EVERY MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Chicago to Council Bluffs, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, Des Moines (the capital of Iowa), Stuart, Atlantic, and Avoca; with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Princeston, Trenton, Gallatin, Cameron, Leavenworth, Atchison, and Kansas City; Washington to Sigourney, Oskaloosa, and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlam. This is positively the only Railroad, which owns and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each everyday between CHICAGO and PEORIA, KAWSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Milwaukee and Kansas City, via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs Pullman Palace Sleeping Cars for sleeping purposes, and Palace Dining Cars for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

THE PRINCIPAL R. R. CONNECTIONS OF THIS GREAT THROUGH LINE ARE AS FOLLOWS:

GREAT BRITAIN.

(Special to the News.)

LONDON, 12.—A dispatch from Scutari says: The National Council of the Albanian League has decided to throw off every vestige of Ottoman authority. The population of Scutari are preparing decisive measures against the Turkish authorities. So complete is the Albanian revolt, that Central Albanian cities have refused to take part in the movement against Greece. The Beglas chief at Presrend, who had first abjured their allegiance, were surprised by receiving a gift of $18,000 Turkish money, from His Majesty. The delegate who brought this news, said: "I was informed the commander of Diakova had issued orders to shoot any civilized European who entered that county, and it was the intention to massacre part of the Christian population on this side. The revolt is simply Islam against Ottoman. Its autonomy is the autonomy of Mohammedan fanaticism. Its commander, Ali, of Gussinge, is a Slav. The revolt embraces Netvi Bazar. The plains and mountains swarm with Mohammedan bands marching to their destination, well armed with rifles. Here at Scutari the population is preparing for decisive measures against the Turkish authorities. The Highlanders, led by a Miridite prince have resolved not to move a finger to oppose the transfer of Dulcigno to Montenegro. On my way through the mountains from one Catholic Albanian clan to another, I had assurances from various Highland chiefs that they adhered to the resolution to recognize no head in the Miridite prince. The latter has in his possession a document signed by all the leading chiefs of the Catholic clans of North Albania, declaring themselves his subjects.

The *Times* dispatch, dated from camp at Butkak, August 11th, says: General Stewart affected a withdrawal of all the troops from Cabul to-day in admirable order. Perfect tranquility prevails. There is no sign of disorder in any district of northern Afghanistan. Fews from General Roberts is favorable and the country is quiet and the people friendly.

A Quettah dispatch says: There is fear among military men that dissentions in Ayoob Kahn's camp will cause him to retreat. In such case, we should have before us a long march to Herat. The troops, however, are anxious to retrieve the defeat, and that the march to Herat would be cheerfully undertaken.

The *News'* Pesth dispatch says: A telegram from Scutari reports the Turkish Commissioners there are instructed to inform the Albanians that Ducigno will be ceeded to Montenegro.

The train which met with the accident on the Midland railroad between Leeds and Lancaster, yesterday, was a local fast train running from Leeds to Morecomb. All the persons killed and wounded belonged to that section. The train left the track while passing a switch near Wennington station, at a speed of thirty miles an hour. The former carriages were telescoped and the others were lifted on them in a heap. Serious casulties are confined to the first two carriages. From out of the concealing vapor came shrieks of women, wails of children and yells of men. The people on the first train ran pell mell from the cars or jumped through the windows, and it was some time before they became sufficiently composed to make an earnest effort to rescue the injured and relieve the suffering.

Panama.—A contract has been signed in Guatemala for the extension of the San Jose and Excuintla Railroad to the capital, a distance of 45 miles; the contractors are Wm. Nanne and Louis Schlessinger, who have just successfully completed the section which runs from the principle port of the republic to Excuintla, a distance of 35 miles. The contractors represent a California company and have abundant means to accomplish the contract in 18 months. The Nicaraugua Railway is progressing rapidly, the grading being nearly completed from Corinto to Leon. The bridge and rails are on the ground, and it is certain to be opened for traffic within a few months.

Complications with Guatemala and Honduras on the one side and San Salvador and Costa Rica on the other are threatening to disturb the tranquility of Central America.

Advices from Lima, July 13, state that the enrolling of the population of Lima and Callao, to form an army of reserve, has been finished. At 3 o'clock the cathedral bell was rung, and at once all the business establishments were closed. Railway trains, street cars and nearly all the coaches ceased running, and the whole of the male population, between the ages of 16 and 60, turned out to answer roll call. The foreigners, the old men and women, looked on. The closing of business establishments is to take place every day, to give the different members the necessary time to drill.

The Chilian *Times* of June 19th, says: The Chilian people and press are nearly unanimous in the determination to go on to Lima as soon as possible, and there is some talk of strengthening the army by two additional divisions of 400 men each. It is not yet known what steps the cabinet may take to provide funds for carrying on the war. It is to be feared that the additional issue of paper money will be made. During the last six months government bonds and other securities have been steadily rising.

The French press, except the government organs and a few socialist journals, loudly protest against such high handed attacks on it rights and liberties by the expulsion of Baron Harden Hickey, editor of the *Tribouleet*. The Baron, however, was not a citizen of France and the authorities are strictly within the law.

After the departure of President Grevy from Cherbourg for Paris, the people violently hooted Admiral Ribaurt.

Cork, 12.—A special says: At 1 o'clock this morning a large party left shore in six whale boats and boarded the Norwegian ship *Juna*, repairing at Queenstown, went into her hold and stole three cases of rifles which formed part of her cargo. The robbers cut the telegraph wires leading to Cork.

All the raiders appeared to be armed. A pool of blood was also found on the deck. The captain, mate and revenue officers were shut up in the cabin an hour and a half. They finally forced the door and saw the marauders departing in boats. Six men were arrested who evidently formed part of the shore party. They were found lurking about the road to Cork.

While the ministers were in council to-day the Sultan's secretary brought in an Imperial order from Riza Pasha to proceed to Scutari, instead of the minister of war. He is to start on Friday and carry out the convention of April 18th, which provides for the cession of Tusi, and which caused the uprising in Albania. If he fails in this object he is to endeavor to bring about the cession of Dutirigno. Schim Pasha left for Albania with 2,000 men. Moukhtar Pasha will bring a battalion to Scutari from Salonica and Alim Pasha two battalions from Crete.

The disturbed and unsatisfactory state of Caucasus is seriously occupying the minds of Russia Central authorities. The terrible destitution into which the greater part of the country has been plunged by the acute famine which began last autumn, renders it probable the revenue of these provinces will barely pay the expense of collection. A General outcry has been raised against the maladministration of this naturally rich country.
