WANTS WRIT OF HABEAS CORPUS.

Charles Sacco, Fugitive from Justice, Makes Desperate Attempt To Secure Liberty.

ARRESTED AT CASTLE GATE.

Claims That Complaint Against Him Is Void Because it Was Not Properly Sworn To.

A petition for a writ of habeas corpus has been filed in the district court by Charles Sacco, alias Jim Costorra, who was arrested at Castle Gate several days ago by Chief of Police Lynch upon the request of the police authorities at Chicago. Sacco is wanted upon the charge of assault with a deadly weapon with intent to commit murder.

The petition alleges that he is unlawfully deprived of his liberty by Chief Lynch for the reasons that he was arrested without any warrant, and that the complaint against him is void for the reason that it was not sworn to before a committing magistrate but was sworn to before the deputy clerk of the city court. It is further alleged that the complaint does not state facts sufficient to show that the petitioner is a fugitive from justice.

The case will be heard before Judge Ritchie at 4 o'clock this afternoon.

BIG SLUMP IN NORTH. SECURITIES

New York, April 18.—Gains were more numerous than losses in the opening transactions, but some prominent speculative stocks declined. United States Steel preferred opened wide selling at 104⅝ and 104⅞, the latter a record price.

Holders of stock became uneasy over the acute weakness of Northern Securities which slumped to 160 on the curb and threw over their belongings. St. Paul and Union Pacific broke in a precipitate manner, the former 2⅝ and the latter 2¾. The effect on the general list was that the recent buoyancy in the specialties suffered keenly. Smelting and Rocking Valley declined 2, Illinois Central and Delaware & Hudson 1¾ and United States stocks, Tennessee Coal, Amalgamated Copper, Locomotive, Consolidated Gas, Twin City Rapid Transit, Canadian Pacific, Atchison and New York Central 1. Nervous rallies followed extending to 1 and 2 points respectively in Union Pacific and St. Paul, but the market was back to near the lowest at 11 o'clock. People's Gas was marked up 2¼ despite the prevailing weakness.

There was some improvement in the tone of the market but the demand died out on the advances and left the market soft. Colorado Fuel, Virginia-Carolina Chemical and Vulcan de-Tinning preferred rose 2. United States Reduction 1½ and North American 1. Atlantic Coast Line got above 162. Losses included American Express 3, Consolidated Gas ½, Illinois Central 2¼, Pacific Mail 2, Union Pacific and United States Steel preferred fell lower than before and the market was weak at noon.

Bonds were steady at noon.

Much of the morning's irregularity and feverishness existed during the afternoon. After a pretty substantial recovery the market was again forced down and some of the lowest prices of the day were made. Northwestern broke 3 and St. Paul and Union Pacific were again prominent in the late selling. A good demand for Lead carried it to near 49 and there was a better tone to the general list about 2 o'clock.

But few stocks escaped losses of a point or more during the selling of the forenoon and in some cases that range was largely exceeded. Sentiment was unfavorably affected by the steady unloading of St. Paul, Union Pacific, the United States Steel and other metal stocks. In the early afternoon the market picked up sharply. Quite a number of stocks recovered a point, but the demand slackened on the upturn. Amalgamated Copper rose a good fraction over last night.

There was another selling movement in the final hour. Outside of the weak leaders of the decline there was some resistance about the previous low level. But the weight of offerings broke through to the lowest of the day. St. Paul fell 3⅝, Union Pacific 4⅝, Sloss-Sheffield 4, Delaware & Hudson 3¾, Illinois Central 3¼, Locomotive 3, and Canadian Pacific, Missouri Pacific, C. C. C. & St. Louis, New York Central, Pullman and Tennessee Coal 2 or more. The closing was very active and weak.

Money on call steady, 2½@3 per cent, closing bid 2¾, offered at 3.

Time loans easy and dull; 60 days, 90 days and six months, 3½ per cent.

