THE EVENING NEWS.

LOCAL AND OTHER MATTERS.

THEATRICAL. — Last evening "Ixion" was presented for positively the last time. Like most other plays that are involved in a complication of stage business, this one improved on each repetition, and so, last night it went off smooth and sprightly. Kate Denin was free and engaging in the title role, Mr. John Wilson was very amusing, and the other characters deserve credit for their acting.

Those variations—singing, dancing, &c., are a great help to make a pleasing effect upon the audience, and they were well performed.

In "The Belle of the Faubourg" Kate Denin presented "Madelane" with admirable effect, but we considered Mr. Wilson's "Bartrand" to be not one of his best characters, as it was somewhat destitute of the vim we have seen him display in other pieces.

This evening the bill is "Presumptive Evidence or Murder will Out," in which Kate Denin personates "Pennie McLoughlen" and Mr. Wilson "Marmaduke Dorgan," after which is the farce of "Brother Bill and Me," in which Mr. Margetts and Mr. Graham will be conspicuous.

HOME PRODUCTIONS.—We were very much elated, yesterday, to hear H. B. Clawson, Esq., make the statement that our home-made candies had run the States stuff out of the market. We are also gratified to see the efforts made to supply the demands for boots and shoes, and hope, ere long, that this desirable end may be consummated. We were also informed by bro. Taylor, in the 11th Ward, that he had made and sold nearly 1800 wash-boards in twelve months, and had made hundreds of sash for the market. This is a branch of business that was feared would be run under by the approach of the railroad. In our own department, viz: job printing, we are determined to take the lead in quality and prices that shall kill this sending blast for printing.

Home support and home business is a grand principle, when properly understood.

VISIT the Museum and Menagerie, and take a little candy for the bears—not Sango the other ones.

BENEFIT.—Mr. John Wilson, to-morrow evening, takes a benefit, when a splendid bill, which is in preparation, will be presented for the admiration of those who wish to visit the Theatre on that occasion.

MATINEE.—Instead of our young folks being compelled to walk around the streets on New Year's Day, they can spend a more agreeable and pleasant time by visiting the Theatre. Parents can go and take their children for a New Year's Gift. It is a good institution.

SABBATH SCHOOL PARTY.—A very pleasant company assembled last evening in the 20th Ward School House, on the occasion of a party given for the benefit of the Ward Sabbath School. Dancing commenced vigorously about seven o'clock, and "all went as merry as a marriage bell" until a late, that is, early hour this morning. The party was a complete success, and was favored with the presence of President Young, Elder Geo. Q. Cannon and other leading citizens.

A PLEASANT AFFAIR.—The party in the Fifteenth Ward last evening, given by the Female Relief Society, was a *recherche* affair, which, in conjunction with good music and the good will that prevailed, gave a great amount of satisfaction. Among the distinguished guests were President Young, Elders G. Q. Cannon and H. S. Eldredge, who each made a few seasonable and complimentary remarks.

A great deal of trouble had been taken to decorate the hall and it spoke volumes for the taste of those who officiated.

DIED—In the 16th Ward, yesterday, of typhoid fever, Walter Mead. Deceased was born June 26, 1848, and emigrated from London in 1868. Previous to his leaving London and since his arriving in this Territory, he has worked in and around the printing offices in this and that city.

HOT SPRING LAKE.—This place of resort is becoming much frequented. On Christmas day a large concourse assembled, and in the enthusiasm of the sport, some of the visitors must have forgotton their need of decorum and etiquette, as we have heard that some persons used language that offended the ears of several who went there for moral enjoyment. Don't forget to always "play the part" of gentlemen.

The police can visit that as well as other public places.

THE WEATHER is extremely pleasant for the Winter season. The sun shines bright and imparts a healthy glow, and if it were not for the frequent light falls of snow, it would be as pleasant underfoot as it is overhead. We must expect pinching cold soon, and have a good time to get ready for it.

