LOCAL AND OTHER MATTERS.

DRAMA.—Last night Mr. Oliver Doud Byron appeared, for the first time here, as "Joe Ferris" in the powerful sensation Drama of "Across the Continent." The play consists of a prologue and three acts. The exceedingly unpropitious weather doubtless prevented many from attending, but those who were there were enthusiastic and sometimes boisterous in the expression of their applause. For a first night, the play went off remarkably well. It is of the same class as by the same author as "Through by Daylight," and is full enough of variety, stir, and sensation. There are high life and low life, considerable of the latter, intoxication, delirium tremens, scuffles, fights, knockdowns, stabbings, shootings quite a few, plot and counterplot, comedy and tragedy, song and dance, wit and fun and humor, skill and muscle, tight places, hair breadth escapes, and quick-as-thought deliverances, telegraph tools, locomotive time race, Indian fight, startling tableaux, and thrilling denouements. The play is one which most playgoers will like to see. The interest accumulates until the end.

The main features of Mr. Byron's portraiture of Joe Ferris are youthful manliness and quick, energetic, mental and physical vigor, creating a very agreable impression.

Mr. McKenzie played with great care the unpleasant character of the villain of the piece.

Mr. Graham had again one of those characters in which he makes himself thoroughly at home, and his genial comicalities contributed in no small degree, to the success of the evening.

Miss Adams, in the two extremes of poverty and plenty, played with her usual effectiveness.

Mr. Loraine delighted the audience with his Dutch dance, as did Messrs E. Bowring, D. Clawson, and S. Spencer.

Our space is too limited to enlarge further on those who wish a satisfactory evening's amusement, will find it at the Theatre to-night.

CHRISTMAS IS COMING!—Christmas is almost here. Notwithstanding the blockade and the immense amount of overdue freightage, a good time is in prospect for the holidays. If our many thousand intelligent readers wish to know where to obtain presents and gifts for the holidays, sons and daughters for their parents, brothers for their sisters, parents for their children, husbands for their wives, lovers for their sweethearts, everybody for his friends, just read our advertising columns—there you will find where to go to be satisfied.

THAT INVESTIGATION.—The examination of witnesses on the part of the defence, in the Robinson investigation, was closed yesterday afternoon. The following persons were examined, Charles W. Baker, John Kramer, T. A. Lyne, Henry M. Taylor, Isadore Morris and Mr. Deihl.

Mr. Fitch, in examining Baker, asked him if he could read and write, and receiving an affirmative answer, the counsel requested witness to write after his dictation the following note:

"C. W. Baker, Salt Lake City, Dec. 21, 1871.

"Sir: Leave this city or remain at your peril. You will be allowed until the first of January next.

"YOUR FRIEND."

He did write a paper, shown to him by counsel, addressed C. W. Baker, Revere House, but he did not write one, and send it to John Kramer requesting him to get his wife to copy it and send it to him (witness) through the post office. He knew John Kramer, but never told him he had been offered money to testify here; he never had been offered money or anything else to do so.

John Kramer, alias "Dutch John," testified that he knew C. W. Baker. The paper which Baker had denied writing was shown to witness, and he identified it as one given to him by Baker to get copied. He could not read or write, but knew this was the paper because of the marks he had made upon it with tobacco stains. He had accused Baker of doing some hard swearing in this case, and Baker said he had to do it, he had no money; but he, Baker, said he was going to swindle them all.

Thomas A. Lyne's testimony was solely in reference to a performance in, and to the construction of, the Academy of Music.

Henry M. Taylor and Isadore Morris testified to the bad character of John Kramer.

Baker was recalled. Said he did not think he had ever written from this city to any person in Nevada. In reference to the fuldi paper, which contained his address, he said a person named Tommy Lyon went to him yesterday noon and said a friend wanted to see him, and he, (witness) gave Lyon his address, where the "friend" could find him if he desired to do so.

Mr. Deihl, barber, said that in his shop, last week, he heard Kramer say he could furnish three men who would swear that Baker was not in this country at the time Robinson was killed, but it would take $5,000 to get them here.

This closed the evidence, and after an arrangement that the counsel on each side should occupy an hour each in argument, the court adjourned until this morning.

Ten a.m. Ead. The argument for the prosecution was opened by the Ass. Pros. Att. who, on this occasion as on all others whenever he has had an opportunity to harangue against "Mormons," did it with a seeming most hearty good will, what he lacked in grace of style and elegance of diction being counterbalanced by vehemence in denunciation and effort to prove his case and convict. He insinuated that the whole police force were now on trial, and got through his "piece" in about an hour.

