MINING, BUSINESS AND STOCKS.

AMALGAMATION OF COPPER INTERESTS

Proposed Gigantic Scheme Now Under Way Favored in Utah.

Utah mining men, especially those interested in the big copper mines of Bingham, Ely and other places, are watching the reported trends of events towards a gigantic copper combination, with a great deal of interest. Reports from eastern centers state that previous reports as to the consolidation of interests into a huge concern like United States Steel, are being confirmed from official sources, and unless all signs fail it is only a matter of time when the combination will be a reality.

This end, said one of the most successful mining men in the state, today, was sought to be accomplished years ago by the Amalgamated people. They made the start in that direction but failed to carry their purposes to a successful conclusion. With the union now of the Guggenheims, who have since risen to great prominence in mining affairs, J. P. Morgan, and the Amalgamated Copper interests, the deal might certainly to be made providing the Calumet and Hecla people enter the scheme. It is reported that the management of that great company, and other companies in the Lake Superior region, are not satisfied that it would be to their interests to become tied up in such a scheme.

"It is my opinion that the consolidation will be effected sooner or later, as such a move would be beneficial to the producers by insuring a reasonably profitable price. It would also help the buyers by affording a steady market. Just think," said he, "of the great fluctuations of copper during the past year or two. It is not long since copper was selling at much better than 20 cents and the slump to below 12 cents came with lightning rapidity. Fluctuations could not be avoided entirely, as good and bad times alternate, but in wise and powerful hands the excessive rise to foolish heights in the price of copper through manipulation, and the consequent heavy slump, could be largely prevented by such a combination."

COLORADO WEAKER TODAY.

Trading Was Light Today on the Exchange—Iron Blossom Firm.

With the exception of Colorado which sold down to $1.40 there were no features on the mining exchange this morning. None of the stocks were strong, though Iron Blossom was quite firm around $1.10 on good reports from the mine. The weakening in Colorado is attributed to the feeling that the dividend may be put on a lower basis in the near future. It is pointed out that the gathering of $80,000 a month is a big strain even for a good mine like the Colorado, and sooner or later the cut must come.

Sioux sold around 64 cents, while Grand Central was active at $2.40. Prince Con., let go 100 at $1.15 and a number of smaller stocks were traded in at low prices. The total sales this morning amounted to 32,050 shares for which $14,161.50 was paid.

GRAPHITE VEIN IS LARGE.

Mine Near Brigham City Will Shortly Have a Plant to Treat Mineral.

The recent discovery of a big vein of graphite at Three Mile creek, less than three miles east of Peery, Boxelder county, is developing into a big thing, according to the reports of President A. G. Burritt, of the Homber Mining company, on whose property the accidental find was recently made. Mr. Burritt says that he was looking over the ground which has encouraging showings of lead and silver, when a black outcrop was noticed which had the appearance of graphite. Knocking off a chunk, Mr. Burritt brought it to Salt Lake City for analysis, and was much gratified when the samples showed as high as 97 per cent pure graphite. Additional ground was at once purchased and arrangements made for further exploring the find. These are now said to have been most satisfactory, and fully justify a reduction plant which the company will immediately establish.

Mr. Burritt says the ledge has been traced for about 1,200 feet, the width running from 12 to 16 feet. For all this distance a fine quality of amorphous graphite is exposed which has a market value, when treated, of five cents per pound. In sinking on the vein the workmen have also exposed a small streak of flake graphite, which is about the most slippery substance known, and is much used for lubricants. There is said to be a good demand for graphite, large deposits being quite rare, and the find will mean, Mr. Burritt says, another revenue producer for the people of the state.

LOWER MAMMOTH EXTENSION.

Ratification of Sale to James C. Jensen Will be Made in a Few Days.

Proxies have been sent out to stockholders of the Lower Mammoth Extension Mining company for the special stockholers meeting which is to take place Sept. 29, at the office of the company 326 Judge building. The call for the meeting is for the purpose of ratifying and confirming the sale of the company's possessions to James C. Jensen, already made by the directors, and authorizing them to take the necessary steps to wind up the affairs of the corporation, and have the same dissolved and disincorporated. The call for the meeting is signed by Joseph R. Murdock, president, J. W. Mulner secretary and D. G. Pfeiffer and J. C. Howard, who are said to own more than one-third of the capital stock of the company.

SAN FRANCISCO MARKET.

WILL EXTEND OPERATIONS.

Manager Rathman Says American Flag Will Develop Lower Levels.

Manager G. H. Rathman, of the American Flag Mining company, has returned from Park City after making an inspection of the American Flag company. He was much pleased with his visit and reports improved conditions at the property. The water troubles which the American Flag has met for sometime past, have been solved, partially at least, by the completion of the Ontario drain tunnel, and the water in the main shaft has now been drained to the 1,100 level. The management intends now to push out into the new acquired territory, as well as explore the American Flag property on these lower levels. The American Flag lies in close proximity to the Ontario and Silver King, and has produced considerable shipping ore. A large amount of milling ore has been blocked out in the mine, enough, it is said, to supply a 100-ton mill for two or three years. Mr. Rathman says a mill is one of the probabilities of the near future.

