JOTTINGS FROM BASEBALL FIELD.

Local and Foreign Notes on America's National Game.

BROOKLYN SCORES AGAIN.

Superbo Polish Off the Giants in a Six-Inning Game—St. Louis Defeats the Colonels.

There is nothing to be trouble, and that right early. Hughes, Meinecke and Co., who were so heavily deserted by the imported element of the diffident salt Lake team, say that the home team considerable enough together with their baseball suits that they as hospitality look along with them when they decamped to Logan. Hughey has had a consultation with Attorney Parley L. Williams and some those suits are forthcoming today something is going to drop.

* * *

There is a prospect of the Ute Grande rival union coming to close pasture understanding at rival Castle hold the coming. The way things now stand the two teams are of the following strength: Two men ten cents, eight men, no subs!

* * *

H. A. Gratton, a second base man, has arrived from Denver with an object in view of tarring in this city for the season. Some Rumor says he will play in Dan Hickey's nine.

* * *

The Ute Grande want Hughey to pinch the Logan game for them on Sunday. Hughey said "no thanks," however, as he does not feel inclined to break his record of not having when he was stood in the box this season.

* * *

From the way things are shaping in the Short Line's ranks, Ogden want do a thing to them on Sunday next.

* * *

That is the interesting given out by a morning paper, but Captain Taylor of the Ogden nine tells another story. He stigmatizes the rumors of trouble among the rank as being all "gross nonsense" and "without the slightest foundation, as the following line-up for Sunday's game will testify: Meinecke, c.; Wagner, p.; Hughes, 1st b.; Harper, 2d b.; Margetts, 3d b.; Sartaire, s.s.; Briggs, l. f.; Kuehler, c. f.; Kuehler, r. f.; Kuehler, substitute.

* * *

Manager Anderson of the Short Line's left fielder would undoubtedly get right to attend the funeral of his superior number. His retirement from active baseball was announced last night and was due not to any internal dissension among the members of the team, but simply because General Manager Mahoney is a baseball crank.

* * *

Up the track, at Ogden, yesterday, the Columbia and the Weber club players crossed bats on the classic diamond. The game was not replete with sensational or features with brilliant plays, but then it was in all of the public library and the audience was well satisfied with the kind." The game closed after the fifth inning with the score 5-0 in favor of the Columbia. Some \$250 was raised for the library fund.

* * *

In the first contest on the Chesapeake were in fine fettle and had but little difficulty in winning a game from the Phillies. The longest surprise of the day was when Cleveland actually beat a visit team in their own ground. Nearly 1,000 people had come from Baltimore, where the home team was so long drawn out game against the Orioles, to witness the record still another notch on the coverage belt, beating New York by a safe margin. St. Louis defeated Cincinnati and kept away to victory, among the Colonels a good game. At Chicago the contests scheduled with Boston had to be called off on account of rain. Pittsburg and Washington were the only two leagues with the result that Cincinnati retired vanquished from the field.

* * *

The people who attend the games in Cleveland are noticeably the most quiet of baseball audiences the Forest City has seen fit to many years. The only objection is that there are too few of them.

* * *

The Cincinnati critics say that Billy Hamilton is to be the greatest baseball player in the country, and that he can be trapped into a game of any stage and hold down the opposing base.

* * *

New York players locate that if the pennant race is between them and Brooklyn the latter team will win by a walk.—Cincinnati Post. Capital Philadelphia, Boston and Chicago do.

* * *

The Philadelphia and Chicago clubs are now the only ones which have not been losing games from each other. Cincinnati had the same run last season, but has revoked it.

TENTH WARDERS' DAY.

It Was One In Which the Babies Were Advantageously Shown.

About 1,000 people were at Saltair yesterday when an excursion was conducted by the Tenth ward Sunday school and the students of the All Hallows college.

Both the weather and the water were delightful, and many went in bathing. The assertion was often made that on account of the lateness of the season it would be unwise for the large lake to be warmed, but even on the sixth a number of University students were in bathing and declared the water to be delightful.

Last evening the cool air was most delightful, and a large crowd of dancers and spectators enjoyed the evening and the merry dance to the strains of Christensen's orchestra.

