THE EVENING NEWS.

Monday, - - December 11, 1871.

PRICE OF GOLD.

Corrected Daily by Bank of Deseret.

Salt Lake City, December 11, 1871.

Buying at $1.08; selling at $1.11.

LOCAL AND OTHER MATTERS.

THEATRE.—The sensational play of "Through by Daylight," will be presented again to-night.

TABERNACLE.—Yesterday the congregation in the Tabernacle was addressed by Elder R. F. Neslen, and in the afternoon by Elder Orson Pratt.

NON-COMMENDATORY.—A correspondent at Provo writes concerning Tyrrell's exhibition in a style anything but commendatory. He considers it vulgarity without disguise, and unworthy of patronage.

HOME AGAIN.—Mr. James Dwyer, of the Railroad News Depot, reached this city in good health yesterday morning at four o'clock. He was detained by the blockade, on the U. P. R. R., but beyond the delay, suffered no inconvenience, and is as full of energy as ever.

SCHOOL TEACHING.—We understand that there was a very good attendance of school teachers at the Council House on Saturday morning, to consider the best method of teaching. Miss Ida I. Cook made some excellent remarks upon the objects and plan of graded schools, school furniture, apparatus for primary schools, objects of study, manner or mode of study, incentives to study, objects of recitation, mode of recitation, and preparation of teacher for recitation, illustrating, with three or four pupils, the method of teaching primary grammar.

The result of these meetings can not fail to be exceedingly beneficial to the community, especially to the rising generation, as the instructions received will be carried by the various teachers into many schools, and developed therein as may seem most judicious in each respective locality.

ONE OF THE BLOCKADED.—W. M. Shaw, Esq., traveling passenger agent of the Burlington and Missouri River, and the Chicago, Burlington and Quincy railroads, called this afternoon. He was one of those detained by the recent blockade, on the Union Pacific railroad. From Mr. Shaw we gleaned the following particulars concerning the trip from Omaha to Salt Lake. The train on which he came through, left Omaha a week last Saturday about half past 11 o'clock in the morning, and came along all night as far as Grand Island. That night at 12 o'clock a terrible snow storm came on at North Platte, and detained the train considerable between there and Sidney, which latter place was not reached until half past ten o'clock the next morning, instead of 7—the schedule time. They speedily left Sidney, and with two extra engines attached to the train, ran along to a point about three miles west of Pine Bluff, a distance of sixty-five or seventy miles, reaching there at four in the afternoon, when the train ran off the track. The conductor, Mr. William Woodruff, walked back to the station at Pine Bluff that night, and the next morning brought a special engine and pulled the train back to Pine Bluff. On reaching there orders were received to return to Sidney, and they lay at the latter place two days. The train left Sidney on Wednesday night, and preceded by a wrecking train to clear the track, reached Cheyenne on Thursday morning. They lay at Cheyenne until late in the afternoon and then left for Sherman, reaching there in the evening. They were detained there until about half-past two the next afternoon, when they started for Laramie which place they reached at five or six o'clock. From that point no further delay was experienced, and the passengers reached Ogden on time, at a quarter past 5 o'clock on Saturday evening, and this city at 9 o'clock.

Mr. Shaw says the greatest credit is due to S. H. Clark, Esq., Assistant General Superintendent of the Eastern division of that line, who used every effort of which they were capable to assist the trains forward, and to make the passengers comfortable. At one place too, the company, at their own expense, forwarded a splendid lunch to the tired and hungry passengers; and during the entire week, although enduring all the inconvenience of delay, they were amply provided with creature comforts and had abundance of coal for firing. The snow where the blockade occurred was between three and four feet deep, and so densely packed that shovels had to be used to clear the track, snow ploughs being of no use whatever for that purpose.

UNCLAIMED TELEGRAMS.—Uncalled telegrams in the W. U. Telegraph office for James Marena, H. E. Jones, J. M. Wallace, Frank Halfley.

Per Deseret Telegraph.

PIOCHE.—Dry and Dusty.—Business Brisk.—Explosion and Death.

