## ARMORY BUILDING FOR JUNCTION CITY

Elegant and Modern Structure to Be Built by Hon. David Eccles To Cost $18 000.

## SALT LAKE OPERA CO. OVATION

Hearings in District Court—September Weddings—Conservatory of Music For Stake Academy.

Ogden, Utah, Sept. 21.—An armory building to cost $18,000 is to be built in Ogden by David Eccles on a site just west of the Belnap Lumber company's property on Twenty-fourth street. The plans for the building have been prepared by Fire Chief Graves and submitted to Mr. Eccles, and should it meet with his approval bids will be called for. The building is to be of modern and beautiful architecture, the front being constructed of gray sandstone, and the balance of the building will be constructed of sand-smoothed brick. It will be two stories with basement, 56 feet wide and 139 feet long. In the basement of the building will be arranged a gymnasium, with shower baths. The officers' rooms, reception rooms, etc., will be arranged to the front of the building, and the balance of the floor room, 100x46 feet, will be used for drill room.

### OVATION TO OPERA COMPANY

Full House Greets Salt Lake's Singers in "Jolly Musketeer."

The largest audience that has gathered at the Grand Opera House this season greeted the Salt Lake Opera company last evening in their magnificent rendition of "The Jolly Musketeer." There were few seats vacant last night and the audience was perfectly delighted with the opera. From the time the curtain was drawn for the first act until the end, the singers were greeted with rounds of applause and frequently encored. The chorus work last evening was about the finest ever heard in Ogden. Miss Gates and Mrs. Emma Ramsey Morris are the prima donas of Utah. They captivated their hearers with their beautiful voices. Everybody present last evening was pleased, and the opera company will always have a hearty welcome in Ogden.

### DISTRICT COURT CASES.

Water Case Still Being Heard—Motion To Dismiss Denied.

The whole of yesterday's session of the district court was taken up in the hearing of the water case of Francis Clark et al. vs. the North Ogden Irrigation company. After the plaintiffs had submitted their proofs and before they had rested their case they dismissed the action as to the Plain City irrigation company. The directors of these companies disclaimed being on the ground in the interest of their own companies but admitted to being there in the interest of the North Ogden Irrigation company. While the complaints against their companies were dismissed, they were held defendants as individuals. The actions were also dismissed as to John Anderson, C. Coberg, Joshua Homer, John Doe and Richard Roe.

Immediately after the above action on the part of counsel for the plaintiffs the attorneys for the defendants moved to non-suit, on the ground that the plaintiffs had failed to prove their case. After a lengthy argument on behalf of counsel for both sides, the court denied the motion to dismiss, and the taking of testimony for the defense was taken up and continued until an adjournment was taken. The case was resumed at this morning's session of the court.

Immediately following the water case that is now before the district court the damage cases of J. S. Houtz vs. the Union Pacific company and A. G. Pell vs. the same company will come to trial. These are actions which are creating considerable interest and arise from the floods throughout Nebraska in 1903. The plaintiffs shipped a number of cars of sheep over the defendant company's lines to eastern markets, the delivery of the same was greatly delayed and the suits for damages followed.

CONSERVATORY OF MUSIC.

The Weber Stake academy management announces that it has decided to add a conservatory of music to the institution, which will be known as the Weber Stake Academy Conservatory of Music. It is now the intention to open the new department Oct. 2. The faculty has secured as instructors Prof. Joseph Ballantyne of Ogden, and John J. McClellan and Willard E. Weihe of Salt Lake.

SUIT ON PROMISSORY NOTE.

The Pacific Collection Bureau has commenced an action in the Second district court against C. M. Haws, to recover $558.40. The complaint alleges that the defendant bought goods of the Consolidated Wagon & Machine company at various times, for which he gave his promissory notes; that the notes have not been paid and the machine company has transferred its title in the same to the plaintiff who brings the suit to recover the aggregate of the notes, $558.40.

SEPTEMBER WEDDINGS.

The county clerk has issued marriage licenses to the following couples:

W. S. Perkins and Miss Laura M. Markle, both of lawful age and residents of Ogden City.

D. E. Rogerson, 25, and Miss Blanch Telford, 23, both of West Weber, Weber county.

John F. Leggett, 25, and Miss Lena Parsons, 20, both of Brigham City, Boxelder county, Utah.

Ray West, son of Joseph A. West of this city, was married to Miss Mamie Morrell of Logan in the temple at that place yesterday and last night was tendered a reception at the home of the bride's parents. The young couple will leave for Ithaca, New York, where they will both take up studies at the Cornell university. Mr. West will receive his final course in civil engineering at Cornell this year.

