BUSINESS NOTICES.

☞ READ advertisement of the Grand Pacific Hotel, Gage Bros. & Rice, Chicago. Old and well known hotel keepers.

—— The salaries of postmasters are to be readjusted on July 1.

—— M. Charrington, a retired London brewer, has become an apostle of temperance.

—— The *Spectator* says that the Church of Prussia is now a mere department of the civil service."

—— And now they say that Father Hyacinthe is no father—the announcement was premature.

☞ ADDRESS OF CHURCH EMIGRATION AGENT.—Mr. William C. Staines, Box 3607, P. O., New York City.

—— Dr. Whitefeather, the Shawnee Indian preacher, delivered a lecture in the Methodist Church in Lexington, on "American Antiquities." His discourse was principally of the different tribes of North American Indians, whose relation to the lost tribes of Israel he attempted to prove. Of the mounds that have so puzzled American antiquities he said the Indians knew nothing—that they were the creations of a race still anterior to them. The Doctor denounced Captain Jack in unmeasured terms, and declared that the Indians disclaimed him. — *Louisville Commercial, June 11.*

—— There was a whale-y reunion in Missouri a few days ago. There were seven members of the Whaley family gathered, whose combined weight is 1,524 pounds, an average of 217¼ pounds. There are eleven brothers and sisters, whose combined weight is 2,307 pounds, an average of 209 8-11 pounds. The average age is sixty years. There are no "skeleton Whales" in that family.

☞ FOR SALE. One hundred and twenty fine Missouri Mules.

WASHBURNE & LEHY,
California Corral, 2nd South Street.

—— Late dates from Japan picture affairs there as in anything but a favorable condition. The Japanese financial ministers have resigned, and published a letter in which they state the indebtedness of the Empire to be one hundred and four millions of dollars. The people are excessively taxed, and the debt is increasing yearly, owing to the new schemes of the government.

—— No sin against purity fails to bring its punishment sooner or later. It cannot be made individual in its consequences. For twenty years or more, it may seem to be hidden from the light, then suddenly it stalks forth to avenge itself. Nor are its evil effects confined to a single person or family.

☞ Artists' Tube Colors, Brushes, fine line of cheap Albums, Steel Engravings and Chromos, just received at Savage's Art Gallery. d106-1m

—— The Boston man who wrote a splendid book, entitled "Useful Hints for Ugly Girls," wonders why there is no more demand for his work. His publishers says that they have only disposed of one copy, and that was stolen.

—— One of the bluest of Bostonians, on being requested by a rich and vulgar young fellow for permission to marry "one of his girls," gave this rather crushing reply, "Certainly; which would you prefer, the waitress or the cook?"

—— The house where Macready lived and died is built as near as possible on the site where once stood the old "Birch Farm," in which Mrs. Siddons spent the closing years of her life.

☞ HOLT'S Violet and Red Copying and Writing Inks are the best in use. CAMPBELL & PATTERSON, Agents, 21 East Temple Street. d170-4

—— A dry-goods dealer of Americus, Georgia, availed himself of the recent hanging of a criminal to improvise an auction sale among the crowd assembled in the public square.

—— A Jewish writer pays a high tribute to the Quakers for their sterling piety; and instances the fact that a Quaker criminal is never heard of and a Quaker pauper never seen.

—— Mr. Hatch, member of the Massachusetts legislature, considered it necessary to get up in church, and deny that he had been bribed, or had sold his vote as a member.

☞ THEATRE at 8 o'clock to-morrow night.

—— The sudden deaths of prominent men in various walks of life should admonish us that as a people we want more relaxation. A bow that is always kept bent, finally breaks.

—— John C. Calhoun, nephew of the great statesman, is Superintendent of Public Schools in New Orleans.

—— A party of "young ladies" was recently dispersed by the police at Springfield, Mass., for disturbing a newly married couple with a tin-pan serenade.

—— Galveston tried cumulative voting. Things got mixed, and everybody was elected and everybody beaten.

