MINING, BUSINESS AND STOCKS.

FAVORS NEVADA'S NEW WILDCAT LAW

State Bullion Tax Collector Declares It Has Changed Conditions and Prevents Wild Speculation.

"The greatest thing that has ever happened for the development of the resources of Nevada was the passage of the wildcat law," says James F. Haley, state bullion tax collector, in a recent interview. "It has practically put an end to the wildcatting business, and has assured the future of mining in Nevada on a stable basis. To be sure there were other conditions which killed the wildcats, but this law has prevented their resurrection.

"As proof of the fact that the wildcat has gone from Nevada there have not been two dozen mining companies incorporated in the state this year, though two years ago the secretary of state was recording the articles of from 10 to 150 companies daily. The money for the incorporation of these companies at one time was one of the considerable sources of revenue of the state.

"The fact which I have just stated does not indicate by any means that mining is dead in Nevada. For the year ending Dec. 31, 1908, on a production of $31,200,000, a bullion tax of $101,000 was collected. That was an increase of over 100 per cent on the bullion tax for 1907. However, the total production in the state for the first six months of this year exceeded $15,000,000, on which a bullion tax of $122,000 was collected.

IN WHITE PINE.

"The production in Esmeralda county for the last quarter amounted to over $1,000,000 monthly. In Nye county for the last quarter the production was $500,000 monthly, of which $40,000 was being paid in wages and incidentals. White Pine county, which up to this year had not paid a bullion tax for a quarter of a century, now ranks third, having produced so far over $3,000,000 in gold and other metals.

"These figures plainly mean that Nevada is producing more all the time, and that the prosperity of the state is being worked out along legitimate lines."

IRON BLOSSOM GOES LOWER.

Business Is Good but Prices Are Sent Down on Exchange.

The local stock market was nervous and unsteady this morning and sales on either side of the market sent stocks quickly in that direction. Colorado was weaker today than it has been in a year or more. It opened at $1.35 and was forced down to $1.32½ before the close. It was somewhat stronger on the open board.

Columbus Consolidated was forced down to a new level and from 79 cents it dropped to 70 cents on the open board. The stock was sold heavily and it was apparently receiving only slight support. Sioux Consolidated was fairly steady and sold at 66 and 67 cents.

Iron Blossom was another stock that suffered this morning and it reached a new low level before the close. The stock opened at 65 cents which is far below the lowest price reached yesterday morning. It kept on sagging during the session until it sold at 62 cents. From that point it recovered and did get as high as 67 cents. Provo was selling at 7¼ cents this morning.

There was considerable interest in the curb market this morning and 10,000 shares of Uintah Treasure Hill sold at 10 cents. Federal Ely sold at 18 cents for 500 shares. Bingham Central Standard was strong and 500 shares sold at 35 cents, buyer 60 days. Another lot of 100 shares sold at 35 cents cash. McDonald Ely brought 43 cents for 1,500 shares and 45 cents for 700 shares. The only other sale on the curb market was 200 shares of Ely Witch at 30 cents.

The total number of shares of stock disposed of this morning was 72,050, while the amount represented was $24,312.25.

MINING MAN IS DEAD.

Harry E. Wilson, who for many years has been prominently identified with the mining business of the west, died at St. Mark's hospital yesterday from liver trouble. Mr. Wilson was 78 years old at the time of his death. He was born in England and came to Utah in 1862. During the greater part of the time since then he followed mining in Utah and Nevada. He was well acquainted with nearly every camp in the two states.

For several years Mr. Wilson has made his home with his daughter, Mrs. John Whitworth, 667 north Second West street. Mr. Wilson is survived by two sons and three daughters. Arrangements for the funeral will be made as soon as one of the daughters, who resides in Idaho, arrives in Salt Lake City.

OLD PAT LYNCH DEAD.

Demise of Antiquated Equine Occurs in Dillman's Pasture.

Old Pat Lynch is dead. Not the two-legged Pat who still lives over in Pat's Hole in the Blue Mountain country, but the horse he sold to the government 28 years ago. John McAndrews bought the horse for the government when it was five years old, and rode it about 18 years, until he quit the Uintah reservation and then he gave the government $100 for the faithful old horse, and put him on the retired list. For the past nine years Mr. McAndrews has been paying pasture bill for old Pat. He died over in S. P. Dillman's pasture. Mr. McAndrews will have the front hoofs polished and mounted for souvenirs. The horse was 32 years old when he died.—Vernal Express.

LEASE JOE BOWERS MINE.

After lying idle for nearly a year the Joe Bowers property in Tintic is to be worked. Henry Hogan and Lewis Colvin have secured a year's lease on the property and will at once begin operations. The Joe Bowers mine has been lying idle for some time although the workings are quite extensive. At the last annual meeting John Dern was elected president of the company and F. P. Gridley was elected treasurer and managing director.

R. A. Keyes is vice president and the officers with H. Vance Lane compose the directorate. It is understood that there are some good ore bodies in the property, and that by working it in a small way good profits could be made.

CONCENTRATES.

John E. DuBois, president of the Yankee Consolidated and the Blackbird Copper, is in the city on a semi-annual visit to his properties. His home is at DuBois, Pa.

A report from Tintic says that the shaft at the Montana Mining company in East Tintic has reached a mineralized lime rock carrying values. The shaft is now down about 220 feet.

John C. Burk, who has been shift boss at the Daly Judge mine at Park City for a number of years, has resigned and accepted a position with the Alzarada Gold Mining company at Congers, Ariz.

