WEST WEBER.

Impressive Funeral Services Over Remains of Sarah J. McFarland.

Special Correspondence.

West Weber, Weber Co., March 28.—As I am so value the most impressive and touching funeral services ever witnessed in this county, the remains being interred in the cemetery over the remains of Sarah J. McFarland, the deceased daughter of Alfred H. and Mary McFarland, who died at her home in such a shocking manner on Saturday evening. Consulting all concerned, as much as possible, I transcribe the services being very impressive.

Though young in years she had endeared herself to all who knew her, by her kind and obliging disposition. She was a faithful member of the Sabbath school and Y. L. Mutual. The sorrowing and bereaved parents and sisters and brothers, have the sympathy of the community in their great bereavement. Her sister, who died only a week ago, this one adding her fifth relative.

WOMAN'S RIGHTS!

The Right Way to Get Them and the Right Man to Give Them.

THE natural rights of every woman are health and happiness. Every woman who has the right to hold her own in any sphere. Mere artistic or surface beauty cannot do permanently with the beauty which health and happiness confer.

THE RIGHT OF HEALTH can be secured to ninety-eight women out of every hundred. This assurance is given by Dr. Pierce after more than thirty years' experience in the treatment and cure of female diseases, in which time he has confidentially treated, with assistance of his staff of trained specialists, over half a million ailing women.

CONSIDER CAREFULLY THESE FACTS.—A woman's general health depends on the good health of the delicate, womanly organs. When these are deranged or diseased, the complexion becomes sallow or muddy, there are dark rings under the eyes, the back aches, there is nervousness, sleeplessness and irritability. Following debilitating drains or female weakness, the body loses its roundness, the face loses its fairness. Then these local diseases, drive out these aches and pains, and the complexion becomes bright and clear and the body regains its graceful lines and curves.

WOMAN'S LOCAL HEALTH can be restored. Facts prove it. Ninety-eight times in every hundred even female diseases are cured by Dr. Pierce. This great percentage is not based upon the treatment and cure of a few hundreds, but upon the treatment and cure of more than five thousand hundreds.

CURE A MILLION WOMEN, and more, have been restored to the enjoyment of the right of health by Dr. R. V. Pierce. Are you one of the two women whose condition can not be perfectly cured? Or are you one of the ninety-eight who can be perfectly and permanently cured by Dr. Pierce? You can find out with little trouble and no expense. Any sick woman is invited to consult Dr. Pierce by letter absolutely without charge or fee. Write fully and fearlessly. Your letter will be read in private, answered in private, and a reply sent in a plain envelope closely sealed and bearing no advertising or other printing upon it. Address Dr. R. V. Pierce, Buffalo, N. Y.

"HEALTH UTTERLY GONE."

"I believe I owe my life to Dr. Pierce's medicine and have long felt in my duty to express my deep heartfelt gratitude to you, and to acknowledge the benefit I received from Dr. Pierce's Favorite Prescription and 'Pleasant Pellets.' My age is Mrs. Mary A. Hynell, writing from Brookland, D. C. "Six years ago after the birth of one of my children I was left in a very sick, run down condition. My health seemed utterly gone. I suffered from nervousness, female weakness and rheumatism, and I suffered everything one could suffer from these complaints. Life was a burden. I doctored with three different physicians and got no relief. I tried several patent medicines, all with the same result. I began to get worse and to add to the complaint I now suffered terribly from constipation. I claimed to be one of your advertisements and concluded to try the alone remedies. I commenced to take Dr. Pierce's Favorite Prescription and 'Pleasant Pellets' and began to improve right away, and continued improving and gaining in strength. I cannot express the relief, it was so great. Seven months time my little daughter was born without much trouble or pain. I feel that I would never have been able to endure my confinement only by the help that solely to Dr. Pierce's medicines. She was a fine healthy child and the only one I ever have been able to nurse. She is now two years old and I have never had to take any medicine since, so I feel that your medicine has made a lasting cure with me. I owe so much to Dr. Pierce, it is impossible for me to express in word or pen how thankful I am to God and to Dr. Pierce."
