EASTERN DISPATCHES.

NEW YORK, 13.—The testimony in the Anderson poisoning case to-day resulted in a startling disclosure. Andrew Jackson, a former clerk of Dr. Irish, who is accused of poisoning Mrs. Anderson, testifying to putting up, at the request of the Doctor, two packages of arsenic for Mrs. Anderson; also a quantity of Paris green, and that subsequently the Doctor sent the witness to Buffalo to get him out of the way.

WILMINGTON, N. C., 13.—Yesterday forenoon, during the gale, five pilots left Smithville, thirty miles below here, in a pilot boat to board three vessels in the offing. After getting well out to sea the pilot boat suddenly disappeared; and nothing has been heard of it since. Two of the three vessels reached the city last night and reported they had seen nothing of the pilots.

LATER.—The U. S. revenue cutter, *Seward* a steam tug and a pilot boat, after cruising off the coast nearly all day, in search of the missing boat, gave up the search as hopeless. There is no doubt the five pilots all perished.

NEW ORLEANS.—The judges of the seventh and eighth district courts have ordered their courts to adjourn over from day to day without transacting further business until the present political difficulties close. The fusion legislature adjourned until the regular session, unless sooner convened by the Governor. The joint committee has been appointed to accompany the citizens' committee to Washington.

WASHINGTON, 14.—John G. Nicolay, of Illinois, President Lincoln's private secretary, has been chosen by the Judges of the Supreme Court as marshal in place of Parsons, resigned.

The President has received by telegraph a copy of a memorial of the citizens' committee of New Orleans, setting forth their grievances. The memorial was given to the Attorney General.

The information that the committee will start for Washington probably to-day was also received, but judging from what was said this morning by the Attorney General their mission will be futile, as the general government will inflexibly support Pinchback. The Department of Justice has closely investigated the facts and is satisfied with his course.

General Emory last night telegraphed to the President that danger of collision existed between the police and the militia, and asked for instructions. He was instructed in effect not to take sides with either party, but to be in readiness to preserve the peace and to interfere only for that purpose.

NEW YORK, 14.—The funeral of eight of the victims of the late fire in 5th Avenue Hotel, took place this morning from the Church of St. Francis Xavier. The remains were removed to Calvary Cemetery.

The National Life Insurance Co. has abandoned for the present its plan of reduced premiums which caused such commotion in insurance circles.

Three thousand one hundred and forty-five dollars have been forwarded for relief of the sufferers by the recent inundation in Italy.

WASHINGTON, 15.—Robert and Stephen A. Douglas, sons of the late Senator Douglas, have prepared and will present to Congress on Monday, a claim for $250,000 for their private cotton and other property taken, used and appropriated in March, 1863, in Mississippi by a portion of the Federal army.

The sub-committee of the committee on appropriations have been examining the affairs of the department of the interior with a view to its reorganization.

Vice President Colfax returned from New York this morning. He says, in answer to numerous inquiries, that his visit was more to relatives and friends than on business, that he can only repeat in regard to the Tribune editorship, what he has often said, that it remains a subject of conversation, but that nothing has been decided yet on either side.

Louisiana sends back from two different electoral colleges.

Commodore Vanderbilt has abandoned, for the present at least, his underground railroad through this city, and it is said he will apply to the next legislature for permission to extend the road to the battery, where he owns land, without Dieraili digs at mass to-day.

to obtain from the city a large tract of land whereon to build depots and warehouses.

A Sunday paper states that the murder of Maud Merrill by her uncle, Robert P. Bleakely, was caused by her refusal to continue to pay him a share of her earnings, and that he was her real seducer.

NEW ORLEANS.—Geo. W. H. Smith, U. S. Army, and Lts. Hays and King, of Gen. Emory's staff, infantry, this morning, went to the State arsenal, held by the militia, stating that they had instructions from Washington to take charge. They surrendered the property and vacated the premises. The officers retained their side arms, which was their personal property.

LOUISVILLE, 15.—Phil. Arnold, whose property was recently attached at the instance of Wm. Lent, on account of the recent California diamond swindle, has published a long defense in the *Courier Journal*, defying the charge, and saying he never sold a dollar's worth of property to Lent, or had any contract with or received money from him at any time. He denies that the fields were salted by him, but alleges that the discovery was honestly made and the transactions in regard to it were all between himself, Slack, Harpending, and G. D. Roberts, and were all fair, and after full investigation by all parties of the charges, but being in a powerful and unscrupulous ring and guilty of many swindling mining transactions privately.