☞ See estray notice, Fillmore.

—— A number of newly elected police captains and lieutenants sign their names with an X. The *Gazette* says of them: "The appearance of some of the candidates was inviting, and of others the less said the better—for them."

—— A young girl in Brooklyn supposed she was dying of love, but the doctors pronounced it dyspepsia.

☞ MADAME ANNA BISHOP to-morrow night.

—— It is a sad comment on humanity, but soft soap in some shape pleases most folks, and generally the more 'lye' you put in the better.

Secure your tickets early.

FINE STOCK.—We are informed by postal card dated June 14th, from Col. R. P. Saxe, the well known dealer in live stock, that he was then on his way from Kentucky to Utah with a large number of cattle, from one to two years old, red and roan colored. The animals are fat and high-bred. This will present another opportunity for the people of Utah to purchase good stock.

TELEGRAM at the Western Union office for Nathan Daniels.

RETURNED.—Brother Levi Richards, Jr. and his wife (late Miss Louisa L. Green) have returned from their bridal trip to Cache Valley. The happy couple were joined in wedlock on the 16th inst., in this city, President B. Young officiating.

GONE TO THE FISH LAKE COUNTRY.—A gentleman just in from the South states that, at Nephi, he met George W. Bean, Indian interpreter, and Generals W. B. Pace and A. K. Thurber, who were on their way to the Fish Lake country, for the purpose of having a friendly talk with the Indians, with a view to inducing the latter to maintain peaceful relations with the whites. The Fish Lake Country is south-east of Sanpete and Sevier and is a regular rendezvous for Indians, where the latter have beforetimes held their war councils. The three gentlemen named are very confident that the great majority of the Indians are peaceably inclined and that their visit will have a salutary effect. There may be a few Indians whom it may be somewhat difficult to control, but the number of this class is supposed to be comparatively small.

FRATERNAL VISIT.—Yesterday we enjoyed a pleasant fraternal visit from P. M. Reed, Esq., of the *Inter-Ocean*, an excellent daily journal published at Chicago. Mr. Reed expresses great pleasure at finding this city the beautiful and inviting place it is. He purposes remaining about two weeks, during which time he will combine business with pleasure, as he is here in the interest of his paper. He was accompanied to our office by Hon. Geo. C. Bates and Col. H. C. Goodspeed.

EDUCATIONAL.—We are informed that at the organization of the Sanpete County Teachers' Institute, held at Manti, June 17th, William T. Reid was chosen president and Parley McFarlane secretary, and at that of Beaver County, June 7th, Richard S. Horne was elected president and J. P. Lee vice-president.

The object in view in organizing those institutes is to bring teachers of lesser in contact with those of more enlarged experience, that the former may become more efficient in their profession by an interchange of views, &c., with the latter. It has been suggested that it would be well for the Legislature, at its next session, to provide for the engaging of a few competent teachers to visit those institutes for the purpose of instructing the more inefficient members in their profession.

PICHE.—The Piche *Record* of June 20, gives the following criminal statistics for the month of May—

"The arrests for the month of May were 43—22 males and 21 females. Of the arrested 15 were charged with selling liquor without licence. The causes of arrest for May were: Disturbing the peace, 7; assault and battery, 1; forgery, 1; threats against life, 2; assault with intent to murder, 1; grand larceny, 3; malicious mischief, 2; murder, 1; peddling without a license, 1; petty larceny, 2; cruelty to animals, 1; obtaining money under false pretences, 1; selling liquor without license, 22; total, 43."

