TRUTH AND LIBERTY.

NO. 293 THURSDAY, NOVEMBER 5, 1891, SALT LAKE CITY, UTAH TERRITORY. VOL. XXIV

ELECTION RETURNS.

The Iowa Democrats Claim the Whole State Ticket. — Hoies' Plurality.

THE NEW YORK LEGISLATURE SEEMS TO BE REPUBLICAN.

McKinley Congratulated.—Defeat of the Kansas Farmers' Alliance.

By Telegraph to the News.

THE ELECTION.

Further Particulars From the Various States.

DES MOINES, Nov. 4.—The *State Register* has received complete returns from eighty-three counties. These give a net Democratic gain of 800. If the gain is kept up in the remaining sixteen counties, as it probably will, Hoies' plurality will be in the neighborhood of 600, a gain of 200 over two years ago. If Boies' plurality is cut by the east of the Democratic ticket is elected by small pluralities. The Republicans have some hope for Van Horne, Democrat, governor. They also claim Stahle, Republican, for superintendent of public instruction. The Democrats claim the whole state ticket. The Republicans control the house, the Democrats the senate. The Farmers' Alliance candidate, Weaver, for Congress, received 11,000 votes. The prohibition vote is not reported, owing to a low measure, but is probably very light.

BOIES' PLURALITY.

Fifty counties complete in Iowa out of a total of ninety-nine in the State give Boies, Democrat, a plurality over Winemiller of 599. This is a Democratic gain over 1885 of 2,247. The remaining counties in 1885 gave Boies a plurality of 1,648.

NEW YORK LEGISLATURE REPUBLICAN.

NEW YORK, Nov. 4.—At midnight the Associated Press returns for New York State show a Democratic election to the senate and 17 Republicans. There are some doubts about two Republicans and one Democrat. In the Assembly there is a tie. On three ballots the Republicans have a majority in a joint ballot.

The *Herald* returns from the State say the senate is a tie and in the House the Republicans have 66, the Democrats 61. Flower's plurality is given as 46,000.

OHIO.

COLUMBUS, O., Nov. 4.—Chairman Hinde of the Republican state committee issued a large number of congratulatory telegrams. Among the senders were President Harrison and Justice Harlan of Maine.

Hinde sent the following ironical telegram to Roger Q. Mills and Congressman Crisp, who assisted the Democratic campaign: "Allow me to congratulate you on the able assistance you rendered us in the Ohio campaign. McKinley's plurality is 19,000 to 21,000. The General Assembly is Republican by 25 to 37 on joint ballot. Can you be with us next year?"

Governor Campbell sent the following to his successful opponent, William McKinley: "I heartily congratulate you upon your election. I have no doubt the people will serve the people of Ohio with fidelity and honesty."

Governor Campbell received telegrams of sympathy in his defeat from Governor Boies and Senator Gear of Iowa. The Randall Club sent condolence and the hope of its members to be present at his inauguration to the highest office in the nation.

THE DEMOCRATIC SIDE LOOK.

Governor Campbell takes the situation philosophically, and says that the Democratic party was laboring under too great a handicap in Ohio because of the lack of funds to pay the legitimate expenses of the campaign. He says that they made the best fight they could in the face of the Republican majority of 21,000 to start on, and the combined opposition of the manufacturers and capitalists. Besides all this it was a life and death struggle with the Republican party. To defeat Major McKinley, one of its national leaders and the representative of its chosen idea, protection, meant the downfall and disintegration of the party itself. The party lines were closely drawn, he said.

MCKINLEY CONGRATULATED.

CANTON, O., Nov. 4.—Major McKinley has gone to an hotel in order to accommodate the crowds of people calling to congratulate him. He is receiving numerous telegrams of congratulation.

McKinley spent the day receiving friends and congratulatory telegrams. The telegrams were kept back all day receiving messages for the governorship. Among the senders were General B. A. Alger of Michigan and J. Sloat Fassett, the defeated candidate for governor of New York.

MCKINLEY'S PLURALITY.

