Catarrhal POISON

Wet De Meyer's Treatise on Catarrh, explains the following important facts:

1. **That Catarrhal Colds** become a **poisonous infection,** at first local, and finally **constitutional.**

2. **That,** being Constitutional, the infection is **beyond the reach** of mere **local remedies.**

3. **That impurities** in the nostrils, are necessarily **swallowed** into the **stomach** and **inhaled** into the **lungs,** thus **poisoning** the Digestive, Respiratory and Genito-urinary organs.

4. **That Catarrhal Virus** follows the mucous membrane and causes **Deafness,** Dyspepsia, Chronic Diarrhœa, **Bronchitis,** Leucorrhœa, and Consumption.

5. **That Smokes,** Douches, Inhalations, and Insoluble Snuffs, **cannot possibly** remove infectious inflammation from the organs named.

6. **That an antidote** for Catarrh must possess an **insoluble** affinity for, and the quality of being **absorbed by,** the purulent mucous **wherever located.**

Based upon these plain theories, Dr. Wet De Meyer's Catarrh Cure has proved to be infallible. It not only **relieves, but cures** Catarrh at **any stage.** Home testimony.

&c. &c. &c. &c. &c.

A real cure for this terrible malady, is the most important discovery for the relief of human suffering since **vaccination. Wet De Meyer's Catarrh Cure** is sold by all **druggists, or delivered** by D. R. Dewey & Co., 46 Dey St., N. Y. for **$1.50** package. To Clubs, six packages for **$7.50. EVENING NEWS.

BY TELEGRAPH.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 17.—The *Mark Lane Express* says: The aspect of agricultural affairs is but little advanced since last week. The night frosts in many districts have checked the development of wheat, which is generally backward and frequently thin. Unless genial weather sets in speedily, the chances of ultimate mischief to the crops will be considerably increased. Scotch advices are somewhat better. Although both in Mark Lane and in the provinces, the demand for English wheat is somewhat inactive, last week's prices were well maintained and on occasionally exceeded the imports of foreign, which have been sufficient to meet the ordinary requirements without swelling stocks. This circumstance and the unusual shortness in continental reserves increased the confidence of buyers. If the price of wheat had not already fallen comparatively low, doubtless trade would require all the support, extraneous influence could afford to overt a further decline, being caused by liberation of ring stocks in America and increased imports consequent on re-opening the Northern Russian ports. Of late, however, a strong undercurrent of steadiness is observable, and the opinion is gaining ground that wheat at the present range of prices can be safely bought for speculation or consumption. Holders have strongly resisted any further reduction.

The *Times* says: In November last while the Indian council was paying 34, and 35 shillings per ton for carrying rails to India, the Indian Peninsula Railway Company was paying only 25 shillings per ton. In other cases discrepencies of five shillings per ton between the carges in the government contracts and those of private companies are too numerous to mention. General Stewart is reducing expenses everywhere.

Owing to further arrivals of slaves at Assiot and Cairo, and the apathy of the Egyptian officials, the Egyptian government, by request of the British government, has intrusted Count Sale, Austrian officer, with a special mission to assist. There has been a great revival of the slave trade on the Red Sea since the departure from Egypt of Gordon Pasha.

At Padesam, Clithero and Great Harwood, the employers will close their mills Monday, Tuesday and Wednesday of each week. In this event the action not ending the strike of the operatives, the master of the control committee will meet to consider the advisability of a general lock out.

The explosion at Birchells & Hall's iron works Saturday caused more destruction than at first reported. Twenty-five persons were killed and about 60 injured.

A telegram from Mozambique to the government announces the capture of two slave dhaws.

The German Ultramontanes are resolved to recommence the war against Bismarck and stir up the Catholic population against the government. The first important meeting of Catholics has been held at Dortmund, Westphalia, at which 20,000 persons were present, including many noblemen and influential leaders. The meeting fully approved the attitude of the Centre party in the Reichstag and expressed the hope that the Catholics would move in the Reichstag for a law making ministers responsible for their acts and also to demand the total abolition of the May laws.

