AN ARMY OF MINERS

Thousands of Strikers Marching on a Village.

SERIOUS TROUBLE ANTICIPATED.

Urgent Appeals for Militia.—A Movement to Force Workmen to Quit Work.

SPRING VALLEY, Ills., April 25.—A new industrial army of miners left here this afternoon for Tolono, where 500 men are working in the mines. Nearly 2,000 men moved from this city and other mines simultaneously. Ford Knowles is commander in chief of the forces. He issued an order to the effect that no one would be allowed to entry arms. The sheriff of Marshal county, with fifty deputies is at Tolono awaiting the Spring Valley army.

The little village of Tolono, situated in the heart of the coalfields of Marshal county, is wide awake this (Friday) morning. An army of nearly 4,000 coal miners from Spring Valley, Lasalle, Ladd, Lentonville, La Salle, Peru and Oglesby have come into camp at 8 a. m. what is known as the Big Shaft, one and a half miles north of this place.

The situation is regarded as serious, and, notwithstanding trouble, the coal company ordered the mines shut down yesterday afternoon, but it is thought after the coal miners' army leaves and the men are willing to go to work, they will open again.

SPRINGFIELD, Ills., April 25.—Acting-Governor Gill at ten o'clock tonight, received the following telegram from Merrill Louden at Marshal county, sent from Tolono: "Three thousand strikers from Spring Valley, La Salle and Peru here. I anticipate trouble, and possibly bloodshed. Feeling unable to meet them, I respectfully call on you for five or six full companies of militia. Send them from Chicago or Joliet. Santa Fe will have special train waiting for them at this point. Try to get them here by 3 o'clock if possible. Answer quick."

Governor Gill telegraphed that he did not think he was warranted in calling out the militia, as he understood the miners were not armed and were not likely to become violent, but that he would leave tonight for the scene of the anticipated trouble and personally look into the matter. He left on the midnight train, accompanied by Assistant Adjutant General Boyle. Adjutant General Dreanlorf was notified at Kansas City, Mo.

FRATERNAL GREETINGS.

COLUMBUS, O., April 25.—President McBride received today from the grand master workman of the Knights of Labor fraternal greeting and congratulating the miners possible aid in the struggle for justice and equity.

The Virginia miners at Beechwood telegraphed President McBride that twenty-six mines, employing 5,000 men, are idle.

RICHMOND, Mo., April 25.—In a mass meeting one thousand miners employed in this section decided to obey the order of the United Mine Workers' association and strike.

BRAZIL, Ind., April 25.—It is apparent now that the miners in the block coal fields of Indiana will join the general strike in the other coal producing states. The bituminous miners have formed mobs to induce them to come out, and as a result Crawford mines Nos. 4 and 5 closed today, and the men of Nos. 2, 3 and 4 of the Brazil Block company came out tonight. Several others were visited, and it is said there will not be a mine in the whole block district in operation tomorrow.

BUFFALO, April 25.—Five boats are tied up along the Buffalo docks for want of coal, though only five days have elapsed since the great strike of soft coal miners were begun.

COXEY RESOLUTION.

A Debate in the Senate on the Industrial Army.

WASHINGTON, April 25.—Immediately after the reading of the journal in the Senate, Jones, the newly appointed from North Carolina to succeed the late Senator Vance, was sworn in.

Senator Allen's Coxey resolution came up, and Allen stated there would be no objection on the Democratic side to its passage.

Vest, however, opposed it. These people should be treated as all other citizens of the United States. If they did not violate any laws they would not be molested, but he deprecated the introduction of such a resolution, because it intimated a want of confidence in the institutions and laws of the land.

Wolcott, of Colorado, entered a vigorous protest against passing the resolution. He was in a position to stand the purpose of the resolution, which did not change the law in any respect, but simply extended a cordial invitation to these men, leaving themselves unemployed, some of whom were coming by wagging, some by their overpowering force, and some on stolen trains.

"I am tired of this talk of national demoralization," he said. "In Colorado today, crushed and humiliated as she is by the action of Congress, I venture to say no man is suffering because he can find no work, or no willing hands to assist him until work can be found for him."

A number of Senators took the pause to go to Senator Wolcott after he had concluded his remarks and express their appreciation of what he had said.

Allen defended his action in introducing the resolution and spoke for some time. If the course of his speech he called these gatherings the "spontaneous uprising of American citizens against wrong and oppression." It was, he said a peaceable gathering of men, engaged in a reasonable project.

"Does the senator apply that to the army of the commonweal which stole a train at Rinne, killed two deputy marshals, and whom the troops of the United States are now trying to capture?" asked Wolcott.

Allen refused to be drawn on to this ground. He declared he was a warm advocate of peace and law and order. He criticised the action of the commissioners of the District of Columbia in issuing a proclamation warning Coxey's army against entering the District.

