LOCAL AND OTHER MATTERS.

"UNDER THE GASLIGHT."—The great sensation play of Under the Gaslight" will be presented at the Theatre this evening, and being so well known, being such a general favorite here it should draw a good house. The famous pier scene, with its songs, dances, etc., and the pugilistic encounter between Bermudas, the "Sixth Ward Chicken" and "Peanuts," are enough to ensure a full attendance of the lovers of fun; but besides these, the piece is unflagging in interest from commencement to close, being one of the most successful sensation plays ever written. The cast is excellent; Waldron playing "Snorkey," Margetts "Byke," Graham "Bermudas," etc. Mr. J. W. Dunne, late of the California Theatres, will make his first appearance this evening, as "Ray Trafford." Miss Adams appears as "Laura Courtland;" Miss Dollie Clawson, (immense in the role) as "Peachblossom" and Mrs. M. G. Clawson as "Old Judas," other charaters in good hands, so that a first-class rendition of this famous play may be anticipated.

KINDLY COURTESY AND THANKS.—Our excellent artists, Charles R. Savage and Leo M. Ottinger, are continually adding to their fame, the one as a photographer and the other as a painter. Every visitor who comes to the city, and visitors are numerous during these days, carries away with him some specimens of their art to be preserved, to be discoursed upon and submitted to the inspection of friends to whom will be related the particulars of his visit to Salt Lake city, the pictures adding interest to the description. Yesterday these gentlemen received a letter from the Sandwich Islands, conveying to them the thanks and aloha of His majesty Kamenamoha V. for the presents of photographic likenesses and views which they sent him. As an extract from the letter may prove interesting to our numerous readers, and give them a clear idea of the style used in expressing kingly thanks, we copy a few lines from the letter:

"Ke hai aku nei au i ka olua i ko ka Moi aloha i olua, no ko olua lokomaikai i ka hawi ana mai, ma ko'u lima, i ka olna makana i ia' ua aloha mai ola i olua."

As printers say, the letter "runs on verbs;" but this does not detract from its merits to the general reader, who will probably be struck with its courtly and lofty style. We congratulate the gentlemen on its receipt.

CACHE VALLEY.—Bishop M. W. Merrill, of Richmond, who is now in town, furnished us the following items: The grasshoppers are hatching out very rapidly all over the county and the people are fighting them most energetically, and are determined to keep up the warfare, hoping, by this means, to save the greater portion of their crops. They do not feel near so much discouraged as in previous seasons. The Bishop thinks this is probably the result of their getting used to the visitations of the pests.

There is a little mining excitement among a few persons who have caught the fever, resulting from some recent discovery, said to be very rich, the specimens, it is reported, being similar in many respects, to some taken from the Emma. A number of claims had been taken up.

LOST.—Bishop David H. Holladay, of Santaquin, lost, this morning, between the City Hall and Z. C. M. I., a black, folding pocket book, with note paper in center, and pencil, containing $33.90 in currency, consisting of a twenty-dollar bill, two five dollar bills, three ones, and ninety cents in small change; also a check on the First National Bank in this city, for $31.64, drawn in favor of Bernard Snow, Pleasant or bearer. The number of the check is 1178, and its payment is stopped; and parties are hereby cautioned not to purchase the same. The finder is requested to leave purse and contents at this office, when he will be suitably rewarded.

CALL AND GET THEM.—Messrs. C. C. Eddy, Richard Hennessy, R. Hemsath, and Hubert Bankart there is a message at the Western Union telegraph office for each of you. Call and get them and oblige the manager.

THE MUSEUM.—The Museum department of the Deseret Museum and Menagerie presents a very different appearance from what it did on the premises recently vacated. The additional space in the new rooms gives much greater facility for the classification and advantageous display of the various collections, and thus doing better justice to Professor Barfoot by manifesting to a greater extent his assiduous and able exertions in making the institution valuable and interesting. The menagerie department will also soon be open to visitors, workmen being now engaged in erecting and fitting up suitable quarters for the animals.

TERRITORIAL ITEMS.—Received by Deseret Telegraph:

BEAVER, 15.

