LOCAL AND OTHER MATTERS.

THEATRE.—This evening Mr. E. F. Stetson takes a farewell benefit and makes his last appearance on the Salt Lake boards, on which occasion the very attractive five act drama of "Illusion, or the Dream of Life," will be repeated. This play is put on the stage in a very creditable manner. The Spanish dresses are highly picturesque. The scenery is superior. The tableaux, of which there are five—one in each act, are veritable living pictures, the first very striking, the last apotheosic tableau being especially beautiful. Mr. Stetson plays "Leon" carefully, vigorously, and effectively. Mr. Thorne is exceedingly good as "Don Miguel," and Mr. Dudley as "Carlos" looks the Spaniard. Miss Adams plays "Leonora" affectingly, and Miss Coulcock makes the most of her role of "Teresa." Mr. Graham as "Pascal," and Mrs. A. Clawson as "Inez" do the comic business comically.

"Illusion" will repay a visit to the Theatre, the chief attraction being of the spectacular. There is besides an exciting exhibition of skill and dexterity in fencing between "Leon" and "Don Miguel."

The performances conclude with a "Grand Olio," including vocal selections by the Rocky Mountain Vocalists, the "Great Rope Act," by Professor Dixon, and song and dance by Mr. Harry Lorraine.

THE TRAINS.—The Dep. Tel. bulletin has the following, to-day:

ODELL, Feb. 14.

The U. P. trains have not arrived at Creston yet. The C. P. arrived on time this morning.

The Kelsson Snow Plow, and accompanying party, go east on freight train at eleven o'clock.

HARD EARNING AND FOOLISH SPENDING.—D. T. LeBaron, junr., writes us upon the subject of the toils and privations of many of our citizens in obtaining their means, and the folly of spending the same upon adventurers and others for sham medicines, shoddy wares, and other rubbish. It may be so in some instances, but the difficulty is to get good, hard practical sense into some people's heads. Most people spend much of their means in unnecessaries and follies. Many people will learn only by experience, and that is not only a very dear school, but the knowledge gained therein often comes too late. And does not the wise man say, "Though thou shouldest bray a fool in a mortar among wheat with a pestle, yet will not his foolishness depart from him?" This is applicable in financial matters as well as others.

TRIPLETS.—Bishop F. A. Hammond called in on Monday, and stated that Mrs. Hoagstead, wife of H. C. Hoagstead of Huntsville, presented her astonished spouse with two girls and a boy at a single birth on Sunday afternoon. Mother and triplets are doing well. He didn't say how the father was doing.—*Ogden Junction*, Feb. 13th.

MAJOR POWELL.—We had a pleasant call this morning from Major Powell, the Colorado explorer, who arrived in town on Monday night. He is well and hearty. He left his party at the camping ground, about six miles south of Kanab, to which he intends to return in a short time.

We learned from him the following particulars concerning his late operations: He has been engaged this winter establishing a meridian base from Kanab south, and erecting monuments, on conspicuous points, one hundred miles from that place, in every direction, making a topographical map and examining the geology of that region. Artesian wells could be made in that district of country, which would render it available for isolated farms and ranches, but not so much so for settlements, as there are no considerable running streams of water, excepting the Kanab. There is a plentiful growth of good pine timber in the mountains.

Placer gold has been found in many places on the Colorado. The gold is very fine, but it is not yet known whether it would pay for working.

The weather has been very fine, and could not have been more favorable for the operations of the exploring party. Winter is the best season for such work, there being no difficulty then in obtaining water.

Major Powell was on the Colorado, at the mouth of Kanab Creek, during Christmas week, where, at that time, the grass was green and flowers were in bloom.

THE BLOCKADE.—The following was received by W. U. Telegraph:

CORINNE, 13th, 8:30 p.m.—Bitter Creek reports state that no trains have passed there yet, and that they are still near Separation.

Some passengers, to-day, walked to Washakie, and an engine and car are going down after them now.

THE LOGAN FIRE.—By a later dispatch from Logan, received by Hon. Moses Thatcher, we learn that not only the building of W. H. Sherman was destroyed by the fire at Logan, but a quantity of produce belonging to the Utah Northern R. R., and wheat and goods belonging to Mr. Thatcher amounting in value to upwards of four hundred dollars were consumed.

