CONGRESS RECORD.

The Speakers at the Evening Session of the House.

STEWART ADDRESSES THE SENATE

The Lee Man to Case to be Voted on Next Monday.—The Cherokee Reservation.

WASHINGTON, Aug. 25.—At the evening session Mr. Hermann, Republican, of Oregon, spoke against the Wilson bill and in favor of free coinage.

Messrs. Silver and Francis of North Carolina followed in the same line.

Mr. Bynum, Democrat, of Indiana, then took the floor and replied to Mr. Pence's speech of yesterday. Mr. Bynum said Pence had turned his back upon the Democratic party, not for the sake of getting "pie," but for the purpose of eating crow. He quoted from a speech made by Pence, going back, so he charged, upon Democratic principles.

Mr. Pence retorted that when he made those remarks he was as sober as a judge.

Mr. Bynum rose to a question of personal privilege, and said that yesterday he jocularly made a remark which might have been construed as meaning that he had been entertained in a manner that enabled him to make a speech. Mr. Pence knew he was sober as any man in Denver on the night in question.

Mr. Pence disclaimed any intention into the incident raised.

Messrs. McKeighan, Populist, of Nebraska, and Doolittle, Republican, of Washington, spoke for the Wilson bill. Hulick, Republican, of Ohio, advocated bimetalism, and charged the present depression upon the Democratic party, not in addition to the tariff. Mr. Wagner, Republican, spoke in favor of repeal, and the House at 11 o'clock adjourned.

THE SENATE.

WASHINGTON, Aug. 25.—Stewart took the floor and addressed the Senate. He declared the bill of the finance committee was a bill practically to demonetize silver. No man should be deceived on that point. The preamble to the bill was a insult to the intelligence of the American people. The people, he said, had come to the forks of the road, where they had either to use their money of substitute a system of extortion through the national banks.

The Sherman act had not been executed according to its spirit. If it had been it might have been good; it certainly would not have done the harm that had been done under it. Ever had been an issue of $140,000,000 in legal tender notes, which had done much to sustain the business of the country. Without it the panic would have happened long before.

At the suggestion of Vance unanimous consent was given that the vote on the Lee Mantle case shall be taken at 2 p. m. on Monday next.

The House joint resolution extending to the heirs of the Cherokee outlet the provisions of the act of May 14, 1890, in regard to homestead entries, was taken up and explained. The amendment was rejected and the joint resolution passed just as it came from the House.

After a short executive session the Senate adjourned until Monday.

PAYING OUT GOLD.

The Treasury Department Short of Paper Money.

WASHINGTON, Aug. 25.—The treasury department here today began paying out gold on all checks presented. Redemption of paper money in money in the same as fast as the money is presented. The reason for the gold payment here is that the treasury, because of its small receipts and large expenditures, has exhausted its paper money. Today the treasury books showed $97,000,000 gold reserve and a net balance of $11,000,000, this being composed almost entirely of subsidiary coin.

Lost at Sea.

NEW YORK, Aug. 25.—A pilot boat arriving this afternoon brought Henry S. as, a Portuguese seaman, the only survivor of the crew of five of the schooner Narragansett, Captain Chase, bound from Philadelphia to Wareham, Mass., coal laden. The schooner, he says, went down yesterday morning off the Highlands, and he drifted about on a spar until picked up.

The fishing smack Melinda Wood, which was towed in today, reports that when the hurricane struck her the foremast was carried away and First Officer Vogan and four seamen were carried overboard and drowned. Two of the survivors were badly injured and had gone to the hospital today. They were swept overboard by the same sea that carried away their companions, but were carried back by a returning wave and washed on the deck with great violence and worked into the forecastle, thus escaping with serious cuts and bruises.

A Record Breaker.

NEW YORK, Aug. 25.—The steam yacht Eurica, built for Captain Hewitt of the New York Yacht club by Cramp & Co., has broken the record for cruising steam yachts in American waters. On the run down from Eastern Sound, between Brenton's Reef light ship and Execution rock, the Eurica sustained a speed of twenty and one-fourth statute miles for four consecutive hours. This is the fastest time ever made by a cruising steam yacht in this country.

Finally it was decided to appoint a committee of five to work up such of religious and moral teachings of Judaism adapted to the needs of modern times in America. This book is to be submitted to the members of the conference for their approval.

Ben Schultz of Chicago, to whom she had sent money to pay her fare. She was accompanied, Mrs. Robinson, who carried consideration money, but the address of Willis she was to meet Lorenzo is a fashionable boarding house, and the police authorities are asked to obtain her a husband.

Off for the Cherokee Strip.

ARKANSAS CITY, KAN., Aug. 25.—The rush of immigrants to the Cherokee country, which will be opened September 16th, has begun and hundreds of men, women and children are arriving on every train, besides those coming by wagon. One hundred and thirty-eight prairie schooners arrived today and proceeded towards the strip, where they joined the thousands camp.

Bank Closed.

Wescott, receiver of public money at Del Monte, Colo.; Colonel William P. Carlin, Fourth infantry, brigadier general; Lieutenant Colonel Jacob H. A BLOODY FIGHT IN MEXICO.

Two Warring Factions Meet in a Narrow Canyon.

The Italian Men Exposed to a Deadly Fire from Hidden Foes on Every Side.

GALVESTON, TEX., Aug. 25.—A special from Eagle Pass to the News says: A startling report comes from Monclova this morning of a fight between two factions in Coahuila. The news, as received, is that Cardenas's men, being a party of Italian men representing near Nadadores, twenty-five miles from Monclova, took a commanding position in a canyon. The Italian men fell into the trap and were exposed to a deadly fire from hidden foes on every side. They at last broke the white flag and surrendered.

About thirty of Cardenas's men were killed, while their opponents lost 8 killed and wounded. If this report is corroborated it was the most sanguinary battle which has yet taken place between the two factions. A large number of representatives of both factions went to the scene this morning upon receipt of news, but were disappointed. It would now that he will be here tomorrow. It is said that he has sent word from Piedras Negras to order the striking troops in Coahuila, and he will appoint General Romero's battle ground.

A report has just reached town that General Trevino, who is in Cardenas's rear, is camped on the Little River, four miles south of Piedras Negras. It is said here otherwise here is to meet General Reyes tomorrow and have a conference regarding affairs in Coahuila.

The House Gas Bill.

LONDON, Aug. 25.—The strangers' gallery in the house of commons were crowded this evening to enthusiasm by a vehement speech in which the second of the report stage of the house gas bill. The proceedings of the evening were unexceptionally calm. At 11 o'clock the speaker began to put the eighteen government amendments standing in the name of John Morley, chief secretary for Ireland. Only two of the eighteen were challenged by the opposition. In each division the government's majority was twenty-eight.

When the amendments were passed carried the clerks read Irish land act work and appoint chairs. The opposition members silent. The speaker announced the third reading of the home rule bill for next Wednesday and the house adjourned.

The Naples Cab Drivers.

ROME, Aug. 25.—Striking cab drivers are still rioting in Naples. Several additional regiments of troops have been sent to that city. The military have been kept moving from one place to another rather. Wherever the soldiers appear they were hissed and jeered by street crowds. Several sharp flakes in which many were injured were reported at 11 o'clock.
