REPUBLICAN CONVENTION.

Second Judicial District Delegates Nominate Judge and Attorney.

The Second judicial district Republican convention was held yesterday afternoon in the court house, for the purpose of nominating candidates for district judge and attorney. The convention was called to order by E. W. Wade, who named Hon. John E. Bagley as temporary chairman, and Mr. Olson, of Morgan, as temporary secretary. These were afterwards named as the permanent officers, and the convention proceeded to ballot for nominees. Hon. T. J. Welch, of Morgan, arose and in a very eulogizing nominating speech placed the name of A. R. Heywood before the convention for district judge. The gentleman had no opposition. Judge Bagley, who was out for the office, withdrew yesterday morning, so the rules were suspended, and Mr. Heywood was nominated by acclamation.

Mr. Heywood was sent for, and on his arrival spoke for a short time upon the important position of district judge, and thanked the convention for the honor conferred upon him.

The next order of business was the naming of a nominee for district attorney. For that position there were two candidates, viz, Col. A. B. Hayes and Hon. E. M. Allison Jr.

J. D. Murphy Esq. placed in nomination Col. A. B. Hayes, and Mr. Thomas B. Evans nominated Hon. E. M. Allison Jr. for the position. The nomination of both gentlemen was seconded from all parts of the house. A ballot was then taken, which resulted in Col. Hayes receiving 45 votes to Mr. Allison's 28.

The committee chosen to direct the judicial campaign is composed of E. H. Anderson, Rufus Adams and Milton Croft.

SUDDEN DEATH.

Mrs. William Hirst Lundie died yesterday afternoon at the home of her daughter, Mrs. Josephine E. Hirst, No. 2670 Jefferson avenue. On Thursday afternoon Mrs. Lundie attended the funeral of her husband, and after laying him to rest only lived about twenty hours. She leaves several children to mourn her sudden death. Her home was at Echo, Utah.

The funeral services will be held at the Presbyterian church Sunday at 2 p. m. Friends invited.

COURT NOTES.

Before Judge Rolapp in the Second district court:

The hearing on the probate of the will of Gardner A. Bruce, deceased, was set for September 18, 1900.

In the case of Benjamin Johnson vs U. P. R. R. company, the hearing on demurrer was continued.

FILING.

Suit was filed by Josephine Lowler against her husband, Bernard F. Lowler, praying for a decree of divorce. The complaint alleges failure to provide and cruelty. She prays that the bonds of matrimony be dissolved, that she be awarded permanent alimony and costs of suit.

The excursion given by the Salt Lake Tabernacle choir to Ogden canyon yesterday was not a thorough success neither financially nor pleasurably. There were only 150 passengers in all came on the excursion and a goodly portion of those were not choir members. Many carriages had been provided by the various wards and met the train and took the excursionists up the canyon, where the day was spent at the Hermitage, in a pleasant way, but the people of Ogden who jointed them were very much surprised that not even one song was sang by those of the choir who came, but more disappointment was expressed last evening when the promised concert which was booked for Lester Park did not take place. The only excuse which the choir seemed to be able to give as to the failure of the excursion, etc., was that the date was too close to Labor day.

R. S. Campbell, wife and daughter have returned from California, where they spent several weeks.

WASHINGTON.

Flood Plays Havoc with Ditches and Dams—Fine Grape Crop.

Special Correspondence.

Washington, Washington Co., Sept. 3.—Saturday afternoon and Monday forenoon we had rain at this place and north of here, so that part of our town was again flooded with too much water and the city ditches are filled up and torn to pieces. Many are without water in various parts of the city. Those having wells know how to appreciate them. The grist mill is again without sufficient water as a flood came down the creek and tore out all the dams so that the different canals are empty.

Mrs. Elijah Averett gave birth to a fine baby girl on August 26, all are doing well.

The grape crop is better this year than it was last, but the coons and coyotes are getting so numerous that they must have their share, while quails and sparrows are not loth to help themselves.

BENJAMIN.

Old Folks Are Royally Entertained and Feasted.

Special Correspondence.

Benjamin Utah Co., Sept. 7.—At 2 p. m. of the 5th inst. the town of Benjamin, as is its annual custom, held one of those grand festivities for the aged for which it is so justly renowned.

The late Bishop Stewart was master of ceremonies and ably conducted the exercises which were mostly impromptu.

After the opening prayer, the address of welcome was made by Bishop Hansen, who was followed by Patriarch Charles D. Evans and a number of others in brief but pointed addresses interspersed with recitation and song. Prof. Walter Ludlow conducted the organ services with marked interest.

Enoch Ludlow, his brother, led the singing, and as usual, shed a glow of hearty good cheer, which was even more refreshing than the profusely spread tables.