The stage from Pioche arrived at 10 a.m., having two passengers for Salt Lake.

The Ely *Record*, of the 14th states that Wells, Fargo & Co. shipped, May 12th and 14th, through their agent, B. F. Sides, by way of Salt Lake, bullion valued at $1,717 dollars and 5cts.

The wife and daughter of G. W. McLane, living at Cold Spring ranche, in Pahranagat Valley, discovered, in the mountains, the partially decomposed body of a young man with dark auburn hair, supposed to have been killed by Indians some two years ago. The body was too far decomposed to be recognized.

They are preparing to bring water into Pioche from Marshal Springs, by means of wooden pipes secured with iron bands. Improvements are progressing rapidly in Pioche. Money is plentiful and the mines are yielding abundantly. From the assessor's returns, the Ely district proves to stand second only to Virginia city, as a bullion producing section, in the State and, outside of Virginia, second to none on the coast.

BEAVER, May 15.

Grasshoppers are in many places between here and Salt Lake City but not many in a place except at Scipio. Apple, and all other kinds of fruit trees are full of blossoms, in the fruit bearing settlements. A steady improvement is seen in all the cities and towns, in buildings, orchards, etc. Crops are looking fine.

There is but little mining excitement between Mount Nebo and this place.

A. M. MUSSER.

PARIS, Rich Co., 14, via Franklin May 16.—General activity prevails throughout the settlements, with prospects for the most extensive harvest we have ever had, providing the grasshoppers are neither too numerous nor too hungry. Trout and other fish are very abundant in our streams, and report says that grasshoppers are very abundant in many parts of the county.

THE MISSIONARIES.—By letter from Elder George Reynolds we learn that the party of Missionaries which recently left this city for Europe, had a very pleasant journey over the Union Pacific, Chicago & North Western, Chicago, Fort Wayne & Pittsburg, Pennsylvania Central, and Allentown railroads, to New York, where they arrived at 7 a.m. on the 8th inst., and where the following brethren took passage on the steamship Colorado and sailed on the 10th inst., for Liverpool:

Albert Carrington; B. W. Carrington; W. C. Anderson; Ralph Harrison; John B. Fairbanks; Charles H. Wilchens; David John; John Pyper; Caleb Haws; Ferdinand Oberhsinlay; G. Wilkins; Geo. Reynolds; Thomas Dobson; James A. Leishman; George P. Ward; Johannes Huber; B. W. Driggs; John Roberts; Elijah Box; Niels Jensen; Wm. M. Bromley.

Keys Found.—Found, between Hooper & Eldridge's Bank and the Theatre, a small bunch of Keys. The owner will find them at this Office. d139 tf

THE AMERICAN

S P U B U M E R G E P

BEING an Agent for the sale of this most valuable article, having seen them tried in different deep wells, and finding them give universal satisfaction, I offer them to the public as the best means of raising water for culinary use, irrigating, washing carriages, extinguishing fires, or any other use for which a force pump may be applied. From the tests I have put them to, more water can be raised than with any other pump now offered to the public with the same power. As some objections have been made to these pumps for deep wells, I have tested them in one 324 feet deep, from which I raised twelve gallons per minute. They are positively non-freezing, and will not get out of order. If references are wanted or instructions in relation to them, call at my place on Emigration Street, one block east from State Road.

Caution to the Public.

THE ORIGINAL and GENUINE SUGAR-CURED

"DUPEE HAMS!"

Are branded, viz.:

"C. B. DUPEE" (only)

ANY other brand than the above, with a similarity of the name, is a fraud, and is done to deceive the purchaser.

C. B. DUPEE established the brand of the "DUPEE HAMS" in 1854, in Chicago. Thus unprincipled dealers seek to profit by his established reputation, and advertise themselves as curers of the Celebrated "DUPEE HAMS." I am connected with no other Dupee, or any other firm in the curing of HAMS, BEEF or BACON. I therefore again call particular attention to purchasers to

"Look well to the Brand!"

And see if it is "C. B. DUPEE" (only), otherwise they may be deceived and purchase an inferior article for the genuine.
