Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 1.—The Senate amendment to the bill authorizing the President to temporarily fill a vacancy in the pension agency when such vacancy shall have occurred through death, resignation or failure to qualify, was concurred in. The Speaker then called the committees for reports of a private nature.

Crapo, from the military committee, reported back the bill allowing Lieutenant R. F. Tozier, United States Navy, to accept a gold medal from the President of the French republic. Passed.

Thirty private bills passed.

Waddell, from the postal committee, reported the bill providing ocean mail service between the United States and Brazil. Recommitted.

Cannon represented the minority report.

The bill to prevent speculation in postage stamps was made the special order for Wednesday.

Adjourned till Monday.

EASTERN.

Burglars Sentenced.

CHICAGO, 1.—T. V. Sherry and Nellie Price were convicted, to-day, of numerous heavy burglaries in this city during 1877. Sherry was sent to the penitentiary for seven years and Nellie for two.

Low Price of Brooms.

SCHNECTADY, N. Y., 1.—In consequence of the low price of brooms, the broom factories of this section have been closed, throwing out of employment 400 hands.

Arrested for Fraud.

READING, Pa., 1.—Ammon L. Boyer and Cyrenius Sellers, proprietors of the suspended Dime Savings Bank, were to-day arrested on a charge of fraud, brought by the depositors, to the extent of $4,000. They entered bail in $8,000.

A Murderer Executed.

WARRENSBURG, Mo., 1.—John William Daniels was publicly hung here to-day for the murder of Jesse R. Miller in February, 1877, thousands witnessing the execution. He slept last night, ate breakfast, and was firm throughout. On the scaffold he authorized the sheriff to say that he wanted no prayers or remarks made; that he lived like a man and would die like a soldier. died in ten minutes after the trap was sprung. His conviction was on circumstantial evidence.

Shooting Affray.

LARAMIE CITY, 1.—Mrs. Lincoln, wife of Captain J. F. Lincoln, of Cheyenne, has been here some time, teaching music, and boarding at Wm. Crout's Hotel. This morning, Crout used some insulting and opprobrious language to the lady. A telegram was sent to her husband at Cheyenne, who came up on the train, and proceeded to interview Crout with a revolver, he fired three shots, shooting Crout through both thighs and one ancle. The wounds are serious, but not likely to prove fatal.

Struck Oil.

NEW YORK, 1.—A *World's* special says petroleum was struck in paying quantities to-day, at Wilmington, Delaware.

The Barclay Street Fire Inquest.

The inquest on the bodies of the victims of the Barclay Street fire was concluded this afternoon. Professor Doremus, who was examined as an expert as to the cause of the fire, stated that no evidence had been offered which would furnish a chemical explanation of the explosion. The jury returned a verdict that Mr. Bennett and others came to ther deaths by the falling and burning of buildings at No. 1 College place and 63 Barclay street, caused by an explosion, the origin of which was unknown.

The Silver Bill.

WASHINGTON, 1.—The silver bill was to-day sent to the department of state by the speaker of the House of Representatives, with the endorsements of the clerk of the House and secretary of the Senate, to the effect that the bill passed, notwithstanding the veto.

Short of Funds.

Land Commissioner Williamson has notified 53 employees of that bureau that, on account of insufficient appropriations, the secretary of the interior is compelled to ask them to resign, or to grant them leave of absence without pay until the appropriation is made.

Cabinet Meeting.

The cabinet met to-day and discussed the necessary action to be taken to carry out the provisions of the silver bill. Secretary Sherman is to put the mints at work promptly and industriously, and Secretary Evarts will at once open correspondence with the governments of the countries composing the so-called "Latin Union," and such other European nations as the President may deem advisable, inviting them to join the United States in a conference to adopt a common ratio between gold and silver, for the purpose of establishing the use of bimetallic money and securing a fixity of relative value between those metals.

Awards of Mail Contracts.

Among the awards of mail contracts made to-day, appears the following for Arizona: The great consolidated transcontinental route from Fort Worth, Texas, to Yuma, Arizona, is awarded to John J. Chidester of Arkansas, at $134,000 per annum. The other bids were as follows: D. T. Parker, $173,420; John T. Gilmer, $178,985; A. H. Brown, $183,500; John B. Carr of California, $217,000; George H. Giddings and Joseph McKibben, $230,000; James C. Kinney, $247,800; R. C. Kerr, president of the Texas and California Stage Company, $309,000; also one other bid of $244,000, which was received after time. The present cost of the service is $221,000 per annum. Each of the bidders furnishes a bond for $320,000 and deposited a certified check for $10,000. The Chidester bondsmen are said to be Senators Jones and Barnum.

To Retire the Silver Dollar.

Acting under instructions from the Secretary of the Treasury, and in anticipation of the silver bill becoming law, the Director of the Mints has been engaged several days in making necessary arrangements for running the mints to their full capacity on the new silver dollar, in connection with which gold will only for some time be coined, probably. A supply of working dies will be ready in about 10 days, and in the meantime silver bullion will pass through all the processes of putting it in shape for coining into dollars, except that of stamping, for which particular operation the capacity of the mint is in excess of the other operations, so that, in reality, but little delay in the coinage will be occasioned by the dies not now being ready. It is thought that by the middle of April the coinage of the silver dollar will be at the rate of three and a half millions per month. The supply of fractional silver coins at the mint and different treasury offices is sufficient to meet any demand likely to arise for several months to come. The mints are all in excellent condition, with skilled forces of workmen, and everything is in shape to meet the large amount of coinage devolved on them by the new law.

