Adjusters' Convention.

RICHMOND, Va., 7.—The Adjusters' State Convention met to-day, about 600 delegates in attendance, including 40 colored men. Col. Abram Falkerson was chosen permanent chairman. Various committees were appointed and a recess taken.

After recess Col. V. D. Grover, chairman of the committee on resolutions reported the platform. The resolutions are confined mainly to local issues. The sixth resolution asserts that while looking to the maintenance of the principles and the accomplishment of the local objects set forth as superior to all other considerations, there are reasons both of duty and of policy why the adjusters' organization should control the voice of the State in national affairs, and it is important to a successful issue of the contest of 1880, for the supremacy in this commonwealth, that this convention nominate the full democratic electoral ticket; that the federal government should be administered in exact conformity with the Constitution as it is; that it is the duty of all to accept in good faith the results of war, and that the aim of statesmanship should be to establish peace and good will between all sections of our common country and all classes of people; that the duties and privileges, the burdens and benefits of the government should be equally distributed; that the tariff and revenue system of the government should be reformed; that the federal tax on tobacco is an unjust discrimination against land and labor, employees in agriculture, and ought to be repealed. The platform was unanimously adopted. The electoral ticket was then chosen.

Our Government as a Peacemaker.

CHICAGO, 7.—The *Inter-Ocean's* Washington special says: The Secretary of State has indicated to our representative at San Diego and Lima that this government would not decline to intercede in behalf of the restoration of peace between the two countries. The tone of the latest official advices does not encourage the hope that the offer will be accepted as the Peruvians do not yet concede that their cause is hopeless and are now preparing for a renewal of active hostilities. A year ago the United States declined to unite with England and Germany to bring the unnecessary war to a close. The important commercial interests of all nations to that section have seriously suffered. The United States having taken the initiative, England and Germany will follow in their demands for peace. The Department regards the exorbitant demands of Chili for a money indemnification for losses incidental to the war and to territorial security, as simple a subtefuge by means of which the Chilian government hope permanently to annex the most valuable portion of Peru.

Opening the Canvass in Illinois.

The *Inter-Ocean's* Washington special says: Judge Porter, republican candidate for Governor of Indiana, leaves to open the canvass on the 12th, and speaks at Indianapolis on the 14th. He is very confident at the prospects of the republicans in that State in October. His successor as First Comptroller was named to-day—Judge William Lawrence, ex-member of Congress from Ohio.

Vermont's Decrease.

Reports received from the census in Vermont indicate such a decrease in population that it seems doubtful if she will have more than two congressmen under the next apportionment. There are three now, all republicans. Some counties show a falling off of from ten to twenty per cent.

Discredits the Story.

The *Inter-Ocean's* Washington special discredits the story of Hancock's resigning his generalship.

A Grave Charge.

NEW YORK, 7.—Police Inspector Byrnes to-night, arrested at No. 400 West Twenty-third Street Lawrence R. Jerome, Jr., son of the well known banker and sporting man and Edward M. Patchell, manager of the banking house of Guy Bryan & Co., No. 40 Exchange place, on a grave charge. A messenger boy in the employ of Brayton, Ives & Co., No. 4 Broad Street, was sent out last Saturday to deliver stocks valued at $87,200. He returned saying he lost the package of securities on Wall Street between William and Broad Streets. Mr. Ives, who is president of the Stock Exchange reported the loss to the police. After a long search the securities were traced to the possession of the prisoners. Both are unmarried young men and familiar with the ways of Wall Street, Jerome being engaged in stock speculation. After their arrest the securities were found in Patchell's office, and it was admitted by the young man that they knew to whom the securities belonged. They intended to send them to Europe and have them negotiated there. The manner in which they obtained possession of the stocks was not divulged.

Resume of Business.

The *Public* to-morrow will omit its usual weekly table of Clearing House transactions, and give instead those of the month of June and half year.

Want of Harmony in New York.

WASHINGTON, 7.—A private letter from a prominent politician in New York gives an inkling of the want of harmony between the two great factions of the democratic party in that city. The question of a division of the spoils in case of democratic success is just now disturbing the Tammany and anti-Tammany factions, and rumblings of discontent are already heard at the leaders' headquarters. The Tammanyites insist upon being assured before the campaign opens of an equal share of the spoils in case of success, else they threaten to bolt the ticket, and some even go so far as to declare they will vote for the republican candidates. The anti-Tammanyites are averse to permitting Kelley and his crowd to participate in the spoils, and Tilden, through his friends, will, it is alleged, insist that the Tammany chieftain shall be left out in the cold.