The Catholic press have undertaken a general crusade to excite hatred and mistrust against the government. Two members of the party, Prince Edmund Zadzieirel and the Count Ballestrow, have gone to Rome to give some explanation on the state of affairs to the leaders at the Vatican and receive instructions. The Bundesrath will prolong its sitting some weeks longer. It will be prolonged until October.

It has transpired that Bismarck accused Baron Von Ruthart of conspiring with the Jews of Hamburg. The minister immediately left Bismarck's palace and asked for letters of recall, which the King of Bavaria has not yet granted, but the Baron will leave Berlin in a few days.

Intelligence has reached St. Petersburg from Pekin that the sentence of Chung How has been confirmed. He is to be beheaded.

The Pope has recently undergone successive painful operations. He would much like to spend the summer at Berugia, Perugia, but is not prepared to face the storm of opposition, reproach and menace he would have to encounter if he did so. It is, meanwhile, no secret to his medical advisers that to remain in Rome all summer is perhaps to run the immediate risk of life and certainly to shorten it.

The Italian elections are proceeding with great animation. 94 final results are known up to the present, giving the Ministerialists 49 seats, Constitutionalists 36, and Dissident Left 11. 62 second ballots will be necessary, including Garibaldi for Rome and Crispi for Palermo. Signors De Pretis, Bairoli and Visconti Kenosta have been returned. The election for members of the Chamber of Deputies resulted as follows: 144 Ministerialists elected, 112 Constitutionalists and 54 members of the Dessident Left. There will be 139 second ballots of which 68 will probably result in Ministerialists, 53 Constitutionalists and 18 members of the Dissident Left.

The chances of a pacific settlement of the Afghan trouble are increasing.

Gen. Roberts pursues his march through Logar Valley towards Maidan. The new Wali of Candahar has returned from Arghastan, after completely pacifying the disturbed districts. He was formally inducted governor and presented with various gifts from the Viceroy.

News from Herat is that the Cabul troops are again urging Ayoob Khan to march on Candahar, and that he promised to do so on Tuesday last.

The mortality of Paris for the past week creates alarm. Thirty-three persons died from typhus, 71 from small-pox, 31 from measles and 58 from croup.

In a debate in the French Chamber of Deputies on the public meeting bill, Moigne moved that electoral meetings be exempted from the operation of article nine. This, though opposed by Casott, was carried by a vote of 250 against 201.

The rumor that the Earl of Granville had proposed the appointment of an international conference to promote the execution of the Berlin treaty, is contradicted.

Replying to the note of the Powers, urging the reoccupation by Turkish troops of the evacuated positions now occupied by the Albanians, the Porte proposes the formation of an international commission of inquiry. Replying to the demand of the Austrian and Italian ambassadors, that a cordon of troops will be formed round the Albanian districts, the Grand Vizier stated that Hamad Maukhtar Pasha had been ordered to prevent the formation of insurgent bands, and to court martial persons distributing arms.

There was a violent storm at Tiflis on the 14th inst. The rain fell in such torrents that the town and suburbs were flooded. Great damage was done to property.

It is proposed to liberate 200 political prisoners in St. Petersburg and 2,000 throughout the Empire, and relieve 11,000 from surveillance.

Owing to financial considerations the India Government has abandoned for the present raising three new regiments of guides. The entire press and public denounce the Government's explanation of the budget as worse than the original blunder.

Archbishop Taschearn, of Canada, has issued a pastoral condemning trade unions. He says any Catholic who shall attack or conspire to attack any person because such person works, has worked or is willing to work at a price at which he thinks not fit, shall be excommunicated.

THE NEW VICTOR!

SIMPLICITY SIMPLIFIED!

Improvements September, 1878.

Notwithstanding the VICTOR has long been the peer of any Sewing Machine in the market—a fact supported by a host of volunteer witnesses—we now confidently claim for it greater simplicity, a wonderful reduction of friction and a more combination of desirable qualities. Its lightness is a beautiful specimen of practical mechanism and takes rank with the highest achievements of inventive genius. Note.—We do not propose to compete with Machines, therefore, have to old ones to patch up and re-furnish for customers.

We Sell New Machines Every Time.

Liberal terms to the trade. Don't buy until you have seen the
