FORMALLY CHOSEN.

Legislature in Joint Session Ratifies Yesterday's Action

IN ELECTING CANNON AND BROWN.

Both Senators Will Leave for Washington Tomorrow and Immediately Enter Upon their Duties.

The State Legislature met in joint session at high noon today after each branch had separately gone through the formality of roll call, prayer and reading of the minutes. The joint meeting was held in the House and on the approach of the Senate in a body the members thereof were duly announced. A moment later President of the Senate Cannon, who had taken a seat at the side of the Speaker, called the lawmakers to order, saying, "The hour has now arrived when we must take formal action with reference to the ratification of the election of United States Senators from Utah."

The respective rules of each branch were again called, after which the minutes of the Senate and House—those portions of them relating to the Senatorship election—were read, after which President Cannon announced Messrs. Cannon and Brown elected. On signing the pair of certificates they wound, he said, he only qualified as far as the action of the joint convention resulting had result about.

The minutes of the joint session were then approved and an adjournment was about to be taken when

Senator Jones, of Salt Lake, moved the appointment by the chair of a committee of four to wait upon the Messrs. Cannon and Brown and notify them of their formal election as United States Senators. The motion prevailed and the chair named Senator Jones and Snow and Representative Ferguson and Andrews as such committee. Together these gentlemen departed from the hall. In the space of two or three minutes they returned and Senator Jones said:

"After a diligent search we come back empty-handed, being unable to find our new Senators." (Laughter.)

The search had not been very thorough, for the gentlemen could have been found at their usual place of business in the city.

Evans—I move we elect two more. (Renewed laughter.)

Warner—I move that the report of the committee be adopted and the committee discharged.

This motion carried, after which the joint session dissolved and each branch was again called to order and took a recess until 2 p. m., without transacting further business.

Senators Cannon and Brown will leave for Washington tomorrow and immediately enter upon their official duties on their arrival.

WORK OF THE SENATE TODAY.

Sheep Men Petition for Legislative Relief—Arizona Strip Memorial Passed—Miscellaneous.

On the Senate resuming work this afternoon Snow asked that leave of absence be granted to Senator Warnum who had been suddenly and unexpectedly called home on account of sickness in his family. Permission was granted as prayed for.

SHEEP INSPECTION.

Driscoll presented Senate petition No. 11, which reads as follows:

"At a convention of the wool growers of Juab county, Utah, the following resolution was adopted:

"Resolved: That we, the wool growers of Juab county, in convention assembled, petition the Legislature to repeal chapter 68 of the session laws of 1892, "an act to amend section 2264 of the Compiled Laws of 1888, defining waste."

This is legislation against sheep only as they are the only stock which have to be herded and bedded or camped in the proper way and management. In many localities throughout Utah there are many unscrupulous gentlemen who take advantage of the above mentioned chapter by instituting actions in the courts against sheepmen, while at the same time they have hundreds of cattle running at large on the same range, wallowing in the streams, dripping their filth therein and polluting the water more than it would be possible for sheep to do, thus converting the public domain to their individual use, and sections 1, 2 and 3 of section 2266 gives ample protection against the befouling of streams of water.

ALSO ON A SCHOOL SECTION.

Caudland presented the following petition:

We, your petitioners, citizens of Morgan, Rampete county, Utah, respectfully represent to your honorable body, that our city was first settled in March, A. D., 1860, and that land first occupied and upon which our town was first located was in sixty years to-will, in 1861, when surveyed by United States surveyors ascertained to be a lot comprise all the land in section 16, township 2 south of range 3 west, Salt Lake principal meridian, thus proving to be a school section and as such reserved from sale to actual settlers.

This said land was settled and improved in good faith under the existing conditions as great expense to us, and that it has been in the continued possession of your petitioners and those whom claims they have purchased from the time of its first occupancy, and that we have made repeated unsuccessful efforts to purchase said lands, and that under the requirements of an act of the Legislature of the Territory of Utah we were immediately charged a yearly rental for said land until such act was declared to be void by the courts of the Territory, and that in many cases, the only consequence for some and successors of many of your petitioners is upon said land. That upon the title of said lands now vests in the State of Utah, we hopefully petition you to immediately enact a law as will enable us to secure full and complete title to said lands, on as good and favorable conditions as the national government gave to the pioneer settlers upon the public domain, and upon such terms of payment as will be just to your petitioners and to the interests of the school fund of our State.

Believing that the fair relief action on your part in the premises will be such a proper and liberal one as will of our appreciation of the pioneer settlers of this part of our State, as well as will enhance by the justice sentiment. And trusting to your early and favorable action in the premises. As in duty bound your petitioners will ever pray.

The petition was signed by A. L. Jensen and a large number of others.

MISCELLANEOUS.