Recitation, speech and song continued until 6 p. m., when the invited guests sat down to tables extending the entire length of the Church, and what tables! Benjamin has suffered much from drouth this summer, but a glance at those tables would induce surprise that dame nature could have produced so elaborate a spread in such a time of drouth.

A short intermission followed the afternoon's exercises, to prepare for the evening's dance, which continued until a late hour.

The committee deserve high encomiums for making the occasion one long to be remembered.

Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the Grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for La Grippe and all Throat and Lung troubles; tried it and says: "Three bottles cured the whole family. No other medicine on earth equals it." Only 50c and $1.00 at Z. C. M. I. Drug Dept. Trial bottles free.

PAYSON.

School Opened Sept. 10—"Smallpox" Breaking Out in Earnest.

Special Correspondence.

Payson, Utah Co., Sept. 6.—The public schools will open here next Monday, Sept. 10, with the following corps of teachers: Ida Anderberg and Carrie Nelson, first and second grades; Annie Pike and S. D. Moore, second and third grades, Agnes Evans and George T. Wride, fourth grade; Samuel Hinckley fifth grade; Frank Fairbanks, sixth grade; Samuel Taylor, seventh grade; and F. N. Poulson, principal, eighth grade. A good attendance is expected, although the school popuation has decreased here in the last three years.

The Presbyterian school opened last Tuesday.

"SMALLPOX" CASES.

"Smallpox" seems to be breaking out in earnest in some families here. Mrs. Herman Tagge is very sick at present from that disease, and John Powell's entire family is now down with pretty severe cases. Their nine-months-old baby is reported dying this afternoon.

Miss Clara Barnett has been very sick for two weeks with typhoid fever. For a time there seemed to be no hopes for her recovery, but she is now somewhat improved.

AN INCIPIENT BLAZE.

Last week, a barn, belonging to T. H. Wilson Jr., came very nearly being destroyed by fire. His little boy, experimeting with matches, caused the blaze.

It Girdles the Globe.

The fame of Bucklen's Arnica Salve, as the best in the world, extends round the earth. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Felons, Aches, Pains and all Skin Eruptions. Only infallible Pile cure. 25c a box at Z. C. M. I. Drug Dept.

BLOOMINGTON.

Rain and Flood — Good Peach Crop Other Fruit Fair.

Special Correspondence.

Bloomington, Washington Co., Sept. 3.—We had a light rain here yesterday afternoon that wet the ground down about half an inch. Indications promise more before it clears up.

There is a flood going down the Rio Virgin, so it is likely some of the dams may be damaged.

The peach crop is good this year, considering the scarcity of water during the heat of summer. Some fruit trees that appeared dying, are now leaving out again since we have been having more water in our canal. Other kinds of fruit are fair to good.

NEPHI.

Missionaries Return—Sunday School Excursion—Fatality Among Horses.

Special Correspondence.

Nephi, Juab Co., Sept. 7.—Jesse and Edward Pay have just returned from missionary work in the East. Nephi has yet about sixteen of her sons in the field actively engaged in preaching the Gospel.

Prof. N. L. Nelson's lecture before the young people at their last Sunday night's conjoint meeting of the M. I. associations, was much admired and listened to with great attention.

Many new residences are being built this season, notwithstanding the drouth.

L. A. Bailey, the "News" agent here, has lost some nine head of fine horses with a disease that is not understood by any of the men hereabouts who make pretensions to veterinary skill. Mr. Bailey has nothing but a little colt left of all his fine horses whose value was near upon a thousand dollars. To increase his misfortunes a valuable cow was added to the list of the dead, making ten head within three months.

SUNDAY SCHOOL EXCURSION.

Labor day was observed by an excursion of the Sunday school to the Oakey meadows near the forks of Salt Creek canyon. Old and young turned out. Apostle George Teasdale was there.

Nephi Co-op is now a thing of the past, its liabilities all paid and the business closed out.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves appetite, gives perfect health. Only 50c at Z. C. M. I. Drug Dept.

It was ordered that the shareholders in the Thurber canal be notified to put in a bridge across said canal on the county road running east and west along the north side of the old W. W. Marrell place in Fremont road district, said bridge to be accepted by the supervisor of said district, the former notice given to said shareholders being an error in location.

A statement from E. C. Abbott, road supervisor of Giles district, asking that the board make the necessary arrangements to purchase 1¾ acres of land from Peter Steel, bordering on the county road, so as to avoid making said road across two deep washes, was referred back to the supervisor with instructions to have the people make arrangements with Mr. Steel, as the county was not in a condition to give the aid asked for.

Court adjourned to meet on the 15th day of October, for the purpose of appointing judges of election.

LEVAN.

Schools Begin Sept. 10—Mangelsen-Gardner Marriage—Fair Harvest.

Special Correspondence.