THE HOUSE.

WASHINGTON, April 25.—The House went into committee of the whole and resumed consideration of the diplomatic and consular appropriation bill. Debate ensued during the afternoon in a desultory manner on many and unimportant amendments, none of which were adopted. When the bill was completed the committee rose. The bill as passed carried $1,415,539, a decrease of $41,700 compared with the appropriations for the current year.

At 5 o'clock the House adjourned.

WAR TO THE KNIFE.

The Great Northern Strike Assumes a Serious Aspect.

ST. PAUL, Minn., April 25.—All efforts for a special settlement of the Great Northern strike have been declared off, and the company and the American Railway Union have begun to test their strength, and it may yet end in bloodshed.

The company started the first freight train to the works today, and the battle may be said to have just begun. Deputies will be sent out on all the trains.

Late this afternoon the strikers sent a brief memorandum to President Hill, unceremoniously rejecting his proposal for arbitration, and renewing their demand for the old schedules, and giving him to understand that this is their ultimatum. Mr. Hill sent a reply to the men tonight, in which he says the action of the men ends all conferences and negotiations, so far as he is concerned.

Hill said today he had waited long enough for the men. The people along the road demanded service, and he proposed to give it to them. "I have been enough to man the road," he said. "The militia have been ordered to hold themselves in readiness."

President Hill had a conference with Governor Nelson this afternoon. The governor sent for Brigadier General Bean. It is expected that the National Guard will be called out.

BRIDGES BURNED.

MINOT, N. D., April 25.—Two bridges west of Fort Buford, on the Great Northern, were burned today.

Be Ready on Time.

NEW YORK, April 25.—Dr. Henry Mayer's trial, upon the charge of poisoning Ludwig Benoit, began today. The first witness had only begun his testimony when the court adjourned until tomorrow.

FROM THE CAMPS.

Gov. Pennoyer Does Not Believe in the Militia.

PORTLAND, Ore., April 25.—The industrial army, about one strong, camped at Troutdale, eighteen miles from here, took possession of the Union Pacific station and drove out the operator. As soon as the news reached this city, attorneys for the Union Pacific applied to Judge Bellinger, of the United States district court, for an injunction restraining the army from interfering with the company's property.

Late this afternoon Sheriff Kelly requested Governor Pennoyer to order the militia to Troutdale. The governor sent the following answer:

"I am in receipt of your request of this date upon me as commander-in-chief of the militia, for a sufficient force to keep the peace and good order in the state, simply because there is a lawless people congregated at Troutdale. You do not allege any actual breach of the peace. This is a civil, and not a military, government, and it is your duty to exercise the civil power to quell any disturbance when it occurs, and not to call on the militia before it occurs."

BRUTAL CRUELTY.

Driven Near the Tongue Out of the Mouth of a Horse.

GALENA, Ills., April 27.—Because a jaded horse could not be made to pull a heavy load of wood out of a mudhole, two brewery drivers, Mike Ahlfish and John Engels tied a rope around his tongue and pulled until a piece of the tongue six inches long was torn out. The inhuman act caused great excitement, and had not the men promptly fled their would have been roughly dealt with. Officers are in pursuit. The horse was killed.

A NEW ARRANGEMENT.

Affairs of the Panama and Pacific Mail Company.

The Pacific Mail Vessels to be Abandoned for Cheaper Vessels on the Pacific.

NEW YORK, April 27.—On the 15th of June near the agreement by which the Panama Railroad company leases the steamers of the Pacific Mail Steamship company expires, after which the railroad company, according to its officers, will handle their own traffic by putting a line of steamers from the west coast of the Isthmus of Panama to San Francisco. Speaking of this intention on the part of the Panama Railroad company, an official of that company says: "Our charter of the Pacific Mail Steamship company demands Columbia, City of Para and Newport, plying between New York and Colon, from out on the 15th day of June. We have not renewed the agreement.

We are discontinuing the use of the Pacific mail steamers because it was not a profitable business to use them, and we can get other vessels cheaper, and it is our desire to reduce expenses. We have been paying too high a rental to the Pacific Mail Steamship company for the use of their property. We have tried to make some arrangements with them which would enable us to do business with them profitably to our interest. So far, we have not succeeded and therefore have contracted to secure other ships to handle our through traffic. We shall then run the line the Panama Steamship line. The steamers on the Pacific side will run direct from Panama to San Francisco.

