### Last Night's Dispatches.

### EASTERN.

#### Minister Noyes and the Florida Coast.

NEW YORK, 16.—Hon. E. F. Noyes, Minister to France, arrived in this city last night, by the steamer *City of Richmond*. General Noyes was met on the landing by Gen. Knapp, who was Adjt.-Gen. of Ohio during his gubernatorial term, and by several other friends. In conversation with a representative of the Associated Press, touching the matter that brought him back at this time, Minister Noyes said: I went to Florida for no purpose on earth except to ascertain the vote of the State and to see whether or not the popular vote had been cast for the republican electors. I stated to the two republican members of the canvassing board that all we wanted was an honest decision. I never made any promise to McLin or any other member of the board, nor did I suggest any possible reward or recognition, in case Governor Hayes should be finally declared elected, and so far as McLin is concerned, I never saw him alone one moment in my life before the vote of Florida had been cast. I am now informed, for the first time, that even McLin does not say I made him any promise. Had I known that before leaving Paris, I should not have demanded a subpoena; but should have remained in France to attend to my public duties. I do not care to be more specific as it would perhaps be in bad taste considering I am to give my sworn statement to the committee.

Minister Noyes will leave for Washington to-morrow morning. He will visit Ohio before returning to France.

#### Attempted Robbery.

An attempt was made early this morning, to blow open the safe of Irwing National Bank, 287 Greenwich Street. The patrolman found the door of the office of Meckiem & Brother, brokers, in the basement under the bank building, open, and inside a complete kit of burglar's tools was found. One of the two safes had been blown partly open, but the thieves, being frightened, fled.

#### A Theatrical Strike.

The *Sun* says: The musicians and actors of the Theatre Comique, Brooklyn, struck, last evening, and refused to proceed with the performance till paid. Finally, the matter was settled, but the audience became uproarious and hooted and hissed the performers.

#### A Police Raid.

The *Times* says: The police raided and stopped the performance at Egyptian Hall. A score of nude women and the proprietors were arrested.

#### The Socialist Picnic.

CHICAGO, 16. — The Socialists held their picnic according to programme to-day, but it was perfectly orderly and peaceable. The procession numbered from 25,000 to 3,000; but few arms were carried, and the police were not called on to interfere. The workingmen in every part of the city express confidence that no serious trouble will occur this year among the labor organizations.

#### The Wheat Crop.

WASHINGTON, 16.—It is fair to state, from reliable data, that this year's wheat crop will be 400,000,000 bushels.

#### The Sundry Civil Bill.

Several members of the Senate appropriation committee have been at work all day and throughout this evening completing the examination of the sundry civil appropriation bill, and of the very numerous amendments already proposed for adoption by the Senate. They will, as a sub-committee, report it to the full committee to-morrow morning, with a view to its receiving action, to be submitted to the Senate in print with the committee amendments to-morrow afternoon. An all-night session of the Senate will probably be required to pass the bill in time to ensure any possibility of its enactment before the hour now fixed for final adjournment. Prominent members of the House of Representatives are of the opinion that the Senate bill appropriating five and a half millions to pay the fisheries award of the Halifax commission will be taken from the Speaker's table and passed by the House to-morrow.

#### Ben. Holladay's Claims.

The Senate committee on claims have reported a bill to pay Ben. Holladay $526,739, in satisfaction of his claims against the United States for Indian spoliations of his property while carrying the overland mail in the years 1862 and 1863, also for loss of property and expenses incurred in changing his mail route under orders of the United States Government, as follows: The bill originally reported by the committee two months ago, provided merely for the reference of his claims to the court of claims, but the Senate recommitted it with instructions to take testimony, and report what amount, if any, should be directed to be paid by Congress. The committee now submit a voluminous mass of testimony as the result of their personal examination of a great number of witnesses, ranging in position from brigadier-generals of the army down to station-keepers, who report that the above named amount of more than half a million dollars is justly due to Holladay. The report is unanimous, and Holladay is confident of its passage of the bill through both houses next session.

BOSTON, 16.—At 10.30 to-night a fire broke out in one of the main buildings of the extensive pork-slaughtering and curing establishment of Chas. H. North & Co., Medford Street, Somerville. Owing to the highly inflammable character of the flames spread rapidly. All save one building were destroyed. The loss is estimated at between $700,000 and $800,000. Insurance $150,000. The buildings, constituting a continuous chain, six in number, and the two main ones, of brick, six stories high, covered an area of four acres. Extensive cellars extended under the whole range, in which an amount of meat was stored, in the various stages of curing. Besides the buildings and machinery, and the meat in the cellars 1,200 newly slaughtered hogs, 1,200 live hogs, 1,000 tierces, 1,000 casks, 800 barrels of lard, a large amount of bacon, 1,500 barrels of glue were destroyed; also two frame tenement houses, and ten others were slight-damaged. The fire departments of this city and Cambridge were summoned. Five hundred men are thrown out of employment. The cause of the fire is unknown.

#### $55,000 Fire.

CINCINNATI, O., 16.—The works of the Eureka Co-operative Foundry Association were burned this morning. The loss on the building and contents will amount to $55,000; insurance on both $22,000.

