Records. Records

WE ARE NOW PREPARED to receive orders for BRANCH and WARD RECORDS, of a new and improved form, which has been approved by the presiding Bishopric and others.

We shall make them of four, five and six quires each, holding 2,000 1,500 and 1,000 names each, respectively, and the price will be for four quires, $12.00, five quires, $13.00, six quires, $15.00. Each book will contain a suitable index, and be all bound in Cloth and Russia Leather with ornamental embossing plates for name of the Ward on the side. The book being of a large size, we do not think it advisable to make them over six quires.

Specimens can be seen at this Office, and orders received for sizes of Book required.

Bishops in the Country desiring Records can order by mail, and we will note accordingly and forward them.

Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 12.—The bill reported by the committee on Judiciary in regard to the Pacific railroad sinking fund was taken up and Thurman spoke at length in favor thereof.

Davis (Ills.) argued that Congress had the right to pass such bill, and referred to the act by which Congress reserved the right to amend, alter or repeal the act chartering the road. He quoted extensively from legal authorities to show the legality of the bill.

Pending discussion the Senate took up the West Point appropriation bill, but soon went into executive session and adjourned.

HOUSE.

WASHINGTON, 12.—After an explanation by Southard disclaiming the authorship of the joint resolution in regard to a plural executive head, the House went into the committee of the whole on the diplomatic and consular appropriation bills.

Hale, Singleton, Whitthorne, Townsend (N. Y.,) Dunnell, Cox and Neal spoke briefly.

The committee then arose and the House adjourned, after which, notice was given of a democratic caucus to-morrow evening.

EASTERN.

Confirmations.

WASHINGTON, 12.—The Senate, to-day, confirmed Wm. A. Howard of Michigan, governor of Dakota; Michael Shaughnessy, Mississippi, United States marshal for Utah; Chas. Bartlett of Maine, now consul at Turk's Island, consul at Guadaloupe; J. W. Albertson, United States attorney for the eastern district of North Carolina; Edward H. Morrison, New Jersey, register of the land office at Boise City, Idaho; Wilbur F. Lunt, United States attorney for the District of Maine; Alex. C. Botkin, United States marshal of the Territory of Montana; George C. Tanner, United States consul at Vorviers and Liege; S. J. Nealy, collector of customs for the district of Bath, Me.

The Timber Depredations.

The communication sent to the Senate by the Secretary of the Interior covers the report of the special agent sent to Montana to investigate the timber depredations and concludes as follows: "I am not yet aware, nor have I yet learned, that the taking and removing of timber in violation of an express statute is any less an offence than the taking and removing of any other kind of property in violation of an express statute. The principal object south in the adoption of the present system for the suppression of depredations upon public lands, viz.: To stay further waste and devastation of the timber growing thereon, has thus far, in a great measure, been accomplished wherever the department has been able to obtain a final adjustment upon the suits instituted. Parties who have hitherto carelessly and recklessly cut timber upon the public lands, now purchase and enter the lands in accordance with the law, or else refrain entirely from that kind of business. That this result will be obtained everywhere, if the law be enforced, I feel well assured. A complete remedy however can only be furnished by appropriate legislation. This subject appears to me of so great an importance as to deserve the earnest attention of Congress."

New Hampshire Election.

CONCORD, 12.—The vote of 150 cities and towns give Prescott, republican, 29,342, McKean, democrat, 28,660, scattering 525. The same places last year gave Prescott 30,329, Marcy 25,931, scattering 309. It seems certain that Prescott is elected governor, and that the republicans carry the house, senate and council. The democrats concede the State to Prescott by 1,500. The republicans claim the house by fifty majority and the senate by eight.

The Newly Coined Dollar.

PHILADELPHIA, 12.—The director of the mint in this city has received instructions from the Secretary of the Treasury that he may pass over the counter at the mint limited numbers of newly coined dollars in exchange for their full weight in gold. These sums are to range from $10 to $100. For this purpose there will be deposited with the superintendent, to-morrow, $23,000 of the new coin. The object of this is to allow all who may so desire to secure specimens of the new silver dollar. The first of the new coins was struck off yesterday, and the amount coined thus far is $80,000.

The Snow Blockade Raised.