Close: Prime mercantile paper, 4@4½ per cent.

Posted rates, 4.85@4.87.

The days come and the days go, but no denial as to the accuracy of the above figures appears in the organ of the Knockers, the Salt Lake Tribune. Everything else that rage, mortification, hate and intolerance can suggest boils forth from its columns, but absolute, silence on the circulation figures.

That the eloquent story of the figures compiled by the "News" has proved an "eye opener" to many in the community is evidenced by the following three letters, received today at the "News" office from representative citizens in Salt Lake, Ogden and Logan.

A COMMON LIBELER.

Salt Lake City, April 17, 1905.

Editor Deseret News:

Your statement of facts regarding the comparative circulation of the "News" and Tribune in the leading towns of Utah has been most interesting to the people. The chief point of interest is in the fact that your statement is true. The Tribune circulation is going to pieces because the sheet itself is naught but a common libeler, disregarding law and decency alike.

I note that the Tribune manager offers a challenge to show by his books that his paper has made more money since Mr. Lippman took hold of it than before.

Is there a soul in this state, conversant with the facts, who would believe the Tribune? Hardly.

Is there a soul who would believe the books of that concern?

Books that have been doctored to deceive advertisers can be made to show anything but the facts. That is what ails the Tribune's books.

That challenge reminds one of a thief proffering to swear to his own honesty.

And how dignified, how polite, how courteous, is the language of the challenge! Deficient in all these, it is likewise deficient in truthfulness.

Further, it evades the issue you raised—that of decreasing circulation. The manager says his paper has made more money. From where? Nor from subscriptions. Not from advertising. Not from legitimate business.

You named the largest cities in the largest counties in the state. He says the Tribune never had a large circulation in these. Only a short time ago he declared it had. On which occasion did he tell the truth, if either?

The "News" is doing good service to the public, in exposing the facts regarding this hypocritical, libellious, law-breaking sheet. The public commends your dignity, courtesy and accuracy in the interest of the people. Show the rascals up.

NEWSPAPERMAN.

KNOCK THE KNOCKERS OUT.

Logan, April 16, 1904.

Editor Deseret News:

Your suggestion for businessmen and other influential citizens of Utah "to stop the 'Knockers,'" is timely and to the point.

Men and papers that wilfully belie and maliciously misrepresent our fair state and its people ought to be called down in an emphatic way. The hand of support ought to be withdrawn from them, if they do not quit and "repent in sackcloth and ashes."

The businessmen, railroads, banks and merchants can easily make their wishes felt in the matter of newspaper "knockers" if they unite and call a halt.

One of old said, that: "A man that will not provide for his own household is worse than an infidel."

Every good and patriotic citizen of today says, that "A man or a paper that does not support its own city and state and speak well of them and their residents is a traitor and ought to be 'knocked out.'"

Who can tell the effects of this "rule or ruin" crusade?

The writer knows of Eastern credits that have been cut off since it began, of business projects that have been sidetracked and of several investors that intended to visit us who have gone elsewhere.

The "knockers" know that the "Mormons" are virtuous, sober, industrious and honest, and in every way compare favorably with any other people in the world.

They also know that their leaders have these qualifications and are practical benefactors of humanity.

Could there be selected from among these "knockers" a set of men that could do what has been done, and what is being done now, by the "Mormon" leaders for their people and our state? Most certainly not! Then where does your kick come in, "Mr. Knocker?" You could not do better than adopt the "Mormon" creed: "Mind your own business."

Yours for Utah,

A BUSINESSMAN.

OGDEN'S APPRECIATION.

To the Editor of the News: Ogden City, Utah, April 17, 1905.

Voicing the sentiments of many of Ogden's best people, I desire to express our appreciation of the efforts on the part of the Deseret News to enlighten the people of this state on the circulation, standing and journalistic prestige enjoyed by the Salt Lake Tribune.

It is certainly an eye openerto many, and I hope you will "keep the ball rolling."
