The great success attending the first season's run of the Ogden sugar factory will have a great inducement to Teton county farmers next year and that county will be a profitable industry. A special meeting under the auspices of the Y. M. M. I. A. of the Second ward will be held in the meeting house this evening at 7 o'clock, which will be addressed by Elder B. F. Grant of Salt Lake.

LOGAN.

Curfew Ordinance in Force—Heavy Snow Storm—New Board of Commissioners.

Special to the "News."

LOGAN, Jan. 3.—Among revised city ordinances which went into effect yesterday is a curfew provision, which makes it unlawful for minors under 16 to be upon the street after the hour of 9 o'clock by bell, unless accompanied by parent or guardian. Logan Interest for the first time last night to the curfew bell. The ordinance makes it the duty of the marshal to toll the bells slowly for three minutes at 8 p. m. from October 1st to May 1st, and at 9 p. m. the rest of the year. The fining of any boy found on the outside is a fine of $10 or thirty days imprisonment, or both. No one except the city officials knows that the law has been enacted until yesterday.

A heavy snowstorm has been in progress since last evening, and a considerable quantity of the beautiful has fallen.

Logan, Jan. 1.—County Clerk Owen today drew the following list of jurors who will serve at the January term of the district court here, which opens on the 11th. The Jirons will not be required to attend until that date, however, as no jury cases come up until that date.

John H. Smith and John P. Lundberg, of Logan; Richard H. Bradshaw and William Humphreys, of Paradise; Hamilton Baker and Matthew Forster of Mendon; Joseph Bishop of College; Jas. S. Cantrell, Melville; P. G. Rich, Hyrum; Robert Baxter Jr., Mount Sterling; John P. Telford, Lewiston; Willis Lemmon, Smithfield; John Matthews, Benson; D. R. Mr. David Rosenhaus, who for many years has conducted a clothing store here, has closed out his stock and leaves here very re-MOV-ed for Los Angeles, Cal., where he will likely go into business. His wife was unable to stand the rigors of our winter climate, which is the main reason for his leaving.

Alma Jensen of the Second ward, 24 years old, is a deserter from the navy.

Mr. Adolph Anderson, was arrested today for obtaining money under false pretenses from Constantine Cox, of Cornish, and he alleges that Anderson obtained goods from him, for them and failed to turn in the proceeds. They are trying to settle the matter out of court.

The regular monthly Priesthood meeting will be held next Saturday at 11 o'clock and as important business is expected to come before the meeting a good attendance is desired.

The time of departure from Logan for Salt Lake will be changed to 4:15 p. m. This will leave us with but one train a day each way, as against two now. It is a hardship on the people of Logan, and a protest will be made.

LEHI.

Personal Paragraphs—Fish Springs Road Improvement—Lehi Finances—A Young Girl Brutally Assaulted, the Assault Not Yet Had Cause to the Courts—Death Causes Mines—Jones Convicted and Sentenced—Brown Arraigned—Washes Arrested.

Special to the "News."

LEHI, January 3.—The Misses Nan and Cecilia Hess and Annie Wells returned last evening from Riverton, where they have been spending the holidays with Mr. and Mrs. G. E. Kimball.

Cashier Ed Billings of the Lehi Commercial and Savings bank, with his wife, spent New Year's day at Springville with friends.

Walter L. Webb and wife returned this morning from Leven, where they have been visiting Mrs. Webb's mother, Mrs. Wade. Mrs. Wade was formerly editor of the Lehi Banner, but during the last season he has been engaged as night chemist at the sugar factory.

John T. Thomas of Fish Springs, commissioner-elect of Juab county, has been visiting relatives in Lehi during the holidays, but went south yesterday morning to be present at the first meeting of the new board. Mr. Thomas has extensive mining interests in the Fish Springs district, he says that he is to start, as soon as the roads are in to that locality, and that this improvement will furnish encouragement to the development of claims there. Since the commencement of the statehood year, Mr. Thomas says the Fish Springs people have given up hope of securing a railroad in the near future, at least, and hence the more for improvement of wagon roads.

A. M. Davis, commissioner from this end of Utah county, was in attendance at the meeting of the board yesterday.

City Treasurer Baine has made out a report on the condition of the city finances. The report shows the receipts for the past year to have been $3,641 and the expenditures $4,026.33, which left a cash balance in the city treasury on January 1, 1899, of $615.67. This is a good record for the past year, when one considers the fact that at the beginning of the year the municipality was in debt.

Charles Brown and wife of Mammoth have been visiting friends in Lehi for the past week.