BRIEFS AND PERSONALS.

William Crosbie, who has been confined at the county jail awaiting trial on the charge of larceny, being unable to furnish $200 bail, appeared before Judge Howell and asked for a reduction in his bail which was granted, fixing the bail at $150, which amount the defendant furnished and was released from custody.

Sanitary Inspector Albert Power who was thrown from his buggy a few days ago, receiving severe bruises, has sufficiently recovered to be able to attend to some of his duties again. Mrs. Power has presented her husband with a fine baby girl.

In the divorce suit of Kristina Larsen against Henry Larsen the defendant has filed an answer in the District court denying plaintiff's allegations of cruelty and that he posesses considerable wealth and asks that his wife be not granted a divorce on her complaint.

Gov Folk and party of Missouri, spent yesterday in Ogden seeing the sights of the city which they greatly admired.

Mrs. Joseph Critchlow and children have returned from a pleasant summer outing.

Tomorrow at the home of Fred J. Kiesel, Mrs. R. S. Farnsworth will deliver a lecture commencing at 4 o'clock on "Love's Labor Lost."

Ambler Patton has gone east to resume his studies at the Northwestern University.

Engineer William Bostaph has secured a big contract at McMinnville, Yamhill county, Oregon, for the construction of that city's waterworks system, which is to cost $75,000.

The work of excavating for Simon Bamberger's elegant cafe in Ogden Canyon was commenced today. The building will be 84x108 feet and modern in every respect.

The Netherland's Educational society held a meeting last night at which United States history and unity in local politics were discussed. The society was organized for the purpose of being recognized by the city government, but it is not known with which political party it will cast its lot. The speakers of the evening were H. Debry and J. B. Denwell.

Fred H. Hillman, assistant botanist of the United States department of agriculture, was in Ogden yesterday investigating alfalfa conditions in this section. Mr. Hillman will also make a trip to Slaterville to make an investigation of the growth of dodder.

**Beautiful Women.**

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 31, 1904: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." ### BIG FRUIT SHIPMENTS.

Anti-Cigarette Meeting—Republicans Preparing for City Election.

Special Correspondence.

Provo, Utah Co., Sept. 21.—On Monday evening an anti-cigarette meeting will be held in the Parker school, with a view to carrying forward the work begun by the organization last fall. Mayor Roylance will preside, and it is expected President George H. Brimhall of the Brigham Young university will be one of the speakers. The meeting will commence at 8 o'clock.

The Republican city central committee will meet Friday evening to consider steps to be taken for the coming city election.

The William M. Roylance company is shipping large quantities of fruit east, the shipments reaching as high as nine cars a day.

Deputy Sheriff Gardner brought three transients down from Thistle to serve five days each in the county jail for stealing a ride on the Rio Grande Western, of which they were convicted in Justice Thorgeirson's court.

C. F. Deker has gone east on a business trip, to be gone several days.

Editor Buys of the Wasatch Wave is here at the bedside of his sister, Mrs. Sarah McDaniel, who is suffering from a case of blood poisoning, which it is feared will prove fatal.

Mrs. B. M. Cunningham, who has been with her husband in New York for some time, has returned for the winter. Mr. Cunningham (Cunning, the magician) is having a big professional run with his jail delivery trick.

Deputy Sheriff Barnett went to Salt Lake today to meet Mrs. Barnett, who has been visiting relatives in Idaho.

## LEHI.

### BANK MAKES FINE SHOWING

Victims of Accidents—Digging of Beets Will Begin October 2.

Special Correspondence.

Lehi, Utah Co., Sept. 19.—Niel Winter met with an accident yesterday which might have gone very hard with him. While crossing the R. G. W. track in town a train came along, scaring the horse, and causing it to run away. In the mixup Mr. Winter was badly bruised up.

W. S. Gray met with a bad injury recently at the factory. A brick fell on his head cutting a hole in it.

Reports from the Holy Cross hospital are that Jerry Rankins, who was crushed at the factory Sunday before last by having a 7-ton cooler fall on him, is getting along as well as could be expected. He was unconscious for one week.

A report of the Lehi Commercial & Savings bank shows assets of $305,000 which is an increase of $87,000 in the past five years, and in that time the stock has gone up from $90 to $120. The bank is owned principally by Lehi parties.

Work on the new grist mill will start in the near future.

Digging of beets here will commence about Oct. 2, and the factory will probably not start up until Oct. 9.

**Abscess.**

W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c. size, and it cured my leg. It is the best liniment in the world.

