MASSED MOORS PUT TO FLIGHT

Attack Was Carefully Planned And Most Successfully Carried Out.

BY FRANCO-SPANISH ARMY.

After Bombardment by the Gloire, Infantry Advanced. Enemy Made Desperate Stand, Then Fled.

Casa Blanca, Sept. 12.—The allied Franco-Spanish army Wednesday made a sudden and successful move on Taddert, where the Moors were massed in force. The camp of the latter was destroyed by bombardment and the enemy was put to flight, leaving many dead on the field. The French lost one man killed and six wounded.

The attack was carefully planned and was based largely on the observations of the Moors' position from a military balloon. The allied army which was divided into two columns, left the camp at 6 o'clock in the morning, leaving several companies of infantry to defend the base at Casa Blanca. The first column was composed of four companies of regular infantry, several companies of sharpshooters, a battery of artillery and all the cavalry. The second column consisted of six companies of infantry and a battery of artillery. The march was skilfully carried out under the cover of a fog until half-way to Taddert, when the fog lifted and disclosed several large bands of the enemy. The allies then charged several large bands of the enemy at the point of the bayonet, and although the Moors resisted with their old-time courage they were finally compelled to retreat in the face of a superior force, and both of the columns of the allied troops advanced on Taddert.

After the bombardment of that place by the French artillery, as well as by the guns of the French cruiser Gloire, which fired 75 shells, the allied infantry advanced on the Moorish camp, where the enemy was making a last desperate stand. A short engagement followed and the Moors fled in wild disorder, pursued for several miles by the irregular Algerian cavalry in the French service. The Moorish camp was completely destroyed. The exact loss of the Moors is not known, as they carried away many of their dead.

When the Moors saw their camp in flames they set fire to all the farms and woods they could reach, and the surrounding country was covered with smoke and flames.

The Moors endeavored to circle rapidly in front of the advancing troops, with the object of cutting off and surrounding a section of the allied forces, but the attempt utterly failed, largely on account of the rapid advance, which seemed to puzzle the Moors. When assailed from a long line of troops the Moors retreated from the front, where many of them fell under the accurate fire of the field artillery and the guns of the Gloire.

GEN DRUDE'S ACCOUNT.

Paris, Sept. 12.—War Minister Picquart today received the following dispatch from Gen. Drude, commander of the French troops at Casa Blanca:

"I am pleased to notify you that thanks to a land fog, we have been able to surprise the Moroccan camp at Taddert, which was burned. The Moors were dispersed and fled to the hills, followed by the shells of our artillery and effective projectiles from the Gloire. On our side one man was killed and six were wounded."

IS SOCIALISM A THREATENING CALAMITY?

Buffalo, N. Y., Sept. 12.—"Is Socialism a Threatening Calamity?" was the general topic discussed today by the American Social Science association. Dr. A. F. Weber of New York spoke on "Labor Legislation," and W. J. Chent on "International Socialism."

That petty changes for public betterment were made here and there by non-socialistic efforts he conceded, but he denied that any general improvement of the condition of the working classes or any general advance of society had been made in America in 20 years.

John Martin, secretary of the department of social economics, in an address on "Industrial Democracy," at home and abroad, declared that America was moving steadily towards Socialism, that in Idaho, Wyoming and Utah, the greatest industries were social industries and that millions for Socialism but to the gallows with Socialists, was the slogan in some parts of the world.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years—For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (Pills) (50 in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity." B. F. Fisher, Roanoke, Ill.

ANNUAL SALE, TEN MILLION BOXES

ADVISED THE BURLINGTON TO DEFY NEBRASKA LAW.

Lincoln, Neb., Sept. 12.—The state railway commission this morning received a letter from General Freight Agent Speas, of the Burlington in which he admits advising the Burlington agents in Nebraska to refuse to submit reports to the state railway commission and to send them to his office in Omaha.