CINCINNATI, Nov. 4.—The figures by counties are obtained today, twenty-seven hundred and odd precincts complete. The counties not heard from gave last year Democratic pluralities of 1,200 and Republican pluralities of 800. Putting these into the feeding will give McKinley a plurality of 18,500.

Nothing in the returns from the missing precincts has been heard from since 8 o'clock to alter the result already reported. The indications are that McKinley's plurality is about 20,000, and the Legislature as already reported.

THE PEOPLE'S PARTY DROPPED OUT.

COLUMBUS, Nov. 4.—The feature of the result is the complete disposition of the People's party. Their vote in the state will not exceed 15,000, and they claimed before election at least 50,000.

THE KANSAS ALLIANCE DEFEATED.

TOPEKA, Kan., Nov. 4.—The Alliance met a crushing defeat yesterday. The general result has been indicated by returns from ten judicial districts. It only one was an Alliance candidate successful, electing W. Stubers. In the nine districts remaining, seven of the successful candidates are Republicans and two Democrats. In two districts the Republicans and Democrats combined against the Alliance.

KANSAS CITY, Nov. 4.—A special to the *Star* (independent) from Topeka says that Democrats and Republicans alike profess to believe that the People's party will not be found to stay out, and that the fight next year will be on the old lines.

THE REPUBLICANS IN COLORADO.

DENVER, Nov. 4.—Returns still come in slowly, and sufficient has been received to determine that Boies, Republican, is chosen chief justice by 1,900 to 10,000 majority. With the exception of Lake and Las Animas counties the Republicans elected the entire ticket in every county in the state.

MASSACHUSETTS.

BOSTON, Nov. 4.—The Legislature shows decided Republican gains. The Republican party will have a good majority in both houses.

The *Journal*, Republican, at seven o'clock this morning claimed the election of Russell by 1,000.

The disputation indicate that the popular vote necessary to repeal the amendment to the Constitution abolishing the poll tax voting requirement.

RUSSELL'S PLURALITY.

Governor Russell this morning claims to be elected by about 1,000. He said: "It means that Massachusetts is earnestly for tariff reform on the line of free raw materials, which has been the chief issue in this state. It also means that she is firmly and aggressively for a sound currency."

At 2:30 a. m. returns from all but four towns show Russell's plurality to be 2,247. The four missing towns last year gave Russell a plurality of 175.

NEBRASKA.

OMAHA, Nov. 4.—Returns from the city and State are still meager, but official estimates give Post, Republican, for supreme judge, and majority over Reynolds, Independent Democrat. The entire Republican city and county ticket is elected.

MARYLAND.

BALTIMORE, Nov. 4.—The Democratic majority in Maryland is 12,000 to 15,000, based on partial and estimated returns. The Legislature is Democratic.

PENNSYLVANIA.

PHILADELPHIA, Nov. 4.—Complete figures from fifty-three and estimates from the other fourteen counties show a Republican plurality of from 80,000 to 85,000.

INDIANA REPORTS.

YANKEETOWN, Ind., Nov. 4.—At Democratic headquarters, the election of Holman, Democrat, to Congress, by 2500, is conceded.

ENGLISH PRESS COMMENTS.

LONDON, Nov. 4.—Commenting on the elections in the United States the *Daily News* says: "It is premature to draw the moral where the most important contests yield discordantly opposed results. McKinley's success is the most striking event in Europe, but may easily be exaggerated or misinterpreted. He was probably elected not as a protectionist, but as a bowlder against the Democratic slave." The Chronicle says: "The election of Flower can not be considered the most important result in Ohio, because it was endorsed by as strong means as even American political machinery can use to unite all political opposition against the Democratic party, wanted the election of Foraker, but Tammany Hall was too much for the reformers. It is more probable that we shall hear of McKinley as a Presidential candidate. To certain Republicans he will stand as a high tariff platform. McKinley's election shows the overwhelming power of the money monopoly and vested interests in American politics."