#### Escape of Prisoners.

KEOKUK, Iowa, 16.—The most daring jail delivery ever attempted here was effected about four o'clock, to-night, by prisoners confined in jail. As Sheriff Higgins was locking up the prisoners, eight in number, who were in the cage where they are kept during the day, and as the sheriff stepped to the rear to unlock the door leading to the cells, the prisoners stepped out of the door he had entered, and locked him in, and by making a break in a body succeeded in escaping, two of them were recaptured.

### FOREIGN.

### GREAT BRITAIN.

#### Austro-Hungarian Interests.

LONDON, 16.—The *Observer* says: It has reason to believe that Austria and Russia have reached an understanding by which the interests of Austria and Hungaria will be protected in the same way that English interests are protected by an agreement between Lord Salisbury and Count Schouvaloff. The premature publication of the latter by the *Globe* is generally believed to have been procured by Russian diplomatists, with the object of quieting the excitement in Russia about the supposed concessions to England.

#### The Turkish Delegates.

A dispatch from Constantinople *via* Syria asserts that the Turkish delegates have been instructed to withdraw from the congress and declare that Turkey prefers to execute the stipulations of the treaty of San Stefano if the congress decided to grant autonomy to Epirus, Thessaly, Bosnia and Herzegovina.

#### The Sultan.

The reports that the Sultan's mind is affected are untrue, but there is no doubt the Sultan suffers from nervous agitation and is a prey to causeless apprehensions.

Ministers Layard and Fourrier have made friendly representations to Safvet Pasha respecting the frequency of ministerial changes and the banishment of important functionaries in consequence of the Sultan's distrust and groundless alarms.

#### A Refugee Conflict.

A serious conflict occurred at Panderma between the residents and refugees, and it is reported that several persons were killed.

#### Destitute Refugees.

A telegram from Constantinople reports that the British consuls will go to Rhodolph Mountains on Thursday to inquire into the condition of the destitute refugees there.

#### Insurrection Spreading.

The insurrection has spread from Gumuldjina to within a short distance of the coast. The Insurgents have 15 cannon at Batak.

#### The Strike Districts.

Representatives of the weavers from all the strike districts met at Accrington, to-day, and advised the men to return to work, as sufficient funds to support the strikers could no longer be obtained.

#### Beaconsfield's Speech.

A correspondent states that the Russian reply to Lord Beaconsfield's speech at the opening of the congress maintained that the presence of foreign troops alone prevented a revolution in Constantinople. The discussion of the subject of the mutual withdrawal of the Russian forces and British fleet from the vicinity of Constantinople was not concluded.

#### Mobilization.

The mobilization of the Austrian troops is assuming larger proportions.

A dispatch from Berlin reports that Count Andrassy, in a private communication, admits the mobilization of 100,000 men to enforce the decisions of the congress.

#### Honorary Degree.

It is announced that the Oxford University will confer the honorary degree of doctor of common law upon Hon. Edward Pierrpont, late minister of United States to Great Britain.

#### The Organization of Roumelia.

A Berlin correspondent says: The sole question which might threaten the success of the congress is the organization of Roumelia. England, with the support of France, Austria and Turkey, and possibly Italy, will advocate such an organization as will make Roumelia a bulwark of Constantinople. For this purpose the Russian element should be totally excluded and predominance given to the Greeks. A rupture would be almost inevitable in consequence of the prolonged discussion of this point. The friends of Russia assert that she will resist. The correspondent, who is generally well informed, considers these threats merely an attempt to frighten others.

The impression now is that Greece will be admitted to the congress if content with a consultative voice. Roumelia will abide by the decision of the congress if allowed a hearing. Count Andrassy has a definite programme, and speaks with much firmness relative to the limits of Bulgaria. Neither France, Italy, nor Austria is in favor of the cession of Batoum to Russia. Fearing that England will eventually seek compensation in Egypt, the Emperor of Austria has written to the German Emperor, expressing the hope of an interview with him at Gastien, in the autumn.

A dispatch from Vienna says: Although progress is reported to have been made in pourparlers between the Russian, Austrian and English plenipotentiaries, the impression is that things are very far from a conclusion. It is believed that some further time will be devoted to private negotiations before the commencement of the real business.

### GERMANY.

#### Feasting the Plenipotentiaries.

BERLIN, 16.—Prince Bismarck will give a state dinner to the plenipotentiaries to-morrow evening.

#### The Surrender Question.

It is stated that Russia will refuse to evacuate the Turkish territory in Roumelia or liberate prisoners of war until Shumla and Varna have been surrendered, the latter being required by the treaty of San Stefano as well as the former. The negotiation at Constantinople for surrender have been abandoned. The matter is now being considered in the hands of the congress. It is the general opinion still that none of the minor states will be admitted to the congress with the possible exception of Greece, about which reports are contradictory. The statement comes from Paris that Persia claims admission on the ground that the settlement of the eastern question necessarily affects Persian interests.

#### The Emperor's Condition.

The Emperor sat up nearly all day Saturday, and is progressing favorably.

#### Prince Gortschakoff.

Prince Gortschakoff is expected to attend to-morrow's sitting of the congress. Even if he is absent the sitting will not be adjourned.

### RUSSIA.

#### Sure Pledge.

ST. PETERSBURG, 16.—The *Journal de St. Petersburg* says: The wisdom and moderation of the statesmen assembled in Berlin, and of the governments they represent, are sure pledges that nothing will be left undone to secure for Europe a solid peace, restore order in the east, and remove all causes of apprehension in future.