The railway commission laws permit the state officials to question the local agent concerning the amount of business. An explanation will be demanded of the Burlington.

GERMAN ARMY MANEUVERS.

Cassel, Prussia, Sept. 12.—The casualty list in the recent army maneuvers was largely made up of the names of persons killed or wounded by volunteer military automobilists. Sixty members of the Imperial Auto club of Berlin, took part in the carrying of dispatches, mostly in high power cars, driven at far beyond the ordinary speed. They killed three persons outright and probably injured 25 more. Several hundred soldiers were temporarily overcome by heat or fatigue, but none died.

CROUP.

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c and $1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

ORDERS ISSUED FOR MILITARY DISPOSITIONS

Washington, D. C., Sept. 12.—According to orders issued today by Acting Secy. of War Oliver, the following military dispositions will be made within the next four months: The Fourth, Fourteenth and Twenty-third infantry regiments and the First cavalry will return from the Philippines and their places will be filled by the Second, Eighth and Twenty-fourth infantry and the Third cavalry. Another paragraph of the order relieves the Twenty-second infantry from duty at Fort McDowell, and Presidio at Monterey, California July 1, when they are ordered to Alaska, taking station at Fort William, Fort Egbert, Fort Gibbon, Fort St Michael and Fort Davis. They will relieve at those places the Tenth infantry which is ordered to take station at Fort Benjamin Harrison, probably constituting the nucleus for the new brigade post at that point.

The Nineteenth infantry battalion at Fort Reno, Oklahoma, is ordered to Fort McKenzie, Wyoming, March 1, to relieve at that point the battalion of the Fourth infantry which is ordered to the Philippines. Fort Reno, Oklahoma, will then be placed in charge of caretakers and ultimately will be abandoned.

TO AVOID CAR FAMINE.

Atlantic City, N. J., Sept. 12.—Efforts to avert a repetition of the car famine of last winter, were put into effect by the car service committee, at an important conference here. Representatives of nearly all the important trunk lines are in attendance. Conferees admit that an alarming shortage of rolling stock confronts the railroads, but refuse to state whether any line of action to avert conditions equally as bad if not worse than prevailing last winter, had been agreed upon.

OKLAHOMA'S POPULATION.

Guthrie, Okla., Sept. 12.—The special census of the new state was substantially finished tonight when the population of the territories with but four districts lacking (one in Cimarron, one in Roger Mills, and two in McCurtain county) was announced by Census Supervisor Hunt as follows:

Oklahoma territory (two districts lacking) 18,765; Indian Territory, (two districts lacking) 689,567. Total, (four districts lacking) 1,408,732.

HENEY WILL RETIRE AS A PUBLIC PROSECUTOR

Portland, Or., Sept. 12.—Francis J. Heney, who is now on his way to San Francisco, announced to friends before leaving Portland that when he had finished the prosecution of various persons indicted for offenses against the national government and the municipal government of San Francisco he would retire as a prosecutor and devote his attention to private law practice. Following the close of the prosecutions in which he is interested he will go to Europe with Mrs. Heney for a pleasure trip.

FORBES ROBERTSON ILL.

New York, Sept. 12.—Theatergoers are not to see either Mr. Forbes Robertson or his wife, Miss Gertrude Elliott, this season. The tour of the English stars has been cancelled, owing to the ill health of Mr. Robertson.

HAWAIIAN GIRLS.

Members of Leading Families Will Enter New York Seminary.

San Francisco, Sept. 12.—Princess Alice Kaanaea of Honolulu arrived here on the Kora today with 10 Honolulu girls, the daughters of prominent native families, whom she is chaperoning as far as Castle Tarrytown, N. Y., where they will enter a seminary for young ladies.

NON-UNION MEN WERE AMBUSHED

S. F. Chronicle Charges That Police Fought Them Side by Side With Their Tormentors.

POINTS OUT GUILTY PERSONS.