Oscar Kirkman of the firm of James Kirkman & Sons was visiting in Provo yesterday.

A recent letter from Prince Evans, ex-postmaster of Lehi, states that he will have finished the law course at Ann Arbor, Mich., by February 10, and will start for home on that date.

The city marshal has been searching yesterday and today for Marion Brown, for whom they have a warrant of arrest on a charge of assault with criminal intent on a young girl living near Lehi. The girl claims that he first assaulted her on Main street, near Bannister's livery barn, last Friday night, but was frightened by her scream and the arrival of officers. Later that night, it is the girl and a younger brother were returning home on horseback, the young miscreant, with a companion, had them at a lonely place on the beach and pulled her from the horse, her brother between getting away from them. The was no match for the combined strength of the two. In the scuffle which followed they tore nearly all the clothes off her, slightly injured her and otherwise injured her. The timely arrival of some neighbors whom her brother had aroused frightened away the assailants, as they were about to accomplish their designs. The girl is about 15 year old, while young Brown is 20. For the past nine months he has been Mormon Bishop's deputy for Lehi, and has been a frequent visitor to Lehi during the holidays. He has been guilty of several minor offenses before. Yesterday morning he rented a rig from Bishop Lehi, and, with companions, drove in the direction of American Fork; since that time no trace of him has been discovered.

Lester Mormon Brown was arrested late last night by Deputy Marshal W. S. Evans at American Fork and was brought back to Lehi where he appeared before Judge Woodhouse on a charge of insulting women on the street. He gave a cash bail of $15 and was released. His hearing being set for Wednesday morning at 10 o'clock. He was immediately re-arrested by Constable Wall on a charge of criminal assault, and taken before Justice Jacob Gilchrist, who committed him to jail. Brown requested to be taken to his father's residence in order to find bondsmen, and his request was granted. While at the residence he escaped from the constable, but was recaptured about an hour later and lodged in jail. Sheriff Shurtz is expected over from Provo today to take charge of the prisoner.

On account of the apparent certainty that no cattlemen will be built in the direction of Death canyon for years to come, now cutting claims in the neighborhood have failed to do the necessary work during the past year and have expressed themselves as willing to relinquish all rights. Several incorporated companies covering property there have also taken similar action. These interested say there is plenty of ore there, but on account of the long wagon haul it will but barely pay expenses. They claim there is no hope for that century more railroad task.

Bonneville Lodge No. 18, of Utah R. of P., will install their recently elected officers tomorrow night, and Lehi lodge I. O. O. F. will install officers on Saturday night.

The witness of the Black Hawk war who resides in the northern part of Utah county will hold a reunion on January 25, in Lehi. A good program will be arranged, a fine dinner prepared and everything can done to make the event one long to be remembered.

Several cases will come up in Judge Woodhouse's court this afternoon. Dave Jones will appear to answer to a charge of running a gambling room; two men named Hallmer and Hartle are wanted for fighting, and appear to a charge of resisting an officer; a man named Edwards will tell why he refused to assist the marshal in making the arrest of the man Brown, and Jesse Tuna, if he is able, will be brought up on a charge of illegal liquor selling. The last named is at present extremely ill at his father's residence, a victim of what may develop into typhoid fever. All of these arrests have grown out of a raid made by Marshal Evans last Thursday night. The gambling room run by Jones. All of those implicated have given notice that they intend fighting the cases to the bitter end. This is the second time Jones has been arrested on the charge during the last two months.

Lehi is beginning to get an unsavory reputation, not only on account of illegal liquor selling, but on account of the recent exploits of some high-tempered party, whose numerous freaks have become a nuisance. Within the last two weeks Mrs. Olmstead has lost 25 bushels of potatoes and some coal; George Webb has lost 20 chickens; George Austin, seven chickens; Dick Smith, seven chickens; and Henry Simmons is mourning the loss of ten sabbs, which was taken from his residence while he was at a dance. Numerous sacks of coal, wood and vegetables, have been reported by other citizens, but as yet no trace of the thieves has been discovered.

E. A. Goodwin and Robert Fox have gone to Eureka, where they are at work on the Big Four mine. This property is owned by a company, mostly Lehi residents.

Wm. Evans, Wm. and Annie McCune, Hannah and Minerva Allred and John Standring went to Provo yesterday where they will attend the B. Y. Academy. These complete a list of 24 students from Lehi enrolled at that institution.

The choir has accepted a gold medal and $50 as award for its performance at the Eisteddfod contest, and enabled the Cambrian society to effect a compromise with the Tooele choir.

