EVENING NEWS.

CORRESPONDENCE.

THE HORRIBLE DEATH OF JOSEPH W. HARTLEY.

NEPHI, JUAB CO., UTAH, Jan. 17th, 1887.

Editor Deseret News:

You will confer a favor on the wife and family and many friends by publishing in the NEWS the enclosed statements of facts concerning the death of Brother Joseph F. Hartley in order to refute the false statements taken from the Butte *Miner*.

HEBER W. HARTLEY.

BUTTE, MONTANA, Jan. 12th 1887.

Mrs. Joseph F. Hartley:

Dear Madam: Mr. McCune wishes me to write to you in regard to your husband's unfortunate death. Joseph was cooking for me up to some three days before his death, when I was noticed to break up the camp (where he was cooking) on account of snow being so deep. Joseph said he would wait for two or three days to see if he could get work, if not he would go home for a while. He stopped in Walkerville until the day before his death, which was Sunday; he moved down to Butte to stop in a cabin with a friend of his who had been helping him in the kitchen. On Sunday night he stopped in what is called the "Butte" Lodging House, until he could get a bunk fixed up where his friend stopped, to stay with him. On Monday afternoon he went to his friend's cabin and while there shaved his friend. Then a third party came in and wished them to go with him to his rooms, which were in the house that burned down. They all went to the friend's room; had not been there but a short time until the fire broke out. They were up stairs when the alarm of fire was given. This friend, the third party, said, "Help save my trunk, for all I have is in it." Joseph and the other person took hold of the trunk and started down stairs with it, but the article was so large that it caught in the stairway and got fast. They left it and went to the window in the room they started from and Ben Dodson, the first person Joseph went to see, pushed the other person out of the window; then told Joseph to get out and the latter told him to jump, and he did so, thinking Joseph would follow him. As soon as he struck the ground he stayed and looked for Joseph but he did not come. By this time I was there. He came to me and told me he was sure that Joseph was burned to death or he would have been out before then. I waited until the fire was all out and they found the body. We could tell it was Joseph by a little of his underclothes and part of his suspenders; also the handle of a tooth brush he bought the day before. The only part that was not charred black was his breast, which lay on the floor, so the fire did not get at it to blacken it. I did all I could, with A. W. McCune's help, to get him in as good condition to ship as possible, and I can truly say that I mourn his loss with all his friends, for I thought considerable of him. I will send his trunk in a few days, as soon as I get it. He had just bought him a new suit of clothes and overcoat, which were all burned with the body.

Yours respectfully,

J. H. MAAGUIM.

P. S.—My Brother Joseph was postmaster in Nephi for many years and had won the respect of the public by his kind and gentlemanly manner, but having refused to take the Test Oath to retain his position, he was discharged, which necessitated him to seek employment elsewhere. He went to Montana and was employed by Mr. A. W. McCune, and was laboring to accumulate means to return to his family and friends. H. W. H.

COAST NOTES.

CULLED FROM LATEST WESTERN EXCHANGES.

Burglaries were common in Sacramento about January 14.

The Cottony-Cusion scale was reported spreading rapidly on the fruit trees of Southern California. Birds, January 14th, were carrying it from tree to tree. There are different kinds on the olive trees. One is termed black scale.

An assessment of 25 cents per week has been levied upon each member of Assembly No 2,226 of the Knights of Labor in aid of the striking carmen of San Francisco.

There were seven cases of diphtheria reported at the Health Office of Sacramento, January 13th, making a total of 78 since the meeting of the Board of Health on the 17th of December.

Abraham Rohrer, an ex-soldier who did odd jobs of tailoring for the boys in blue at the Presidio, was found dead in front of a saloon on Baker Street, Sacramento, on January 14, and is supposed to have died from alcoholism.

John Hayden, who resides at 31st and X streets, Sacramento, has had ripe strawberries in his yard all winter. They grow in the open air without any attempt to protect them from the cool night air.

Of the 31 Pullman palace cars ordered built by the Southern Pacific Company, three have been manufactured and brought to the Pacific Coast. These new palace cars have been constructed on the latest patterns. New features for the comfort and safety of passengers have been introduced. The first section of these palaces on wheels will run between San Francisco and Ogden, and the rest on the Southern Pacific and California & Oregon.

In San Francisco on the morning of January 14, the dead body of James A. Love, a middle-aged man, was found in a room in the Lindell House, corner of Sixth and Howard Streets. By his side was a vial of laudanum which told of the manner of death. In one of the pockets of the dead was the following note: "Domestic trouble is the cause of my pain. When people will learn to mind their own business, there will be less drinking and less trouble. My wife knows the cause of all of it. She will die a miserable death for her trouble. The rest of her family have all died the same way."

Miss Tillie Smith, who went to San Francisco from Woodland, and who was to have been married there to S. C. Henry, of Block's Landing, has disappeared. The prospective bridegroom left Miss Smith shortly after 12 o'clock on the 8th, and she has not been seen since then. Mr. Henry telegraphed to Woodland inquiring if she had returned there, and has received a reply to the effect that nothing has been seen of her at that place. Both Henry and a sister of the missing bride, with whom the young lady stopped, say that she appeared to look forward with pleasure to her approaching marriage, and they are at a loss to account for her strange disappearance. Detectives have begun to search for the missing girl.

The sale of tickets for the Patti concerts was begun at Sherman and Clay's music store, corner of Sutter and Kearney Streets, San Francisco, on the 13th. During the night a line of messenger boys, "scalpers," and others anxious to obtain tickets, had been formed, and when the sale commenced the line reached round upon Sutter Street for a considerable distance. The demand was so great that although only orchestra chairs and seats in the dress circle were presented for sale, the receipts up to noon were $11,800, and at the close of the sale in the afternoon $14,000 had been realized. The great Patti boom was expected to commence on Monday, when the single seats would be sold. The diva left the City of Mexico on the 13th, and will reach Los Angeles on the 20th, arriving in San Francisco on the 22d inst.

After a series of petty pilfering of valuable letters and packages in the Sacramento Postoffice, by E. J. Kennedy, a young man aged about eighteen yrs, who was employed there as a special delivery messenger, he was arrested on the 13th and charged with the larceny. Kennedy was given employment there by Postmaster Green and has been retained by the present incumbent. Suspicion of the young man's honesty induced his discharge, when sundry letters and parcels were missing, and could not be found, although their loss could not be traced to him. Deputy Postmaster Leake had occasion to go to the basement of the postoffice building, and while storing away some property, discovered a lot of letters and bundles, an examination of which revealed the property which had been missed from time to time, and which principally belonged to Weinstock & Lubin. Kennedy was sent for and on his arrival at the Postoffice, being presented with the evidence of his guilt, made a full acknowledgment and in a written statement exonerated every one else from complicity in the crime. He professed not to know the enormity of the crime. He was placed under arrest and taken before United States Commissioner E. I. Robinson and held to answer in $1,000. It is probable that his case will be at once presented to the United States grand jury now sitting in San Francisco.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at Kansas City, points West, it is the most popular, as it is only one link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches includes Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Anthon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that modern experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of Gorgeous DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Kenova and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.
