A MAN

WHO IS ACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST AND THE WEST.

Its main line runs from Chicago to Council Bluffs and Omaha, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, and Des Moines, (the capital of Iowa) with branches from Barren Junction to Peoria; Wilton Junction to Muscatine, Washington, Salem, Fairfield, Ottumwa, Centreville, Princeton, Trenton, Chillicothe, Cameron, Leavenworth and Atchison; Ottumwa to Burlington, Keokuk and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Leavenworth, Mitchell, Ottumwa, Eddyville, Oskaloosa, Pella, Pella Junction, and Des Moines; Des Moines to Indianola and Winterset; Atlantic to Audubon and Avoca to Harlan. This is positively the only railroad which owns, controls, and operates a through line between Chicago and Kansas.

This Company own and control their Sleeping Cars, which are larger by one foot in length than any other, and give you a double berth between Chicago and Council Bluffs, Leavenworth or Atchison for Two Dollars and Fifty Cents; and a section for Five Dollars, while all other lines charge twice the same points Three Dollars for a single berth, and Six Dollars for a section.

We feel sure that you will be still pleased to enjoy your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining and Restaurant Cars that accompany all through Western trains. Meals are served a la carte, and a good as is served in any first-class hotel, for twenty-five cents; or you can order what you like, and pay for what you get.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes, and the enormous passenger business of this line warrants it, we are pleased to announce that this Company runs its PALACE SLEEPING CARS for sleeping purposes, and its PALACE DINING CARS for dining purposes. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Leavenworth and Atchison, connections being made in Union depots.

THE PRINCIPAL R. R. CONNECTIONS OF THIS GREAT THROUGH LINE ARE AS FOLLOWS:

At CHICAGO, with all diverging lines for the East and South.

At ENGLEWOOD, with the Lake Shore & Michigan Southern and Pittsburg, Ft. Wayne & Chicago R. Rds.

At WASHINGTON HEIGHTS, with Pittsburg, Cincinnati & St. Louis R. R.

EVENING NEWS.

Monday, March 1, 1880.

BY TELEGRAPH

FOREIGN.

GREAT BRITAIN.

Foreign Intelligence.

LONDON, 28.—A dispatch from St. Petersburg says: It may be unintelligible to many persons abroad how the Nihilists succeeded in doing their work in the very residence of the Imperial family. Probably no other building in St. Petersburg is less safe than the Winter Palace. It has always been the refuge for numberless vagabond workmen, friends of the servants and others, and many without passports, who would not live with impunity anywhere else. The Imperial ukaze of last April, gave full powers to General Gourko to search the buildings of Hataca, but even that severe Governor General could hardly venture to interfere with the special authorities of the Imperial residence. There is an old Russian law which gives the right of sanctuary to criminals taking refuge within the buildings of the Imperial Palace. No fewer than 5,000 persons have been living in the Winter Palace, and nobody has ever known the precise duties of one-half of them.

The appointment of Gen. Melikoff as virtual dictator has created a good impression, especially in circles where he himself and his previous civil administrations are best known. His rule in Kharkehaff, though mild, has been effectual in repressing disorders. His views generally are known to be liberal. All classes feel that the measures taken are necessary and wise, and think Gen. Melikoff is the man most fitted for the place. No well informed person believes in any widespread conspiracy amongst the dignitaries, court officials or military.

Gladstone last night addressed a meeting in Marylebone, London, in behalf of the liberal candidates for Parliament at the next general election. Referring to the report that Parliament would be dissolved on the ground of "obstruction," he seemed to enjoy a sort of quiet triumph in the fact that the debate now progressing in the House of Commons has deprived the government of that opportunity. He said the whole thing appeared to have been planned by certain conservative subalterns, and seemed a very promising scheme, but it had turned out totally different from what those wiseacres expected. The fact was, all parties agreed that obstruction is a very bad thing, and he was bound to say that the ministers' proposals were moderate, and that they had supported them in a spirit of equity and candor, and instead of a storm, there was in fact very fine weather. Referring to the result in Southwark, he attributed the result to liberal dissensions over local arrangements, and the candidate chosen, he said, owing to this dissatisfaction, a large body of liberals abstained from voting, while the conservatives polled their full strength to the last man.

The concluding and principal part of the speech was devoted to Irish affairs.

He could never, he said, forget, in considering the Irish question, the unjust and abominable conduct of this country towards Ireland through many generations. He could not forget what temper of mind was produced in Ireland by the long continuance of this conduct, and he felt it to be his duty to exhort his countrymen on every occasion to exercise patience.

Inquiry into the fall of the railroad bridge over the Frith of Tay on the night of December 28th, by which many lives were lost, is proceeding at Dundee before the Board of Trade. Several painters who painted the bridge last summer, testified they saw numerous bolt holes empty. They found bolts in the holes where should have been rivets, and found rivets without heads and bars loosened and nuts unscrewed. The supporting columns of the high girders were cracked from top to bottom, and held together with four hoop bands, and that sometimes the oscillation of the bridge was so great they feared it would fall.

A *Times* St. Petersburg special says: This city is in very much like a panic. The recent explosion has produced a widespread feeling of insecurity through all classes. There is very little hope of any concession from the Government on the anniversary of the Emperor's accession to the throne. Warnings have been sent from Berlin that on the 2d of March it is intended to blow up the three principal streets of St. Petersburg.