Henry East, aged 27, and Annie Kasper, aged 26, both residents of Lehi, were married at Provo yesterday by Judge Dusenberry.

Miss Hedquist, who has contemplated resigning her position as a teacher in the Lehi schools on account of the serious illness of her mother, who resides at Provo, has reconsidered her determination, and will retain her position in the schools here. Her many friends here will be pleased to hear that her mother has greatly improved and her recovery seems certain.

Heber Austin and Frank Jacobs, two of the recently called missionaries, will depart on January 10th for Great Britain. Andrew Field will also depart for his field of labor in Australia soon; he is to sail from San Francisco on January 25.

The trial of Dave Jones, charged with running a gambling house, occupied most of the day in Judge Woodhouse's court yesterday. J. J. Evars and D. J. Thurman prosecuted the case for the city, and M. M. Warner of Provo conducted the defense. The case was given to the jury at 4 p. m. and at 5 o'clock a verdict of guilty was rendered. Judge Woodhouse sentenced defendant to pay a fine of $40 and to be confined in the city jail for ten days. Later the mayor arranged that Jones pay $25 and the balance of the fine and the imprisonment be suspended during good behavior. Jones promised to close his place and quit the gambling business in Lehi.

County Attorney Evans and Deputy Sheriff Knowlton were over from Provo yesterday investigating the shooting in the Brown-Smith rape case. In the afternoon young Brown was arraigned before Justice Gilchrist and bound over in the sum of $1,000 to appear for trial at the district court at Provo. The bonds were given and Brown released. Last evening Constable Wall arrested George Washes for the other young man implicated, and he will be given a hearing before Judge Gilchrist this afternoon.

FOUNTAIN GREEN

The Poor Remembered and the Old People Not Forgotten.

Special to the "News."

FOUNTAIN GREEN, Jan. 2.—The weather is cloudy, very little snow. Through the holidays the poor were liberally provided for, missionaries were also remembered, with half-a-dollar each sent him. There was thirty bushels of potatoes to the poor. The Young Ladies' association had a party Christmas Eve, with tally for each pound, consisting of meat, rice, sugar, etc., which was given to the poor, the party was a great success. On December 21st there was a party given in honor of the old people, all over the age of sixty-five, there were four tables, over which were spread with the beauties of life. A good program was rendered.

The health of the people is good, only two deaths in the past year, both old ladies over eighty. The business of the town is in a prosperous condition. A number of fine brick residences have been built. On Wednesday evening next there will be a ball and supper — in honor of our returned volunteers. New Year's passed off very quietly. Religious services were held on Sunday. Monday business went on as usual.

MORONI.

Smiling at Santa Claus—Dances and Dinners—Peter Peterson's Loss by Fire.

Special to the "News."

MORONI, Jan. 3.—If the smile that was worn by old and young on Christmas was honest St. Nicholas was especially honest, St. Nicholas was especially free in his distribution of presents which must have led to a lighting factory, for the smile still rests in the right place and has been there throughout holiday week while the wearers have been following the continuous round of dances, social gatherings and dinners, which have been the order of the day.

A stringer passing through our settlement at present would undoubtedly attribute our prosperity to the large amount of water with which the farmers are blessed. Yesterday morning during a heavy wind, a fire, supposed to have been started by a spark from a stovepipe, destroyed the corral of Peter Peterson, five horses, three sets of harnesses, quite a lot of hay and other property. Next Friday there will be given here a grand ball and supper in honor of our returned volunteers.

MOUNT PLEASANT.

Special to the "News."

MT. PLEASANT, Jan. 4.—The sheep and wool industry, which is perhaps the most important, but overlooked under the favorable condition of the markets of the last year to a greater extent than has been the case for a number of years. A gradual and healthy increase of business transactions is noticeable. Several new mercantile, mercantile and others, were set in operation during the year. Several handsome residences and new large business blocks have been erected. The disastrous fire of July 20th, which laid waste the principal business block of the city, was a loss which it was feared would require years to recover from, but events have shown that in a short time the city will be in a better condition. The new year 1899 opens auspiciously.

EPHRAIM

Happy People—Low Death Rate—Good Feelings—Our Funeral Active Markets.

Special to the "News."

EPHRAIM, Jan. 3.—The young people here danced the old year out and the new year in. The merry chimes coming from the boys and girls as the bells rang out 39 and rang in '99, showed that they had enjoyed themselves. No drunkenness or other disturbance has come to the notice of the public. The Sunday schools held the Sabbath as last day of the year, and had a program of hearty testimony of God's goodness in the past.

