BUSINESS AND MINES.

Institution Today of a Territorial Bureau of Information.

PREPARING FOR ORGANIZATION

President Hubbard's Reply to the Coalville Committee.—Mining and Other Matters.

The convention called by W. R. Hubbard, president of the Salt Lake Chamber of Commerce, to organize a Territorial Bureau of Information, met in the Chamber of Commerce rooms this afternoon. The meeting was called to order by Mr. Hubbard, who made a brief address setting forth reasons which demanded the existence of such a bureau. He pointed out the fact that the coming winter would see a great influx of visitors to California, and thought they should be induced to stop over in Salt Lake and learn the resources of Utah. There was now no good means of placing these resources before them, but the bureau could accomplish this work. He believed that what Utah needed most being was the development of her agricultural resources, and when the Territory was as well settled and cultivated as was southern Utah there the agricultural industry would be of vastly greater magnitude than it is now. The problem of irrigation should be given special attention, and the interests represented of the Territory, which were far more extensive than any one generally recognized, should be carefully noted. Statistics on all these and kindred subjects should be carefully compiled and published. The whole Territory should be included.

A temporary organization was then effected by the selection of W. R. Hubbard, of Salt Lake, as chairman, and C. M. Neighson, of Ogden, secretary.

The roll of delegates present was then made up, and Governor A. L. Thomas moved that, as only Weber, Beaver, and Salt Lake counties were represented, the meeting should adjourn for three weeks to give time for preliminary preparation and to afford an opportunity for all the counties to have representatives here.

There was an extended discussion of this proposition, the trend of it being the expression of a sentiment that the organization should be made as comprehensive as possible. Representatives from other sections also came in, and the motion to adjourn was lost. The meeting proceeded with the consideration of the details necessary to carry out the purpose of the convention.

ENCOURAGING COALVILLE.

In response to the address of the Coalville board of trade, published in yesterday's News, the following was sent out last evening by the President of the Salt Lake Chamber of Commerce:

SALT LAKE CITY, UTAH, OCT. 9, 1893.

Secretary Board of Trade, Coalville, Utah:

Dear Sir.—Your address to the people of Salt Lake City read with much interest. We will investigate this "coal combine" thoroughly, and if your coal owners will send by the people and make the reduction of $1.50 per ton per month, the people of Salt Lake City will send by you and give you all the aid possible, and we will succeed.

Yours respectfully,
W. R. HUBBARD, President.

A CANAL PROPOSITION.

The Castle Valley Land & Canal company has written a letter to W. R. Hubbard, president of the Chamber of Commerce, stating that the company proposes to build a canal of sufficient size to irrigate 100,000 acres of land in Price River Valley and Miner's Flat. The canal will be thirty-five miles long. It will leave Price river near Helper and follow a southeasterly direction. The land irrigated will be a strip twenty-five miles long by from four to ten miles in width.

The company also has the survey for a reservoir in Gooseberry valley that will cover 800 acres and will irrigate several thousand acres of land. Another scheme it has is to bore the water of Strawberry river into Price river to increase the water supply of the latter stream. The company now has a survey running into Price river above Pleasant Valley Junction.

RICH IN GOLD.

Special Dispatch to the News.

CHEYENNE, Wyo., Oct. 9.—Information has been received that the pocket in the Dart mine in the Lewiston district in Fremont county has been cleaned up and the gold product from the ore taken out is $60,000. This pocket was only a side issue so far as the mine was concerned, as the lode is from seven to ten feet in thickness and assays from $40 to $75 per ton. The Dart is the best paying mine ever opened in that section.

AT MINER'S DELIGHT.

Special Dispatch to the News.

CHEYENNE, Wyo., Oct. 9.—The Golden Rod Mining and Milling company has been incorporated under the laws of Wyoming. The property comprises one hundred acres in the south Pass country in Fremont county. The capital stock of the company is $500,000. E. C. Bartlett and J. E. Nash, of Omaha, T. W. Ellinger and A. H. Palmer, of St. Louis, and A. L. Palmer, of Miner's Delight, Wyo., are the trustees for the first year. The principal place of business of the company will be Miner's Delight.

NOTES.

For nearly three hundred years the rich placer ground near Golden, N. M., has been worked off and on, the great drawback being the lack of water necessary for the proper and of proper appliances all the time. Recently the experiment was tried of sinking artesian wells. This resulted successfully, and there are now four such wells in the district. The four wells take a flow known equals 267,840 gallons per day. Hence hydraulic water is used, and the results of the operations will soon be discovered to exist. It is claimed that this machine, a French invention, with wash box under the reel of grates with one inch bars of water, and no other wells than already resulted under pump about seventeen inch inches, the amount of work on any machine so supplied would not be less than 175 cubic yards of gravel per day. It is expected, says a correspondent in the Albuquerque Democrat, to use the water for irrigation after the miners get through with it.

Hilton county, Elder Moses R. G. Wood and H. R. Clements arrived on Tuesday from Monroe, in the Deer Creek country. The latter is on his way home in Boston via Chicago's big show. He will return in the spring. The latter will visit Salt Lake for a few days. The gentlemen report that the principal work going on is assessment. Moses, Ara D. Young and Tuppes are pushing work on silver bearing claims, among them the Grand Duke and Dufferes are looking up the good shaps. The Lone Pine, owned by H. Moss, is showing a good body of high grade lead ore, and other claims are coming to the front, which lack of space prevents mention.

SALT LAKE CLEARING HOUSE.

Today's clearing house exchanges amounted to $159,416.

TODAY'S QUOTATIONS.

New York — Silver, 79¼ bid, $3.25.

The above Sugarhouse delegates will meet at Mill Creek ward house on the above date and elect five delegates to the Seventh District Council convention to be held at Sugar House, Salt Lake county on Friday, October 20th, at 8:30 o'clock p.m.

NINTH REPRESENTATIVE DISTRICT.

Primary will be held at Bingham—Wednesday, October 18, 1893, at 8 p.m. to elect delegates to meet Bear River, Juab and Tooele counties as per call of said counties.

A COUNTY REPUBLICAN CONVENTION

composed of delegates from all precincts of Salt Lake county outside of Salt Lake City, to nominate a candidate for county superintendent of schools, will be held in Salt Lake City on Saturday, October 21st, at 12 o'clock noon at a place to be designated hereafter.

The delegates to the district representative conventions, selected at the precinct primaries on October 10th, will be delegates to the above county convention.

The chairmen and secretaries of the respective primaries will be careful to provide the delegates to the above convention with proper credentials.

County committees and central committees will arrange for halls and the proper notices of the primaries.

W. F. JAMES,
Chairman.
GEORGE M. CANNON, Secretary.

Tired, Weak, Nervous

Mrs. Mary C. Crydenwise

"I had dissipated so severely that I was obliged to go a cripple. I was tired all day and broke in three about me. I often suffered from dizziness, worried much, and was subject to nervous spells. Hood's Sarsaparilla made me feel like a different person. I love to praise good health to Hood's Sarsaparilla." MRS. MARY C. CRYDENWISE, 14 Pine Street, Lowell, Mass. Be sure to get Hood's.

Hood's Sarsaparilla Cures

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.