MOUNT PLEASANT. — Brother George Farnworth, writing from this flourishing settlement, says:

"I am pleased to inform you that our new meeting-house is progressing finely, the roof is almost completed; it is a substantial piece of work. We have now started our co-operative boot and shoe shop, and intend, as a people, to add one branch of business after another, until we become more self-sustaining than we have ever been. I am happy to say that the Saints here manifest a good spirit, and feel willing to adhere to the counsels of the priesthood. We do not feel ourselves in bondage, but feel free—free to do right and keep the commandments of God through His servants."

DIED.—At Fountain Green, Sanpete Co., November 7th, 1869, Barzilla Guymon Caldwell, wife of Mathew Caldwell, of quick consumption. She was born December 30th, 1823, gathered with the Saints to the State of Missouri, from thence to Illinois; suffered mob violence in common with the Saints, until 1846, when she emigrated with her husband and family from Nauvoo to Iowa, there she was left while her husband performed his duty as a soldier in the Mormon Battalion. In 1850 she emigrated to the Valley of the Mountains. She has left a husband and nine children, besides numerous friends, to mourn her loss.

FLORENCE

SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and Europe, where critical examination and PRACTICAL TESTS have been made by Judges of the highest standing, capable of giving an intelligent decision.

In addition to this, the Florence has received the verdict of

POPULAR APPROVAL

ALL OVER THE WORLD,

As evidenced by its

IMMENSE SALE!

And Universal Favor.

FLORENCE SEWING MACHINE

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to any not giving satisfaction, free of charge, three Machines have been presented, needing slight repairs, JUST ONE IN ONE HUNDRED, after four years of service.

MRS JOSEPH HULL, in the 17th Ward, has just purchased a Florence Machine. We are permitted to refer to her, and esteem her recommendation a mark of superiority, as Mrs Hull has had much experience in the use of various Sewing Machines.

MRS. SPIRING, Dressmaker, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a——— and a Florence in my family. For general family use the Florence is the best."

MRS. PIXTON, living nine miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. WEBSTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like stowing my Wheeler & Wilson away in the garret, so that none may know I have a Sewing Machine."

ALFRED BEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the requisites of a first class Sewing Machine. Simplicity, reliability, quiet and rapid motion.

MR. SMITH, of W. F. & Co., purchased a Florence about two weeks ago. A few days after,

MRS MORF, purchased one, and now another of Wells, Fargo & Co.'s employes is about purchasing. Thus proving the practical test of the Florence Sewing Machine is its own best recommendation.

MRS. SHURTLIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial."

COL JACKSON, brought a Sewing Machine up from St. George, for repairs; but could find no one in Salt Lake able to fix it; took a new FLORENCE home with him last week, as he was determined to have a RELIABLE SEWING MACHINE, before hauling it two hundred miles home.

MRS STEVENSON and MRS CRANDELL, of Springville, purchased Florence Sewing Machines, last week, after carefully examining into the merits and demerits of the various Sewing machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLIFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR JERIMY, WILLIAM SLOAN, MRS. STRABRIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

FLORENCE SEWING MACHINE. FLORENCE SEWING MACHINE.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the result of years of careful labor, making it a most COMPLETE AND PRACTICAL Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversable feed. It is the only machine having a self-adjusting shuttle tension—a great improvement. It is the only machine making more than one kind of stitch. It is the only machine that ties the thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines in *elasticity*. The seam will stretch as much as the cloth, never giving way in washing, which is of the greatest importance in the sewing for a family. The lock stitch of the Florence is more like good hand sewing. Both sides being alike, either side may be the right side, and the fabric can be sewed either side uppermost, as most convenient.

FLORENCE Sewing Machine

The Florence is warranted to give satisfaction. Many not succeeding with others have no trouble with the Florence. All who could do well with any sewing machine, or who know how to do good sewing by hand, cannot fail to be pleased with it.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most faithful inspection, saving all trouble afterwards, no purchaser having paid a cent for repairs in the five years since its introduction.

Its reputation as being reliable and durable, is established. So little attention do they need that we will fix any machine sold by us, for nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, if informed that it don't work well.

A careful examination will fully substantiate all that we have claimed for it, and justify the assertion we now make, that it is the best Sewing Machine in the world.

We warrant every Machine to be all that we claim for it, and will give a written warranty if required.
