Last Night's Dispatches.

EASTERN

A Desperate Woman.

MONTPELIER, Vt., 13.—The wife of Richard Dodge, living at Middlesex, shot the latter's brother to-day, blowing off his jaw, and inflicting what are considered fatal injuries; the parties had had a law-suit about property.

Towed Off.

NEW ORLEANS, 13.—The steamship *State of Alabama*, which has been on the pass at Aloutre bar for two weeks, was pulled off to-day, and towed outside; the greater part of the cargo has been discharged. There is not exceeding 15 feet of water on the bar at high tide, although two government dredges have been lowering it for twelve months.

Contradicted.

WASHINGTON, 13.—It can be authoritatively stated that there is no foundation for the statements that have appeared, to the effect that serious differences exist between the Secretary of the Treasury and the U. S. Treasurer.

Hanged.

KNOXVILLE, Tenn., 13.—John Webb, a murderer, was hung to-day; he maintained wonderful nerve and, under the gallows, continued to affirm his innocence.

Failed.

SPRINGFIELD, Mass., 13.—Patrick Fitzgerald, a real estate broker and builder, has failed for $150,000; his assets will probably reach half this sum.

Will Stay in Europe—Forged Bonds Discovered.

NEW YORK, 13.—The Brooklyn *Argus* states that Jno. G. Schumaker intends to resign his seat in Congress and to remain in Europe.

Detectives investigating the California and Oregon bond forgery have discovered four forged real estate bonds of the New York Central Railroad Co.

Crop Report.

CHICAGO, 13.—The *Inter-Ocean*, to-morrow, will contain advices from 250 points in the north-west, showing that, in Illinois, Iowa, Indiana, Michigan, Wisconsin, Minnesota, Kansas, Nebraska, Missouri and Dakota, the wheat crop will be in the aggregate sixty-five per cent., in Dakota the wheat will be in the aggregate 65 per cent., oats 79 per cent., and corn 91 per cent—over average crops. A special in the northwest, where the storms have done the greatest damage, shows that the first reports were considerably exaggerated, and though the yield of the crops will not be great it will be at least half an average in the worst injured sections.

WESTERN.

Endorsed.

SAN FRANCISCO, 13.—The Oregon State Temperance Convention assembled to-day, and endorsed Henry Warren, the republican nominee for Congress.

FOREIGN.

GREAT BRITAIN.

The Queen's Speech—More Failures.

LONDON, 13.—The following is the Queen's speech at the closing of the session of Parliament to-day—

"My Lords and gentlemen, I am happy to be enabled to relieve you from attendance at Parliament. The relations between myself and all foreign powers continue to be cordial, and I look forward with hope and confidence to the uninterrupted maintenance of European peace. The visit paid to this country, on the invitation of my government, by the ruler of Zanzibar, has led to the conclusion of a supplemental convention, which I trust may be efficacious for the more complete suppression of the East African slave trade. I have learned, with deep regret, that the expedition dispatched by my Indian government from Burmah, with a view to open communication with the western provinces of China, has been treacherously attacked by an armed force while in Chinese territory; this outrage, unhappily involving the death of a young and promising member of my consular service, is the subject of careful inquiry, and no effort shall be spared to secure the punishment of those by whom it was instigated and committed. The condition of my colonial empire is generally prosperous.

"Gentlemen of the House of Commons, I thank you for the liberal supplies you have voted for the public service.

"My Lords and Gentlemen, it is gratifying to me to find that the lengthened consideration which you have given the various statutes which have, from time to time, been passed for the preservation of peace in Ireland has resulted in a measure which, while relaxing the stringency of former enactments, is calculated to maintain tranquility in that country."

Her Majesty refers to other principal acts of the session, her reference to the shipping bills being as follows: "The state of public business and the difference of opinion naturally arising out of a varied and comprehensive scheme have unfortunately prevented you from completing the consideration of the merchant shipping bill, but I rejoice that you have been able, by a temporary enactment, to diminish considerably the dangers to which my seafaring subjects are exposed. I have every reason to hope that the progress in the revenue system, which has marked recent years, will be fully sustained in the present. The arrangements which you have made with respect to the reduction of the national debt, and those for better remuneration for public works, will lead to valuable improvements in our system of imperial and local finance. In bidding you farewell for recess, I pray that the blessing of Providence will fall on your recent labors, and accompany you in the discharge of all your duties."

The *Echo* records some further failures in the city, among them Donegri & Sons, and H. I. Cravan.

Liabilities—Big Hail Storm — Prussia Complains to Russia.

The liabilities of Denegri & Sons are put at £24,000 sterling.

A despatch to the *Standard* reports a hurricane and hail storm at Pontaise, twenty miles north-west of Paris. Many houses were unroofed, and windows and chimneys everywhere demolished; in the surrounding country, for several miles in every direction, cattle were killed and fruit trees and vines destroyed. A number of people were badly injured by hail, which was enormous, and it is feared that some will die from their injuries. The tempest only lasted half an hour, but the damage is estimated at $100,000.

A Berlin despatch to the *Post* says that the German government has addressed a formal complaint to Russia in regard to the infraction of the frontier at Donbrowa. The Russian soldiers who originated the difficulty have died of the wounds received in the affair.

PRUSSIA.

A Singular Subject Discussed.

BONN, 13.—The Old Catholic conference occupied to-day discussing the procession of the Holy Ghost. The conference has nearly agreed to a formula, which will be submitted to-morrow, to which the eastern and western churches may jointly subscribe.

Dead.

BERLIN, 13.—Heinrich Adolf Von Bustrow, a general in the Prussian army, died to-day, aged 74.

FRANCE.

Exhibitors Increasing.

PARIS, 13.—The number of persons intending to send goods to the Philadelphia exhibition is increasing here, and at Lyons, to-day, Mr. Appleton addressed a meeting of silk manufacturers on the subject of the Centennial, and besides making many practical suggestions, he made an eloquent expression of the sympathetic sentiments of Americans towards France. A special committee was appointed to attend to dispatching goods to Philadelphia.
