EASTERN.

Editorial Excursion Party.

NEW YORK, 21.—The southern editorial excursionists called on the Governor at his residence this a.m. Governor Tilden made a speech of welcome, which was responded to by the Hon. S. H. Powell. The excursionists leave for the west to-morrow.

Tampering with the Jury.

During the Beecher trial yesterday a juror, George Hull, expressed his disapprobation at the manner in which the counsel for the plaintiff had made undue reflections on the jury, and said that the jury had several times had to hear these reflections, and he complained that, besides being kept away from their homes for six months, they had to listen to the insinuations of counsel; the fact was, the jury had not been approached except by means of envelopes, producing one enclosing cuttings from the N. Y. *Sun*. Judge Neilson said the juror misunderstood the counsel's remarks in the heat of debate. Beach remarked that he had good reason to believe that the members of the jury had been approached, which he would present to the court at another time. He made no imputation against any of the jury, but he could prove that they had been approached. Abbott protested against the unprofessional mode in which these statements had been put forward. Shearman also challenged the gentleman to produce the proofs then and there. Beach replied that Shearman spoke without knowledge, inasmuch as parties in sympathy with the defendant could easily use moneys for purposes not known to him. He repeated that he had not charged any of the jury until he was called out by that appeal of the juryman's; he would be sorry if he had said anything offensive to a juryman or done anything to injure the cause of his client, for that he had no right to do; but as they had been challenged he would now ask his Honor to name the time and place for the production of the proofs. Judge Neilson suggested that the proper time would be at the close of the case, when somebody would have to be punished. The matter was then dropped and the court adjourned.

Jury Disagree.

The trial of Mrs. Sarah C. Merrigan, for the murder of Miss Maggie Hammill, at the house of the former, in Sept. 1873, was concluded to-day in the Brooklyn Court by the disagreement of the jury.

A Fight in Court.

MEMPHIS, 21.—During a trial in the first circuit court to-day, one attorney called another a liar, whereupon the one so addressed seized the court Bible and knocked the other down, and proceeded to administer corporal punishment. The Judge called for the deputy sheriff, but the combatants were finally separated, by the bystanders, and the judge fined them $50 each and also fined the deputy sheriff $25 for being absent.

$30,000 Fire.

ST. PAUL, Minn., 21.—At Winona, Conrad Bohn's planing mill was burned yesterday afternoon; it was the finest in the State. Loss $30,000.

Freight Rates Advanced.

BALTIMORE, Md., 21.—The rates on western bound freights were advanced here to day, by both the Baltimore and Ohio and Pennsylvania Companies, from 6 to 50 per cent. above the current rates prevailing during the war.

Going to the Indian Country—Another National Bank—The Mexican Raids to be Checked.

WASHINGTON, 21.—Rev. S. D. Hinman, Hon. A. Comings, W. H. Ashby, with J. S. Collins, of the Sioux Commission, have been designated by the Secretary of the Interior to proceed to the Indian country in advance of the remainder of the commission, to ascertain all the matters of interest pertaining to the question of the settlement of difficulties. They will start at once, and will make a preliminary examination of the country and hold interviews with the Indians; they will be joined by the other members of the commission at some central point, perhaps Fort Sully, and a grand council with the Indians will be held and a treaty consummated.

The Metropolitan National Bank of Pittsburg, with a capital of $200,000 has been authorized to commence business.

Gentlemen in official positions are apprehensive that unless prompt measures be taken in regard to the continued raids on the Texas border the U. S. and Mexico may become involved in serious difficulties; the army will now act promptly in protecting American citizens, assisted by such naval appliances as necessity may demand. The steamer *Plymouth*, Captain Russell, has been ordered to the north of the Rio Grande, whence the crew will proceed in armed launches to points where their services will be required. The command on the border is entrusted to Gen. Ord.

Destructive Storm.

CHICAGO, 21.—Reports from various places in the central part of this State say that that vicinity was visited to-day by the most destructive storm known for many years, doing great damage to railroads and crops.

A Terrific Storm.