Peace Restored.

A dispatch officially announces peace in Buenos Ayres, the insurrection having been suppressed.

College Sports.

NEW LONDON, 7.—The first heat for double sculls was won by the Pawtuckets, Mutuals second, Shoewacamettes third. The next heat was won by the Wahwashums, of Saginaw, Mich. time, 9.29½; Hartfords second. The race for college singles was won by Hall, of Harvard University, in 10.10½. The last contest, college fours, for the Eureka cup, was a walk over for the University of Pennsylvania crew.

The second trial heat was a walk over by Levin and Childs, of the Metropolitan Club, New York.

The fourth heat of the junior single was won by Jackson, of Yonkers, in 9.44½. The fifth heat was won by Fox, of Boston, in 10.54½. The sixth heat was a walk over for Leonard, of Watkins, New York.

Nominations.

TITUSVILLE, Pa., 7.—J. B. McJenken was nominated for Congress from the Twenty-sixth District by the republicans.

Peoria, 7.—The republican congressional convention nominated John H. Lewis.

Waseca, Minn., 7.—The republican congressional convention of the First District split on a nomination to-day and two republicans were placed in the field, Dunnell, the sitting member, and W. G. Ward, on whom the anti-Dunnell faction united.

Vicksburg 7. — The republican convention nominated John R. Lynch (colored) for Congress for the Sixth Mississippi District. He was Gen. Chambers' contestant in the last election.

Minneapolis, Minn., 7.—The republicans of the Third Minnesota District, to-day renominated W. D. Washburne for Congress. The convention was a very large one, and the nomination was made without a dissenting voice, the general expression being in favor of a rebuke of the attempt of Ignatis Donnelly to overthrow the will of the people expressed at the polls two years ago.

The "Corwin" Arrived Safe.

SAN FRANCISCO, 7.—A Port Townsend dispatch says: The schooner *Isabel*, just from the north, brings the following written report:

OUNALASKA, June 3.

Arrived: United States revenue cutter *Corwin*, 12 days from San Francisco. All well.

(Signed) C. S. HOOPER.

Captain Corwin, it will be remembered, was dispatched with supplies for ice bound Arctic whalers and the *Jeannette*.

Race—Good Time.

DETROIT, 7.—The races over the Hamtramck course, took place today. Everything was favorable. Three-quarter mile dash, purse $250; eight started. Knight Templar won, Big Medicine, second; time, 1:14½, the fastest on record. Bancroft won the mile and a half dash. J. H. Haverly second; time, 2:41½. The hurdle race was won by Canoe, although Harry Bishop passed under the wire first. A foul was claimed and allowed.

CICINNATI, 7.—Deacon won the 2:25 race after five heats; best time, 2:23. Billy Scott won the 2:23 pacing race in 2:22, 2:20, 2:22.

Sixteen Indictments.

TRENTON, 7.—Heddon, of the Broker First National Bank, Newark, was arraigned on sixteen indictments. He plead guilty and bail was placed at $20,000.

FOREIGN.

GREAT BRITAIN.

Foreign News.

LONDON, 7.—A Paris dispatch says: The committee of the Franco-American Union gave a banquet tonight to celebrate the official notification to the United States of the assured completion of the monument commemerative of the Independence of the United States, which will be inaugurated in 1883. Henry Martin, the Historian, Senator Bozerian, M. M. Oscar DeLafayette and Labonlaye, the Count De Lesseps, Governor Noyes, the American Minister, General Pattie, representing President Grevy, Minister Dietz Monin, Mr. Walker, Consul-General of the United States, General Reyes, Messrs. Henry Wood, Detmold and Ryan and M. Bartoldi, the sculptor of the monument, and a large number of journalists were present.

M. Saboulaye, president of the committee, proposed various toasts. He gave an account of the work of the committee. He stated France had provided a statue and artist while America would supply the pedestal. In future ages the statue of future liberty would stand forth as a monument of a great epoch and a souvenir of friendship between the people. He concluded with a toast of eternal friendship between France and America. Minister Noyes delivered an eloquent address, which was frequently applauded. He warmly thanked the committee for initiating the work. The monument would be a testimony of friendship and glory, and a living emblem of the appreciation of America for France, who aided the United States in gaining their independence. Consul General Walker proposed the health of President Grevy. M. Baharian offered the toast, "The American press." M. Oscar de Lafayette gave a toast in honor of President Hayes. Minister Noyes and Count de Lesseps recalled the memory of the Frenchmen who spilled their blood in the cause of American independence. M. Lepere, ex-Minister of Justice, in his own name and the name of his former colleagues in the government, saluted the great American nation.

