The Westervelt Case.

PHILADELPHIA, 20.—The jury in the Westervelt case returned a verdict of guilty on the last three counts of the indictment. As the words fell from the foreman's lips, Westervelt cried aloud, and sank down into the dock, completely overcome and sobbing like a child. His wife and children joined their cries and lamentations to his, and the scene was a most affecting one. Mr. Ford immediately moved for an arrest of judgment, and a new trial; Judge Elcock has allowed four days for the argument. The first two counts, on which the prisoner is acquitted, charge a participation in the actual abduction of Charley Ross; the last three, on which he is convicted, charge a conspiracy to conceal and a guilty knowledge.

WESTERN.

Bank of California—The Vote for Governor.

SAN FRANCISCO, 20.—The subscription to the guarantee fund of the Bank of California now amounts to seven and a half million. The sale of the assaying and refining works to Flood and O'Brien is not yet consummated. It is understood that everything is ready for a formal transfer, but that a disagreement exists between the directors of the bank, a portion of whom oppose the transfer on the ground that Ophir will produce enough bullion to keep the works busy.

Full returns of the vote for governor give Irwin sixty-one thousand five hundred and twenty-five; Phelps thirty thousand, nine hundred and twenty-two; Bidwell twenty-nine thousand, six hundred and thirty.

A Thief Served Right—Sheridan at Sacramento.

In the supreme court, to-day, the case of ex-Harbour Commissioner John J. Marks, convicted of embezzlement in the municipal court, and sentenced to seven years in the penitentiary, came up on appeal; the decision of the lower court was affirmed. Mark's peculations during eleven months of 1872 reached about $66,000, or forty-three per cent of the entire collection of the water front revenues. The case has been tenaciously contested throughout.

Lieut. Gen. Sheridan arrived at Sacramento to-day; he was escorted to the race track by a reception committee of the leading citizens.

GREAT BRITAIN.

Carlist Appointments—Review of Cotton Trade—Erie Report.

LONDON, 20.—General Dorregaray has been appointed commander-in-chief of the Carlist army, and General Tristany the Carlist captain-general of Catalonia. The headquarters of the Carlists are now near San Marcos, in the province of Guipuzcoa. General Seballos is expected there.

The *Mark Lane Express*, this evening, has the following review of the corn market for the week—

"The last gatherings of harvest in the south of England have been well secured; the usual consequences have ensued, and a reduction in the price of wheat has been universal, say from one to two shillings per quarter. As our averages, however, are only one shilling and sixpence above those of last year, there seems to be little room on a scanty and poor crop for further depression, and as money goes a begging it may find a profitable vent in the corn trade. The French claim that the growth has exceeded their wants by about three million quarters, but the fact that the French farmers are more reluctant than ourselves to give way confirms the impression that the estimate is erroneous. The Paris market has been steady for flour and fine wheat, though it is about a shilling easier for inferior new. In the provinces there has been very little change. On the Continent, generally, there has been but little movement, the markets in some places in Germany being firmer, and in others easier. In Holland the prices have only declined a shilling, and in Belgium hardly that; but in Hungary, with better supplies, there has been a decline of two shillings per quarter, and the same is true of Denmark. The holders at Odessa still demand higher prices."

Sir Edward William Watkin, who has just returned from a personal inspection of the Erie railroad, has published his report in which he describes the permanent way of the Erie railroad as quite equal to the standard in the United States, but the rolling stock he says is defective. The net revenue of the line is only 21 per cent. of the gross receipts, and the outstanding debts of the company are equal to about fourteen months' profits. Sir Edward would not raise new capital in the present state of the company's credit, but advises the bondholders to devote the earnings of the line towards paying off the debts, and to issue certificates for the mortgage interest. President Jewett is highly spoken of and the bondholders are advised to support him to the utmost. A memorandum has been signed creating the English interest a substantial voice in the management of the Company and promising to place the whole business on an intelligible footing.

Turkey Preparing for Emergencies.

A special from Berlin says that the Porte is endeavoring to impress on the foreign powers the necessity for fixing a date for the termination of the consular mediation in the insurgent camps. The Turkish government, in view of possible military requirements, has ordered the construction of the Phis Nisch and Banja Luka railway to be pushed with the utmost dispatch. A telegram from Vienna expresses the opinion that now the Turks have had time to occupy in force the Bosnian frontier, the chances of renewing the insurrection in Bosnia have vanished. The Turks now have a force of 48,000 men concentrated on the frontier of Servia.

HOLLAND.

Opening of the Legislature.

THE HAGUE, 20.—The sessions of the States General were opened to-day by the King in a speech. He said that the Acheen war had not been brought to a satisfactory result, but he had everything to hope touching a speedy and favorable end. He said the constant disturbed condition of Venezuela had exercised an unfavorable influence at Curacoa, but he hoped the negotiations now pending would remove that difficulty.

WEST INDIES.

Munitions for the Carlists.

ST. THOMAS, W. I., 20.—An expedition was successfully landed in Cuba by the *Uruguay*, late *Octavia*; at the same time that General Acquilera landed from Jamaica the *Octavia* landed two batteries, 1,500 stand of arms and 500,000 cartridges. A party of forty men and officers had the munitions in charge, and were received by Cuban forces.

IRELAND.

Roman Catholic Synod.

DUBLIN, 20.—The synod of Roman Catholic archbishops and bishops, at Maynooth, was concluded to-day. Cardinal Cullen, in his closing address, said that the decrees passed were designed to counteract increasing infidelity, lukewarmness in religion, and revolution in politics, and he hoped for good results. The synod gave particular attention to the subject of the education of the young.

FRANCE.

Carlists on French Soil.

PARIS, 20.—Three thousand Carlists have crossed the French frontier; they will be disarmed and interned.

SERVIA.

Discussions Commenced.

KRAGUJEREALZ, 20.—The debate in the Skuptschina on the address in reply to Prince Milan's speech, has commenced; the sessions are held with closed doors.

Turks Compelled to Retreat—Reply to Prince Milan's Speech.

Advices from Bosnia report an engagement, yesterday, between 2,500 insurgents and a Turkish brigade, which resulted in the retreat of the Turks. The insurrection continues to spread.

In the Skuptschina, to-day, an address in reply to Prince Milan's report by committee was adopted, by a vote of 71 yeas to 44 nays. The document simply paraphrases the Prince's speech regarding the Turkish troubles, and contains no war-like declaration. It will be presented to the Prince to-morrow.

PRUSSIA.

The Russians in Khiva.

BERLIN, 20.—A report has been received from Central Asia, that Khan Sade, the eldest son of the deposed Khan of Khokand, had had an interview with General Kauffmann, and that the latter is satisfied that Sade is not responsible for the recent hostilities against Russia. It is expected that Russia will recognize Sade as the successor of his father in the Khanate, but whether the recognition will be accompanied by the armed occupation of Khokand is uncertain. At last advices all was quiet there.