The prize baby show was the great attraction of the day, and many going there especially to see the fine little specimens of humanity. Disappointment came to many upon learning that the age limit was fixed at two years, but no exception was made to the limit even regard to get the prizes. The judges, C. W. Symons, M. J. Cannon and Mrs. Howarth, after a careful consideration, picked out two of the lot, belonging to Mrs. Kershaw. Both were fine babies, and Mrs. Gassell, all south seventh East, had a hard time only one prize. It was awarded to her, the judges being of the two drawing the lucky number.

C. W. Symons, with a family of seven daughters, won the prize for the largest family present. The prize was won by Mrs. Mills, who had the smallest family present. The following are the running races that took place in the afternoon, and the prizes awarded:

Race for girls under 6 years: Ellen Donaldson.

Race for girls, 6 to 10 years: Myrtle Hill.

Race for girls, 10 to 12: Ida Van Dyke.

Race for girls, 12 to 15: Ida Dyke.

Race for fond ladies: Miss Dyke.

Three legged race for girls: Dyke Donaldson and Lulu Dyke.

Race for boys under 5 years of age: George Virginia.

Race for boys, 5 to 10: Irvine Pell.

Race for boys, 10 to 15: J. McDonald.

Three legged race for boys: J. McDonald and E. Chamberlin.

Swimming race for young ladies: Miss Pearl Kershaw.

AS A STRANGER SEES IT.

Hon. H. P. Dolson is Impressed With Observations in Utah.

H. P. Dolson, brother of Ex-Representative Dolson of Beaver, is in Salt Lake on a visit from the East in order that he might renew associations with relatives he has not seen for many years. This is how he expressed himself regarding his observations while here:

"I have long had a desire to see this city, for I had heard and read much about it. When we heard of a person, no matter who he was or what line of business he followed, Utah was ultimate to Sadly. The magnificent buildings, the grand scenery, the mountains of all shapes and sizes, together with the record of its resources, and the wide interest in which the country is held, all of these go to make a picture on a mind so indelible that the impression must remain on the memory forever.

"I am persuaded that if parties remove from the city, whose minds have been poisoned by prejudice, they would see for themselves what the Mormons have done in the brief period of a little more than forty years. Especially do I think they could or would strip their minds of prejudice, and form patriotic to the Stars and Stripes, and compare the work with the Bible standard of Christianity, persecution of this people would cease, and peace be established. Here I feel that Gentile and Mormon might together without a clash. I assert that which I cannot adequately say in few sentences, and others who consider their zeal in favor or on account of the free discussion of things Utahn for the Mormons. As viewed from my standpoint, there is no reason why the Mormons should be persecuted as they are."

HORSE RACES AT CALDER'S PARK.

A Good Crowd Witnessed the Struggle for Supremacy.

RYMAC FROZE OUT JULIUS.

Windsplitter Won the Pace and Teddie S. the Trot—Miss Ransom and Nancy H. Winners.

Some five hundred sportsmen assembled at Calder's park yesterday afternoon to witness the meet of the "season." There was a goodly percentage of the fair sex present and prominent among the crowd that surged around the pavilion's boards when the starting gate was sprung was that of Miss Ransom in a silk tile accepting dust coat and fancy confectionaries of a fashionable and resplendent pattern that were lent enough to fill the vacuum caused by the absence of any desire to entertain the crowd.

The races were not of the sensational order, in fact a couple of the competing horses were conspicuous by some way in the crowd as good milk wagon steeds. The events were run off without any distance walks and so proved a fog stop of interest a novelty was provided, that being at the end of the progress, kept up the expectations of the people to the grand stand. The "Terrible Swede" was down for a match race against the horse Rymac, but Lockwood was not of the opinion, having gone up to Logan to defend a race meet there and failed to connect on trains with the result that Oscar Julius ate his own head in his place and got leisurely left in his endeavor to beat the record.

The results of the day was as follows:

2.30 pace, $50 purse—Windsplitter won in 2.30½, 2.30½, 2.29½. Zeppter took second place and Nancy Hanks, Freddie K. third, Wiry Joe fourth.

Three-minute trot, $50 purse—Teddie S. won in 2.29½, 2.29½, 2.29½. Rymac took one heat in 2.40 and second place, Laura C. third.