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Z. C. M. I. Drug Dept. B

## EUREKA.

### DEATH OF ERNEST NICHOLAS.

Socialist City Convention—Mammoth School—Mine Accident.

Special Correspondence.

Eureka, Juab Co., Sept. 20.—The funeral of the late Ernest Nicholas was held at the Methodist church this afternoon. A large number of the deceased's friends being present. Mr. Nicholas was a well known resident of this camp and was 40 years of age. He was born at Havistock, England, and leaves two brothers residing in South Africa. Miners' consumption was the cause of his death.

MAMMOTH SCHOOL.

The public school at Mammoth shows an enrollment of 292 pupils. The corps of teachers are as follows: O. W. Kelly, principal; Mesdames Ristine and Miller, Misses Sanford and Duboise and Robert Towers.

SOCIALIST CONVENTION.

The Socialists of Eureka have issued a call for a mass convention to be held on Sept. 30, for the purpose of nominating candidates for the city officers to be voted for on Nov. 7.

MINE ACCIDENT.

John Johnson, while at work at the Grand Central mine, had his ankle badly crushed by having it caught in a pump Wednesday. Dr. Hensel treated the injured man and he is resting easily.

Some of the residents of Robinson and Mammoth are trying to have postoffices at those camps combined, but there is very little likelihood of the movement being successful as a majority of the citizens of the twin camps are against a combination.

A Japanese section hand had a narrow escape from instant death near the San Pedro depot in this city Tuesday. He was riding on a handcar when it was struck by a freight train, and the Japanese was brown in front of the wheels of the handcar. In some unexplainable manner he managed to crawl from beneath the car with but few bruises.

**A Cold Settled in His Kidneys.**

A. J. Jennessee, 9291 Butler St., Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit, until I was recommended to try Foley's Kidney Cure. Two-thirds of a bottle cured me. Cold by F. J. Hill Drug Co.

## SCOFIELD.

### H. H. EARLL DEAD.

President of Town Council Succumbs to Lung Trouble.

Special Correspondence.

Scofield, Carbon Co., Sept. 18.—Hawley H. Earll, town president of the town council, died of lung trouble today at 2:20 p. m.

He was born at Ogden, Utah, Feb. 23, 1872, but has spent all his life at Scofield, serving four terms as president of the board of trustees. He leaves a wife and four children to mourn his demise.

## MONROE.

### OPENING OF SCHOOL.

Postmaster Resigns—Two Applicants After Position.

Special Correspondence.

Monroe, Sevier Co., Sept. 19.—The district school opened yesterday with a full corps of teachers. About 240 pupils are in attendance, and it is expected many more will enter especially the larger pupils. County Supt. P. D. Jensen and all of the trustees were present at the opening and spoke encouragingly to the pupils.

Today it was announced that Mrs. L. M. McCarty, who has been postmaster here for fully 23 years, had resigned. Soon after petitions were circulated for signatures endorsing Mrs. Sarah Bates and Constant Thueson.

**Cured of Fright's Disease.**

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by F. J. Hill Drug Co.

## ST. JOHN.

### SCHOOL OPENING.

Crops Are Excellent—"Dry Farming" a Success—Reorganize Ward Associations.

Special Correspondence.

St. John, Tooele Co., Sept. 20.—School opened on the 11th inst. with a 60 per cent attendance of the school population. School work commenced with a vim that promises a successful school year.

The crops are excellent, dry farms have paid a good return. The dry farming here is past the experimental stage, and there are thousands of acres yet uncultivated ready for the homeseeker.

This ward has been reorganized lately all through and the promises are good for improvement all along the line. The visit of the stake presidency and of the officers of the stake Y. M. and Y. L. M. I. A. last Sunday was highly appreciated. At the meetings the reorganizations of the latter associations were completed, and if improvement is not made the stake officers will be blameless.

Threshing has commenced with gratifying results.

## DELTA, COLO.

### UINTAH HOLDINGS TOO LARGE

Crop Conditions in Western Colorado—Worms and Insects Destroy Crops.

Special Correspondence.

Delta, Colo., Sept. 16.—The excitement is all over and gone, and a counter agitation has grown up and some who drew numbers are ready to kick themselves because they were such foolish people as to get tangled up in the general stampede. It seemed as if Coloradoans had gone wild over something they hardly knew what. The opinion is expressed that if the land had been divided into 40-acre lots instead of 160 it would have benefited a greater number of people; and really 40 irrigated acres is enough for any one person who intended to make a home, unless indeed there is a large family of boys. Nine-tenths of the people over this way were after the land for speculative purposes. The smaller holdings would have more rapidly developed the country. It is estimated that two-thirds of the people who get land will not be able to get a livelihood out of their homesteads, for many years. So a large portion of the reservation will be tied up and useless. That portion of Utah has been tied up long enough.