WESTERN.

The Four per Cent. Loan—Sinking Fund—Coinage Sample Sellers.

SAN FRANCISCO, 1.—The subtreasury of this city commenced taking popular subscriptions to the four per cent. loan about February the 1st, and received during the month subscriptions aggregating $105,150.

The mint coinage for February was: Double eagles, $5,560,000; trades, $1,484,000; subsidiary silver, $41,000.

The Supreme Court has decided in the *habeas corpus* cases of the two eastern sample sellers, convicted in the police court of violating the so called "sample seller's order," that the ordinance is unconstitutional.

FOREIGN.

GREAT BRITAIN.

National Rifle Association.

LONDON, 1.—The annual report of the proceedings of the National Rifle Association, just published, expresses the warmest thanks to the council and members of the National Rifle Association of the United States, on behalf of the riflemen of the United Kingdom, for the friendly welcome and hospitality accorded their representatives; for the facilities given them for practice at the range, and for the scrupulous impartiality with which everything connected with the match, down to the minutest detail, was carried out. Their reception, from first to last, in the United States, was such as to make every member of the British team feel the spirit of friendly rivalry in which the challenge had been received, was fully understood and reciprocated by the American nation.

Resignation of Camphausen.

The statement that Camphausen, Prussian minister of finance and vice-president of the ministerial council, has resigned, is confirmed by later dispatches. Though originally a liberal and a free trader, his compliance with Bismarck's wishes regarding the proposed imperial taxation schemes brought on him the national liberal party, which compelled his resignation.

Improving.

Earl Russell's condition is greatly improved.

The Eastern Question.

A Vienna dispatch says the willingness of Russia to grant concession to Austria arises from the fact that the princes of Roumania and Servia have resolved to accept Austria's protection if it is attainable.

A dispatch from Gallipoli on Wednesday says: The Turkish minister of war orders the governor of the Dardanelles to prevent any more men-of-war, whether British French or Austrian, from entering the Sea of Marmora.

A Pera telegram on Thursday says the Porte is fully prepared to sign the treaty of peace, except the clause concerning ironclads, on which Russia is unlikely to insist, and hence the signature of the treaty is expected on Saturday.

A St. Petersburg correspondent has reason to believe that Russia is disposed to come to an amicable arrangement regarding the straits, but the irritation of England's supposed design to form an offensive alliance with Austria is increasing.

A telegram from Bucharest, received in Paris, states that Austria is concentrating troops at Hermanstadt, Transylvania.

Prince Milan arrived at Belgrade to-day. The populace received him in an unusually enthusiastic manner.

A Berlin special says that Austria, in consequence of Germany's confidential representations, has abandoned the idea of war, but would occupy Bosnia and Herzegovina, if Russia persists in her pretensions.

A dispatch from Athens states that M. Tricoupis has abandoned his mission to the courts of the foreign powers.

It is stated in the lobbies of parliament that the navy estimates for '78, to be published to-morrow, show an increase of £35,000, half of which is for the transport of troops. The estimates show that it is the intention to commence four first-class ironclads, and complete five ironclads, 26 corvettes and gunboats and 30 torpedo boats. The above increase is exclusive of the portion of the vote of £6,000,000 which has been devoted to the navy.

A Vienna dispatch says Count Andrassy has informed the spokesmen of the delegations that a vote of credit is absolutely necessary. He added that government would be satisfied if it was passed by a small majority.

A telegram from Constantinople says it is probable that the British fleet will be withdrawn from Tenedos to Lemid.

RUSSIA.

England and Russian Concessions.

ST. PETERSBURG, 1.—Replying to a recent article in the *London Standard*, which declared that the sword would have to decide unless Russia made concessions, the *Agence Russe* says: "The British government has declared that it would only make war on behalf of British interests. Russia has respected and satisfied those interests; therefore, either the *Standard* is misinformed, or England will act in opposition to her formal declarations. As regards concession, the European cabinets know that Russia is resolved to maintain the essential result of the war. She will always show herself disposed to accept every means of reconciling the inviolability of this result with interests of third parties, but threats and military preparations are in a bad way of attaining a peaceful understanding."

SPAIN.

The King and Queen Congratulated.

MADRID, 1.—In the Cortes, today, it was announced that the Cuban central committee, the executive and chief of the insurgents had surrendered. A vote of thanks to the generals and army in Cuba was immediately adopted, and the cortes went in a body to congratulate the king and queen.

ITALY.

The Pope's Coronation.

ROME, 1.—The Italian Government warned the Vatican authorities, through the inspector of police, that they could take no measures to prevent a possible disturbance at the Pope's coronation, as the Pope did not recognize the King of Italy. The Vatican is indignant, and it has been decided that the coronation shall be strictly private. An understanding between the papacy and Italy is as far off as ever.

HUNGARY.

The Vote of Credit.

PESTH, 1.—The Hungarian delegation has determined not to vote the credit if it is to be applied for the occupation of Bosnia and Herzegovina. The delegation desires a full explanation of Government's intentions.

GREECE.

Declare for Union.

ATHENS, 1.—The inhabitants of Mount Olympus have risen and declared for union with Greece. Five hundred and fifty volunteers from Greece have joined them, with two steamer cargoes of rifles.

CentennialL

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so this it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recorded in the Reports of the Judges from which the following is an extract:

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums embraces instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, range of expression, promptness and staying qualities, freedom and quickness in action, a kind and degree of touch thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors at

at which they have been exhibited, being the Only American Organs which have ever obtained Any Award at any competition with best European makers, in any European World's Exposition!