Arnold says he has discovered silver mines in Kentucky, worth three hundred millions and has bought for nine millions all the property in the locality of the mines.

Wm. Wilson, a prominent lawyer of Hardin county, where Arnold resides, passed through the city yesterday en route for California, to bring a libel suit in behalf of Arnold against the parties connected with the charges of swindling made against him. Wilson says he has been prospecting with Arnold and he knows he has made the discovery of the silver mine and the purchase of the property.

CINCINNATI, 15.—Four hundred and seventy-one horses died of the epizootic this month.

Dr. John H. King, of Covington, has been exonerated from the charge of malpractice in the death of Florence Ritter.

ST. LOUIS, 15.—The boiler of a saw mill on Black River exploded, blowing the mill to atoms. Four employes were killed.

By the caving of a ditch at the Insane Asylum five workmen were buried, four of whom lost their lives.

TOLEDO, 15.—A fire in the block on the corner of Ottaway and Lafayette streets destroyed the building, crossed the street and burned four other stores. Loss a quarter of a million. Insured for two hundred thousand.

NEW YORK.—Jno. Miller was killed and Michael Gorskie fatally injured at Jersey City to-day by the careless backing of a train while they were at work repairing a car.

A new organization of the Tammany central association has just started, having among its members John Kelly, Abraham R. Lawrence and other notable citizens.

It is understood the Stokes trial will come off on Wednesday next.

WASHINGTON, 14.—Attorney General Ogden, of Louisiana, appeared before Attorney General Williams yesterday in the interest of the Warmoth faction, and asked that the government would suspend further action in Louisiana until thoroughly conversant with all the circumstances. Attorney General Williams courteously but firmly informed Ogden that all further argument would be useless, that the President had made up his mind to sustain the United States courts, and that it was not likely he would change his opinion.

EUROPEAN.

LONDON, 14.—A dispatch from Nantes reports that the river Seine is overflowed and the adjacent country flooded. The quays in the lower quarters of Nantes are entirely under water, presenting a fearful spectacle. At the custom-house all business houses in the flooded section are closed. Great destruction of property is apprehended. The railways are covered with water, travel is interrupted.

Disraeli's health is greatly impaired.

A special dispatch from Berlin, says Bismarck is looking exceedingly well and will perhaps consent to remain at the head of the Prussian cabinet, if ministers Selchow and Itzenplitz, who opposed the reconstruction of the Herrenhaus, will resign.

A Paris dispatch to the *Times* says it is more than ever evident that the majority of the Assembly is in direct opposition to President Thiers and one or other must yield. The country supports the President.

ROME, 15.—The committee of the chamber of deputies who have under consideration the religious corporations bill, at the sitting yesterday adopted a resolution declaring that the suppression of the society of Jesus, including the chief establishment of the order, in Rome, was imperatively demanded by the interests of the nation. The announcement of this action was received by the Liberal deputies with enthusiastic applause.

MADRID, 14.—Pres't Zorilla yesterday announced in the Cortes that the subscriptions to the new loan of 250,000,000 pesetas, opened on the 13th inst., were three times greater than the sum required.

Part of the city of Lille is flooded, and abandoned many factories are [illegible] bridges entirely submerged. In the adjacent country the crops are destroyed.

In the Assembly last night, minister Dufaure addressed the house in favor of rejecting the petition for dissolution. He spoke ironically of Gambetta, whose speeches he said were the cause of the present measless agitation. Speeches followed from members of all parties, and the debate which was one of the most violent and exciting which has taken place in the Assembly, lasted until one o'clock this morning, when the chamber by 368, 408 to 341, rejected the petition and passed to the order of the day.

Before adjourning the Assembly adopted a resolution directing Dufaure's speech to be published in all the communes of France. A similar resolution in regard to the speeches of the Radical deputies was voted down.

Monarchist journals are greatly pleased with the [illegible] by Dufaure. The Radical press maintain a tone of indifference and declare they will continue the [illegible] struggle.
