100,000 but Black wanted it increased to \$200,000 as he deemed the first named amount inadequate protection for the building. There was also some argument over the distribution of the insurance among the various companies, a protest being received from the Home Fire Insurance company against its proportion of the insurance. Fernstrom raised the point that the contract entered into with the county relative to the control of the building gave the committee on control power to act in all such matters without the approval of the council. The point was sustained by President Hewlett and the committee will act.

The resolution by Wells, providing for the payment of \$250 to Miss Edgington, deputy city auditor, for her services during the time she did not appear on the payroll of the city, was taken out of the hands of the municipal laws committee but it was defeated after considerable discussion, by a vote of 5-5. It required a vote of a majority of the council to pass it for the reason that it provided for the expenditure of money.

WANTS HIS JOB BACK.

James Sinnott petitioned the council to have his name reinstated on the payroll of the waterworks department as he claims that he was not legally removed from the position as tankman at the Thirteenth East street reservoir by Supt. Hines and Mayor Morris on Dec. 2, 1904. Mr. Sinnott says that he was appointed by Supt. Hines and confirmed by the council and that he was not removed by the council hence his removal was illegal. Since the above date he says he has been acting as tankman along with his successor, C. E. Angell, but that his name has been dropped from the payroll. The matter was referred to the waterworks committee with the city attorney associated.

MORAN SUBMITS BILL.

P. J. Moran submitted another bill to the council for the balance of \$1,034.50 due him on the contract for installing the heating plant in the new city hall over a year ago. The money has been held up on account of a misunderstanding in regard to installing a smoke consumer at a mistake made by the American Smoker company in its bid which would have meant a loss to Mr. Moran hence he refused to install the consumer and deducted from his contract the value of the same as stated in his bid. The council insisted on him installing the consumer and held up the balance due on his contract. A motion was made by E. H. Davis, but that his name has been dropped from the payroll. The matter was referred to the waterworks committee with the city attorney associated.

WHAT ELECTION COST.

City Recorder Critchlow submitted the payroll for the judges of the special bond election amounting to \$238.30 and for rent of polling places amounting to \$125.50 which were referred to the finance committee with the chairman of the special election committee associated with power to act.

Frank Jordan was appointed as a special policeman by Chief Lynch upon the request of Walker Bros. Dry Goods company to act without pay from the city. The appointment was confirmed.

UPON MOTION OF FERNSTROM THE REPORT OF THE SPECIAL ASPHALT COMMITTEE IN REGARD TO THE PURCHASE OF CERTAIN ASPHALT CLAIMS, WAS LAID OVER FOR TWO WEEKS.

Upon motion of Fernstrom the report of the special asphalt committee in regard to the purchase of certain asphalt claims, was laid over for two weeks.

SAYS IT'S A GRAFT.

Correspondent Submits That Trading Stamps Are Doomed.

To the Editor: In the Saturday "News" of Dec. 31, 1904, appeared an article on the subject of trading stamps. The author seems to think that those who do not give

Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness. First, barely to sleep a wink all night, second, to be awake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.

They mean that somewhere in the nerve lines, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To right it, take Dr. Miles' Nerve. Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Restlessness, Irritability, Melancholy, Lack of Ambition.

They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity. Nothing will give such quick and lasting relief as Dr. Miles' Nerve.

My husband had been sick for weeks, could not sleep, he had lost his appetite, with all the medical help we could get he continued to grow worse. He could neither sleep or eat. Our baby girl was sent away, and all efforts failed, because he could not stand a bit of talk. We began giving him Dr. Miles' Nerve. From that time he steadily improved. He is now as healthy as a horse. Write to us for Free Trial Package of Dr. Miles' Nerve. Dr. Miles' Nerve is a powerful medicine for all nerve troubles. DISCUSSING THE ISTHMIAN CANAL.

Complaints Concerning the Building of the Great Waterway Are Quite Numerous.

WASHINGTON FOND OF DEPEW.

Pleased by the News That He is to Return as Senator From New York.

SPECIAL CORRESPONDENCE.

Washington, Jan. 9.—"It is impossible to spend so much money so far away from home without a great scandal and a great deal of complaint," was a remark made by a prominent senator when the subject of the isthmian canal was under consideration. While he may have been a pessimist, part of his prophecy has come true. Complaints by employees against their treatment are quite numerous, and, although denied by the canal commission and by members of Congress who visited the isthmus in November, yet they seem to be the forerunners of trouble that will arise frequently in the future. The complaints made recall a remark about the Philippines made by a senator some years ago. "Of course," he said, "the islands are no good to us. They will be a source of trouble and vexation for years to come, but the American people need an outlet of that kind—some sort of a running sore which will attract their attention and make them think less of fancied wrongs at home." Panama seems destined to take the place of the Philippines in this particular regard.