CONCENTRATES

[illegible]

An assessment of 1½ cents a share has been levied by the Silver Shield Mining company, which becomes delinquent Oct. 22. November 13 has been set as the day of sale of delinquent stock.

CONCENTRATES.

The five-cent assessment of Wabash becomes delinquent Oct. 11.

Engineer J. Fewson Smith has returned from Tintic after making an exhaustive examination of the Colorado and Iron Blossom mines.

Secretary E. M. Weller of the Utah mine at Fish Springs, who has spent several weeks at the property, reports things looking good.

MARKET WEAK AND DOWNWARD

New York, Sept. 24.—Prices of stocks moved narrowly and uncertainly in the opening dealings. Advances of large fractions in Pennsylvania and Consolidated Gas showed the greatest changes on that side, while Third Avenue declined 1½. Mackay Companies ¾. The dealings were in only moderate volume. Bull operators supported the market after the initial dealings and brought about a good rally which sent Union Pacific, Reading and Pennsylvania a point over yesterday's final prices. American Sugar 1¾ and Consolidated Gas 1½. Large blocks of Reading and U. S. Steel then were offered for sale and all advances were wiped out all around. Prices were improving at 11 o'clock. Atlantic Coast Line and Delaware & Hudson declined 1. St. Paul preferred 1½ and U. S. Reduction preferred 6 points. Mackay Companies rose 1¼ and Central Leather 1. Selling of Reading was renewed after Union Pacific had risen to its previous high price.

Reading was forced ¾ under last night. Central Leather rose 1⅝. United Railways and Investment 1½ and St. Louis-Southwestern and Brooklyn Transit 1.

Great Western "A" certificates, Iowa Central preferred, Great Northern Ore Certificates and U. S. Realty declined 1.

Bonds were easy.

Fluctuations became unimportant when the market quieted down. The tone, however, was better. Canadian Pacific moved up 1⅝. Atchison preferred gave way a point.

While the trend of the market was upwards, there was not much movement to prices, speculation taking on the anteholiday aspect. U. S. Steel advanced to near 85, but met sales at the top, which in turn caused the foot of the list to sag.

The market closed unsettled and irregular. The rise in United States Steel to 85⅝ pulled prices up but they declined when selling of Reading was renewed. Vulcan Detinning declined 1⅝, and American Locomotive, American Beet Sugar, Virginia Iron, Tennessee Copper and International Paper 1. American Ice rose 1. Reading ran off to 1 below yesterday, and the gains elsewhere were lost.

LIVESTOCK.

CHICAGO.

Chicago, Sept. 24.—Cattle—Receipts, estimated at 2,000; market steady. Beeves, 4.00@8.25. Texas steers, 3.80@5.30; western steers, 3.90@6.50; stockers and feeders, 3.10@5.25; cows and heifers, 2.00@6.00; calves, 7.00@9.50.

Omaha, Sept. 24.—Cattle—Receipts, 1,000; market steady. Native steers, 4.75@8.00; cows and heifers, 3.00@5.00; western steers, 3.50@6.40; Texas steers, 3.00@5.10; cows and heifers, 2.75@4.50; canners, 2.00@3.00; stockers and feeders, 3.00@5.25; calves, 3.25@6.75; bulls, stags, etc., 2.75@4.50.

Hogs—Receipts, 3,700; market strong to 5c higher. Heavy, 8.00@8.50; mixed, 8.10@8.30; lights, 8.15@8.25; pigs, 6.50@7.50; bulk of sales, 8.10@8.20.

Sheep—Receipts, 10,800; market strong. Yearlings, 5.00@5.40; wethers, 4.20@4.80; ewes, 4.00@4.50; lambs, 6.50@6.90.

WOOL.

London, Sept. 23.—The offerings at the wool auction sales today numbered 10,873 bales. Competition was vigorous from all quarters and prices continued to harden. Continental buyers held 2d 8d for Victorian scoureds, and Americans 1d 2½d for greasy Queensland, as well as 1d 5½ d for medium crossbreds. Home and French spinners were eager bidders for merinos and crossbreds.

SATURDAY'S RACE ENTRIES AT THE TRACK

First race, selling five furlongs, three-year-olds and up—Antara, 111; Burning Bush, 114; Miss Butte, 111; Mollie Montrose, 114; Prudent, 103; Pretension, 114; Alivia, 105; Chief Desmond, 111; Alice Collins, 108; May Worth, 114.

Genuine $2 Razor Strop Now 97c
The keenest strop in the world. It hones your razor, or better still, it polishes it, giving you that much desired keen shaving edge, as good as an expert barber can obtain. The regular price that you see advertised in all magazines is $3.00, and at that price it is a bargain; but during this sale we cut the price to 97c.
A good strop is "Nine-Tenths" of any razor, and you cannot afford to put your good razor on a cheap strop.
WE GUARANTEE every Razor, subject to exchange or refund of money.
MAIL ORDERS for these Razors and Strops are given special attention. Each carefully selected and guaranteed to be satisfactory. Postage 10c extra. Mail your order to-day
