MILITARY MATTERS.

National Guard Officials Hunting for Drill Halls and Armories.

APPEAL TO PUBLIC OFFICERS.

Adjutant General Cannon and Brigadier General Young Appointed to Wait on the City Council Tonight.

The leading officials of the National Guard of Utah are out on an expedition in search of drill halls and armories for the various branches of that organization in this city. For a time they confidently expected to be able to secure the desired quarters in the Exposition building, but after negotiations, which were friendly all round, but which brought them squarely against insurmountable obstacles, it was found that they must look somewhere for relief. That is what they are now doing.

A number of the officers were yesterday afternoon called together to consult over the matter and before they adjourned a plan which it is hoped will be successful was marked out. The officers in attendance were Acting Governor Richards, General Cannon, Colonel Tatlock, Brigadier General Young, Colonel Jennings and Colonel Page, of the First infantry. Committees were appointed to wait on the members of the county court, Mayor Baskin and the city councilmen and see if their consent could not be obtained for the use of rooms in the joint city and county building for the purpose named. On the third floor of that structure are two large, unoccupied apartments that would answer present needs admirably. One of them is in the county's half of the building where the constitutional convention met and the other is in the city's half opposite the engineer's office.

The Mayor and selectmen were seen last evening and spoke favorably of the request but declined to commit themselves altogether until some formal action had been taken in the matter. Today individual members of the Council were seen on the proposition and tonight Generals Cannon and Young will appear before the Council and ask its consent and support to the end that suitable quarters can be obtained. Positive assurance will be given that the members of the guard will take extra precaution to prevent any damage to property and that in the use of the premises everything will be conducted in an orderly manner.

COMPANIES TO BE INSPECTED.

On Friday morning next Inspector-General Tatlock, Lieutenant Lassiter, U. S. A. and perhaps other officers of the Guard will inspect the company at Richmond, Cache county. In the afternoon of the same day the two Logan companies will be inspected and on Saturday the members of the company at Brigham City will be called upon to undergo similar scrutiny. These companies are all of the Second Regiment.

TROOP B'S NEW CAPTAIN.

A visit was paid to Troop B at Spanish Fork on Saturday. Three-fourths of the members were present and they proceeded to fill the vacancy occasioned by the resignation of Captain Mustard. Sergeant Thomas who was first lieutenant when the troop was mustered in, but who voluntarily retired to the ranks, received a large majority of the votes for the place and his election was made unanimous. Captain Thomas is no novice at the business, being an old Black Hawk war veteran and the captain of a troop of cavalry in the days when that famous band rendered good service to Utah in defending her people from the raids of the then troublesome Indians.

Captain Mustard was given a vote of thanks for his work as a commanding officer of troop B. Being postmaster of the town, he was obliged to retire and give his time to the duties of that office.

Councilman Watson Ill.

Councilman Joseph Watson will not be in attendance at the meeting of the city fathers tonight. The reason is that he is a very sick man and confined to his bed from which he in all probability will not arise for several days at least. His many friends hope that he may recover as speedily as possible.

Romney for President.

The movement to make Councilman-Elect Romney president of the next City Council is getting stronger every day and if he does not have that honor conferred upon him it will not be because he lacks ardent supporters on both sides of the political fence.

EXECUTORS ANSWER.

Deny Every Material Allegation Put Forth by Fannie W. Groves—Filed in Court.

The expected answer of Franklin S. Richards and James T. Little, as executors of the estate of Dr. W. H. Groves, in regard to the allegations and claims of Fannie W. Groves, has been filed in the Probate court. They oppose every material proposition put forth by the contestant and are premonitory signs of an approaching legal battle that will be fought to the finish. The executors ask that the prayer of the petitioner be denied.

It is denied by the executors that the allegations by Fannie W. Groves, that she is the surviving wife of the deceased, are true, or that she is one of his heirs at law. They also deny that a document purporting to be the last will of the deceased, was not or is not in truth or in fact the last will and testament of the deceased, or that it ought not to have been admitted to probate, and further deny that at the time of making said will the deceased was of unsound mind.

