The State Druggists' association will hold its next annual meeting at Ogden, the date for which will be decided later by the executive committee.

At tomorrow afternoon's meeting of the Horticultural society there will be discussed "The Smelter Smoke," "The Causes of Pear Blight and Treatment," "The Deadly Yellows on Trees," "The Sugar Beets Infested with a White Fly."

Principal Hogan of Gordon academy has returned from an extended trip through Wyoming and Idaho in the interest of his institution. He was quite successful, and the academy will open this fall with better prospects than ever.

Mrs. Lottie Taylor, wife of Miles R. Taylor, and daughter of Thomas Matthews of this city, died yesterday, at the age of 37. She leaves a husband and two children. The funeral will be held from the residence, 28 D street, at 4 p. m. tomorrow.

Thirty-three "Rookies" (recruits) at Fort Slocum, N. Y., have been ordered transferred to the artillery arm of the service, and assigned to the batteries at Fort Douglas. Captain E. M. Johnson, Jr., of the Eighth United States infantry, will bring them here.

Bertha Thomas, the colored street-walker, who was arrested on the charge of grand larceny, the stealing of $85 from J. S. Crawford, was given a preliminary hearing before Judge Diehl yesterday afternoon and ordered held to await the action of the district court.

A copy of the articles of incorporation of the German Evangelical St. Paul's church of Ogden has been filed with Secretary of State Tingey. The life of the corporation is 50 years, and its officers are E. F. Bratz, president; Frank Kister, secretary; H. G. Heas, treasurer.

Gordon academy will have an assistant principal this fall, in Prof. Harold W. Bissell of Chicago, a graduate of Oberlin college. His services were secured recently by Rev. E. I. Goshen while in Chicago, and the new school official's scholarly attainments are highly spoken of.

Arrangements have been made for Hon. W. H. Redmond, M. P., the noted Irish leader in parliament, to speak in the Salt Lake Theater Wednesday evening, Aug. 30, next. The distinguished visitor and his wife will be generously entertained by the special committee while in this city.

United States Marshal R. R. Heywood and a force of deputies has departed for Vernal, to assume command of the law and order department of the reservation opening and land entering. In the party besides the marshal are Deputies Charles Snell, C. S. Ford, R. B. Hildebrand and B. T. Heywood.

John Walch, an employe of the Conger mine at Bingham canyon, was brought to the Keogh-Wright hospital yesterday, suffering from a compound fracture of the left leg. Walch attempted to put a car on the track in the mine tunnel when the car started and knocked him down, passing over his leg.

John Genr, aged 35, and single, a San Pedro employe, fell from a coal trestle at Calleente Monday, and sustained serious injuries about his head. Robert L. Anderson is traveling through the state in the interest of the state fair. He writes from Mt. Pleasant that there was a splendid rainfall on Monday last in Utah county, and that Spanish Fork and Mt. Pleasant seem to be the most thriving and promising cities south of Provo. Sugar beet contracting agents are busy in Sanpete and Sevier.

Yesterday afternoon's display of lightning interfered with street car travel while it lasted, blowing out fuses on the cars as well as at the generating stations, and threatening all manner of damage. Some of the lines were shut off for half an hour, and the Third street line, and a number of motormen received slight shocks. The incandescent service was interfered with for a short time, but no damage to speak of was done.

The Republicans of the new voting district recently created to extend from Fifth West street to the Jordan, and from Sixth to Tenth South have been organized for the fall campaign. The meeting for organization was held last night at the home of Francis Dupaix, and the following were elected: Daniel Parker, chairman; Joseph Lawrence, secretary; and Francis Dupaix, E. M. Davey, and James Mace, committee. The new district is known as the ninety-sixth.

Parties from Vernal say that after the 4,172 reservation farms are chosen there will be still many small ranches along the foothills worth locating, and upon which water can be easily brought. It is claimed that a wrong impression exists as to the alleged scarcity of water, and that there will be enough for everybody. Some claim that there will not be over 2,500 persons who drew lucky numbers who will actually file on the lands. The lands are said to be quite up to the average.

Zion's Savings Bank and Trust Company was organized in 1873, and now opens an average of more than 10 new accounts every day. We want YOUR business. Jos. F. Smith, President; George M. Cannon, Cashier.

NEW POWER PLANT FOR BLACKFOOT,

Idaho and Utah Capitalists to Form A Company for That Purpose.

E. W. WADE TELLS OF PROJECT

Beyond Statement that Christian Just is One of Promoters He Declines to Talk.

(Special to the "News.")

Ogden, Aug. 24.—E. W. Wade returned this morning from a trip to Blackfoot, Ida., where he has been since Sunday looking over a proposition relative to the construction of a power plant on the river, 17 miles out of Blackfoot, and an equal distance from Idaho Falls. Although loth to talk, Mr. Wade admitted that he had been to Idaho to look over the ground, and that the proposition is already launched. The men behind the project, he said, consisted of Utah and Idaho capitalists, the Idaho contingent being Christian Just of Blackfoot. Mr. Wade did not care to reveal the identity of the Utah men, but stated positively that the new enterprise was in no way connected with the Utah Light & Railway company, of which he is the Ogden representative, and that none of the men in the company named had anything to do with his going to Blackfoot.

As to the project itself he said that the river ran through a ravine of lava rock from 200 to 300 feet in height. By the construction of a canal some 1,500 feet in length a plant could be established without the work of building a dam, and 1,000 horsepower developed. The force could be increased, however, by the erecting of a dam, and for each 40 feet in height being added the capacity of the plant would be increased 1,000 horsepower. The 1,000-horsepower plant, Mr. Wade believes, will be constructed within a year. The dam will depend solely on whether there is a market for more electric power. The scheme is to furnish light and power to Idaho Falls and Blackfoot.

Mr. Wade also examined several other projects, but that outlined is the only one on which he had any definite statements to make.

The cost of the project is estimated at $100,000.

REALTY TO BE CONDEMNED.

Messrs. Wandes Bouhuis et al were made defendants in suits entered in the district court today to condemn certain realty along Thirtieth street, west of the city, for the Oregon Short Line Sand Ridge cut-off, now being constructed.

PIN RECOVERED.

Parties Arrested for Stealing James McTierney's $250 Sparkler.

James McTierny is happy once more in the possession of a $250 diamond pin which was stolen from him in the Palace barber shop on July 8, and Frank Rogers, a colored porter, has been arrested by Detectives Chase and Raleigh on the charge of stealing the gem.

Mr. McTierny had been shaved in the shop, and was having his clothes brushed by Rogers when the latter "pinched" the spark. Rogers was suspected and W. R. Coombs, foreman of the place, and Mr. McTierny laid a plan to recover the gem and capture the thief.

McTierny gave Coombs $50 and the latter told Rogers he would give him the money and $15 additional if he recovered the diamond. Rogers agreed to meet Coombs at Parks' jewelry store yesterday afternoon to have the stone tested. The detectives were notified and at once proceeded to the establishment where Rogers was arrested and the diamond recovered.