CHEYENNE, 12.—The snow blockade on the Union Pacific is raised. Assistant General Superintendent J. T. Clarke, from the east, met Superintendent Davis in the long cut east of this city at noon and cleared it, when two trains, No. 3, which in anticipation had started from Sidney, soon passed through, arriving here at 4 and 5 this evening. Two more will arrive at 11 to-night. The combined forces of these two offices immediately proceeded eastward, and notwithstanding the immense drifts, encountering in clearing every obstacle, some of the cuts being 25 to 30 feet deep, and to-night they leave a clear track from Omaha to Ogden. To make assurance doubly sure, their respective trains will pass over the ground early in the morning and subsequently all delayed trains will start from Cheyenne and Laramie.

Passengers from the train which laid so long at Antelope state that they had abundance of provisions and were well cared for by the railroad people, whom they give credit for sparing neither money nor labor to get them to their destination. The others at Laramie, of course, had plenty.

The Colorado Central and Denver Pacific are still snow bound, the former with fair prospects of clearing the track to-morrow, their train having returned to Denver awaiting that event.

Telegraphic communication is open northward to Custer, who reports four feet of snow between here and Deadwood.

The recent storm was as severe at Fort McKinney and Buffalo, on Laramie and along the route to Deadwood as in this vicinity, and freight trains have lost many head of stock frozen and stampeded.

The body of Jack Lindsay, who perished in the storm on Pole Creek 18 miles north, was brought into this city to-night.

The body of a Mexican was found at Rugg's sheep ranch, seven miles north, and when found was within six feet of the door.

Wagon-master Via, whose train was in camp on Bear Springs Creek, started for a ranche 600 yards distant, and wandered twenty miles to Fagan's on Horse Creek, where he turned up yesterday, with his feet frozen.

There are still many persons missing, and it is impossible to conjecture as to their safety.

$18,000 Fire.

CONCORD, N. H., 12.—The main building of the Merrimac County poor farm, building, at North Boscowen, consisting of a central structure, four stories, and two wings, each with three stories, was burned this afternoon, with most of the contents. The loss will be about $18,000, partially insured. The buildings were occupied by 180 paupers, all of whom, it is believed, got out safely.

Assault with Intent to Kill.

HANOVER, 12.—"Hazing" was revived at Dartmouth College last night. Early in the evening the sophomores intruded upon the freshmen, and about two o'clock in the morning the freshmen broke into the room in Thornton Hall occupied by the sophomore and his brother senior. Both were unmercifully beaten with bottles and disfigured. Five have been arrested for assault with intent to kill, and are in custody. Search is being made for the others.

Complaint Dismissed.

ROCHESTER, N. Y., 12.—Judge Drumsey, to-day, decided the famous El Paso Railroad suit, brought by Thomas C. Bates to recover over half a million dollars from John A. C. Gray, receiver of the Memphis, El Paso and Pacific Railroad Company, dismissing the complaint with costs.

Fatal Railroad Collision.

POTTSTOWN, Pa., 12.—A collision of coal trains on the Reading road resulted in the wrecking of 30 cars, and killing John A. Cummisky, fireman, and severly wounding two others.

WESTERN.

Contemplated Abolishment of the Trade Dollar.

SAN FRANCISCO, 12.—Your correspondent, to-day, interviewed a number of prominent bankers and business men on the contemplated action of the House committee on coinage, weights and measures, to abolish the trade dollar. But one opinion was expressed, that the proposed action is a direct blow at the interests of the country, and especially the Pacific Coast. It was strongly urged that the trade dollar, after considerable trouble attendant upon its introduction, has now obtained a firm footing in China, and has created a demand which cannot be filled by fine silver. The exports now average over six millions annually. At Hong Kong, Canton, Swatow, Amoy and Foo Chow, they are received as legal tender, and would have been so received before now at Shanghai and Yangtze ports but for the opposition of foreign bankers; notwithstanding which, they will probably obtain a similar status there within a year, which will at once double the demand. They are preferred by the Chinese to the Mexican dollar, and the suspension of their coinage would be to throw away business and our prestige as a silver producing country. The opinion is expressed that the proposition to abolish trade dollars, taken in connection with the views expressed by Secretary Sherman when before the coinage committee, yesterday, on the subject of the issue of silver certificates, indicated the intention to bear the silver market for the purpose of securing profits on silver coinage.

The *Bulletin*, in its financial column, this evening, publishes an elaborate article on the above subject, reviewing the results of the trade dollar coinage, and arriving at the same conclusion as above indicated.