Half-mile dash, $25 purse—Miss Ransom (Nate Evans) won in 0:57. Ben Bolt (Jos. Nattress) second, Tampa Maid (D. Cannon) third.

Quarter-mile dash, $20 purse—Nancy H. (D. Lockhart) won in 0:24½. Stella Bell (Jos. Nattress) second, Freddie K. third and Troublesome Ann ran.

Match half-mile, $10 purse—Initiated won in 1:01. Bill Rose second.

Rymac defeated Oscar Julius in 2:24½.

The first race on the card was the 2.30 pace, in which E. G. Hunter's star mare, Windsplitter, was the favorite with W. H. Snyder's Freddie K. third for second money. Tom Meloy's Zeppter and Hot Drop—Wiry Joe only the other entries. In the first heat the little gray started out to business and had the race all to herself, Freddie K. was by Windsplitter Zeppter after the latter had been distanced. Wiry Joe was by three-fourths of a length in the fourth heat, Zeppter, took the next three heats and the race, the following time: In 2.30½, 2.29½ and 2.29½.

Tom Meloy scored in the three-minute trot with a black colt named Teddie S. Adelaide Chapin was a warm favorite and she took the first heat in 2.40, Teddie S. took the three following heats in 2.29½, 2.29½ and 2.29½.

The half-mile dash, in which Ben Thompson's fleet colt, W. Rockefeller's Nancy Hanks and Jos. Nattress' Stella Bell were matched for a $20 purse, was captured by Miss Ransom in two straight heats, Nancy Hanks second in Maid being three lengths back. Time—0:57.

The quarter-mile dash was a really race. It was Nancy Hanks all the way. She came in an easy winner by a length, Stella Bell second, took the next three heats and the race, the following time: In 0:24½, 0:24½ and 0:24½.

Tom Meloy scored in the three-minute trot with a black colt named Teddie S. Adelaide Chapin was a warm favorite and she took the first heat in 2.40, Teddie S. took the three following heats in 2.29½, 2.29½ and 2.29½.

A match race for $10 between the Shetland pony racer, Bill Rollick, and the trotting mare Initiated, both owned by agreement the mare was to beat the little pony in the words in a half-mile and she did, the time being 1:01. The mare showed herself to be capable of some pretty good footing for a trotter, in spite of appearance from the assembled sports, the little pony especially taken up by the cable little animal.

LODGE AT THE LAGOON.

The Evergreen lodge of the Protected Union of America had a pleasant outing to the Lagoon yesterday.

In the afternoon a baseball game was played between the Ogden and Salt Lake Union and of the Woodmen of the World, the latter winning by a score of 13 to 12.

Prizes were awarded for the following foot races:

Children's race, 6 to 12—Won by Annie Hyde.

Girls' race, 4 to 12—Won by Agnes Hyde; second, Evelyn Pratt.

Girls' race, 12 to 16—Won by Mary Gould.

Boy's race, 4 to 12—Won by Bert Williamson.

Lemon race for girls—Won by Minnie Gould.

Potato race for boys—Won by Willie Stanley.

Boys' free for all—Won by Bob Gould-ing.

The evening was spent in dancing, and in listening to a fine selection of music by the Ogden band. The prize for the best girls walk was awarded to Miss Ray Williams and P. H. Anon, the second to Miss Hilton Logella.

THE TIMBER CUTTING CASES.

For the settlement of the timber-cutting cases, Judge Harkness, as attorney for the Ute Grande Western, has requested to the General National bank of Salt Lake City to send a representative between the government and the cutting company.

Though this sum is about only 25 per cent of the sum sued for on the entire stated value of the timber, it is the amount agreed upon by special Agent Hodges of the land department and Assistant United States Attorney Whittemore. The amount is said to be among the most satisfactory ever paid the government for a similar conversion.

ARBITRATION TRIBUNAL.

English Proposal Provides for a Permanent International One.

To Be Accessible at All Times—Each Signatory Power to Appoint Two Jurists or Publicists.

