GRAND ARMY ENCAMPMENT.

Program for the Big Gathering in Cincinnati Sept. 5th to 10th.

Veterans and Their Families Will be Entertained in a Manner Surpassing All Previous Efforts.

Cincinnati, O., July 14, 1898.—The complete program for the week of the National G. A. R. Encampment, to be held in this city September 5-10, inclusive, was approved and made public today by the citizens' executive committee, in charge of all arrangements. The feature of all the Encampment preparations has been given more time and thought than that of entertainment, the desire being to send every visitor home thoroughly happy and pleased with Cincinnati.

The Cincinnati entertainment promises to be out of the ordinary as Encampment entertainments have gone, by reason of the fact that the committee, under the leadership of Chairman Chas. E. Logan, has had always in mind the means rather than the end. In the summary of the program which follows it will be observed that every feature has been arranged to permit of the veteran from the ranks, and the members of his family, enjoying all of them to the full.

A source of pleasure has been adopted by which the free entertainment provided will be limited to veterans and their families, though all the hundreds of thousands of visitors expected may participate with but small expense. A coupon entertainment book will be given every veteran. Each department headquarters will be provided with a supply of these little books equal to the number of representatives in attendance upon the Encampment. In these coupon books will be admission tickets to every place of amusement and entertainment in the city. No visitor will be able to take in all of them, but the tickets will be there for him to pick from each day's program to suit his own pleasure. The extent and variety of the amusement features offered is almost bewildering.

The week of festivities will open at 10 o'clock, Monday morning, with the dedication of Camp Sherman, the military quarters for the veterans during their stayover. A large American flag will be raised, and there will be reporting correspondence, with general music. At 3 o'clock in the afternoon another big parade will come at the Public Landing, under the auspices of the National Naval Veterans' association, whose members will be marched to a float of steamboats at the river front. At 8 o'clock that evening the Naval Veterans and ex-Prisoners of War will hold a Camp fire in Lagoon Music Hall, which will be entertainment, including sound and motion, war pictures, songs and recitations by famous talent. This will be under the auspices of the local entertainment committee. There could be no formal feature of the day's work.

From Monday until Friday night, there will be continuous entertainment at the many open air pleasure resorts surrounding Cincinnati. These will all be of a character to admit. Chester Park, immediately adjoining Camp Sherman, will provide vaudeville entertainment, fireworks and dancing. Music of a high grade, the same being used at one of the most famous bicycle tracks in the country, will be provided. A beautiful summer resort with a large lake surrounded by Kentucky hills, just across the river from Cincinnati, will provide boats in regular attendance, a daily display of Japanese aerial fireworks, a ball game every afternoon from 3 p. m. to 5 p. m., including the curious of Manila, bombardment of Santiago and other scenes, with a complete reproduction of the battle of Manila, and a large amphitheater. Coney Island, by rail or up the Ohio River, and by road from Cincinnati, will offer the same general free regular attractions as for the Coney Island management, including sunset fireworks and dancing pavilion. Sycamore Park will have the wharf at the foot of Vine street, every hour of the day from 9 a. m. to 9 p. m., not only for Coney Island but for general river excursions. The Kentucky gardens, which come in the Indian territory, will be open every day from 8 a. m. to 10 p. m., with evening concerts and general entertainment in the day.

There will be a ball game daily at 3 p. m. in the National Association of Base Ball Clubs. The Cincinnati Reds contesting with the Cleveland on Monday, the Chicago on Tuesday, Wednesday and Thursday, and the St. Louis Browns on Friday. There will be daily afternoon and evening performances at the six leading theaters, with a varied bill including the famous war drama Shenandoah, musical performances and vaudeville, with the best talent in the realm of entertainment. Many special nights are provided by the Citizens committee.

On Tuesday, at 7 p. m., the naval veterans and ex-prisoners of war will parade. Wednesday the grand review of G. A. R. veterans will occur. The start will be made at 10 a. m., signaled by the firing of a national salute of 21 guns from national headquarters at the Grand hotel. The parade will be reviewed by President McKinley and Commander-in-Chief John P. S. Oden, now a brigadier-general in the United States army of volunteers. The route of march has not been made public, but will be entirely over level streets, and with the exception of a short distance over asphalt. At two o'clock on Thursday afternoon, the citizens of Cincinnati will present to the veterans a parade of large proportions, made specially attractive by a large number of black one and colored troops.

The camp fire on Tuesday and Wednesday evenings at Music Hall, will be in honor of the Grand Army of the Republic, and will be of a character similar to that of Monday evening. Among the speakers expected at these camp fires are President McKinley, ex-President Harrison, Senator J. B. Foraker and many other notables. Every member of the President's cabinet, all senators and representatives, and the governors of all the states will be invited to attend the encampment.

The fourth evening of the week, Thursday, will be devoted to a grand display of fireworks. It is hoped that all may witness them without discomfort, similar display will be made at the same hours at the Public Landing, in Eden Park and at Camp Sherman. The delegates to the encampment, and notables will witness the display from stereotomies anchored at the Public Landing. These fireworks display will be so elaborate as the mind of the designer can conceive it. The city will be brilliantly lighted every evening with arcadic illumination.

A relief of hotel rates to all visitors and to Fort Thomas, from which the Sixth U. S. infantry went to face such battles has at the battle of Santiago. It is still contemplated by the Kentucky of the departed regiment, and as a body pay for its care and comfort. It is one of the most beautiful cities about the hill crowned city, the view from the crest of the hill being unsurpassed. The citizens' committee will erect a large tent at the foot of which will be served refreshments free to all veterans and their families. Street cars have the heart of the city every three minutes for this point.

This is the route constituted the general features of the entertainment which will be offered the city's guests encampment week. To be sure there will be many other features, including receptions, dances, drills, and probably a grand reception to President McKinley. These will be special to some of the Grand Army of the Republic, including receptions by notable citizens, and special features of entertainment yet to be provided for them.
