SCHOOL BOARD MATTERS.

Another Car Load of Furniture Ordered Last Night.

Physical Culture Temporarily Abandoned in the High School—Vacancies Issued at Fourteenth.

The board of education met last night and transacted a large amount of business. All of the members were present except Baldwin who is visiting relatives and friends in Iowa. President Nelson occupied the chair. An abstract of the proceedings is as follows:

Mrs. T. F. Wilson applied for a position as teacher in one of the city schools. Committee on teachers and school work.

W. A. Pitt, James Hanford, Thomas Moss and Patrick Gorman applied for positions as janitors. Committee on furniture and supplies.

Samuel B. Moffitt gave notice that he intended to place a lien on the Emerson school to satisfy a claim he has against William Rooney, one of the contractors. Committee on sites and buildings.

John Bryan, for the Pacific Lumber company, gave notice of a claim for thirty-one days' extra time in finish the Emerson school. Committee on sites and buildings.

John Bryan, contractor for the Uintah and Bonneville school buildings, presented a number of reasons why he had not been able to finish those buildings within the time specified in the contract. He claimed that on the Uintah school he was delayed twenty-seven days and on the Bonneville school twenty-one days. Committee on sites and buildings.

The committee on finance, to whom was referred, with power to act, the matter of appointing an assistant clerk, recommended the employment of E. D. McQuesten at a salary of $65 per month from October 1.

The same committee recommended that the claim of Mrs. C. E. Silverwood of $15.50 for additional compensation for taking the school census of the Seventeenth ward be not allowed, for the reason that the claim was too high for the services rendered.

D. G. Kerbaugh presented a bill for $78 for $5,000 fire insurance on the Grant school and six years for $100 per year or $1.40 per $100 for three years. Committee on sites and buildings.

A. B. Gibson notified the board that if his bill for extra wood which he called unjust deductions from his bill for building the Wasatch school, amounting to $1,882.81, was not immediately paid he would take legal steps to recover. The claim was assigned by Gibson to A. Hanson, who made the demand same as above. Committee on sites and buildings.

The committee on sites and buildings notified the board that in accordance with authority given them they had awarded contracts as follows:

To Midgley & Sons Co., to increase the size of the water tank to the Grant school for $200; to the Salt Lake Building and Manufacturing company for repairs at Grant school, $280.50; to J. H. Hamlin, for calcimining the Seventh ward meeting house for $35; to J. A. Hadden, constructing cesspools at the Emerson, Uintah and Bonneville schools, for $15.50 (3 each); to Edward Evans, repairs at the Lowell school, for $182; to Tuckenham & Brain, repairs at the Bryant school, for $55.

The committee recommended that an additional room be furnished in the Twelfth ward church building.

The same committee also reported that the African M. E. Church, which was rented by the board, was entered by a political party and a meeting held in it, with the consent of the owner, but without the consent of the board, and that the room was left in a filthy state so that school on the following morning had to be dismissed till it was cleaned. The committee recommended that the expense of cleaning and the damage done the furniture be deducted from the rent paid for the building. Adopted.

The committee on sites and buildings recommended that no penalty be exacted from Sullivan & McDonald for delay in the construction of the sewer to the Oquirrh school building, for the reason that the delay was caused by floods for which the contractors were not responsible. The bill amounted to $2,875 and the committee said the work had been done in accordance with the contract. Adopted.

The committee on sites and buildings reported that school district No. 82 and their successors in office are the owners in a piece of property on the west side of the Jordan river, and recommended that the clerk of the board communicate with the trustees and secure a deed from them to the board of education of the property, which is valued at $1,000. Adopted.

W. A. Pitt was employed as janitor at the Bannock school at a salary of $50.87 per month, and janitors' supplies were ordered amounting to $117.47. Another car load of school desks were also ordered. Books for the High school valued at $580.92 were also ordered.

The committee on teachers and school work recommended that no reduction be made in the salaries of the teachers in the Oquirrh, Uintah, Emerson and Bonneville schools, which did not open until September 17, as the teachers held themselves in readiness for work during the week's delay and reported for duty twice. It was also recommended that no deduction be made in teachers' salaries on account of the Fair holiday, and that the superintendent be instructed to send from the Bryant to the Twelfth school a sufficient number of pupils to relieve the overcrowded condition of the former.

The resignation of Miss Harriet Turner from the Jackson school and Miss Mack from the Fourteenth school was announced, and the employment of the following teachers recommended: Miss Louise Steel, Fourteenth school, at $47.50 per month; Mrs. Katherine Everett, Washington school, at $55 per month; Miss Nance Thompson, Jackson school, at $55 per month. Adopted.

The committee called attention to the difficulties in the way of the satisfactory practice of physical culture exercises at the high school owing to the crowded condition of the seats, rendered it practically impossible for more than a small portion of the high school pupils to take this exercise at the same time and the impossibility to accommodate this work in the various recitation periods of the day. The committee recommended that physical culture drills in the high school be made a daily class exercise for such pupils as plainly would be benefited, and hoped that they be conducted in one of the largest recitation rooms under the charge of Mrs. Root, and the other physical exercises in the high school be for the present suspended. Adopted.

Bills for publishing the clerk's annual report were received as follows:

	Per Inch
Deseret News Publishing Co.	[illegible]
Tribune Publishing Co.	[illegible]
Herald Publishing Co.	[illegible]

The bid was awarded to the Herald. The committee on furniture and supplies were given authority to sell old desks.

The president of the board and superintendent were authorized to correspond with Prof. Wm. M. Stewart in an endeavor to have the National Association of Teachers meet here next year.

The Fourteenth school building was renamed and it therefore is known as the Fremont school. Those who opposed the bills for some were Foster, Hansen (3), Hardy, and of whom votes against bills were made.

Appropriations amounting to $19,514.47 were made, after which the board adjourned for two weeks.

SPORTING GOODS.