The committee on engrossment reported the resolutions and engrossment of the tariff and silver memorials. Adopted, after which both memorials received the signature of the President.

On motion of Warner, the "Arizona Strip" memorial passed, under a suspension of the rules, and was referred to the committee on engrossment.

Booth introduced a bill for an appropriating money for the maintenance of the deaf mute institute for January 1, 1896, to July 1, 1898. Committee on ways and means.

Allison introduced a bill for an act for the protection of fish and game and providing for the appointment of State game and county fish and game commissioners. Referred.

The Senate committee on labor will give a hearing to labor delegations and all other persons interested in labor legislation at 10 a. m. tomorrow, in the committee room at the southwest corner of the house, she stamper.

Senate bill No. 13, by Allison, proposing certain amendments to the present irrigation act, came up and was discussed at length, after which it was recommitted to the committee on irrigation for reconsideration.

"RECALL" OF HAYARD.

Allison's resolution asking Congress to recall Ambassador Hayard was again brought up—late time for third reading, and upon it creates a spirited row. Hoffman was demanded by Allison, and was about to be proceeded with, when

Warner moved to table the resolution immediately, and resolution a newspaper Ambassador Bayard's statement that he intends to use the present unfriendly concerted. Chorusing, Warner said that so far as the Senate knew there was nothing more to it than the vague imaginings of the gentleman from Weber. For some time he has watched his eagle eye, handsome nose, and listened to his earnest voice. It was doing a great relation to Mr. Bayard. It was now being investigated by Congress and the Utah Legislature should not presume to set the pace. Business should be transacted and time not idly whiled away. Mr. Allison wanted a little notoriety for himself and political advantage for his party. The speaker deplored and denounced the action and said the resolution should be voted down.

Allison, at 5:35, rose to reply to Warner and was proceeding to do so in a very earnest and sarcastic manner when the News report was closed.

In the House.

The House met in regular session at 2 p.m. with Speaker Denny in the chair, and after the reading and approving of yesterday's journal, business was proceeded with as follows:

A communication was received from the Senate reporting the passage of H. J. R. No. 3.

Governor Wells submitted to the House, forty-five copies of the eleventh census reports of 1890—one copy for each member—which had been obtained through Senator Frank J. Cannon.

The Governor also submitted to the House the report of Territorial Treasurer J. W. Whitehead for the years 1893-5. Referred to the committee on ways and means.

The Speaker informed the House of the passage, by that body, of S.B. No. 25, a bill providing for the amendment of sections 2261 and 2263 of the session laws of 1892.

Mansfield of Wayne presented H. C. No. 10, claim of John H. Carlisle, assessor and collector of Wayne county, for $93.45 as a reimbursement for uncollected taxes.

Bolton, chairman of the special committee appointed to look up rooms for the use of State officers, reported that the committee had met this morning with the Salt Lake county officials, with reference to rooms in the joint city and county building. The county officials had made a proposition to furnish sufficient rooms for State officers, at an annual rental of $1,800.

The committee, which provides for the amendment of section 4, chapter 23, Session Laws of 1892, introduced by Rawlins, his object being to give individual assessors an opportunity to tax transitory herds for the actual length of time they are within the borders of this State.

The committee to which the bill introduced, recommended certain amendments, and after some discussion it was recommitted, to be reported upon by the committee arising.

The committee on rules to which had been referred amendments to rules 20 and 23, offered by Dalton and Ferguson, respectively, recommended their passage.

Ormsby's amendment to rule 20 was discussed at some length and after adopting amendment so as to read "motion to adjourn shall always be in order except when a member has the floor or when a vote is being taken," was passed.

The committee report on rule 18, relating to the manner of petition, was not in, was adopted, at which time the News report closed.

Supreme Court.

The Supreme Court met at 10 a. m. Chief Justice Zane presiding. Motion of Attorney Adrian C. Emis Jr., it was ordered that Henry Rose of the supreme court of Nevada be admitted to practice before the supreme court of this State as an attorney and counselor at law.

The People of Utah vs James D. Van Tassell; this case was argued, submitted and taken under advisement.

Decorra M. Howe vs C. Edgar Howe, this case was also argued and submitted and taken under advisement.

A HAPPY TIME.

The Entertainment in the Theater Under the Direction of the Old Folks' Committee.

The Theater was an animated scene this afternoon on the occasion of a free entertainment kindly tendered by the Lyceum Stock company for the old folks, widows, orphans and deaf mutes. Before one o'clock scores of old and infirm people, some wearing badges, could be observed wending their way to the Theater to witness the drama Forgiven, and to otherwise indulge in a good time. The Rapid Transit furnished a special car, which transported thirty-five of the people of the county sufficiently to their destination. The deaf mutes were also there, sixty-five strong, together with the newsboys. Altogether 1,500 tickets for the entertainment were distributed.

