RAILROAD FINANCES.

A Plan to Adjust the Union Pacific Debt.

LOSSES CAUSED BY THE "ARMY."

Talk of a "Blind Pool" Between the Three Chicago Lines! Rock Island a Big Loser.

BOSTON, April 26.—The Boston news bureau announces from authoritative sources that the Union Pacific organization committee have agreed upon Attorney General Olney's plan for an adjustment of the Union Pacific debt to the government. Judge Headley as the representative of the United States attorney general, has been at work upon the details of the matter, and on Friday Attorney General Olney, it is understood, will submit his bill on an adjustment of the railroad debt to the government, to which all parties interested, it is believed, will readily assent. It will remain with Congress to take up the question of a settlement at this session and Washington advices are to the effect that under the leadership of the Pacific railroads committee the question will be taken up and passed, probably before the tariff legislation is finished.

Attorney General Olney's bill, it is said, provides for the full payment of the government debt and accrued interest. The government lien will remain unchanged, and be improved by the cancellation of $7,000,000 of first mortgage bonds of the railroad sinking funds in the United States treasury, which will reduce the first mortgages to $26,000,000. This will be extended by the railroad company for seventy-five years with an annual sinking fund of $40,000. The remainder of the Union Pacific sinking fund will be used for the benefit of the property. Until 1903 the Union Pacific will pay 2 per cent per annum on its debt to the government and after 1903 it will pay principal and interest adjusted upon a 2 per cent interest basis by means of 100 annual payments to the government of $1,600,000 each. It is provided that no more than charges of the company shall be expended, nor shall the company exceed $6,500,000 per annum. To accomplish this, it is understood, the reorganized company has agreed upon a 4 per cent general mortgage bond for the absorption of the junior issues of the company, but many of the prior liens will not be interfered with, the government settlement and reorganization of the Union Pacific will be without reference to the Oelrichs, Short Line and Navigation systems.

THE BLIND POOL'S TERMS.

ATLANTIC, Iowa, April 26.—A story in current here that a blind pool has been formed by the C. B. & Q., the Northwestern and the Rock Island for the reimbursement in the loss of traffic occasioned by the companies along whose lines the Kelly army passes. It was further stated that the Rock Island, in view of its recent and prospective losses, is now seriously considering the question of disrupting the pool and furnishing the "industrials" with a train to Chicago, and while the chairman of the company refused to confirm it they also refused to make a denial. In the conversation referred to, the formation of a pool was made as follows:

When the industrial army reached Council Bluffs, on the demands of the people for transportation for the mob becoming emphatic, a meeting of the officials of the three roads was called for in Chicago and the advisability of furnishing a train was discussed. The fact that a refusal would result in a serious loss to the road selected by the army for its line of march was an important factor in the conference, and it was recognized that the fear of interrupted trains and the prejudices of Kelly's sympathizers would cost the affected road much more than the carrying of the army to Chicago. The result of the conference was a secret pool which has since been in force. It was necessary for a time, the Rock Island being reimbursed for the good steed loss they had already sustained, but it is said to have received so many threatening letters from sympathizers of Kelly and the prospect of a semi-boycott made it apparent that the roads could not adequately reimburse the Rock Island. As a result the question of furnishing a train and thus regain the good will of the many Kellyite sympathizers, is again on.

General Superintendent Dunlap, of the Rock Island road, was interviewed late last night regarding the matter. "Such a pool may have been formed," he said, "I left Chicago late Thursday night, it would have been done without my knowledge and I would not necessarily have been informed of such an arrangement. I will say, however, that I do not know of such a pool. The Rock Island's loss by the thing has already been heavy—much more heavy than the cost of carrying the men to Chicago would have been, but I cannot say what action, if any, has been taken, to cover such loss."

MUST NOT STOP MAIL TRAINS.

CHICAGO, April 26.—The trouble in Iowa with Kelly's army, which in some cases delayed United States mails, has prompted Capt. Troy of the Chicago division of the army mail service, to cause to be printed thousands of large and poster warning all persons not to interfere with the running of mail trains. These warnings are on all mail trains and will be posted at every railway station in the Chicago district. The poster contains a synopsis of the decision of Acting General Maxwell that it is a violation of the Federal laws to stop or delay any train which has been designated by the government to carry the mails and that the penalty is a fine not to exceed $10,000 or imprisonment not to exceed two years.

Strike in San Francisco.

SAN FRANCISCO, April 26.—The Chronicle this morning states that a handsome young lady, who has for several days been a guest at the Palace hotel here and at the Del Monte at Monterey, is none other than Mrs. Kelly. Similarly, otherwise Mrs. Hobman, who gained such unpleasant notoriety through her suit in New York to recover $40,000 from George J. Gould. A peculiar coincidence is that her woman in question is now a guest under the same roof with Miss Helen Gould and her party, who are sightseeing in San Francisco.