Men They Shot Were Engaged in the Peaceful Performance of Their Duty.

San Francisco, Sept. 12.—Another scene of riot was enacted at the Twenty-fourth and Utah street car barn last night, following the arrest of William A. Bruce, a non-union car man, on complaint of two young women that he had annoyed them by a remark as they passed. Bruce resisted arrest and was severely clubbed. The police allege that they were thereupon attacked by numbers of non-union men. A riot squad of 25 patrolmen under Lieut. Tobin came up and in the fight a score of heads were broken by clubs of the police and a number of arrests were made. Eventually, the non-union men were driven back into the car barn. The police claim that the car man who started the row is an ex-convict.

Mayor Taylor has increased the Mission patrol by 22 men, in accordance with his promise of yesterday. The pickets' tent at Twenty-fourth and Potrero streets, a block from the company's barn, is to be removed. It has been a headquarters for trouble for weeks past.

The Chronicle today, commenting upon Tuesday night's rioting in the Mission district, when five non-union car operatives in the employment of the United Railroads were shot by union pickets and policemen, charges flatly that the police ambushed the non-union men and fought against them side by side with their union tormentors. The Chronicle points out that the patrolmen—Wade, Bigelow and Miller—who shot down the carmen, were appointed to the police force from the Teamsters' and Carmen's unions, soon after the commencement of the street car strike, when a union labor police commission and a crooked chief of police were in control.

"These policemen," says the Chronicle, "shot from ambush, fighting side by side with the pickets of the Carmen's union. The men they shot were engaged in the peaceful performance of their duty. After the fighting, the policememn proceeded to arrest the non-union carmen, whom they had themselves wounded, but refused to take into custody any of the pickets of the Carmen's union. To add to the outrage, the policemen in the first reports they made to the department, denied that they had fired a shot. Later they admitted that they had emptied their revolvers at the non-union men."

FEDERAL COURTS.

Gov. Sheldon Wants Constitutional Amendment Limiting Power.

Lincoln, Neb., Sept. 12.—Because of the restraining order granted by Judge Munger of the federal court, to prevent the railway commission from promulgating a new grain rate schedule, Gov. George L. Sheldon today declared himself in favor of a constitutional amendment taking from federal courts the right to enjoin state officials from enforcing state laws.

"I believe the federal courts have abused the privilege of the injunction enough to justify such action," he said. "Too many state laws have been tied up by the interference of the federal courts and I do not believe the makers of the Constitution ever contemplated such use of the injunction in the hands of the federal courts."

LEYLAND LINE CUTS RATES.

Boston, Mass., Sept. 12.—Following the reduction in rates by the Cunard and White Star lines, the Leyland line today announced a cut in its cabin prices between Boston and Liverpool. The rate is reduced from $70 to $50. The Canadian sailed yesterday under the old rate without a single passenger and officials of the line today decided that they must meet the cut made by the other lines.

BRITISH-HAVANA CABLE.

London, Sept. 12.—The cable steamer Silverton, having on board 1,300 miles of cable for the new direct New York-Havana cable line, sailed from London.

WILL SHIP HINDUS, BAG AND BAGGAGE, TO OTTAWA.

Seattle, Wash., Sept. 12.—A special from Vancouver, B. C., says: With a subscription list started today, headed by Mayor Bethune, with a purse of $100, and which up to last night had grown to $1,500, Vancouver citizens will charter a train, and, placing at least 800 Hindus who arrived in this city today by steamer Monteagle, on board, will ship the East Indians bag and baggage back to Ottawa, the seat of the federal government. This is the plan evolved, and which is to be carried into effect today, provided the necessary amount of money can be raised.

BATTLESHIP KANSAS.

Finishes Speed Trial, Being a Little Below Requirements.