Washington is pleased that Senator Depew is to be here for six more years, and Depew has already said that he was pleased. Depew suits Washington. Washington suits Depew. As a New York senator he is busy looking after the interests of the Empire state, but he also finds time to be present at all important functions where his good stories, his merry laugh and never failing fund of good humor make him a welcome guest. There is no more hospitable home in Washington than that of Senator Depew. He entertains guests from all over the United States, and every winter he brings together the New Yorkers in Washington. He has entertained editorial associations, club organizations and visitors from his own state. The wonder of it all is how he finds time for all his social engagements and his public affairs. At all events we are all glad that Depew is to be "in our midst" for another term.

SHIP SUBSIDY PROSPECTS.

There has been a deal of talk about the ship subsidy report of late, and it might seem that there was a possibility of passing some bill at this session, but that is, when measured by the comment heard among those who think it ought to pass. There is an undercurrent, however, that very strongly suggests there will be no legislation this session. In fact, some very wise old heads of the senate have made it very plain that the bill will be among the many measures that will fail.

EXTRA SESSION SPECULATION.

The flat announcement from the White House that there would be no extra session in the spring did not stop the talk on the subject, and speculation was transferred to a fall instead of a spring session. There will be as many objections to a special session next fall as there are to one in the spring. In fact, the argument in favor of a spring session has more weight than for a session in October. If there is legislation requiring an extra session it ought to be passed early instead of late. I never did take much stock in the extra session talk.

THE SOCIAL WHIRL.

Beginning with the first of the year, when the president and his family received, there has begun a season of social activity in official Washington which will end only with the inauguration on the 4th of March. Reception balls, dinners, theater parties and innumerable small affairs will make the season one of the most brilliant in many years. The president and his family favor the social festivities as tending to promote pleasant relations among the people, and what ever course is pursued at the White House is usually followed by official society in the capital.

SABBATH OBSERVANCE.

Strong efforts are being made to secure the enactment of a law which

"LIKE MOTHER USED TO MAKE"

That's the Kind of Bread You'll Bake if You Use

SMITH'S FLOUR

will bring about a more strict observance of Sunday in Washington. It has not been shown by the advocates of the legislation why anything of the kind is needed, because Sunday in Washington is most decorously observed. Saloons are closed, little or no business is transacted, and there is nothing but the general air of quiet and repose that shows it to be a day of rest. There is about the same recreation that is enjoyed by people of other cities. In warm weather people flock to outside resorts and enjoy country air. Some make it a day of recreation rather than of religion, but no law could prevent them from doing so.

CAN KEEP BUSY.

If the senate has an impeachment trial of Judge Swayne it will not be necessary to keep either the pure food bill or the statehood bill before it to kill time. An impeachment will involve an entirely new procedure in the senate and ought to cause considerable discussion. Already there is a suggestion that early sessions will be held to hear the impeachment proceedings in order to save time for the regular legislative business, which will be appropriation bills for there is little else actually pressing.

SOCIAL AND PERSONAL.

Mr. and Mrs. E. O. Best announce the marriage of their daughter, Ethyl D., to Mr. Oscar A. Rydval, which event quietly took place in November. Mr. and Mrs. Rydval will reside in Salt Lake for the present; later they will make their home on the coast.

Tonight the reception given by the Woman's Republican club will take place at the Kenyon, and the affair promises to be a most elaborate one. About 300 invitations have been issued.

Mr. and Mrs. J. T. Richards have gone to spend some time in New York.

The Council of Jewish Women will meet in the Auerbach block Wednesday at 3 p. m.

Mr. and Mrs. Walter Lewis of Butte have gone to New York to spend the next month.

Mrs. E. O. Cary entertained at a card party this afternoon in honor of Miss Caroline Holmes.

Richard Stingley and family have moved from 1039 Third street to the Holmes Terrace at First and State streets.

Mrs. C. C. Goodwin has for her guest Mrs. C. D. Porter of San Francisco, formerly of this city.

Mrs. J. L. Moore expects to spend the rest of the winter in southern California.

The family of C. E. Allen are very comfortably located in Berlin, where all but Miss Helen are studying music. Miss Helen is studying art.

The Reviewers' club met yesterday with Mrs. Blanchard, and Mrs. W. B. Wightman read a paper on "The New School of Nature Writers."

NOT ALWAYS ON.

Minister Van Swinderen of the Netherlands, whose engagement to Miss Elizabeth Glover has been announced, is an excellent horseman, and like all excellent horsemen, he is apt to criticize trenchantly those who do not ride with skill.

At a musicale in Washington the other day the minister, in the course of a conversation with a senator's wife, said: "I saw Young Blank at Chevy Chase this morning."

"Was he on horseback?" the lady asked.

"Well, off and on," was the reply.

TESTIMONIAL TO DILIGENCE.

At a reception in Washington, Minister Takahira of Japan, heard a young man say the lazy, slothful Japanese dreamed and dined the Japanese.

"That may, perhaps, be true," said the Japanese minister, "I heard the

other day of an incident that bore somewhat on the matter. "Two women were conversing. "The Japanese," the first said, "should be excluded from our country. No longer do their young men arrive and matriculate in our schools and colleges than they begin a systematic course of cheating." "How so?" asked the other woman. "Why," said the first, "they only pay for one, and they learn enough for two."