DISCHARGED. — The case of Charles Burgess, charged by a man named Coon for assaulting and beating him on the night of the 16th, was resumed to-day. The evidence shows that Coon was lurking in a partially erected building, on the Kimball block, and that Burgess, being night watchman of that part, told him he must get out of there. Coon seized him and drew a pistol upon him, when Burgess thought it was time to do something, so he knocked Coon over the head. The latter then ran across to the Townsend House and around the corner westward, still holding the pistol in his hand. There was a conflict in the testimony at this point, part of it indicating that Mr. Burgess followed Coon and struck him after they had crossed the street. The most reliable testimony, however, showed that after Coon crossed the street and turned the corner he was tripped up by a shoemaker, named Smith, who also took the pistol from him, and that Burgess did not even attempt to strike him after the first fracas. Burgess was discharged. He has the character of being a peaceable and quiet citizen.

CATTLE THIEVES.—A few days since, three men offered a number of cattle for sale to some of the butchers of this city, at such low figures that the latter suspected that the animals had been stolen. They represented that the cattle were in City Creek Kanyon, where they were herding them for the time being. The police got wind of the matter and watched the movements of the three men. Yesterday Sheriff Brown of Ogden arrived in town, accompanied by a man named Andrews, of Bear River Valley, from whom eleven head of cattle were stolen on or about June 16th. The three men who have been in City Creek Kanyon for a few days were arrested and placed in jail and the eleven steers stolen from Andrews were identified by him. The names of the three men arrested are McCabe, Jones and Crawford.

Besides the eleven head of cattle stolen from Andrews there are nine others, making twenty head in all, and nine six horses in the band those men had in the Kanyon.

A BURGLAR.—A young man, giving the name of James Edwards, was before Justice Clinton this morning for entering a room in the Salt Lake House, last night, with burglarious intent. The evidence showed that Mr. A. J. Reed entered the room for the purpose of retiring to rest, when he incidentally discovered Edwards under the bed. Mr. Reed pulled him out and he was handed over to the police officers. Two skeleton keys were found on his person, with one of which he confessed to having unlocked the door and locked it again after he was inside the room. He told a rather unswallowable story about the manner in which he came in possession of the keys. The Justice was of opinion that he entered the room for the purposes of robbery, and held him in $500 bonds, to answer at the next regular session of the Probate Court of this county, to any charge found against him by the grand jury. In default of bailing the bonds, he was committed to jail.

ST. JOHN'S DAY.—The Masonic fraternity formed in procession, in front of Walkers' store, at eleven o'clock to-day, and marched to the "Institute," headed by Captain Croxall's brass band. On arriving at the building named the band played "The Merry Masons." Prayer was then offered, and a "Masonic Ode" was sung by four gentlemen.

Hon. Frank Tilford delivered an able and eloquent oration upon the principles of Masonry. A Masonic Ode—quartette—was sung and, after some more music from the band, the procession re-formed and marched to the Masonic Hall.

The celebration of the anniversary of the birth of John the Baptist, by the Masonic fraternity, will be terminated by a grand ball to-night, at the Masonic Hall.

LATEST BY TELEGRAPH.

EASTERN.

NEW YORK, 24.—A warrant for the arrest of the late ring officials recently indicted, has been placed in the hands of superintendent Matsell and will probably be served to-day.

The *Juniata* will sail to-day in search of the *Polaris*. She is manned by 130 men and carries two light guns. She has 361 tons of coal and an abundance of provisions, as it is intended that she shall supply both the *Polaris*, if found, and the *Tigress*, which will follow the *Juniata* on July 4th. Besides her own launch which carries thirty-five men, the *Juniata* carries a large steam launch for seventy men, all the parts of which are duplicated, so that a second may be constructed if necessary. The *Juniata* will stop at St. John's for coal on the way to Disco, where it is expected the *Polaris*, or tidings of her will be found.

The Board of Health is busy providing against a visit of cholera. The streets are being disinfected, residents in damp cellars are compelled to find less unhealthy homes, and owners of houses occupied by the poorer classes are instructed to abate existing nuisances and take precautions against the occurrence of others.

CINCINNATI, 24.—Thomas's immense tobacco warehouse, Covington, Ky., with five hundred hogsheads of tobacco, were burned at midnight last night. Loss $80,000, insurance $40,000.