At 1:40 C. R. Savage and George Q. Cannon stepped before the curtain, when the former indulged in one of his characteristic speeches that put everyone in a good humor. He concluded by requesting that any of the original plot users were in the audience they would rise to their feet. J. Greenhalgh and George Whittaker were there and responded.

A silver mounted cane, donated by Browning Bros., was presented to Samuel Mason as being the oldest gentleman present.

Mrs. Sprague, 84 years old, captured the handsome bouquet given by James Dwyer for the oldest lady.

Mr. Gedert made some remarks which he stated that there was a Pioneer at Lehi, 98 years old who was desirous of taking a partner for life and applications were in order.

The Old Folks' court, under the leadership of Wm. Foster, then received America in a manner that caused them some pleasure, for which they gave Utah, We Love Thee, by Evan Stephens. Then followed the drama. The cast has been strengthened since the original production at the Lyceum, which, combined with good staging, makes Forgiven a first class production. It took immensely with the audience. All the members were well received, especially little Jessie Conrad, who was the recipient of a bouquet in the second act.

Great credit is due the Old Folks' committee for the manner in which the whole affair was conducted, to the street car companies, who furnished free transportation, and to the Lyceum company for this gratuitous performance.

We Think So, Too.

SALT LAKE CITY,
January 22, 1896.

To the Editor:

I see in your issue of yesterday, a statement to the effect that little Annie Thiede is to be adopted by Mr. Roscoe. Referring to that part of the article assuming to describe the disposition of the child, I think its publication unwarranted, even if all said about the child is correct. Will she not have enough to contend with in the public knowledge that her father is to be arraigned for a fearful crime, without prejudging the child and publishing that judgment to the world? And the little one is to be under a suspicious eye for years to come, as though, almost, she had been a party to the awful deed. I think charity would have suggested that the latter part of the article referred to should never have appeared in print.

I have heard several persons who live in Murray say the child is of a good, amiable disposition, and not to be never as she grew up.

Respectfully, REDEX.

Meeting of Silver Men.

WASHINGTON, Jan. 22.—About a hundred silver men were seated at today's conference under the auspices of the American Bi-metallic league. General A. J. Warner, in calling the conference to order, said the time has come for action. There was no hope of winning the fight in deadlocks, $ radio organ is there controlled by the gold standard men.

"Gold," he said, "was written on the walls of the inner temples of both the old parties and it could be obliterated only by total defeat of both the white.

"This conference was called to celebrate upon the present condition of the country and decide upon the policy to be pursued by the friends of bi-metallism.

"It was expected an agreement would be reached upon the time and place of a national convention to nominate candidates for the Presidency and Vice Presidency of the United States. The fight must begin now and continue until victory is won."

Wharton Barker, of Philadelphia, spoke of the competition which the manufacturers of this country were beginning to see from the manufacturers of China and Japan.

Senator Stewart delivered an animated address on the situation.

A committee on resolutions was authorized to be appointed by the chairman and started to arrange for the national convention.

Fatal Railroad Collision.

SEDALIA, Mo., Jan. 22.—A terrible head collision occurred this morning between a passenger train on the Missouri, Kansas and Texas road, killing, a mile south of Boonville, killing Frank Batty, fireman of the freight train, and Jerry Mahoney, of Sedalia, engineer of the passenger train, and Mr. Hatter, conductor Harvey J. Simon, of the passenger train and Harris, of the freight train. Three other men may die. Some passengers were hurt, none seriously, however.

NEW YORK, Jan. 22.—The monetary situation yesterday overtook London was attended by repeated advances made in American securities, which continued to-day. Local traders recommended primarily to an upward movement, but the first strong influence was the announcement in Boston that its new ten-million-dollar issue of Atchison bonds had been taken up by a syndicate headed by Kuhn, Loeb & Co., Speyer & Co., Kidder, Peabody and the Lonsdale people. A. Clark, Murphy & Co. gave an impetus to the movement by advances of Union and Southern equities. The rapidly upward movement was soon checked and could only followed in which general shorts participated to the good fortune for Boston account. The markets at 11 was

AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attentions, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—persuaded, by me, a bottle of the medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMMY WEBER, North St., Elkton, Md.

A Great Blessing

My wife and I have found in Hood's Sarsaparilla. She had rheumatism very severely, with ankles and legs so swollen that she hardly able to get up and down stairs without help. Many other remedies failed, but Hood's Sarsaparilla entirely cured her. It was only shortly after that I was taken with the same complaint, suffering my limbs and hips, so I just tried the same medicine with the same result. My wife and children take Hood's Sarsaparilla whenever they need it, and we all recommend it to everybody.—J. W. WARE, Willow Road Hill, Indian Ter.