A Copenhagen dispatch of Friday night says: A fire is now raging and threatens the destruction of that quarter. Fears are entertained for the British embassy. The King and Crown Prince are at present insulating the exertions of the firemen.

Betting on the boat race between the Oxford and Cambridge University crews is 6 to 5 on Oxford.

The King of the Belgians is sending six small steamers to Stanley for use on the Congo River.

The German government has given notice of its intention to increase the amount of silver currency to 12 marks per head of population, instead of 10 marks, as now.

Bismarck has enforced his demand for the appointment of a colleague by suggesting if his work is not thus lightened that he be allowed to retire altogether.

The German Government is about to revive the scheme for cutting a canal navigable for war vessels between the Baltic Sea and the German Ocean. The scheme is warmly supported in military circles.

The entire Russian fleet in the Ural Sea is ordered into the Oxus to participate in Gen. Kauffmann's campaign against the Turcomans.

Bismarck is still confined to his bed. The Emperor conferred with him for an hour and a half yesterday.

Correspondence.

Sunday School Anniversary.

SANTAQUIN, Feb. 23, 1880.

Editors Deseret News:

Our Sabbath School anniversary was held on the morning and afternoon of the 22nd inst. The exercises consisted of questions and answers on the Book of Mormon, Bible and the New Testament, Catechism, Articles of Faith, and Restoration of the Gospel. Also questions of a more elementary character to the smaller classes, all of which received prompt and ready answers, evincing familiarity with the subjects.

The above exercises were pleasantly intermingled with excellent music by the choir and the children of the school. Also by very appropriate and well rendered recitations and dialogues. One excellent feature in the recitations and dialogues was in their being all either selected from the *Juvenile Instructor* or composed by our own talent. The dialogues of our own composing were on the following subjects: "Words of Wisdom," "Temperance," "The advantage of devoting the early part of life to moral and religious pursuits," "The advantage of attending Sabbath School," "Polygamy." The advantage of such home productions are two-fold. The development of home talent, and the adaptability to local circumstances.

Superintendent I. M. Coombs and Bishop Tanner, of Payson, being present made some very appropriate and timely remarks and spoke very eulogistically of the exercises and order of the school. Our worthy Bishop Geo. Halliday and councilors are practically striving to promote the interest of our Sabbath School and all the institutions of this ward that aim at the right training of the youth. W. C.

Castle Valley.

HUNTINGTON, Castle Valley, February, 18, 1880.

Editors Deseret News:

I was called at the August conference in Ephraim, with others, to go east of the Wasatch range of mountains and settle new country. I arranged my affairs and started on the 23rd of October. Arrived in this valley the 1st of November. I liked the place and commenced to fix for winter. The morning of the 9th of November it began to snow and continued 30 hours; by that time it was six inches deep. It then began to be cold weather, quite disagreeable to camp out. As there were several families that had just come in. We got our families under shelter as soon as possible. It has been very cold up to the present time. We have had very little wind, in fact, it has been the pleasantest winter I ever saw, although cold. The snow is now about a foot deep on the level. Last season was very dry, consequently the feed was poor on the ranges and many cattle have died. Some have lost their last teams. The health of the people has been remarkably good; there having been no deaths. We have been joined by three emigrants from the realms above; all doing well.

Bishop Cox is alive to his duties, and is doing all he can to build up the people and develop the resources of the country. He has called his ward teachers, and to-day the Elders were organized in a quorum by electing Wm. W. Cheeney president; John F. Wakefield first and Aaron Cheeney second counselors; Miles E. Johnson, secretary, and Wm. Cordingly, assistant secretary.

The Bishop says in a few days he will organize a relief society, and as soon as the weather gets warm he will start a Sunday School. Our meetings are well attended and a good spirit prevails here.

Our ditch to take the water out on the south side of the river is progressing finely. Those that come in early can get to work water rights, and there is plenty of land to be taken up. All kinds of grain and vegetables that have been tried here grow well. Our saw mill will start soon after warm weather commences, so you see we are not discouraged notwithstanding our hard winter.

Ever praying for the welfare of Zion,

I remain, your brother in the gospel of peace, J. W.

The Promoter and Perfector of Assimilation.

The Reformer and Vitalizer of the Blood.

The Producer and Invigorator of the Nerve and Muscle.

The Builder and Supporter of Brain Power.

FELLOWS' COMPOUND SYRUP is composed of ingredients identical with those which constitute Healthy Blood, Muscle, and Nerve and Brain Substance, while life itself is directly dependent upon some of them.

By its union with the blood and its effect upon the muscles, re-establishing the one and toning the other, it is capable of effecting the following results:

It will displace or wash out tuberculous matter, and thus cure Consumption.

By increasing Nervous and Muscular Vigor, it will cure Dyspepsia, feeble or interrupted action of the Heart and Palpitation, Weakness of Intellect caused by grief, worry, overtax or irregular habits, Bronchitis—acute or chronic, Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, St. Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the process of Diphtheria.

Do not be deceived by remedies bearing a similar name, no other preparation is a substitute for this in every circumstance.

Look out for the names and address, J. I. FELLOWS, St. John, N. B., on the yellow wrapper, in watermark, which is seen by holding the paper before the light.

Price, $1.50 per bottle, six for $7.50.

Sold by all Druggists.
