PRICE OF GOLD.

Issued Daily by BANK OF DESERET.

SALT LAKE CITY, November 29, 1871.

Buying at 1[illegible]; Selling at 1[illegible].

LOCAL AND OTHER MATTERS.

THE members of the High Council are requested to meet at the City Hall to-morrow morning at ten o'clock.

THEATRE TO-MORROW NIGHT.—To-morrow night there will be an excellent bill of fare presented at the Theatre, consisting of the thrilling melo-drama "A Hand at Cards,—Game, Life; Stakes, Death. To be followed by the farce "Pitcher and Tender."

THANKSGIVING DAY.—To-morrow there will be no issue of the DESERET NEWS, on account of the General Thanksgiving Day ordered by President Grant, for the whole of the United States, and specially ordered for this Territory by his Excellency Governor Woods. We presume that throughout this city and the principal cities of the Territory business places will be closed and business will be suspended. It is always good to join in thanksgiving to the Giver of all good for His bounties and favors, and no people under heaven do this more heartily and persistently than do the Latter-day Saints in Utah Territory. It is their custom to do it day by day, and an official proclamation ordering them to do so is as unnecessary as a proclamation of the same class prohibiting them would be useless, and in sunshine or storm, in fair or foul weather, in adversity or prosperity, the Saints humbly recognize and acknowledge the hand of God.

To some people the idea of a day of thanksgiving among the people of Utah just at this peculiar crisis of their history may seem rather inopportune, seeing that a fierce crusade is being waged against them by corrupt officials, holding temporary place and power, solely on account of their religion, and when efforts of the most violent character are being made, not only to deprive them of the privilege of worshipping God according to the dictates of their own consciences, but also to oust them from the homes and possessions they have conquered in and won from the desert after a quarter of a century of arduous and unremitting toil. Never before since the Republic was founded has such a crusade as the present been waged within its borders, and to the student of history in the future it will read more like a recital of events which happened in Europe in the darkest days of religious intolerance, or the bitterest Puritanic bigotry in colonial times in New England, than of events which occurred in the United States in the latter half of the nineteenth century. But anomalous as it may appear, and disgraceful as it certainly is to all engaged in it, the Saints can heartily join in thanks and praise to God, for they know from past experience that when their extremity has been greatest their deliverance and triumph have also been nearest, and on these accounts and many others, the people of Utah will heartily join to-morrow in thanking God for His mercies.

DIED, at 1 o'clock to-day, Margaret Quick, wife of Bishop Abraham Hoagland, of the 14th Ward, in this city, aged 69 years. The funeral will take place in the 14th Ward school-house to-morrow at 1 o'clock. Friends of the family are invited to attend.

IN THE STORM.—Elder W. Woodruff, in from Bear River Valley, gives us a graphic account of his journey therefrom. With his team he left the settlement of Randolph on the morning of Saturday 25th in the rain. He met the great snow storm when fifteen miles from Wasatch. He pushed through the storm, a most furious one, to Wasatch, arriving there in the night, the snow a foot deep. Next morning, the snow was two feet deep, and still coming. By the kind assistance of friends he got aboard of the cars, the snow three feet deep on the level, and, the storm still continuing, arrived at Ogden Monday evening, where he stayed for the night. Yesterday he came with his team to Kaysville, where Bishop Layton kindly took charge of the team and Elder Woodruff came by train to this city, where he arrived safely last night, and apparently none the worse for his trying journey, though with a vivid recollection of one of the most severe storms known in these mountains. He feels very grateful for the generous assistance rendered him on the journey, and he fears that any persons out in the storm away from settlements will be very likely to perish. The settlement of Wasatch is breaking up, the principal portion of the inhabitants removing with their stores and other movable effects to Evanston.

A DANGEROUS PRACTICE.—Early this morning an out-house on the lot of Mr. Thomas Ellerbeck, in the 17th Ward, was discovered to be on fire, and was speedily destroyed. Happily, owing to the serenity of the weather at the time, no other damage was done. The fire was caused by smouldering ashes from the stove being deposited there, and had the wind been blowing at the time, the damage and destruction of property might have been serious. This little incident should prove a warning to our citizens about the disposal of the ashes from their stoves, and wherever deposited they should be careful to have every spark of fire extinguished.

ITEMS FROM THE NORTH.

LOGAN, Nov. 29th.

Editor Deseret News:—There was no connection with telegraph offices south, from Saturday till yesterday, at half-past 2 p.m. There are several poles down between here and Wellsville. Men and teams have been sent to repair the line. When the southern connection is made it will probably be a week or more before the roads here can be traversed by teams, without great difficulty. The great storm came so unexpectedly that it found many people with diminutive wood piles, and otherwise unprepared. Charles Hastings, a young Englishman, lectured here on Sunday evening, on the Mormon question. It was a milk-and-water affair, water *ad libidum*, and milk infinitessimal. The weather is now foggy, intensely cold, and freezing very hard.

JOHN NICHOLSON.

UNITED STATES OFFICIAL SURVEYS.—We are indebted to Col. Freimoth of the Surveyor General's office for the following information concerning a late survey of the public lands made by Ferdinand Dickart, U. S. Deputy Surveyor in "Round Valley," along the Sevier River in Millard County and northeast of Fillmore city.