Mr. Charles H. Tweed, president of Mr. C. P. Huntington, was interviewed and said:

"The Panama company had an option which expired by its original terms about the 1st of April to renew the present arrangement in regard to running the steamers on the Atlantic side for six months from the 15 of June. At the request of the railroad company the Pacific mail S. S. company extended the time for exercising that option until the 23d of April (Monday). When the option expired the Panama railroad people were told that they declined not to exercise the option. The present arrangement, however, continues under its own terms until June 15. Of course if no other arrangements are made for the transatlantic side of the Pacific Mail company will then take their steamers and resume its Atlantic line, and if it does, I have no doubt that we shall be able to make a traffic arrangement with the railroad company people on terms that will be satisfactory to both parties.

"The Panama people say they can not afford to pay the $8,333 a month we charge them for the use of the steamers, while we think the price is a reasonable one. I do not know what their intentions may be in regard to putting other steamers on the line, but I hardly think they will do that. Our Atlantic steamers are so well known and its steamers are integral parts of a single company and no one of us can injure the other without injury resulting upon all."

SUNOL!

ROBERT BONNER

Superintending the shoeing of Sunol with the Putnam Nail.

THOMPSON'S HILL SHOE FARM, BILLED AT 2 MINUTES.

PROPRIETOR THOMPSON: Gen. Fair, Feb. 16, 1894. PUTNAM NAIL CO., Boston, Mass.

GENTLEMEN: Sunol, the fastest mare of the day, will shoe, and I have asked the Putnam Nail Co. to furnish me a sample box of their nails, with which I have shod the Fair horse, the new wonder 2 with not a lame nail. Sunol is a very nervous mare, and does not like to be shod. Your Nail Co. I am pleased to. Which shows Sunol's good judgment. Yours truly, ROBERT BONNER. Send me a box of your nails, and oblige, Yours truly, ROBERT BONNER.

Very respectfully yours,

Chas. Marvin

The Putnam Nail is the only exclusively Hot-Pressed and Hammer-Pointed nail.

Look to your smith's shoeing box, if the nails have smooth edges for the whole length it is not the PUTNAM, for the Putnam Hammer-Pointed and Are not sheared.

This shoe weighs, from a photo (reproducing Mr. Bonner in the act of inspecting a shoe) a fraction over 2 ounces, and is the lightest horseshoe ever made, and is the shoe which Mr. Bonner had made for Sunol, which, with the aid of the Putnam Nail, lowered the world's record to 2:01¼, and, on account of it being so light, made the average one second faster for average use.

MRS. LYDIA CROWTHER, WIFE OF E. CROWTHER, A PROMINENT THEATRICAL MAN.

WOMEN

ARE OFTEN TREATED FOR THE WRONG DISEASE.

Drs. Shores & Shores CURE Their Patients.—$5 a Month For All Diseases—Medicines Free.

Many times women call on their family physician, suffering, as they imagine, one from dyspepsia, one from heart disease, another from liver and kidney trouble, another from nervous exhaustion; the symptoms are all present with the patient, and their story, perhaps, positively don't care, doctor gives them some little pill or bottle of medicine, tells them to go home and call again in a week. The patient consequently gets no better, but worse, caused from the delay and wrong treatment. Drs. Shores & Shores give a thorough, scientific and systematic course of treatment; the patient comes to the office twice a week, and the doctors can carefully watch the progress of the patient; they do not give any medicine that comes to hand, but specially prepare each medicine especially for the case.

Mrs. Crowther, who resides at 304 Ninth South and Third West streets, says:

"I cannot begin to describe my symptoms, for I had so many. For five years I was a sufferer. I had bearing down in my back and in the pit of my stomach, they were so severe that at night I could not sleep for more than two hours. My head would ache and a constant hawking and spitting. I was so deaf I could not hear an ordinary conversation. I had a terrible cough, no appetite. I was very weak and did not have strength enough to do my housework. I was in flesh, and my friends began to imagine I would not live long.

"In this condition I was advised to go to Drs. Shores & Shores, as they were the only specialists who gave evidence of their skill, and I am very glad I did. I have only been under their treatment seventeen days, and I can say I have no more pain. I hear well and believe it a duty to show sufficient to make me a marketable case public."

Mrs. Crowther resides at 304 Ninth South and Third West street. Go and see her, she will tell you how she was made well and happy.

$5 A MONTH, NO MATTER WHAT YOUR TROUBLE MAY BE, AND REDUCED TO $3 AFTER ONE YEAR.

NO PAY FOR YOUR TREATMENT, EXAMINATION, LOCAL TREATMENT IN THE OFFICE AND ALL MEDICINE REQUIRED IN THE CURE OF YOUR TROUBLE.

IF YOU CANNOT COME TO SALT LAKE

Write for the mail treatment. Stand the physicians to personal charge regardless the mail department and be a system of close correspondence confine those out of the city quite as well as those who come to the office. Send for symptom blank. Medicine shipped carefully. Try this treatment.