The French Chamber of Deputies has adopted the final report of the committee on amnesty, being Senator Labiche's alternative bill in its original form, but limiting the period assigned for granting pardons by the government to an interval between the present date and the 14th inst.

Goschen, British ambassador, is convinced that without the employment of armed force no action of the united powers will avail anything against the passive resistance of Turkey.

The *Republique Francaise* of Paris says: The Sultan's refusal to obey the powers would be equivalent to the dissolution of his empire and forfeiture of power by his race. Anything short of absolute refusal will not require the intervention of the powers, for if the Porte merely declares itself unable to deliver the territory awarded to Greece, the latter is quite able to take it, and we do not see why it should disturb the peace of Europe.

A St. Petersburg dispatch says: The Russian cruiser *Vasodof*, now at Marseilles, will leave there in about a month to join the Pacific fleet. The *Russia*, which has just sailed from Cronstadt for Vladivostock, carried 8,000,000 cartridges, 10,000 submarine mines for harbor and coast defense and two torpedo boats. She will be a Russian cruiser in the Pacific, and it is intended to send six more.

Eighteen Cheshire volunteers defeated an equal number of Canadian marksmen at 200, 500, and 600 yards range. Total scores, Cheshire 1,314 points; Canadians 1,300. The riflemen had seven shots each at the ranges.

In the House of Commons, this afternoon, Collins' bill, granting a loan of £30,000 for the development of Irish fisheries, was rejected on a second reading by a vote of 172 to 125.

By order of the Turkish Minister of War, Reouf Pasha, Governor of Adrianople, has commenced to mobilize the second army corps. The task is difficult, as arms and horses are wanting, but Reouf Pasha hopes by the 20th inst. to have 21,000 effective men, three squadrons of cavalry, and 32 guns in readiness for the field. Offices for the enrollment of volunteers were opened throughout Adrianople. Returns for the first two days report 1,480 enrolled. Troops have been constantly arriving at Adrianople during the past week.

The *Bazit* announces that the decision of the conference was communicated to the Turkish minister at Berlin, who has been instructed to reply that the boundary adopted cannot be accepted.

The Montenegrins are abandoning all their positions near Dulcigno, and are marching on Tusi and Podgoritza, which they intend to attack without delay. It is said they have resolved to gather the crops in the fields belonging to the Albanians as they advance. A serious affray, in which several Turks were killed, took place between the Mussulmans at Iakoke and the Christians of Fondesi, on account of acts of cruelty committed by the Turks.

Athens, 7.—The enlistment of Greek volunteers, principally Epirotes and Thessalians, is proceeding rapidly. Troops are concentrating on the eastern and western frontiers of Greece, in consequence of the concentration of Turkish troops, and also to prevent brigand inroads. The government has received information that the Porte is releasing Albanian malefactors from Constantinople prisons who are willing to perform military service in Epirotes and Thessaly.

A dispatch says: Of Zrui Kahn, who has been visiting Abdurrahman Kahn, that the latter has only from 2,000 to 3,000 soldiers. He suspects his entourage and lives in constant fear of assassination. The leaders of the Ghuznee faction announced they intend to fight in the interest of Yakoob Kahn.

Political circles consider war between Greece and Turkey inevitable. The news from the East is not reassuring.

In Vienna diplomatic circles the belief gains ground that war between Turkey and Greece is certain, and that it will end in a dissolution of Turkey.

An official dispatch says: A reconnoitering column was sent forward by General Skobeloff from Donzoloum on the 29th of June, and reached Bami on the 11th, and the inhabitants fled. The Russians are fortifying Bami, and collecting provisions there. A further reconnoissance was made on the 28th ultimo, in the direction of Astechman, whence the Turcomans withdrew after an insignificant skirmish. Meetings to sanction the land agitation in its more advanced character were held Sunday last in various parts of the west of Ireland. Representatives of the land league attended the meetings at Dunmore, county Galway. A resolution passed pledging the meeting to continue the agitation for the abolition of landlordism and the establishment of peasant proprietary, also congratulating the American nation on its 104th anniversary of independence. A representative of the land league said the Irish to-day were fighting the same battle the Americans fought in the last century.