UTAH COUNTY VOTE.—We are informed by L. John Nuttall, Esq., that the entire number of votes polled in Utah County for the election of Delegates to a Convention to draft a State constitution, and to take other steps with a view to the admission of Utah into the Union, was 2,875.

The election passed off quietly. Only seven votes against the Convention were polled in the whole county.

THE OLDEST PIONEER.—The Oakland *Transcript* of Feb. 12 notices the death at San Francisco, Feb. 10, of Captain J. R. R. Cooper, aged 80. At the time of his death he was the oldest resident pioneer of California. He visited California in 1823. He was a native of the Alderney Islands.

SCOTCH OATMEAL.—Mr. George Goddard states that people are constantly calling on him for Scotch oatmeal. He has endeavored several times to get a good article of the kind from the east, but that manufactured in the States is generally inferior. Other provision dealers are constantly applied to for good oatmeal, and could a good quality of the article be obtained in this market it would find a ready sale.

We do not see any reason why it should not be manufactured here. The oats raised in this region are of good quality, and it would really be a boon to those who have been under the necessity of using it for health considerations. Who will be the first to make and bring it into market? Hundreds of people here are longing for "parritch."

WHO'S FOUND A CLOAK?—A poor widow lost a large black cloth cloak, on Sunday night, between the 13th Ward Assembly Rooms and Taylor's Buildings, South Temple St. If the finder will leave it at this office, he will do a good deed.

AT A STANDSTILL.—It appears mining interests are not progressing in and around Ogden. Hear what the *Junction* says on the subject:

"The mining interests of Ogden are at a stand-still. There is no necessity for this. While deep snows have barred the way to the earth's treasures southward, the Ogden hills have been comparatively bare, and work could have progressed in many places all winter. What will the Spring do? Unless some change in our past policy is inaugurated, no Season will bring forth anything but dissatisfaction. Mr. Oscar Ludwig, of the Register Smelting Works, called yesterday and proposed a co-operative plan for the development of our mineral resources, as follows:

"Let all the miners in the district combine to develop a single lead, as prospected by a chosen committee. Let the owners of the lead be compensated for any work already done by them upon it. Then let each miner pay into a common fund what he can afford for the working of the selected lead, and when it is sufficiently developed to prove its value, let it be sold to the highest bidder, and the sum realized be divided according to the amount invested by each person. If it is not with Ogden, the loss will be small to each investor. The Register Smelting Company offer to do the assaying gratis to forward such an enterprise."

TO EXPLAIN THE CONDITION.—The *Alta California* says of the Japanese Embassy at Salt Lake, "It is to be hoped they have in their *suite* a competent Philadelphia lawyer, to explain to them the condition of affairs in Mormondom just at present."

SOCIAL PARTY.—There was a social party under the auspices of the male and female teachers of the 15th Ward, at the Court House, last night. It was got up as a compliment to the leading educational authorities. The guests, numbering one hundred and thirty persons, assembled at 7 o'clock, and the whole party sat down to a bountiful supper at 10. There was everything on the tables that an appetite of man could legitimately crave, there were, however, no wines, liquors, tea or coffee.

There were present of the First Presidency, George A. Smith and Daniel H. Wells; of the Twelve Apostles, Orson Pratt, sen., John Taylor, Wilford Woodruff and George Q. Cannon; Bishops Hunter and Smoot, and other leading Elders.

Speeches were delivered by Elders Elias Morris, John Taylor, Sister Sarah M. Kimball, President Wells, Elders Pratt and Woodruff, Bishop Hunter and Elder Lot Smith, which were interspersed with music and singing by Professor Geo. Careless, Mrs. Careless and the 15th Ward choir.

It was a very enjoyable affair, and reflected credit on those under whose management it was arranged and conducted.

"THE MINSTREL TROUPE."—The Purdy, Scott and Fostelle Minstrel Troupe will appear at the Theatre on Thursday. The gentlemen composing this company bring with them a good reputation. They have been giving, we are informed, successful performances in San Francisco for the past eighteen months.

They will give six performances here commencing on Thursday night, and a matinee for children besides, which will be given on Saturday afternoon. During their stay here there will be a frequent change of programme. The minstrels performed at several points on the way from San Francisco to this City, and were successful in drawing good houses.

Special Notices.

Colds and Coughs.—Sudden changes of climate are sources of Pulomnary and Bronchial affections. Take at once "*Brown's Bronchial Troches*," let the cold, cough, or irritation of the throat be ever so slight. d631w

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