EVANSVILLE, Ind, 24.—Thirteen cases of cholera are reported here the last two weeks, seven fatal.

CHICAGO.—The weather is extremely hot. The thermometer today marks 94 in the shade.

A Washington special to the *Tribune* says the investigation which has followed the passage of the Montana war claim in the Treasury Department uncovers some of the operations of the old Indian ring. It is alleged that some time since M. H. Insley, desirous of securing an Indian contract, sought the influence of Mrs. Anna Sackett, the mother-in-law of the late commissioner of Indian affairs. The Parker contract was secured and in addition an appointment for Insley.

The Cholera.

SENSIBLE ADVICE—GENERAL AND INDIVIDUAL CLEANLINESS THE ONLY SAFEGUARD.

It is no longer a question of probabilities. The cholera, which gave fair warning of its approach through its presence successively at New Orleans, Memphis, Nashville and Louisville, has made its appearance in our city. The cases are not numerous, and may not be greatly multiplied in the future. The result will turn very much upon the sanitary precautions which are instituted. While the canal is suffered to fester in putrid emptiness, while our streets are dirty, and citizens take little pains to cleanse their premises, there will be abundant food for the pestilence. If, however, a vigorous and general disinfecting policy is adopted, we can hope from the favorable results of former efforts in the same way that the visitation will be light. It may be comforting to call the attacks which have thus far occurred, sporadic, and on the strength of this high-sounding adjective await what is coming in supine indifference, but it certainly is not sensible. In 1866 "sporadic" cases, which were as fatal as the epidemic ones that speedily followed, broke out in a lager beer seller's family on the east side of Sycamore street, just above Fifth, and we know no reason why the present droppings may not be beginnings of as deadly a storm as that which swept over our city seven years ago. There is abundant cause for action, and if speedy and efficient action is taken, there will be small grounds for alarm. Fear kills about as many persons as disease, and there is no better preventive of panic than the conviction on the part of the community that every possible precaution is being taken. All that then remains for the private citizen to do is to see that his own premises are in good order, that his food is well chosen, and that his habits are cleanly and prudent.—*Cincinnati Gazette.*

PROCLAMATION!

THE CITIZENS OF UTAH TERRITORY should be acquainted with the fact that there are about

FOUR FIRST-CLASS ORGAN FACTORIES IN THE UNITED STATES,

☞ AT THE HEAD OF WHICH STANDS THE

ESTEY!

It being by far the

LARGEST,

And turns out

10,800 per Annum,

Being

1,200 ORGANS PER ANNUM MORE THAN ANY OTHER COMPANY!

☞ *THE REASONS WHY THE ESTEY ORGANS HAVE BECOME SO POPULAR* wherever introduced are,

FIRST: Because they are UNRIVALLED in SWEETNESS and FULLNESS of tone, being entirely destitute of that *brassy harshness* which is always found in second-class instruments.

SECONDLY: Because only the *choicest of timber* is used and the most accomplished *mechanics* employed in their construction. The timber after receiving the proper amount of Nature's seasoning, passes through drying kilns erected in this vast factory for the purpose, which process tries the timber more than any hot climate under the sun. Every board which will not stand this test is discarded. No glue of any material, whether it be ivory, ebony or walnut, is converted into these instruments till it is known to be strictly reliable. Consequently in the last twenty-seven years the ESTEY Organ, while it has been the finest in tone, has also been the most durable instrument in the market. This company originated all of the most valuable improvements, including the celebrated

VOX HUMANA,

Which has been universally adopted; also the wonderful

VOX JUBILANTE

And the Improved Bellows, which preserve the instrument in tune by preventing too great pressure of wind on the reeds.

The "ESTEY"

IS THEREFORE NOT A CHEAP ORGAN, but unlike the cheap class it is

An Honest Organ!

At an Honest Price.

This is testified to by the leading musicians and mechanics of the country, and our sales show that we are constantly enjoying the patronage of the best judges and most prominent members of the community.