Washington, Sept. 12.—The battleship Kansas, sister ship to the Vermont, has just completed her speed trials, and while her record is slightly below that of her sister ship and a trifle below the 18-knot speed which the ship was required to make in her acceptance trial several months ago, it is said at the navy department that her record is entirely satisfactory. Capt. Southerland, president of the trial board, on board the ship, reported to the navy department today by wireless, via Provincetown, Mass., as follows: "Kansas finished successful steaming and gun trials. The average speed for four hours with full power was 17.81 knots, and for 24 hours' endurance trial 17.09 knots."

SAN FRANCISCO OFFERS BOUNTY FOR RATS.

San Francisco, Sept. 12.—The board of health at a meeting this evening, discussed further measures for plague eradication and adopted resolutions as follows:

Offering a bounty of 10 cents on every rat caught in the city and county of San Francisco and properly delivered to the health officer.

Directing that no quarantine be established upon any building or dwelling from which a plague patient or suspect is taken, except during the brief period of fumigation. The objects of this order as stated by the board are to prevent foolish scares and to remove the temptation of inmates to scatter to avoid close detention.

The mayor, members of the board of supervisors and Prest. Ophuls and Dr. McConkey of the health board today visited the city and county hospital. As no plague cases have originated at the city and county hospital since Aug. 27 the quarantine there is to be raised.

Dr. Rupert Blue of the United States marine hospital service arrived here today from Washington and will at once assume charge of the situation.

To date there have been 23 cases of plague and 12 deaths.

RECEIPE FOR ROSY CHEEKS

A lady, prominent in social circles just returned from a sojourn in Europe, brings back with her a valuable skin food recipe, which she says is in general use among the society women of France, who have an international reputation for their exquisite complexions. The recipe is as follows:

Two ounces of Rose Water; one ounce Spirits of Cologne; four ounces Sartoin (crystallized.

Put the Sartoin in a pint of hot water (not boiling), soft water being preferable. When it is dissolved and cooled, strain through a fine cloth, add the Rose Water and Spirits of Cologne. This Preparation to be applied twice a day or oftener and massaged thoroughly into the skin and if adhered to persistently is said to produce wonders even on the worst com plexion or roughest skin. It is an inexpensive mixture and the ingredients can be gotten from any well stocked drug store, the above formula making enough to last quite a while and sufficient for a very thorough trial.

NEAL, COMMANDER U. V. L.

Gettysburg, Pa., Sept. 12.—The session of the Union Veteran legion closed today with the election of W. H. Neal of Philadelphia as commander. Philadelphia will be the next meeting place.

DEFAULTER LATON DID NOT DARE COMMIT SUICIDE.

New Orleans, Sept. 12.—Charles E. Laton, chief clerk in the office of the first district tax collector here, who disappeared two days ago leaving a shortage of over $600,000, was discovered this afternoon standing on the bank of the Mississippi attempting to summon up courage to jump in the water and commit suicide. He said he had started toward the water several times, but each time his courage had failed him. He made a full confession.

JURY COULDN'T STATE CAUSE OF QUEBEC BRIDGE DISASTER

Quebec, Sept. 12.—The coroner's jury today rendered a verdict that it could not state the real cause of the fall of the Quebec bridge, but declared that according to the evidence adduced, all necessary precautions were taken.

FATAL AUTO ACCIDENT.

Pittsburg, Pa., Sept. 12.—President John Runett of the Metropolitan National bank of this city is dead and Dr. M. C. Canferon, a prominent physician of this city is seriously injured as a result of the latter's automobile coming into collision with a telegraph pole late today because of broken running gear.

BIGGY MADE CHIEF OF POLICE.

San Francisco, Sept. 12.—The board of police commissioners today elected W. J. Biggy chief of police. Biggy served a short time as chief of police under Mayor Phelan several years ago.

THE NICHI NICHI HAS FAITH IN CANADA.

Tokio, Sept. 13.—The Nichi Nichi in its editorial leader this morning expresses full confidence in the Canadian authorities to extend whatever protection is necessary to assure the treaty rights of Japanese.