The *Standard* says: "The result will cause a waiting policy on the side of the Republicans, who may hope to recover some of the ground they lost in November and to take advantage of some Democratic mistake or some sudden depletion of popularity on the part of the government to reverse the decision now recorded."

The *News* intimates it is possible that a Democratic victory in Ohio would not be placed all the sections of the party, because it would have foreshadowed the action at next year's convention. It is doubtful whether McKinley's achievement is striking enough to vindicate his policy or to advance his claims to a Presidential nomination. It may be taken for granted that the result will thrust into the background the United States government's policy of bullying Chile.

NOTICE OF CONGRESSIONAL CONTEST.

WASHINGTON, Nov. 4.—Notice of contest of the seats of six members-elect to the House in the Fifty-second Congress have been filed as follows: Henry T. Noyes versus H. H. Hackwell, twenty-eighth New York district; John R. Reynolds versus George W. Shook, twelfth Pennsylvania; Dennis H. Ryan versus Edward Scull, twentieth Pennsylvania; Alexander Craig versus Andrew Stewart, twenty-fourth Pennsylvania; Thomas Fitzgerald versus W. Elliot, seventh Carolina; John V. Moberly versus Louis Turpin, ninth Alabama. In the Pennsylvania cases the contestees are Republicans, in the other cases the contestees are Democrats.

THE PRESIDENT CONGRATULATED BY MCKINLEY.

WASHINGTON, Nov. 4.—President Harrison has received the following telegram from Colonel Hahn of the Ohio Republican Central Committee: "The Republicans of Ohio have won a magnificent victory. The entire Republican State ticket is elected. The General Assembly five Republican on joint ballot to 25 to 37, insuring the election of a senator of Ohio and a Republican to the United States Senate."

The President replied as follows: "Please for me good cheer, and congratulations for yourself and party upon the victory won by a courageous advocacy of right principles."

The President also telegraphed the following to McKinley: "I congratulate you most heartily upon your splendid victory, won by a manly appeal to the intelligence and patriotism of people strong enough to such appeals."

Effects of the Suspension of Hirschfield and Wolf.

BERLIN, Nov. 4.—The suspension of E. F. Hirschfeld & Wolf, bankers, though it does not affect the house generally, caused a drop in the shares of the Feldschlos brewery, the best of its kind in the market, of 60 per cent. It is reported the Emperor and Prince Henry had a large amount by the suspension, and that the minister of worship lost his entire fortune. Many leading aristocrats are badly involved in the affair.

MILITARY MATTERS.

Report of the Chief of Ordnance, Flagler, to the Secretary of War.

GERMAN SMOKELESS POWDER TESTED.

European Magazine Rifles Not Satisfactory.—American Guns Wanted.

By Telegraph to the News.

GEN. FLAGLER'S REPORT.

Smokeless Powder Tested—Rifles Not particularly Good.

WASHINGTON, Nov. 4.—General Flagler, chief of ordnance, in his annual report to the secretary of war, says that the labor interest in supplying the infantrymen with the new of 30-caliber rifle, which has been, perhaps, greater than that of supplying the guns themselves. Unfortunately, this work, in some years delayed the issue of the rifle. The demand is in good men of a well-equipped second carriage factory for this work, and the report recommends the establishment of a government factory for further arming the facilities for the manufacture of cartridges at the Watervliet arsenal.

The demand for more ammunition for the new rifle has been so great that the factories have not been able to supply it in the proper proportion for the small number of rifles. The Springfield armory has been able to turn out a rifle every three minutes, but the cartridges have been only at the rate of 1,000 per minute. As far as capability of firing alone is concerned these reports reduce somewhat the almost universally stated necessity for an immediate change in the magazine system. It is important to state that, up to the present time, the investigations made and the knowledge gained by this department have not demonstrated so much excellence in the magazine arms which have been submitted by foreign nations as was expected and have not shown such perfection to say one of them as could warrant its adoption for our service. It is hoped that this country can produce a better arm, and until it can, or certainly until it has demonstrated that it cannot, it would be wise to defer a change from the excellent single-loader now in service to the magazine system. No efforts will be spared to arrive at a satisfactory magazine arm. The new calibre .30 Springfield is said to have been very successful with smokeless powder."