General Manager N. P. Dunyon yesterday received word that a new body of three feet of ore had been opened in a winze sunk from one of the upper tunnels in the property of the Kinsley Development company.

At the regular monthly meeting of the Century Gold Mining & Milling company yesterday it was decided to levy an assessment of one cent a share. The report of Superintendent Ireland shows that the company is now making splendid progress and that the new tunnel will enable the company to take out a large tonnage of ore for the mill.

A mine car and the necessary tracks for the lower tunnel of the Silver Island Coalition Mines company were shipped to the property in the Silver Island district yesterday. Two wagons and three teams started from Salt Lake yesterday for the property. They will be used to haul to the railroad the ore that is now on the dump. Both the raises from the lower level at the property are said to be in ore.

Articles of incorporation for the Mason & Douglas Construction company, which is to construct and operate railroads, were filed yesterday. This company has charge of the building of the Nevada Copper Belt railroad, which will run from Wabuska to the mines of Yerington and Mason valley. The company is capitalized at $500,000 with shares at $1 each. The stockholders of the company are W. C. Orem, F. M. Orem, F. J. Sullivan, C. B. Oliver and F. B. Brown. The officers are, F. M. LATE LOCALS

Death of James Lonsdale—James M. Lonsdale, the well known florist, died Wednesday afternoon at his residence 118 Third East street from an apoplectic stroke Tuesday. The deceased was a native of England, and a resident of this city for 15 years. He leaves a widow and a brother in Philadelphia, who is on his way here.

Three Cases Today—Three cases of typhoid fever have been reported to the city board of health since Wednesday, as follows: Mrs. F. DeClue, aged 24, 418 Douglas avenue; Lester Mack, aged 5, son of Joseph Mack, 36 south Fourth West, and Gust. Lundgrien, aged 35, 17 Folsom avenue.

STOCKS OPENED WEAK, RALLIED

New York, Oct. 21.—The weak opening of the stock market was due to disturbed conditions abroad in view of the advance in the Bank of England rate of discount and the resignation of the Spanish cabinet.

Fifteen thousand shares of United States Steel were sold at 89¼ to 89½ compared with 89⅞ last night. Amalgamated Copper, American Smelting and Southern Pacific 1⅛, Kansas & Texas, Texas & Pacific, Kansas City Southern and Chesapeake & Ohio lost large fractions. There was an isolated advance of ⅝ in Wabash preferred.

When the selling orders distributed at the opening had been cleared up the market rallied and a number of stocks recovered to yesterday's final prices. Wabash preferred was put up 1⅛. Fresh liquidation started in United States Steel and some of the active railroad broke badly again. Delaware & Hudson and Allis-Chalmers preferred broke 2 points. Canadian Pacific and United States Steel preferred 1⅝. Erie first preferred and Pacific Mail 1¼. Rock Island, Chesapeake & Ohio, Northwestern, Great Northern preferred, Louisville & Nashville, Anaconda, Union Pacific, United States Rubber, Sloss-Sheffield Steel, Northern Pacific and International Paper 1.

There was a fractional rally at 11 o'clock and trading became dull. A good demand developed for United States Steel, which caused a full recovery in that stock, with a parallel movement in the general list.

Wabash preferred rose 2 over last night and Pacific Mail 1. The demand died down at the higher prices.

Bonds were easy.

The market held firm at the recovery until about 1 o'clock when it began to shade.

The market vibrated narrowly. Union Pacific reacted a point from its best price and then recovered to yesterday's closing level.

The market closed unevenly strong. United States Steel was bid up 1⅜ above yesterday's final prices in a turn against the shorts. Wabash preferred extended its gain to 3. The common stock and Wheeling and Lake Erie rose 1. Union Pacific 1¼ and Missouri Pacific 2½. Relatively the list moved narrowly.

PRODUCE.

CHICAGO.

Chicago, Oct. 21.—Cereals fell off on the early trades here today, responsive to bearish foreign cables. Provisions advanced all around.

Wheat opened quiet and lower, the decline in southwest cash wheat prices being a factor in the market. December started ¼ to ⅜c. below yesterday's final figures at 104⅝ to 1.04½. May declined ⅛ to ¼@⅜ at the opening. General commission house selling was the chief feature of the corn market early in the day. December opened ⅛@⅜ to ⅝@¾c. lower at 59½ to 59⅜.

Trade in the oats pit reflected conditions in other grains and was light. December opened ⅛c. lower at 39⅝.

Activity by shorts in nearby products forced prices up in the provisions market, the advance ranging from 2½ to 10c. January provisions opened: Pork, 18.55; lard, 11.07½; ribs, 9.77½.

Wheat—The market continued bearish and closed with December unchanged to ⅛c. lower at 1.04⅝.

LOCAL MARKETS

There are oysters in the bulk once more in the local markets. The dealers had hoped there would not be such a call for them as the bivalves in this shape come more or less drowned, and with the goodness soaked out of them. But the hotels and restaurants prefer to buy their oysters that way, rather than pay a little more for the canned article, so the dealers had no way left but to respond. The day's receipts include a car of bananas, also a car of Concord grapes from Fredonia, Chautauqua county, N. Y. The regular price is 40 cents per basket, but there was a "cut rate war" in progress this morning on Market Row which brought down the price to 30 cents. Cranberries are selling freely, as the shipments are in fine condition, the price per barrel being $10. The prices obtaining today are:
