LOCAL AND OTHER MATTERS.

THEATRE—Last night the re-appearance of Mr. David McKenzie, was greeted with hearty symptoms of approbation, and the rendition of "Hugo, the Soldier of Fortune" by him was a success. Several other of the principal characters were well sustained by Messrs Thorne, Dunne, Marden, Miss Adams and other members of the company, and the rendition of the piece throughout was a success. To-night the great sensation play of "The Hidden Hand," will be presented, in which Mr. Marden will personate "Major Warfield," Mr. Harris, "Wool, his factotum," other characters by Messrs. Thorne, Wilson, Dunne, Miss Adams, Mesdames A. Clawson, M. Bowring, &c. This is a piece that has been received with much favor and approbation whenever presented here; it is full of sensation and interest from first to last, and from the known ability of those who sustain the principal roles to-night, a clever performance of the piece may be anticipated.

IMPORTANT TO FOREIGN RESIDENTS.—We desire to call the attention of all our readers, but especially of those who have emigrated hither from foreign climes, to the advertisement, to be found in the columns of the Daily and Weekly News, of Messrs. Clayton & Jonasson, Notary Public, Collecting Agents, &c., &c. The members of this firm are well known and thoroughly reliable men, and able to do well all they advertise to do. Parties who want any kind of legal instruments drawn up can not possibly do better than to employ Messrs. Clayton and Jonasson. They pay particular attention to the drawing up of wills and all testamentary documents; and warrant, corporation and partnership papers drawn in strict accordance with the laws of this Territory. One branch of the business carried on by this firm is of special importance to citizens of foreign birth, that is, the collection of money. Mr. Clayton has made a specialty of this for many years past, and has had large experience in collecting legacies and other moneys for citizens of Utah from almost all parts of the world, but especially from Great Britain and European countries. Numerous transactions of this kind have come under our own notice while in England, and we speak advisedly when we say we never knew him unsuccessful in one instance of this kind. We take great pleasure in recommending the firm to the general public, knowing them to be reliable and competent, as well as anxious to give satisfaction to all who favor them with their patronage.

THE ROCKY MOUNTAIN VOCALISTS.—The lovers of harmony have a rare treat in store for them at the Theatre to-morrow evening, for on that occasion the Rocky Mountain Vocalists will make their first, and for the present, their only appearance before a Salt Lake public. These talented singers are making a tour of the Territories, and the notices of the press where they have appeared have been highly eulogistic, and a feast of sweet things, vocally, will be served to all who attend the Theatre to-morrow evening.

ALL ARE TALKING OF UTAH.—The Chicago *Post* says—

"Whenever a Salt Lake man is caught from home now he is always interviewed on the Mormon question."

MUD, MUD, etc.—The temporary return of spring weather is making mud very plentiful, and walking very disagreeable. This is as much so on the principal street of the city, where most business is done and most pedestrians congregate, as it is in more retired portions of the burgh. The foul custom of some folks in throwing out the ashes from their stoves on to the side of the streets, and the accumulations of filth from the animals at a melting, thawing time like this, all help to render travel particularly disagreeable. In the hot weather, when the dust is plentiful, the water cart covered with posters, is made doubly useful in laying the nuisance and advertising the wares of the business men. In older settled countries than this a similar contrivance is brought into requisition, and does splendid work, when mud is very plentiful in cleaning the streets. Such an outfit on East Temple street would be a boon to the travelling public just now; and if those who projected the water cart, or others, if there are any, who are still better able than they are to do it, would rig a purchase to clear away the mud, they would improve business and earn the thanks of pedestrians generally.

WON'T INTERFERE.—The New York *Tribune* says—

"It is announced at the Executive office, that the President will on no account interfere with the National authorities in Utah, as desired by Delegate Hooper and other Mormon leaders. The laws, he says, must be enforced."

WEATHEROLOGICAL.—This is a gloriously beautiful day, the frost timing down considerably.

UP HILL WORK.—The Woman's Club, Washington, D.C., have unanimously come to the following conclusion, "At every step of our labors for the prevention and cure of the social evil we find legal, political, judicial, and executive obstacles blocking our way," and, therefore, that woman suffrage is necessary. The Woman's Club must have discovered that the men folks are not anxious to cure that evil, and do not mean it to be cured.

SEVIER VALLEY.—Our agent, writing from Salina, on the Sevier, on the 25th ult., says: "I have found in all the settlements, that the present crusade against our religion has caused the Saints to reflect on their situation, and is the means of uniting their faith and energies in defence of the cause of truth. There is a great anxiety for the safety and welfare of our leaders, and many express themselves that they are willing to give the last dollar they are worth to assist in defending their religion. It is very gratifying to me to hear men express themselves thus, and to see the increasing spirit of union which is made manifest.

"Salt is becoming an article in good demand at Gunnison: the brethren here have just made contracts to deliver between six hundred and seven hundred tons of it at the bed, making good employment for a number of men and teams.

"The co-operative store at Gunnison, under the judicious management of Bishop Joseph Horn and the brethren connected with him, is giving good satisfaction to the people, and I have been told by some that fifty dollars a year would cover all the trade done here outside of that store. This speaks well for the management. They are now making arrangements to put up a No. 1 grist mill on the co-operative system."

THE CRUSADE.—Respecting the inception and the conducting of the current crusade, the Helena (Montana) *Gazette* talks in this way—

The Zion's *Herald*, a Northern Methodist organ, claims all the credit of the present raid against the Mormons for that church. It says the crusade was begun by the debate of Dr. Newman, advanced by the great Methodist camp meeting, and is now to be consummated by Judge McKean. We hope Judge McKean will have better success than the Washington preacher; for all parties, even the ——, came to the conclusion that Dr. Newman made a very weak argument and was fearfully worsted. We should regret to learn that because he is Grant's pastor, and Bishop Simpson's pet, our Government is moved by chagrin at the result of an uncalled for theological discussion, based on the most absurd grounds that a learned theologian ever counted. If the movement against the Mormons has any merit, it is in the interests of the law, and should have no color of the spleen of a disconfited preacher, falling back on carnal weapons."

NO DECAMPER.—The Chicago *Post* says: "It is evident there is no expectation of decreasing the Mormon membership." Of course not. We must increase, others may decrease if they like it.

140,000
SINGER SEWING MACHINES
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.
The Singer Manufacturing Company,
AT THE WORLD'S FAIR
—Constituted by the homes of the people—
Received the Great Award of the Highest Sales and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!
SEWING MACHINE SALES FOR 1870.
"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,600
Wheeler & Wilson	83,128	Gold Medal	8,912
Howe	75,156	Minn	6,808
Grover & Baker	57,402	Empire	3,500
Wood	35,002	Finkle & Lyon	2,450
Wilcox & Gibbs	28,890	Parham	1,700
American Button-hole & Overseaming	14,573	Wilson	500

And several other companies who sold a few Machines.
It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately combined making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1871 were 85,751 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*

Our Machines are the Best in the World!
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,
is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, definitely arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its work, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, heavier cloth or leather may be sewn with great strength and uniformity of stitch, and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of farlatan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the coarse and thoughtless have little or no trouble on this machine.
Send for Descriptive and Price Circulars.
We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