The health of our people has never been better than during the past year, the death rate being only sixteen out of a population of 2,500 inhabitants.

At the meeting held last Sunday Brother M. Dorrius and Christopher Jensen in his verses was read and spoken upon of some length showing the necessity of the forgiveness of sins. A vote was called for, the raising of hands showed that all were willing to forgive that they may be forgiven. We are so overjoyed at Brother Dorrius' return from missions and healthier. The funeral services were held in South ward school house over the remains of Joseph E. Anderson's little child, aged three years. Brother Anderson is now on a mission to Iowa. The whole community extended their sympathy to the parents. Business in general has never been better. Many new buildings have been erected, among them our new postoffice. Several fine residences also have been built. The market for cattle and sheep has been very good until now. The people are thriving, sturdy and enterprising. We are anxiously waiting for the encouraging word from the board concerning the building of a new Stake academy, giving us their influence.

CEDAR CITY.

Golden Wedding of Mr. and Mrs. Birkbeck—Young People's Dramatic.

Special to the "News."

CEDAR CITY, Jan. 3.—A grand program ball was given last Friday in honor of Brother and Sister Richard F. Birkbeck on the fiftieth anniversary of their wedding day. Several hundred people assembled at the ward hall to do honor to the aged couple. A purse was made up by the guests amounting to $20, and presents and good cheer were in evidence. Owing to the long dry season, considerable sickness is prevalent among the young children.

Owing to vacation at the branch normal, the city has been more quiet than usual. The Young People's Dramatic company produced "The Bottle," to a very creditable house last night.

GUNNISON.

Interview and Thanksfulness—Death of Mrs Anderson—Holiday Festivities.

Special to the "News."

GUNNISON, Jan. 2.—Christmas was celebrated first by our district schools on Friday, the 23d, when a beautiful and appropriate program was rendered by the pupils. Monday, the 26th, our Sunday school came in, celebrating the anniversary of the birth of our beloved Savior in a fine manner, the hall being crowded. But in the midst of our joy we were called upon to mourn, for the wife of Brother Emil Anderson, the mother of a few days old twin children, was suddenly called to have this sphere of action.

The advent of "99 the people here celebrated in fast remaining. Many hearts were filled with more joy and thanksgiving than they could contain and a sweet spirit was enjoyed and praise was given to God for all the blessings which we have enjoyed in the past year in such rich measure.

Sociability and good cheer is the order of the day. Our young students have been both seen and heard during the holiday vacation from University, colleges and academies, they are attending, and of which they spoke in two public meetings in the highest of praise.

MORONI.

Situation—Attractions—Business—Amusements—Death of Mr. Richmond.

Special to the "News."

MORONI, Jan. 3.—The city of Moroni is beautifully situated in the north center of Sanpete county, on the banks of the Sanpitch river, and has a population of 1,700. The ground is covered with about two inches of snow and the thermometer went down to 14 below zero at 8 o'clock a. m. December 31st. The people are generally prosperous and happy. There have been 25 residences transacted this year than ever before. Some beautiful and substantial dwellings have been erected the year. We also have the greatest opera house south of Provo. Santa Claus visited the Sunday school children on Christmas and distributed about five hundred presents. There was no accident Friday last. Mr. Alfred Blakmore of this place, in coming out of the house with a basket of his hands slipped on the ice and fell on the basket, receiving internal injuries from the effects of which he died January 1st at 1 o'clock a. m. He leaves a wife and two children, who have the sympathy of a host of friends.

LAKETOWN.

New Year Greeting—Sleighing—Grippe—Festivities and Good Cheer.

Special to the "News."

LAKETOWN, Jan. 2.—The New Year, with its unconstituted resolutions, having made its orbit into us, to continue with all dwellers on this foundation of the Rhapsodic, it may not be amiss to resolve, and to do a little scribbling for the benefit (may we not hope) of, at at least, the information for your host of readers, whom we extend hamble, but, still, earnest greetings. As to the work: Old Bear Lake weather, naturally sold at this part of the year, is nevertheless very substantial. Our roads are in excellent trim, and our young people avail themselves of the excellent sleighing. Our people have nearly all, without respect of persuasion, had an uncomfortable touch of what, for lack of a better name, is dubbed horsemen's "grippe." But like the tic-doloreux, even that has about spent its wrath—and we survive. Our Christmas and New Year's festivities were so fulsome.