KANSAS CITY, Mo., 21.—The most terrific storm since 1844 visited this section on Sunday night, and lasted four or five hours. The rain poured down in torrents. Several houses in the city were struck by lightning and several were unroofed. Immense damage was done to the streets and many cellars were filled. The storm extended over the country for an area of fifty or more miles to the southwest. The damage to farmers was very great. Fences and bottom lands were submerged and damaged; the railroads suffered severely.

WESTERN.

U. S. Steamer Lost—A Fatal Fire.

SAN FRANCISCO, 21.—The U. S. steamer *Saranac*, having on board as passengers Lieut. Maynard and Dr. Emil Bessils, of the Smithsonian Institute, left San Francisco June 8th, for Sitka and Behring's Straits, on a scientific expedition and to make a collection for the Philadelphia Centennial Exposition. She took the inside channel, called at Manaimo and, at 8.55 a.m. on Friday, struck the famous mid-channel rock in the Seymour Narrows. This is the rock so much talked of in connection with the proposed bridge at the narrows for the Canadian Overland Railway. She was going at fourteen knots with a seven knot current. At the time of striking she hung a few moments, swung off the bow and was run into the Vancouver shore, and made fast with a hawser to a tree. In an hour she sank completely out of sight, not even the mastheads being visible. But little of the stores or personal effects of the officers and crew were saved. The ship's company camped on the beach without shelter and but little provisions. Lieut. Commander Sanders, the pilot and thirteen men made their way on foot to Victoria, arriving there last night. The steamer *Otter* left this morning for the wreck. No lives were lost.

The hoisting works of the Murchie mine, at Nevada City, caught fire this afternoon; six men were in the shaft, which is four hundred feet deep. One escaped, two were taken out dead after subduing the flames, another will probably die; the remaining two were rescued uninjured.

FOREIGN.

NEW BRUNSWICK.

Drowned.

ST. JOHN, N. B., 21.—Six fishermen, in three fishing boats, were drowned in a heavy storm on the salmon fishing grounds near St. John, on Friday night.

GREAT BRITAIN.

"Much Ado About Nothing."

LONDON, 21.—In the House of Lords, to-day, the Marquis of Bath asked Baron Lyttleton, one of the governors of Eton College, whether it was true that the headmaster and governors had given their sanction to the students attending the meetings contemplated by Moody and Sankey. Lord Lyttleton replied that the governors were to consider the matter to-morrow. Lord Overstone deprecated the attendance of the students at such meetings. The Earl of Shaftesbury objected to the debate without notice and the subject was dropped.

In the commons, Captain Baillie Cochrane gave notice that he should ask Gladstone whether he gave Moody a letter of introduction to the authorities of Eton.

Excitement at Eton.

There is great excitement at Eton over the Moody and Sankey affair. A protest against the proposed visit has been signed by 650 boys, and a memorial in favor of it has received 300 signatures.

FRANCE.

Proceedings in the Assembly.

PARIS, 21.—In the assembly to-day a grant of $120,000, to promote the worthy representation of France, at the United States Centennial Exhibition, was voted without opposition. The debate was opened on the public powers bill. M. L. Blanc and Monjau opposed the bill, declaring that it gave royal prerogatives to the President and tended to the restoration of the monarchy. The right greeted the old radical doctrines revived by the speakers with ironical cheers, while the left made no counter demonstrations.

BELGIUM.

Amicably Settled.

BRUSSELS, 21.—*Le Nord* states that a final note has been received from Germany, thanking Belgium for her last communication, and closing the discussion in the most friendly manner.

ITALY.

Municipal Elections, etc.

ROME, 21.—Municipal elections were held here to-day. Garibaldi heads the list of successful candidates; all parties supported him.

The Pope, to-day, received several deputations who came to tender congratulations on the occasion of the anniversary of his coronation; the Holy Father replied that he was greatly consoled in his afflictions by the marvellously increasing devotion and affection manifested towards the church throughout the Catholic world. In the course of his response he dismissed, as not even worthy of mention, the rumors of reconciliation between the holy see and the Italian kingdom.