New York, June 16.—The correspondent of the Herald at The Hague gives the following outline of the English arbitration proposals: It calls for the establishment of a permanent tribunal of international arbitration, which shall be accessible on all times and shall be governed by a code of procedure to be agreed upon by the Powers represented after their ratification.

A standing international office shall be established with a permanent secretary and archivist and a suitable staff to serve as a medium of communication for the transmitting of the tribunal.

Each signatory power shall appoint two jurists or publicists of high knowledge and integrity to act as jurors of the tribunal.

Any of the signatory powers desiring to have recourse to the tribunal for the settlement of differences which cannot be settled by diplomacy shall notify the permanent office of its desire to have recourse to the arbitration tribunal, with a brief statement of the case. The office shall communicate the receipt of notification to the other powers, and shall request the appointment of arbitrators to act in the case.

The English Government will fix the basis for the agreement to be signed by the powers represented.

The outline shows that the English proposals are most broad, simply providing the principle of arbitration and not making it compulsory in any way. Germany would probably refuse to sign any agreement which is in the least beyond the conference, as nothing is to trifling with during matters such as the Transvaal question, and the general sentiment of much more precise and enforceable matter, concluding the American and Hamburg schemes.

PENNSYLVANIA DEMOCRATS.

Judge S. P. Metzgar Named for Supreme Judge on Twenty-eighth Ballot.

Harrisburg, Pa., June 15.—The political leaders the Democratic state convention for supreme court judge stated that they would be satisfied with the nomination of Judge S. P. Metzgar of Pittsburg county on the twenty-eighth ballot. Col. Charles J. Shiffer of Philadelphia, permanent chairman of the convention, was suggested for nomination for judge of the supreme court, and the convention William V. Cluney of Philadelphia was the nominating choice for state treasurer. Both of these nominations the convention endorsed.

The convention started to ballot at 9 o'clock this morning for supreme judge, and continued with a few recesses until 8 o'clock tonight. Two hundred and fifty-one votes were necessary to nominate. On the twenty-eighth ballot Metzgar received 251 votes and was declared the nominee without the thirteen votes of Berks, cast for Judge Ermentrout, and four votes cast for Montgomery. Mr. Donnelly of Philadelphia gave the alleged reason of Philadelphia to Montreal. Ex-Congressman Kerr of Clearfield, who had resigned Kerr's place on the ticket, and Ex-Congressman Hall of Somerset withdrew Mr. Dunn's name, and on his motion Mr. Reilly was nominated by acclamation. Congressman Kerr then completed the ticket by the nomination of Mr. Cassel for state treasurer. Both Mr. Reilly and Mr. Cassel are from the convention by his colleague, Mr. Dunn.

The selection for supreme judge is expected to be an election, as reports of the field that two are to be elected this fall, and the Democrat is entitled to one for more than one.

Admiral Walker Commands.

Washington, June 15.—Admiral Walker has arrived at Hongkong and assumed command of the Asiatic station, relieving Commodore Remey, who has been in charge since the departure of Admiral Dewey from Manila. Capt. Barker will return to the United States on a mail steamer to take command of the Boston, and will then go to warship service. Having been much overworked since the beginning of the war with Spain, Admiral Walker will be given a long rest, and will not be assigned to any active service for the present.

THE PEACE CONFERENCE.

Emperor Nicholas Much Disappointed at the Prospect of the Outcome.

London, June 16.—The correspondent of the Times at The Hague, remarking upon the "changed outlook," says: "It seems probable that the most important result which we may expect from substantial practical results, and subsequent to it, never exist than was expected at the commencement. It now seems satisfactory provision. Count Chamberlain's idea of a Court proposal in the air, which may subsequently be known as Johan Paternoster.

"The cousins are making The Hague the seat of a permanent bureau. The appointment of the resident ministers at Foreign stations with the Dutch Government will undoubtedly give them the advantage of dispensing with any second officials and of courses in position to secure the best information and access on all sides and contribute to the success of arbitration.

"The general impression of the Daily News says: 'Emperor Nicholas, it is reported here, is much disappointed at the result of the first week of the Peace conference. In the opinion of his advisers no further hope of success can be held, and that it will be allotted to warrant the continuation of the conference. It is understood that Russia, Germany and Austria would accept a second invitation."