PIOCHE, Dec. 9th, 6:30 p.m.—The weather is quite pleasant and favorable for business, the roads are still dry and dusty, and the completion of buildings, offices and stores still continues. The new office of the Raymond & Ely Mining Co., situated south of the Bucke shaft, commanding a full view of this city, is neat, commodious and constructed with taste and skill. The Panacea ledge of said company is yielding a very large amount of rich ore, which is easily worked and is the most profitable of any of the Raymond & Ely mines. Number 3 Meadow Valley Co's mine, is yielding well, large quantities of timbers are on the ground, for bracing the shaft, which is now over five hundred feet deep, and is worked night and day with a regular change of hands and a steam engine.

A man named Richards, working at the bottom of No. 7, Meadow Valley mines, was accidently killed last night, while in the act of preparing a blast. It is not definitely ascertained whether the candle was knocked by some cause or other on the powder, or the powder was dropped on the candle, but a sudden explosion was heard and the man was found killed. One piece of rock was driven from the front of his head through his brain and out at the back.

J. S. Fitzer, attorney at law, arrived here at 3 p.m. to-day, direct from Salt Lake. The Grand Jury, which has been in session for the last three days, came into court this morning with three indictments, the grand larceny, murder, and mayhem. The Court resubmitted the case against Barney Flood for the murder of Thomas Coleman, who was killed by being stabbed at this place early last spring. W. W. Bishop, Esq., attorney for the defence for Flood, filed an exception to the court, resubmitting the case to the Grand Jury on the grounds that the Grand Jury had been empanelled and had acted during a term, and had been discharged without the case having been resubmitted to them, and that it was irregular and illegal. In the case of the State of Nevada vs. James Harrington, Wm. H. Roman, and G. W. Rutheford, for the forfeiture of bond, since this bond was given Harrington was arrested for murder, committed at or near Salt Lake and was either hung or he otherwise met with his death, and not being present to answer when the case was called into court, the bond was forfeited. The suit is to recover $5,000, the amount of bond, the defaulter of Raymond having been entered. The motion pending now is to set aside the defaulter of W. H. Raymond.

SILVER CITY—Bones of a Man Found.

SILVER CITY, Dec. 11, 10:30, a.m.—Word was brought in yesterday that the bones of a man were found some eight miles from this place, a little east of south. Justice Wilson, with a posse, went to the spot and found the remains of a man, supposed to be of middle age, with clothes on, wraps in a pair of California grey blankets, shot through the forehead, the ball having passed out at the back of the head, one leg was gone and could not be found. They found nothing to identify the remains, but they are supposed to be the remains of one of two men who left Payson last fall a year ago, to buy stock and a stock ranche. Enquiries will be instituted.

BEAR LAKE—Foggy—Snowed in.

PARIS, Dec. 11.—We have had a thick, heavy fog the last five days. A two days thaw after the storm settled the snow to about one foot. Mr. H. Williams, wife and two children, Miss Jane Pomeroy, Jaddy and Newell Kimball, Lewis Polman-beer, William Cottam, and a man named Jacobs, are snowed in on the Huntsville road, at Blacksmith's Fork. They are eight days from Huntsville and have sent in for assistance. Help started yesterday. They were notified at Ogden, by telegraph, that the road was impracticable. A track has been broken from Cache Valley into this, via Soda Springs. It is a curious fact that while there was a heavy snow fall here and east, west and south of us, it was but six inches at Soda Springs.

THROUGH.—Now that the blockade is broken, visitants and mails from the east are pouring in upon us again as usual. Among the arrivals we may mention Hon. Thomas Fitch.

EUROPEAN MISSION.—We find the following in the *Millennial Star* of Nov. 14th.—

"APPOINTMENTS.—Elder John Hutcheson is appointed to labor in the Glasgow Conference, under the direction of President John Pyper.

"Elder Thomas Worrell is appointed to labor in the Glamorgan Conference, under the direction of President David John.

"ELDER C. W. HAWS.—It was with deep regret that we received information that Elder Caleb W. Haws had been taken sick of the small-pox whilst at Barnsley in Yorkshire. The simple fact of his illness is all that has been communicated to us."

Special Notices.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
