WHY THE DESERET NEWS SHOULD BE SUBSCRIBED FOR IN PREFERENCE TO ANY OTHER PAPER.

1. It is the Organ of the Church of Jesus Christ of Latter-day Saints, and the authorized medium through which the views, wishes and instructions of the Church Authorities are expressed, and given to the Saints.

2. It may always be relied upon as advocating or defending the right side of every question proper for public journals to treat upon.

3. It is devoted to the interests of the Latter-day Saints and has, from its inception, valiantly defended their rights and advocated the principles in which they believe, and every Latter-day Saint should therefore feel under obligations to do his part in helping to sustain it.

4. It is not published for speculation, and never has been, but for the good which it is capable of accomplishing the people, if any there be desired from it, being devoted to extending its sphere of usefulness, and benefiting the community.

5. It is doing its mission to establish home industries, among which are paper making and type-founding, stereotyping and electrotyping—branches necessary to the development and independence of the community, but which, during their infancy (which in this Territory they have not yet passed), can only be carried on at a pecuniary loss.

6. There is no danger of any subscriber to the News failing to get what he subscribes for the sole reason of the business and a suspension of the publication—a result in the case of hundreds of newspapers continue every year.

7. It is now printed throughout in new and readable type, so that even the aged can peruse it without difficulty or danger to their eyesight.

8. It is free from objectionable advertisements, so that no parent need fear that his children will have their minds corrupted from having access to it; in fact, it refuses thousands of dollars worth of the best paying advertisements solely because it is devoted to the moral and spiritual interests of its readers instead of to getting gain at their expense.

9. Its tone is not regulated by public opinion nor the hope of gaining subscribers or advertisements. It advocates that which is right and condemns that which is wrong, regardless of results financial or otherwise.

10. It never measures its readers by puffing off columns of self-praise as news items.

11. The NEWS pretends no deception and resorts to no subterfuges to induce people to subscribing, but on the contrary prefers to stand on its own merits as the people's newspaper, with a promise only to do its mission to give to patrons the full value of their money or premium which it has endeavored to faithfully keep in the past.

12. In conclusion, it is a Latter-day Saint one effort to subscribe for only one newspaper, then pay it should be the Deseret News, and if more than one, the News should invariably be the first.

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW,
SOON IT WILL BE TOO LATE.

I have been troubled many years with a weakness of the kidneys and back which always rendered me miserable and unfit for work. All remedies failed to give me relief. About two years ago I was induced to try Kidney Tea, and after using a few bottles was cured. I have since taken cold, which settled in my kidneys, but one bottle of Kidney Tea set me right. When I was young I used to suffer much with my back, so my mother gave me Kidney Tea, and it cured me. I recommend Kidney Tea to all who suffer as I do, and I will gladly answer any inquiries about my case. I am almost entirely well, and in the seventy-second year of my age. I speak of my age to show what a wonderful medicine Kidney Tea is for old people. I am happy to add, that I was a new man. I cannot recommend the tea to all sufferers as I have done.

WHAT IS A GUARANTEE?

Many merchants and salesmen are in the habit of indiscriminately "guaranteeing" their wares with no thought of being called upon to make the "guarantee" good. It is a pernicious and foolish custom more respected in the breach than in the observance.

A guarantee, to have any value, should be made with knowledge of the meaning of the word and a set purpose to carry out the terms of the guarantee. On the seals the makers instruct us to warrant, and we replace any tool found imperfect in use.

We have used our best judgment, supplied by a considerable experience, in selecting the following items for our stock and will them to our customers with an absolute guarantee that if they do not prove to be all that we represent them, we will refund the purchase money in full.

"Zeno!" Steel Range. A finished article, perfectly proportioned, made of the best material. Don't fail to see it. It will pay you.

"Quick Meal!" No Gasoline, Kerosene, Lighting or gas for your gas burner. No smell. No danger. No complication. Every objection to the use of a Gasoline Stove done away with. Think of the discomfort caused in Summer by avoiding the heat of a big Kitchen Range.

"Superior!" Cooks and Ranges. Superior as bakers. Superior in economy of fuel. Superior in design. Superior in construction. Superior in everything that goes to make a perfect cooking apparatus.

The "Foote Refrigerator." Air Tight. Perfect. A Health preserver. Cellular stone lined. What is that? Investigate it. It will more than repay you.