On Christmas morning our own Sunday school held its quarterly review—a success throughout from every standpoint—; grand church dinner at Kearts hall on 25th, rendering certain "The coming of King," by and under the auspices and for the financial benefit of the Primary societies; the Wolgemuth reception. On Friday evening the Young Men's association had a session and had an Saturday night a party was had for the married people, by Walter Hess. We have been happy, we, and ought to be married. Added to the usual amusement of songs, music, dancing, etc., very best speeches were made by Representatives William Jenkins of Monroe, Hyrum Gardner of Garden City and Elias George Early of Grass Valley, and Hyrum Jones from an address recently issued to California.

On January 2nd the Sunday school had as its welcome choice, giving us from 1 a. m. to 1 p. m. a soul-stirring, mind expanding series of songs, instrumental solos, duets, readings and recitations.

SPANISH FORK.

Geo. Thomson's House Burned—Fire Insurance Tangle—the Better-Tongue of the Association Injurious, According to Mr. Thorgerson.

Special to the "News."

SPANISH FORK, Jan. 2.—The home of Mr. George Thomson in the Pleasant Grove ward, was this morning found destroyed by fire. The building was of adobe and had been in use for some time by his daughter, who was moving her effects into the house. The building was of very quietly. The young people are enjoying themselves. Quite a number of our young people are attending the different colleges throughout the State. Very high wind last night.

SPRING CITY.

Special to the "News."

SPRING CITY, Utah, Jan. 1.—New Year's day passed off very quietly at Spring City, in celebration with the exception of a nine quiet dance last night which passed off very nicely, General health in the place is good, with the exception of a few cases of la grippe, but nothing serious.

FRANKLIN, IDAHO.

List of Principal Places and Forecast of Business.

Special to the "News."

FRANKLIN, Jan. 3.—The new year enters with plenty of snow, making excellent sleighing, and providing employment to many that are working in the canyons. Franklin has three canyons, namely, the Oneida Mercantile Union, which does a large business; J. J. Hills saw mill built on the site of his old mill, which was burned down last year, and Age Aldt and Wm. W. Wolmers, which also is doing a good business. We have a flour mill, owned by Bitter Bros., a woolen factory, a first-class creamery, a fine roller flouring mill, and many other business institutions. A new addition is being built to the college house, which will be made into a dormitory. The farmers realize be a bountiful harvest the past year. Dry farming is carried up to a good extent, and the sugar beet industry has proved a success.

Our facilities invite enterprise and capital. The health of the community is good, the people progressive and prosperous.

PARIS, IDAHO.

New Year Reflections—Creamery, Saw Mills, Shipping Beets—Prospects of Scarcity in Wheat Crop—Political and Personal News.

Special to the "News."

PARIS, Jan. 3.—The new year with all its expectations and anticipations is upon us. And the buried past with all its hallucinations, has come, never to return. The old year has left its record here, of weal and woe, and like the sun danced upon us with all the promises and hopes of a new birth. The pleasures and gaieties of the season are past, and with the new stable last of our community a day of reckoning has arrived. The merchants are taking stock, and balancing their last year's business. The farmer is anxiously measuring the surface realization of his last year's labor. The miner and the artisan are awaiting the spring ode, hoping and expecting great things.

Our creamery is in full operation and turning out an excellent quality of butter. Our sawmills and planning mills are in active operations. The shipping of produce is going rapidly on, and the base of industry is manifest in our midst. The health of the people is generally good, although there has been a mild form of scarlet fever, but we believe it is now a thing of the past. The weather at the writing is stormy. We have now about six inches of snow in the valley, with prospects for more. We say, "more snow, more water, more water, more wheat."

The tax collector has kept very busy today, as the time to pay taxes is up. The Humming-bird some has started on with a few men and a good quantity of ore in hand, taken out. President Budge and Judge Osmond leave here today to attend to their legislative duties. The former is in the senate and the latter in the house. The county officers assume the duties of their offices on the 9th inst. The Hon. J. U. Rich assumes the duties of his office, judge, and Hon. Jesse Budge will be known as none by his friends and neighbors as "Jesse" Budge. Rich, who will now mark his identity in the annals of history.

Mr. S. A. Fuller, editor of the Humboldt (Pa.) Herald, with his wife and children, arrived here from their trip. One Minute Cough Cure was the only remedy that helped them. It relieved quickly. Thousands of others use this remedy for coughs, colds, croup and to relieve asthma after effects. Never fails. F. C. Schramm, Morlan's Building, corner Main street, First South.