The survey embraces eleven fractional townships, as follows:

Township	14	South,	Range 2	West
"	15	"	" 2	"
"	16	"	" 2 & 3	"
"	17	"	" 2 & 3	"
"	18	"	" 2,3 & 4	"
"	19	"	" 2	"
"	20	"	" 2	"

Containing an area of 110,547 26 acres, which we are informed will be ready for homestead and pre emption entries sometime during the month of January 1872.

The lands in these townships are for the most part first and second rate. They are well watered by the Sevier River, which runs through the greater part of this survey and further south by a beautiful little lake of fresh water thereby affording superior facilities for irrigation. Fine tracks of good grazing lands are also found, while in many parts the soil is well adapted to agricultural pursuits.

The settlement of Scipio is situated in Township 18 South, range 2 west. Duplicate plats of the above have been made, which together with the field notes have been transmitted to the Commissioner of the General Land Office at Washington.

WELLS FARGO'S CLOSED TO-MORROW.—Wells Fargo & Co's. banking office will be closed on Thursday 30th inst.—Thanksgiving day. The Express Department will be open until 11 o'clock a.m., and from 2 to 3 p.m. and from 7:30 to 8 p.m.

THEO. F. TRACY Agent.

ARGUMENT CONTINUED.—Mr. Hempstead, this morning, closed his branch of the argument to quash the indictment against William Kimball. The argument on the side of the prosecution commenced this afternoon.

JOINT BENEFIT.—We understand that Mr. J. W and Mrs. Carrie Carter are to have a Joint Benefit, on Friday evening next at the Theatre, it being the last night but one of their engagement. It is the intention to present a very attractive bill on the occasion, the "Poor of New York" being mentioned as one of the pieces. Mr. and Mrs. Carter have been here some time and have played regularly in our Theatre, and though occupying a fine position in their profession elsewhere and widely known, they have, while residing here, pursued their business quietly and unobtrusively, playing every part which has been assigned them, and making no attempt to get favorable notice of their performances written by which to build up for themselves a newspaper reputation. In this regard their conduct has been in striking contrast with many others, who have visited here, whose reputation and abilities were much inferior to theirs, and on this account we respect them. They have submitted to the verdict of the public, and though among critics there may be differences of opinion as to their rendering of certain parts—the characters in which they have appeared here being mostly new to them—they have succeeded in calling forth a very encouraging share of applause in those parts. It is scarcely so favorable a time as might be for a benefit, it being directly after Thanksgiving, but we understand that to postpone it will not suit their convenience. We hope to see a good house on the occasion, and we are convinced that the beneficiares will spare no pains on their part to furnish a gratifying entertainment.

SCHOOL TEACHING.—By reference to advertisement, it will be perceived that Miss Ida Jane Cook proposes to give instructions concerning the most approved methods of teaching reading, arithmetic, geography, and grammar, and also upon school discipline, on Saturday forenoon. Teachers throughout the city and the vicinity, who are desirous of further qualifying themselves, would do well to take advantage of this favorable opportunity to obtain a good understanding of the important subjects mentioned. Miss Cook is well acquainted with the latest and most improved methods of teaching, and is herself an accomplished teacher.

SINGULAR TENACITY OF LIFE.—The *Rocky Mountain News* mentions in a late issue the following singular fact:

A man, named Miles Maudlin, was shot by his sister-in-law, four months ago, at a farm house on Cherry creek, a few miles above Denver City. He was attended by Dr. McClelland, of Denver, who states that the ball entered the body at the fourth dorsal vertebræ, severing the spinal cord entirely, and passed into the right lung, causing complete loss of sensation and motion below that point, embracing at least two-thirds of the body. In this condition he has remained up to date, with no noticeable change except the formation of several ulcers upon the legs and hips, with no prospect of recovery. Remarkable as it may appear, he has all the time a good appetite, and also good mental ability, so that he has been able to transact any kind of business. His case is unprecedented as to the length of time he has survived his terrible injuries. It has seldom been recorded that similar cases survived the injuries more than thirty days. He is said to be slowly declining, although the wound caused by the ball healed weeks ago, and the lung which was perforated is apparently sound. How long he may live is at present impossible to prognosticate.

Special Notices.

140,000
SINGER SEWING MACHINES
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.
The Singer Manufacturing Company,
AT THE WORLD'S FAIR
—Constituted by the homes of the people—
Received the Great Award of the Highest Sales and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!
SEWING MACHINE SALES FOR 1870.
"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	1,[illegible]
Wheeler & Wilson	83,2[illegible]	Gold Medal	5,912
Howe	75,56[illegible]	Æ na	5,8[illegible]6
Grover & Baker	57,402	Empire	3,600
Weed	35,002	Finkle & Lyon	2,4[illegible]0
Wilcox & Gibbs	28,8[illegible]0	Parham	1,769
American Buttonhole & Overseaming	1,573	Wilson	500

And several other companies who sold a few Machines.
It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1871 were 81,751 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*
One-half of our Gigantic Sales, now nearly
THREE-QUARTERS OF A MILLION
Machines Sold,
AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS.
But the greatest increase of our Sales over all other Machines, being within the past year. This is incontestible proof that
Our Machines are the Best in the World!
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,
is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, definitely arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or cambric lawns, or the tucking of tarlatan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.
Send for Descriptive and Price Circulars.
We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

We extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the SINGER.

A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving congestion or inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Disease are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They stimulate the Stomach and stimulate the torpid liver and bowels, which remove them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