CROP CONDITIONS.

The beet crop is turning out much better than was anticipated when the Gunnison river was on the boom and did so much damage. Potatoes started in at $1.50 a hundred, but have come down to about 60 cents. There are very few peaches and apricots, and apples are rather scarce, contractors are offering $1.50 for Jonathans and other good kinds, but the peach and apricot crop was the dependence of the trade and growers and merchants alike feel keenly the loss.

The worms this season are a perfect scourge. The early corn is literally eaten up clean, and the cabbage worms and lice are doing up the cabbage crop to a finish. Large "tobacco" worms eat the potato leaves clean in a great many places and tomato blight and worms are finishing up the job. Of course fruit men spray their apples but the early apples were bitten up as if the boys had been shooting sparrows and riddled the fruit with bird shot, but the late fruit has not suffered so much.

**Given Up to Die.**

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Sold by F. J. Hill Drug Co.

### CORRECTING THE CALENDAR

To the Editor:

We read that Julius Caesar corrected the calendar, and Pope Pius VII corrected the calender, and the English parliament did the same or worse, but what a condition they have left it in at last. The Roman and Egyptian people reckoned the new year from the vernal equinox, and every other month was a long or short one, till Augustus Caesar came into the world, then he was ambitious to have as big a month as Julius, so he made his month of August to have 31 days, and so disarranged the order and now we have seven long months and 5 short ones.

Later some genius changed the new year to January, and now our September (the seventh) should be the ninth, October (the eighth) the tenth, November (the ninth) becomes the eleventh, and December (the tenth) is our twelfth.

If the months were evenly divided long and short alternately, the average month would be 30½ days, except February, which, on leap years, would have 30 days like the other short months, but the year is short one day, so it has to be satisfied with 29 on common years, and indeed December should be the short one, as "the devil takes the hindermost."

Why doesn't some reformer try his hand in these days, and name February after George Washington, as he was born on that month, Georgeons, and why not give old heathen January a new and more appropriate name?

### WESTERN MARKET LETTER.

Special Correspondence.

Kansas City, Mo., Monday, Sept. 18.—Heavy rains in Kansas and Missouri lately have interrupted railroad service, thereby cutting down cattle receipts in the last four or five days. Supply today is 15,000 head, as compared with 21,000 last Monday. The market declined 10 to 25 cents last week on killing steers, while she stuff sold 10 to 15 cents higher. Feeders and stockers opened the week a little higher, but the unsatisfactory market for fat steers injured the demand from the country and these closed the week 10 to 20 cents lower. Western killing steers are steady to 10 cents lower than last Thursday today. A cut off of some 1,170 pounds Kansas grazed westerns sold today at 3.65, the same prices as last Thursday; another string of panhandles held over from last Thursday on a bid of 3.50, sold today at 3.40. Colorado killing steers sold last week from 3.25 to 3.90, with several trains at 3.40 to 3.55. Some Texas killers, 1,150 pounds, sold at 4.00 last week, and prime Texas stockers at 4.00, but otherwise prices for killers were from 2.20 to 3.50, and for stock cattle 2.75 to 3.50. Good heavy Colorado cows sold at 2.50 to 3.00, heifers at 3.25, panhandle cows at 2.35 to 2.65, a few heifers at 2.80 to 3.00, veals 4.50 to 6.50, canners 1.65 to 2.25. Cow demand is strong account of small run in quarantine division. Parties in the corn belt expecting to buy stockers and feeders this fall are being advised by commission men to get them now, expressing the opinion that later prices will be higher, account of the large demand that yet remains to be filled.

Mutton receipts have been almost excessive at all the leading markets except Kansas city; supply here has hardly been up to urgent requirements since last Monday, when there was a good supply. Prices have declined 25 to 35 cents in the last week most on lambs. Run today is 3,000 head, market steady. Arizona, California and Utah lambs sold last week at 6.35 to .75 for slaughter, and 5.50 to 6.00 to go to the country. Wethers and yearlings sold at 4.75 to 5.25 for slaughter, and 4.25 to 4.60 for the country, ewes, 4.15 to 4.50 to the packers and stock ewes 3.75 to 4.25. It will be noted that fat stuff has declined more than stuff suitable for the country. Local prices, particularly on ewes, sheep and yearlings have been relatively higher than other markets on account of the shortage in receipts here.