Levan, Juab Co., Sept. 7.—The good people of Levan are keeping grand holiday at the house of Charles Mangelsen, in honor of the marriage of his daughter, Mary Mangleson, to Richard Gardner, which took place at the Manti Temple. The young couple are well and favorably known to the people here. The young lady has won the hearts of all who knew her by her amiable disposition. Her four years' work as teacher of the primary department, in the district school, her long and punctual attendance as Sunday school teacher and of the primary class, also as member of the choir—positions which she has filled with energy and ability—has won for her the love and respect of the whole community. The festivities will conclude this evening with a grand ball in the opera house.

SCHOOLS BEGIN.

The primary department of the district school will commence next Monday. Miss Frances Christiansen in charge.

The yield of grain has been a little over twenty thousand bushels this season and is a pleasant surprise to the farmers, who did not expect so good a yield, while the harvest of '98 was over sixty-three thousand bushels. There is no sign of mistrust in a good harvest for the first year of the coming century; many fine teams are at work on the Levan bench, north of town, plowing on the dry farms. Seeding will commence next week, when a larger area will be put in than heretofore, showing the faith of the tillers of the soil that nature will reward their efforts.

Notwithstanding the drouth the shade trees and orchards show no signs of injury—and Levan is prospering. The fine new brick school house of four rooms is receiving the finishing touches of the plasterers and will be ready for occupancy by Nov. 1st next.

OUR NEIGHBORS.

POCATELLO, IDAHO.

DEMISE OF NOTED CITIZENS.

Labor Day Pleasures—Political Notes—Al. Faulkner's Residence Burned.

Special Correspondence.

Pocatello, Idaho, Sept. 6.—Henry L. Becraft, one of the oldest and most respected citizens of the Gate City, was laid to rest in mother earth on Thursday, August 30th. The funeral cortege being one of the largest ever witnessed in this part of the country. The deceased was born in 1830, in Michigan. In 1863 he enlisted in the Eleventh Michigan cavalry, and from there worked his way up to a staff officer on General Burbidge's staff. After the war, he came West, and has ever since the past seventeen years been in the employ of the O. S. L. Ry. company. In his death Pocatello has lost one of its brightest and most energetic citizens.

George West, another of Pocatello's earliest and most substantial citizens, was laid to rest on August 28th, and thus the Gate City is losing one by one its first settlers.

Mrs. Louisa A. Hicks, wife of A. K. Hicks, general secretary of Y. M. C. A., died Thursday, August 30th, from consumption, after a lingering illness. The deceased was a most loveable woman, kind-hearted to a marked degree. Her demise has cast quite a gloom amongst a large circle. Her remains were shipped to Oshkosh, Wis., her old home, for interment.

OPENING OF PUBLIC SCHOOLS.

The public schools opened here on Monday, Sept. 3rd, with a large attendance, although we have two large rock school houses, another of equal proportions could be filled with ease by the children of school ages. An election for school trustees, to serve six years, was also held on September 3rd, between 1 and 5 o'clock p. m. Lyman Fargo was elected by a large majority to succeed himself, and F. S. Dietrich to succeed D. W. Church; both being Republicans; 261 votes were cast at this election. One year ago a total of only 14 votes were cast.

LABOR DAY BUSINESS.

Labor Day was very generally observed here; all the business houses and workshops were closed down, and gave the employes a general holiday. The Baptist Sunday school went in wagons up Mink Creek and had an enjoyable time. The Latter-day Saints Sunday school children, loaded in twenty wagons and large covered buggies, hied themselves away west of town six miles to the bottoms, and spent a very pleasant day in all kinds of games, foot races, etc., and picnic.

POLITICAL NOTES.

The Republican county convention met here yesterday, September 5th, nominated a full county ticket and got through with its business in a businesslike way.

Charles Towne, the nominee of the Populists for Vice President of the United States, and Fred T. Dubois, ex-senator of Idaho, accompanied by several local politicians, opened the Democratic campaign here on Saturday evening, September 1st, in the New Cook block. Politics are warming up, and we expect to have a lively time this fall.

The weather has taken quite a change the last week, being cold enough at night to remind one of the near approach of winter, and the leaves are fast falling.

All the Cape Nome pilgrims, who left the Gate City this spring and summer, have returned with two exceptions. All are thoroughly disgusted with the conditions of the case, and are now willing to try Pocatello again.

WORK OF FIRE FIEND.

Fire destroyed the residence of Al. Faulkner, on the 5th inst; also a large hay stack on the east side; both fires occurring between 5 and 6 o'clock p. m. By diligent and earnest work of the fire department, which made splendid runs, further destruction of property, other than where the fires started, was averted.

Quite a number of our people from the Gate City visited the Pocatello Stake conference held in Marsh Center ward on the 2nd and 3rd, and report an enjoyable time.