Considerable surprise was expressed by gentlemen interviewed that of the Pacific Coast delegation only two, Davis and Wren, as yet have shown a disposition to take a stand against the proposed action of the committee.

FOREIGN.

GREAT BRITAIN.

Fatal Colliery Explosion.

LONDON, 12.—A terrible colliery explosion occurred in the Unity Brook Pit, Kearsley, near Bolton, yesterday afternoon. The mouth of the pit was blocked until six o'clock, when the explorers succeeded in entering. At last accounts they had found 15 corpses. Forty men were working in the pit at the time of the explosion, and it is certain that all perished.

The Eastern Question.

A Berlin dispatch says it is reported that Count Andrassy informed the Hungarian budget committee that Austria would never consent to the extension of Bulgaria to the Ægean Sea or to the Russian occupation of the province for more than six months.

General Krudener, who was waiting to be tried by a court martial for his defeat at Plevna, has been released from arrest and appointed assistant commander of Warsaw.

Prince Hassan has refused to obey the order of the Porte to evacuate Varna, declaring that he awaits the Khedive's order. There is some agitation in Syria in favor of annexation to Egypt.

A dispatch from Pera states that the Porte has decided to send two army corps to Volo to crush the Thessalian insurgents and a squadron to prevent aid from Greece.

It is thought the congress will meet about April 10th, and that real business will commence April 15th.

A telegram received in Paris from Athens states that the Czar has given notice of his consent to the admission of Greece to the congress.

Several deputies of the Hungarian delegation, have declared they would not regard the passage of the credit as a vote of confidence in the government.

A dispatch from Constantinople reports that the Russians have occupied Wekerekevi, half an hour's march from Bodukere, on the Bosphorus. They also occupy the majority of the villages around Constantinople, and continue advancing towards the city.

Bucharest papers mention a rumor that Germany and Austria would consent to the retrocession of Bessarabia if the mouths of the Danube were left in possession of Roumania.

A dispatch from Belgrade says: Seven thousand men of the Servian army of the Dolna have been disbanded.

Vote of Censure Lost.

In the House of Commons, to-night, the motion of Ashley, censuring Layard, British ambassador at Constantinople, in connection with the affair of the Negroponte correspondence, was rejected—206 to 157.

AUSTRIA.

War if Inevitable Necessary.

VIENNA, 12.—At the sitting of the sub-committees of the Hungarian delegation, to-day, Count Andrassy stated that Government had been throughout adopted to recognize the independence but not the neutrality of Roumania. Herr Wahrman protested that the Hungarian delegation was not ruled by a warlike feeling, but it calmly and steadily declared its readiness to enter upon war if unavoidably necessary. Several members expressed their concurrence in this view.

WEST INDIES.

Still Surrendering.

HAVANA, 12.—The surrender of the insurgent chiefs and followers still continues.

FRANCE.

Reported Conspiracy.

PARIS, 12.—A special from Constantinople states that the Sultan has summoned Prince Hassan, of Egypt, to Constantinople. It is said the Prince is implicated in a conspiracy with Soliman Pasha. The chief Pasha is going to Constantinople to intercede for him.

RUSSIA.

Congress and the Treaty.

ST. PETERSBURG, 12.—The *Journal de St. Petersburg* declares untenable the reported English demand that all points of the treaty should be submitted to the congress. If the mission of congress is to result in peace, subjects not of a European character, and which might lead to excited but resultless discussion, must be set aside.

HIGHEST HONORS

AT THE

UNITED STATES

Centennial

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK"

IN THE

"SEVERAL REQUISITES"

of such instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been officially awarded the "FIRST RANK" in the recent competition of musical instruments at the Centennial Exhibition at Philadelphia, 1876, being the ONLY INSTRUMENTS OF THEIR GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best judges before one of the most competent juries ever assembled, and has been followed by the PERSONAL AWARD to the Mason and Hamlin Organs, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so that it will be seen by many, that to advertise that you have received a "first medal" is misleading. The differences in competing articles and their comparative excellence, are explained in the Report of the Judges from which the following is an extract:

"THE MASON & HAMLIN ORGAN CO. exhibited Reed Organs and Harmoniums of the FIRST RANK in the several REQUISITES OF THE FIRST HONORS IN THE GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers before one of the most competent juries ever assembled, and has been followed by the PERSONAL AWARD to the Mason and Hamlin Organs, which, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so that it will be seen by many, that to advertise that you have received a "first medal" is misleading.