Per Deseret Telegraph.

ALTA CITY, Utah, 21.—It has been storming almost incessantly for four days, with a drizzling rain and snow, which has almost entirely stopped the shipping of ore. There was a few teams up the kanyon today, but they were compelled to return without much load. The mail was brought up this morning by a foot man from Tanneyville, it being thought unsafe to come with teams. It is estimated that a foot of snow has fallen during the last three days, although it has been constantly thawing.

The trail to the Wellington is blocked for the present. We have scarcely seen the sun since Sunday morning. Everything looks gloomy and dismal. The snow on the level about ten feet deep.

R. R. BULLETIN.—Ogden R. R. Depot, Dec. 21, 11 a.m. The Union Pacific arrived last night about 12 o'clock, no report from to-night's train. Reported snowing and blowing all along the Eastern line yesterday.

Passengers from the West, this morning, say it has been raining in the West for the last three days. It is very stormy now.

MATINEE.—Remember that matinee for the Juveniles to-morrow. They will all be delighted to see "Across the Continent."

DEAD, this afternoon, in this city, at a quarter to one o'clock, Mrs. Harriet Page, wife of Bishop Lorenzo D. Young. The funeral will take place on Sunday morning at 10 a.m. Friends are invited to attend.

THE CARRIERS of the NEWS, who plod punctually and unwearingly through summer's heat and dust and winter's wet and snow and cold, wish their friends a time of hearty enjoyment this season of festivity and rejoicing, and hope to be remembered by them in return.

SNOW, three inches, more or less, on the ground this morning, and more coming through the day, all soft and slushy. Characteristic Christmas weather.

THE TRAINS.—The following came per W. U. line:

Ogden, 21.—The U. P. train due here on Monday evening arrived at 2 p.m. to-day: the train due last evening arrived at five this evening; the train due this evening is expected about midnight. The Central Pacific train due this morning arrived at 3.30 p.m.

LARGE BEEF.—George Chandler has on exhibition a beef he purchased from Geo. L. Myrick, of Rhodes' Valley, fed on grass, that weighs twelve hundred and twenty-four pounds net.

ELDER JAMES W. CUMMINGS left this city on the 5th of September, on a trip to the Eastern States, to inspect and purchase machinery for the Provo woollen mills; he reached home again last Monday. He called this morning and informed us that during his absence he visited Philadelphia, Chicago, Providence, Boston, Lowell, Lawrence and other places, posting himself with regard to the best machinery and the most improved methods of manufacturing light and heavy woollen goods. While in the East he ordered $60,000 worth of machinery, of the Bridesburg Manufacturing Company, Philadelphia, the last of which is to be shipped for its destination sometime this week. Brother Cummings left Philadelphia, homeward bound, on the 11th instant. On the way hither he was detained about thirty hours at Pine Bluffs, and it was very slow traveling from there on to Laramie. From Laramie to Ogden the travel was good. He states that there are scores of loaded freight cars between Ogden and Omaha, which the railway company are afraid to forward on account of the abundance of snow along the line.

SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company,

AT THE WORLD'S FAIR

—Constituted by the homes of the people—

Received the Great Award of the Highest Sales and have left all rivals far behind them, for the

Sold in 1870 127,833 Machines!

SEWING MACHINE SALES FOR 1870.

The Singer	127,833	Florence	17,660
Wheeler & Wilson	82,594	Gold Medal	8,912
Howe	75,169	Ætna	5,806
Grover & Baker	67,402	Empire	3,560
Weed	35,003	Finkle & Lyon	2,400
Wilcox & Gibbs	28,890	Davis	1,783
American Instructor & Universal	19,978	Wilson	800

And several other companies who sold a few Machines.

"It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1869 were 81,781 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*

One-half of our Gigantic Sales, now nearly,

THREE-QUARTERS OF A MILLION

Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS!

But the greatest increase of our Sales over all other Machines, being within the past year. This is incontestible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This New Family Machine is now capable of a wider and variety of work such as was daily recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easy operated, speedy and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its greeting, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the Interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and in a moment this without any patent wearying instrument may be adjusted for fine work on gauze or gossamer linens, or the locking of fustian, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, oil and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving congestion or inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Disease are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which remove them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