A Suspected Stage Robber Killed.

REDDING, Cal., Nov. 4.—Bill Howard, who, with Abe Jones, is charged with robbing the stage on the Lake View and Redding on October 7th, and also suspected of being concerned in the stage robberies of October 19th and 22nd, was killed by a posse of citizens at Jones' house, three miles from Redding, last night, by officers, who had been waiting for him. A week ago today Howard and Jones had shot at Jack Rice who arrested near Allure. Almost entirely, but Jones and Howard escaped. Howard's father was arrested, and an officer concealed in the house when Howard went there, shot him while he was trying to run away from his father's house. He denies a confession, implicating Howard and Jones in six sensational robberies in Lake county last year, and swears his innocence.

Impostors' Work.

WASHINGTON, Nov. 4.—In view of the fact that the recent tariff act changes, in some respects, the conditions under which free entry can be made of wearing apparel, personal effects, books and household effects, the Treasury Department has modified the form of the oath or declaration heretofore employed, so as to shall conform to the present law. In the case of wearing apparel and personal effects, the importer is required to declare the articles actually in use, and necessary and appropriate for the journey, comfort and convenience of the importer, and not intended for any other person or purpose.

The Canadian Cabinet.

OTTAWA, Ont., Nov. 4.—The cabinet difficulties have been arranged and the political crisis is over temporarily. At a conference this morning Secretary of State Chapleau agreed to continue in his present position for a time and to succeed Hon. Edward Dewey as minister of the interior, when the latter is raised to succeed Lieutenant-Governor of British Columbia. J. G. Colmer, speaker of the House of Commons, will succeed Chapleau as secretary of State. A. R. Angers, at present lieutenant-governor of Quebec, will become minister of agriculture, replacing Senator John Carling.

Run on a Five Cents Savings Bank.

BOSTON, Nov. 4.—The run on the Five Cents Savings Bank continues this afternoon. The savings bank commissioners, when they examined the bank declared it sound.

President Crosby of the Five Cents Savings Bank says he did nothing to pay until it is deemed advisable to take advantage of the thirty-day law. The bank has over $2,000,000 deposits from other institutions. The bank paid out six millions in 1873 in a run which lasted a month. The bank is reasonable as to quality of small accounts.

WHY GIRLS FAIL.

Some of the Reasons Why Many Young Women Do Not Succeed in Business.

Many young women who take up the course of Pitman's Business College, Boston, succeed in securing good situations, while others who take the same course fail to secure positions. The reason why some succeed and others fail is plain. The successful ones are well-grounded in the principles of the business.

Pitman's Business College, Boston, never sends young women to fill positions in places where they would be subjected to improper conditions for the sake of money. The school has always been a place where a young lady could go and be sure of being treated in a most brotherly manner. There is no danger of disaster to young ladies. They are in every sense safe. Young women need be fitted for positions in Pitman's Business College, Boston, and thousands of young men and young women have found out the wisdom of this school.

In the business colleges of our land are to be found many young women preparing for the duties of life. Many of these young ladies, on their graduation, have secured good situations, and have proved themselves competent to fill the positions they are engaged for in their respective lines of business. In fact, in many instances, the lack of preparation is more noticeable in the male sex than in the female.

In the business colleges of our land are to be found many young women preparing for the duties of life. Many of these young ladies, on their graduation, have secured good situations, and have proved themselves competent to fill the positions they are engaged for in their respective lines of business. In fact, in many instances, the lack of preparation is more noticeable in the male sex than in the female.

A very good school from which to obtain a thorough business education is Pitman's Business College, Boston. Young ladies who are ambitious to succeed, using Pitman's Business College, Boston, as a means to an end, will find it a very good school from which to obtain a thorough business education, and she will continue to be a very good school from which to obtain a thorough business education.

Another reason why girls fail is that they are not well-grounded in the principles of the business or dessen, and she will continue to be a very good school from which to obtain a thorough business education.