If the woman be Zella Nicolaus, as claimed, she is traveling under assumed name. She is accompanied by a middle aged woman and is receiving the special attention of a man said to be a wealthy New Yorker. The supposed husband, A. H. Hobman, is not in evidence. A New Yorker who met Mr. Nicolaus at the Sherbrooke house, revealed her identity.

CORRUPT JURYMEN.

A Five Thousand Dollar Offer to Hang an Indianapolis Juror.

INDIANAPOLIS, Ind., April 25.—The trial of Frank and General Coffin and A. S. Reed, of the Indianapolis Cabinet company, for aiding T. P. Haughey, president of the Indianapolis bank, to wrecking that institution, was resumed this afternoon. At noon Judge Baker announced that there was no less possession evidence that Juror Alvin Armstrong, of Lawrence county, had been guilty of conspiracy and corruption against the government by attempting to enter into a compact with the defendants to bribe the jury for a consideration of $5,000.

The juror was arrested as he sat in the box and the jury was discharged.

The details of the crime are sensational and involve Frank O. Stannard, of Lawrence county, who was arrested at once, as he sat as a delegate to the Republican state convention, but a square away.

Armstrong and Stannard are neighboring farmers and stockraisers in Lawrence county, and during the latter part of last week, while both were at home, they met in Bedford and agreed that when they came to Indianapolis Monday Stannard was to see one of the Coffins and make an agreement that for $5,000, to be equally divided between them, Armstrong would hang the jury.

Armstrong and Stannard were placed under $15,000 bonds to appear next Monday for trial.

Great Northern Conference.

ST. PAUL, Minn., April 25.—The committee from the American Railway union met in trying to arrange the wage schedule on the Great Northern spent all the day with President Hill, trying to convince that 10 (of the 15 they were the regular) accredited representatives of his employes, but the log vessel without their object having been attained.

THE HAWAIIAN SITUATION.

HONOLULU, April 8.—Via San Francisco, April 25, per steamer Alameda.—The chief feature of interest in the Hawaiian situation is the recent activity in the rumors. The natives are said to be more than ever confident that Great Britain is on the side of Liliuokalani. Preparations are being made for a royalist mass meeting this evening at Palace square, a call having been issued by a committee of thirteen, headed by H. A. Widemann.

COXEY ARMY BULLETINS.

Particulars About the Fight at Billings, Montana.

The Sixteen Trains Captured—A Chicago "Goddess"—Kelly Feels Heavy-hearted.

TACOMA, Wash., April 25.—About 1 o'clock this morning, the Coxey contingent from Butte, 600 strong, wearing tri-color badges, rolled into Billings on fifteen freight cars loaded on top and inside, and with flags flying, followed closely by a train containing United States marshals.

On arriving at Billings, Leader Cunningham, from the top of a car, addressed the large crowd assembled. About fifteen deputy marshals rushed out under arms to capture the engine. The crowd surged forward and around the marshals, while the Coxeyites from their train "guyed" the marshals warning them to commit no violence. The engineer was placed under cover of rifles and ordered to leave the car, when tang went the rifles.

The Coxeyites charged and wrested most of the guns from the marshals, who retreated under the protection of their revolvers, firing occasionally.

"Kill them," "Hang them," shouted the Coxeyites, who saw one of their crowd on the top of the train, with blood streaming from a wound on the forehead.

Several deputies ran, followed by the crowd, hooting, shouting and hitting several of the deputies, who were driven back to the train, narrowly escaping violent death.

The Coxeyites emptied the captured rifles in pieces, over the railroad yards. The action of the marshals in shooting in the miscellaneous crowd is severely commented on locally, and one citizen was shot through the lung, but will recover.

TAKEN BY SURPRISE.

ST. PAUL, April 25.—Disclaiters received here early this morning state the Butte contingent of Coxey's army was captured at Forsyths, Mont., at 1 o'clock last night. Colonel Page, learning that the industrial train was delayed by the lack of water, secured a special train and took them by surprise.

KELLY'S HEART IS GREEN.

ATLANTIC, Iowa, April 25.—When told of the fight at Billings, Kelly said: "I feel our cause is ruined. We are now reduced to the level of a mob. The militia may be called out any moment to stop us. I would give my life to have this day's work undone."

THE CHICAGOANS' LEADER.

CHICAGO, April 25.—Coxey's industrial army has a goddess to lead it. General Rendall said today that the men "on to Washington" trip his men would be led by a lady dressed in white and riding a milk white horse. Mrs. N. C. Ranch, of 1,100 Jackson boulevard, has volunteered to do the equestrian act.

IN WASHINGTON.