The executors deny that at the time of signing the will or at any other time deceased was laboring under an insane or any other delusion as to said contestant, Fannie W. Groves, or her relationship to him; or in regard to the extent or value of his property, or under any delusion whatever in that the property set apart by the terms of said will for the endowment and maintenance of a hospital is wholly or at all inadequate for the purpose thereof. They deny that at the time of signing the will deceased was under undue or improper influence of divers and other persons in the manner set forth in said petition.

The executors further deny that deceased ever had any intention to use any part of his estate to endow a public library, or to cause the remainder or any part thereof to be given his heirs, and further that his physician, Joseph S. Richards, influenced deceased to change his mind respecting the disposition of his property.

The executors deny the said Joseph S. Richards was for a long time prior to the signing of said will his confidential or medical adviser; whereby he became the medical director of the hospital for which the deceased provided for life. Deny also that Emily Richards was a frequent visitor to deceased during his last illness, or that deceased was enfeebled in mind by sickness, or that F. S. Richards or Emily Richards well knowing the same, influenced the deceased in making of the will. They deny, as the alleged widow contends, that it is not the will of the deceased, or that it is uncertain or indefinite as to the powers or duties of the trustees named, in that the management or direction of said hospital by the presiding bishopric of the Church of Jesus Christ of Latter-day Saints is inconsistent with the medical directorship for life by said Joseph Richards, or that said will is uncertain, indefinite, or inconsistent in any manner or particular.

THE CHANGE IN TIME.

Date Not Yet Fixed for Fast Overland Train.

This morning the Union Pacific passenger department gave out the information that there was considerable doubt about the fast overland service being inaugurated on Sunday next. The trouble was said to be with the Southern Pacific, and might occasion a delay of a week. It was stated that the quicker service certainly would come, the only question being whether it should commence on Sunday, the 17th, or be deferred a few days later.

What a Prominent Insurance Man Says.

H. M. Blossom, senior member of H. M. Blossom & Co., 217 N. 3d St., St. Louis, writes: I had been left with a very distressing cough, the result of influenza, which nothing seemed to relieve until I took Ballard's Horehound Syrup. One bottle completely cured me. I sent one bottle to my sister, who had a severe cough, and she experienced immediate relief. I always recommend this syrup to my friends.

John Cranston, 906 Hampshire street, Quincy, Ills., writes: I have found Ballard's Horehound Syrup superior to any other cough medicine I have ever known. It never disappoints. Price 50c.

Ballard's Snow Liniment.

This liniment is different in composition from any other liniment on the market. It is a scientific discovery which results in it being the most penetrating Liniment ever known. There are numerous white imitations, which may be recommended because they pay the seller a greater profit. Beware of these and demand Ballard's Snow Liniment. It positively cures Rheumatism, Neuralgia, Sprains, Bruises, Wounds, Cuts, Sciatic and Inflammatory Rheumatism, Burns, Scalds, Sore Feet, Contracted Muscles, Stiff Joints, Old Sores, Pain in Back, Barb Wire Cuts, Sore Chest or Throat, and is especially beneficial in Paralysis.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the ten mile road race, in which McConahey finished third, taking third prize and third time prize. Then came the track race, Joe Bock taking second in the novice. Fowler first, Waller second, and Thatcher third in the mile scratch, class B, all "Ramblers" you will note. In the half mile class A, May took second, Cortes third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit lost his head and fell, Cornthwaite and Waller being immediately behind him, the result was a spill for those parties and the race left to Evans. The five mile, class A, was another Rambler event, May taking first, Joe Bock second and McConahey third. Fourteen prizes in one day is glory enough for any one.

People may laugh and people may cry,
And dogs may howl if they please,
But Rambler's win races wherever they go
Regardless of how others feel.

Moral—Buy a Rambler! Ride a winner and you'll be a spinner.
