THE SUBSTITUTE PASSED.

The natural gas ordinance, providing for the constructing and maintenance of street mains and services for utilizing and distributing natural gas for fuel, in the city of Salt Lake, Utah, was replaced by a substitute bill, which was introduced by the committee on municipal laws. It was slightly amended and passed under a suspension of the rules. Following is the measure in full:

Section 1. Be it ordained by the City Council of Salt Lake City, Utah: That the said city of Salt Lake hereby gives and grants to the American Natural Gas Company, a corporation organized and existing under the laws of Utah Territory, and its assigns, as hereinafter specified and provided, for the term of twenty years from and after the passage of this ordinance, the right and privilege of constructing, maintaining and operating pipe lines for the distributing and utilizing of natural gas for heat and fuel only, in the city of Salt Lake, provided, that the rates to be charged consumers for such natural gas shall not exceed the cost of forty cents per thousand cubic feet, as measured by standard gas meters, and for the purpose of furthering said enterprise, said American Gas company, and its assigns, in utilizing said natural gas, the said American Gas company and its assigns are hereby granted and given the right and privilege to use any and all streets, avenues and alleys of Salt Lake City, provided, that all streets, avenues and alleys are speedily repaired and put in good condition as they were before excavations were made.

Sec. 2. Provided further: That in the construction, maintenance and operation of said mains and service pipes, the said grantee, and its successors and assigns, shall at all times conform to such ordinances, rules and regulations as may hereafter be adopted by the City Council of said city, in relation thereto, provided further, that the right shall be and hereby is reserved to the City Council, at any time after four years from the date of this ordinance, to refuse the maximum price fixed, and grantee, its successors or assigns, shall charge its consumers, to in lieu per 1000 cubic feet.

Sec. 3. That Salt Lake City shall in no way be liable or responsible for any accident or damage that may occur in the construction or operation of said mains and service pipes, by reason of the defective or improper construction, or operation of said mains and service pipes, and in indemnity and repay and city for any loss, costs, expense, or damage of any kind, if any such loss or damage of any such default, misconduct, accident, or injury, shall be asserted against, and judgment be rendered against said city, the recovery thereof and judgment therefor, shall in fact as between the city and said grantee and its successors and assigns, and conclusive as to the liabilities of the latter to the former, provided, said grantee has had a fair opportunity to defend the action, and has been given an opportunity to defend the same.

Sec. 4. This grant shall be null and void if said American National Gas Company or its assigns shall within one year from date hereof lay its mains and pipes from their gas works in the limits of Salt Lake City, or shall not within eighty days from date hereof be ready to lay in the city of Salt Lake at least five miles of main pipe not less than five and three-eighths inches in diameter, or shall not be able for a continuous period of sixty days, at any time after eighteen months from the date hereof, to furnish a sufficient quantity of natural gas to supply at least five average families with gas for cooking and heating purposes. Provided, however, that any delay caused or time consumed for injunction, or any ordered court, or any unavoidable accident or delay, or malicious interference, shall not be counted and work a forfeiture herein.

Sec. 5. Said American National Gas company or its assigns shall use only the best and most approved system of pipe for their mains and services.

Sec. 6. This ordinance shall take effect from its passage.

WANTED IT RECONSIDERED.

Councilman James then moved a reconsideration of the vote whereby the franchise of the Sallair Railway company was denied at the session of the City Council one week ago. Carried.

Young said he believed the petitioners were a bona fide concern. Mr. N. A. Clayton was present and would like to enlighten the Council on the subject.

The petition was granted and Mr. Clayton spoke as follows: Early last spring the company with which I am connected conceived the idea of establishing a fishing resort on the shores Salt Lake, on the property known as Saltair. We paid $125,000 for it and certainly think we should be allowed to build our road. Bathing facilities will thus be increased and the rate of bathing made less. We are not particular whether we are given a franchise over South Temple, First, Second or Third South streets. We asked for a right of way over First South street for the reason that it was on a direct line with our property. If our petition is granted tonight, I will start East within twenty-four hours to purchase material and road equipments.

WENT OVER FOR ONE WEEK.

The franchise came up and was read and amended so as to read "Third South street" instead of "First South street."

Parsons moved that it be taken up and passed under a suspension of the rules.

Anderson—I object.

Parsons—The franchise is an old one and has been before this council for consideration several times and is well understood, and ought to pass tonight.

James—It is important, I think, that this franchise should be granted forthwith.

Anderson—If it is railroading the measure through, and I shall vote against it.

James—It has been before this body a long time and it would not be railroading the measure through to grant it.

The franchise went over for one week on a vote of 5 to 5.

THE LATE WILLIAM LEANY.

A Brief Description of His Useful Life, By a Correspondent.

Correspondence of the DESERET NEWS.

Brother William Leany, who departed this life at the ripe age of seventy-six, was the twin brother to Isaac Leany, who was so terribly shot at Haun's Mill, Missouri. He was born in Franklin, Simpson County, Kentucky, on December 19th, 1815. He went to Missouri with the Saints in the year 1836, and after the troubles, he among others had to do the best he could for support. He then went to Illinois, and arrived in Nauvoo in 1845. He worked on the Nauvoo House and on the Temple, as a carpenter. He and his family were among those who were driven out in the year 1846.

The deceased married a daughter of Father Scarr. He came on to Council Bluffs and was ready to join in the Mormon Battalion, which was then being raised, but was allowed to remain to help take care of the helpless families left by those who did go. He remained there all the winter, and the following spring went on to the valley of the Great Salt Lake, where he labored faithfully to make a home for his wife and family. In the fall of 1850 he was called as one of the Southern pioneers to go under the leadership of Apostle George A. Smith and settle at Parowan, where he arrived on the 18th of January, 1851. He helped many times to quell the Indians, and was saved known to fail when called upon to assist in defending his brethren and friends. When the St. George mission was formed he was among the first, being a Southern man, was called to raise cotton and tobacco. He settled at Harrisburg, Washington County, where he lived until the time of his death, which took place on the 29th day of December, 1891. Brother Leany held the office of High Priest and had attained to all the blessings of the holy Priesthood given in our day.

The funeral service was held in the meeting house at Harrisburg, under the presidency of Bishop McMullin. The speakers were Elders John Reed, George Spilsbury, Brother Leatham and Bishop McMullin, who spoke of the deceased as a good, faithful Latter-day Saint. JOHN STERN.

Prevention is Better

Than cure, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from the acid which causes the disease. For this purpose Hood's Sarsaparilla is used by thousands with great success. It is the best blood purifier.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

In Grippe!

The tendency of this disease to get pneumonia is what makes it dangerous. La Grippe requires precisely the same treatment as a severe cold. Chamberlain's Cough Remedy is famous for its cures of severe colds. This Remedy effectually counteracts the tendency of the disease to result in pneumonia, provided that proper care be taken to avoid exposure when recovering from the attack. Careful inquiry among the many thousands who have used this remedy during the epidemics of the last two years has failed to discover a single case that has not recovered or that has resulted in pneumonia. 50 cent and $1 bottles for sale by Z.