WASHINGTON, April 25.—George Francis Train is expected tomorrow, and Henry M. E. Cross, of the Principle Apostle church of God, who is a young minister, has advertised he will deliver a discourse Sunday night for the benefit of the commonwealers on the decidedly unscriptural theme, "Damned Fools."

Senator Peffer today introduced another bill to provide work for the unemployed in the District of Columbia. The bill provides for the improvement of the public grounds of Washington by laying out and making walks, work in ways and by the opening up of highways wherever needed in the District and for the improvement of those already opened.

TROUBLE FEARED.

Workers Having Quantities of Arms and Ammunition.

CONNELLSVILLE, Pa., April 25.—The uneasiness caused by the disturbances reported in the Connellsville region in its entirety. The authorities have taken a position that will almost certainly invoke an outbreak if persisted in.

It is held the strikers, in assembling to bring out the men who persist in working, are guilty of assemblage for unlawful purposes, and are to legally dispersed by force. The strikers swear they will not surrender their right to hold meetings. It is far their means will allow they are being armed and the dealers report that quantities of ammunition has been sold yesterday and today.

Driving the Brain

at the expense of the body. While we drive the brain we must build up the body. Exercise, pure air—food that makes healthy flesh—refreshing sleep—such are methods. When loss of flesh, strength and nerve become apparent your physician will doubtless tell you that the quickest builder of all these is

Scott's Emulsion

of Cod Liver Oil, which not only creates flesh of and in itself, but stimulates the appetite for other foods.

Highest Award

for Supreme Excellence, to the PUTNAM HOT FORGED AND HAMMER POINTED HORSE NAILS.

At the World's Columbian Exposition at Chicago. A medal and diploma awarded "Supreme excellence in material, method in manufacture, and quality of finished product; elasticity and smoothness combined with holding power in nails. It allows the use of very small nails."

There is nothing beyond extreme excellence gets or there anything compared to a horse nail. Our special claim, which is in nails, "The method of manufacture," and "quality of finished product," we claim, are those "secrets" which are strictly in the exposition and competition of the world's fair, which we have, in the "secret" manufacture, do not enlarge the nail head in the foot, thus causing "corns to develop." Leaving "corns" in the "corns" nailers need to wear the shoe to the injured carrier, which makes "corns."

By the "use of their nails" shoe horses are not and are not injured in "corns."

We feel we speak for the officials of the World's Columbian Exposition, when we wish nailers as to make by a good horse and not that very the "Putnam" nailers from all.

MRS. LYDIA CROWTHER, WIFE OF E. CROWTHER, A PROMINENT THEATRICAL MAN

WOMEN

ARE OFTEN TREATED FOR THE WRONG DISEASE.

Drs. Shores & Shores CURE Their Patients—25 a Month For All Diseases—Medicines Free.

Many times women call on their family physician, suffering, as they imagine, one from dyspepsia, one from heart disease, another from liver and kidney trouble, another from nervous exhaustion; the symptoms are all present alike to them, and their easy-going, probably doctor-care, doctor gives them some little pill or bottle of medicine, tells them to go home and call again in a week. The patient conscyently goes to bed, but worse, instead from the delay and wrong treatment. Drs. Shores & Shores give a thorough, scientific and systematic course of treatment; the patient comes to the office twice a week, and the doctors are carefully watch the progress of the patient; they do not give any medicine that comes to hand, but carefully prepare each medicine especially for the case.

Mrs. Crowther, who resides at 206 Ninth South and Third West streets, says:—

"I cannot begin to describe my symptoms, for I had so many. For five years I was a sufferer. I had terrible pains in my back and in the pit of my stomach; they were so severe that at night I would not sleep for more than two hours. My head would ache and a constant hawking and spitting. I was so deaf I could not hear an ordinary conversation. I had a wretched cough, no appetite. I was very weak and did not have strength enough to do my housework. I lost in flesh, and my friends began to imagine I would not live long.

"In the meantime I was advised to go to Drs. Shores & Shores, as they were the only specialists who gave evidence of their skill, and I am very glad I did. I have only been under their treatment seventeen days, and I can say I have no more pains. I sleep well and believe it is a duty to direct sufferers to make my remarkable cure public."

Mrs. Crowther resides at 206 Ninth South and Third West street. Go and see her; she will tell you how she was made well and happy.

BOY A MONTH, NO MATTER WHAT YOUR TROUBLE MAY BE, AND REDUCED STUDENTS RATE.

$5 PAYS FOR TOTAL TREATMENT, EXAMINATION, TOTAL TREATMENT IN THE OFFICE AND ALL MEDICINE REQUIRED IN THE CURE OF YOUR TROUBLE.

IF YOU CANNOT COME TO SALT LAKE

Write for the trial treatment. Some of the physicians in personal charge superintends the mail department and by a system of close correspondence confirm those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.
