Sullivan! Sullivan!

Tom Moore said:

We look too high for things close by
and lose what nature finds so.

This should not be the case with the intelligent people of this city.

Nature has bestowed a bracing spot. Utah not found on any other part of earth.

I refer to the Great Salt Lake, upon its shores stands the magnificent resort "Saltair." Something in seaside above any similar structure on God's footstool.

The writer of this holds in high estimation the doctors of this city and vicinity, but under the rules of doing good to the greatest number of people in my opinion, doctors' visits come high and prescriptions are quite costly.

Go to "Saltair" breathe the pure, fresh air, take a dip in Utah's gem of an ocean once, twice or three times a week and health will bloom and blossom; rest will come to you at night, your nerves will be soothed and life prolonged. Did you ask me what it costs? Yes, only 25c round trip. Think of it!

Delightful music and merry dancing and also Edison's wonderful invention showing moving living pictures, etc., etc., free.

Two Murderers in Millard.

Millard Progress: A fellow from an Illinois town under date of June 16th, and signing himself Hugh Moll, P. D., to inside detectives, Salt Lake City, put out of two murderers who are in your county and are wanted here. He then goes on to tell about the murders, and gives the people interested in a county across wants information as to the whereabouts of the murderers. He says that, "If you will wire the chief of our officers, etc., he, and all the rest of his 'gumshoeing' force, says, 'I will be here and bring the prisoners back and give you a record of the cards.' The letter has been turned over to the proper authorities and they will arrange matters. The people in question are now after any gift in this county. From the size and appearance of the letter Hugh Moll is one of the world-be detectives and is looking for some cheap newspaper.

Re-examination of Utah County Scrolls.

San Francisco Chronicle: The results for the Utah county will have to be re-examined before being accepted, owing to the failure of the post office clerk who handled the matter to place his name with the proper official designation. Some of the Utah lawyers are thinking of having a mass meeting to discuss the matter, and have decided to hold a free of the amount going over the stocks like anti-cane "Dutch supper."

Meet in the Fifth Ward.

The Fifth ward assembly room is the place of meeting on Monday evening of the Utah quorum of Seventies. It has been changed from the Fourth ward meeting house. Meeting commences at 7:30 o'clock.

Attacked Judge Lohnes.

Mr. Pleasant Pyrenee, Thomas March was arrested at Park City Sunday on a charge of disturbing the peace, but was released on bond. March is alleged to have made a public attack upon Judge Jacob Lohnes of the district court. It appears that March was arrested on a charge of assault and battery, and upon his arraignment before Judge Lohnes, which was adverse to March's interests, and, according to the Park City Record, he followed him, proceeded to deliver from his own desperado, an insulting and abusive harangue against Judge Lohnes. He has of his own to be arraigned for fully an hour, and the people, who were present, had to restrain March from violent demonstrations. Finally he was charged by officers, and his arrest followed. The case will be heard next Monday.
