PER WESTERN UNION TELEGRAPH LINE.

LAST NIGHT'S DISPATCHES.

EASTERN.

Cable Communication Interrupted.

NEW YORK, 8.—The market reports from Europe have not been received in consequence of the interruption of telegraphic communication, the French cable being interrupted between Duxbury and St. Pierre, and the lines in Newfoundland broken east of North Sydney.

Brazilian Troops Defeated—Retaliation by the Carlists.

A Panama letter, received to-day, contains a brief account of an attack by the Brazilian troops on the religious fanatics under the lead of Maurer; the troops numbered 400, and in the fight, which lasted two hours, they lost forty men, when the survivors fled, abandoning their artillery, which could not be used.

London papers, received to-day, contain a letter from the Marquis de Betragas, *charge d'affaires* of the Carlists, regarding the shooting of some Republican prisoners in Olot. He says the Republican soldiers had previously shot and bayonetted Carlists wounded and dying in the hospitals at Olot. No one regrets the sanguinary character that the war is assuming more than his majesty Don Carlos, but when the enemy will not respect the ordinary usages of civilized warfare, there are no means left for the royalist generals to employ but retaliation.

State Central Committee Meeting.

ST. LOUIS, 8.—The Republican State Central committee met here to-day, and after declaring that the republican party stands pledged to support any movement in this State looking to peace, prosperity, and good government for all, and as many independent democrats and many republicans have already united to put a non-partisan State ticket in the field, without interference with national or local questions, adopted a resolution calling a State convention, Sept. 23rd, at Jefferson city, to re-affirm the principles of the party and perpetuate its organization, and recommend to the republicans of the State that no State nominations shall be made, but leave the party free to support such a ticket as shall in their judgment best secure economy and good government for Missouri.

Pine Wood Fires Still Raging.

EGG HARBOR, N. J., 8.—The fire in the pine woods still rages, and has spread considerably since yesterday. At Elwood the flames have crossed the Atlantic Railroad and threaten the Atlantic cranberry meadow.

Buffalo Races.

BUFFALO, 8.—At the running races to-day, "Katie Pease" won the third race, for all ages, in 1:42¾.

Republican Convention.

COLUMBIA, S. C., 8.—The Republican State Convention met here to-day. Postmaster McWilder was elected temporary chairman, defeating Congressman Elliott. This is regarded as a break of the Chamberlain-Patterson-Elliott party. After the appointment of a committee on credentials the convention adjourned until to-morrow. A new man will likely be nominated for governor. Great excitement is manifested among the members.

Wool.

PHILADELPHIA, 8.—Wool quiet but firm. Stock scarce. Colorado washed, 25 @ 35; Colorado unwashed 24 @ 26; extra and merino pulled 44 @ 45; No. 1 and super pulled 42 @ 45; Texas fine and medium 27 @ 35; do. coarse 21 @ 26; Cals, fine, and medium 33 @ 37; do coarse 25 @ 32.

More Conventions.

LITTLE ROCK, 8.—The Democratic State Convention met here at noon to-day.

The constitutional convention has adjourned until Oct. 20th.

Six Battle With Indians.

CHICAGO, 8.—Lieut. Gen. Sheridan received a dispatch from Gen. Pope commanding the district of Missouri, to-night, with the report of Col. Miles, from the camp on Red River, Aug. 31, *via* Fort Dodge, 8, of a decisive battle with about 500 confederate and hostile Indians the day before, Aug. 30th. Col. Miles' command had been in pursuit of these Indians ten days, over a terribly rough and almost impassable country. Before they could be brought to extend the route was strewn with their stores, which they had thrown away to accelerate their flight. The troops fought splendidly, and the victory was complete. Some thirty Indians were killed and many more wounded, while the casualties to the troops were only three badly wounded. Col. Miles' command was, at the date of the dispatch, 193 miles from their base of supplies, and their supplies could be husbanded about the 8th month, but Gen. Pope had ordered a supply train to be sent, which would reach them before that date.

No Black Hill Exploration.

WASHINGTON, 8.—Since the declaration of Gen. Sheridan, that no one would be allowed to visit the Black Hills without authority from the interior department, meaning its authorized agents, that department has been in receipt of a large number of letters asking permission to go there. Acting secretary of the interior, Cowan, has written a reply to Governor Pennington of Dakota, which is furnished for publication. Referring to all similar communications, in which he cites the provisions of the treaty of April, '68 with the Sioux, by which the Black Hill country was guaranteed to them, the boundaries of which are as follows: "Commencing at the [illegible] of the [illegible] water mark down said river bank, to a point where the northern line of the State of Nebraska strikes the river, [illegible] said river and [illegible] to the 104th degree of longitude west from Greenwich, thence north on the meridian to a point where the [illegible] intersects the [illegible] thence west along said parallel to the place of beginning, and the territory thereto attached, lying east of the east bank of said river." From this territory the government is pledged to keep all persons except its authorized agents and employes. The Secretary says the only power to alter this provision is that which made the treaty, and then it must be done with the consent of the Indians. What is known as the late exploring expedition of General Custer was merely a military reconnoissance of the country for the purpose of ascertaining the best location if in future it should become necessary to establish there a military post. On the 2nd of June last, in letters to this department, the Honorable Secretary of War wrote on this subject as follows:

"It is well known to the department that at various times, settlers in the adjacent country have contemplated an expedition to the Black Hills, and the department has uniformly discovered such movements; but it has now almost become a military necessity that an accurate knowledge should be possessed by the army as to this portion of our territory, and for that purpose only is the present expedition undertaken. The question of opening up this country to settlement rests with Congress, and until action has been taken by that body this department has no discretion in the matter, but is required and will endeavor to prevent any violation of any of the provisions of the treaty before mentioned. For the reasons herein set forth all applications for permission to visit the Black Hills country will be denied."

Unfortunate Albany.

ALBANY, 8.—The city is full of Democratic and Liberal politicians, in attendance upon to-morrow's convention. Senator Fenton was serenaded to-night and made a brief speech in reply, but he did not discuss any important topic. There is a large number of Democrats from all sections of the State, and they seem certain that no ticket will be nominated. The Liberals are very reticent and say that nothing definite has been agreed upon, and will not be until the convention meets.

Independent State Convention.

OMAHA, 8.—The Independent State Convention met at Lincoln this afternoon; the attendance was small, and the committee on platform not having reported up to 10 p.m. the Convention adjourned until to-morrow without making any nominations.

Temperance Camp Meeting.

PORTLAND, Me., 8.—The great temperance camp meeting began to-day. The weather was fine and there was a fair attendance. Governor Digby opened the meeting with a speech of welcome.