In its leader the Nichi Nichi says:

"It is reassuring to know that the Canadian and English press was unanimously condemning the Vancouver outbreak and it is hoped and trusted that full justice will be meted out.

"Should the Canadian government in this instance find a solution of the problem which would serve as a model and example in dealing with the same problem in the Pacific coast states of the United States it would be a case of fortune snatched out of miseries.

"Let us hope that this expectation will be realized and that a permanent tranquility will be assured along the coasts of the ocean bearing the name of peace."

ATLANTIC FLEET.

Voyage to Pacific Will Require 253,000 Tons of Coal.

Wasington, Sept. 12.—Two hundred and fifty-three thousand tons of coal, exclusively of that to be shipped in government collieries, will be required to get the Atlantic battleship fleet to the Pacific coast and properly coal it at Mare Island, according to the estimates made by the equipment bureau of the navy department, which has called for proposals for supplying the necessary fuel. Of this aggregate, 138,000 tons are semi-bituminous and the remainder Welsh coal. The former is to be shipped from Atlantic ports in vessels either of American or foreign register, according to the terms.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

GOV. JOHNSON

Not Presidential Candidate and He Doesn't Intend to Be.

St. Paul, Sept. 12.—"I am not a presidential candidate and I do not intend to become one." This was the emphatic declaration made by Gov. Johnson today to a party of prominent Nebraskans who came to present their invitations to Gov. Johnson to speak in Nebraska. The governor declined all three of them.

UNIVERSITY OF UTAH

Instruction begins Monday, September 16th. Registration of students, September 13th and 14th. Entrance examinations, September 11th, 12th and 13th.

College, engineering, medical, law, normal and preparatory courses are offered.

The Catalog which outlines all the College work, the Preparatory Catalog which describes the preparatory and two years of normal-preparatory work or an illustrated booklet of the School of Mines, will be sent free on application to

UNIVERSITY OF UTAH
Salt Lake City, Utah.

TIMELY INFORMATION

The Jamestown exposition at Norfolk, Va., in its completeness, is, indeed, a handsome spectacle. Located, as it is, overlooking Hampton Roads, a short distance from Norfolk and Portsmouth, near Old Point Comfort, Hampton and Newport News, in a region full of historic interest and places; in a state which has always been a battleground; emphasizes the wisdom of its projectors, who, knowing the patriotic fervor of the great American people, also knew that they would generously patronize this most unique of expositions.

This is the first great exposition to be held at the seaside, in a beautiful country, and within the center of a populous civilization. The potency of the combination is obvious. Delegate, soldier, sailor, diplomat, and civilian meet there to commemorate the three hundredth anniversary of the nation's birth.

The Erie railroad offers to the exposition visitor an excellent train service with close connections at Marion, O., Peoria, O., Mansfield, O., Youngstown, O., Olean, N. Y., Elmira, N. Y., Waverly N. Y., and New York City.

A daily through sleeping car line is operated from Chicago on Erie train No. 8, leaving at 9:30 p. m., to Marion, O., via Hocking Valley to Columbus, thence Norfolk and Western train, leaving Columbus 8:00 a. m., arriving Norfolk 8:30 following morning.

The Erie equipment is comprised of comfortable, high back seat day coaches, the best Pullman drawing room sleeping cars, and Erie dining and cafe cars operated on the European plan; you simply pay for what you order.

Tickets can be purchased going one-way via New York, returning direct, or reading going and returning via New York and rail or steamer.

The routes embrace trips via Baltimore and Washington, thence various steamer lines.

In addition to stop-over privileges now permitted at Niagara Falls, Chautauqua lake, until October 15, if ticket is deposited on or before September 30th. (Jamestown or Lakewood), Cambridge Springs and Saegertown, stop-overs are permitted at any station on this company's lines, including stop-overs at New York at the later point for 10 days if desided. Stop-overs are permitted only within final return limit of ticket.
