CAPTAIN DONOVAN.

Charges Filed Against Him by Chief Pratt.

SENSATIONAL HEARING IN SET.

other Superior Officers brought Before the Fire and Police Board Last Night.

The fire and police board held a meeting last night and dispose of more than an ordinary amount of business.

A communication was received from Chief Pratt, notifying the board that he intended to appoint Oscar Lewing vice Andrew Ferguson, who had resigned. Accepted, and Mr. Lewingson ordered placed on thirty days' probation, and the recommendation of the chief at the end of that time.

The city council asked for the appointment of Paul Jensen of John G. McAllister, for the health department, Thomas Young, of the water department, and Adolph Anderson, of the sewer department, as special policemen, on the ground that they could be more able to call on the law in their official capacity. Young and Anderson were appointed, and the other was postponed to another date. McAllister was not appointed as he already had a deputy sanitary commissioner.

A note from Jensen a short distance was read. Leader Lindsay, Jennings and Commissioner Stephens in reply to appointing specials, Mr. Jennings contending that these appointments would only cost in confusion and would interfere greatly with the work of the police department, while Mr. Stephens pointed out specials were valuable auxiliaries when could be done away with.

Chief Pratt gave the board to understand that he did not recommend the appointment of specials, but said he would appoint them if so directed by the board. A motion was then put to the opportunity, it was carried.

Captains of officers Kemp and D. Young were promoted, and left to the chief for appointments. At this time Officer McDonald was allowed to address the board, which he did, stating that he had come to present the hearing of his case, pending the arrest of his most important witness, saying that he would likely be on hand soon thereafter.

Chief Pratt agreed to a postponement and stated he was only meeting charges that he had sufficient energy to give for against McDonald would be sufficient to right away.

On motion of the board, the hearing of these cases set for Monday, September 16th and Chief Pratt instructed to file his additional charges.

Chiefs Pratt and Devine presented their monthly payrolls, which were accepted.

Chief Devine also presented a bill for the new hose recently bought, costing $185, and also a bill of expense amounting to $8.55 incurred in getting the hose here. The council then of adjournment to come over Chairman Jennings, but not a kind was registered.

An executive session, to lay the preferred charges against Captain Donovan before the board, was urged by Chief Pratt and granted, which resulted in the exclusion of the reporters who were present.

Takes place last night for the space of two hours and would no doubt have furnished very important reading, but newspaper reporters were admitted.

The charges, however, consisted of dereliction of duty and practical neglect to the department during the chief's absence, and after they were read Captain Donovan gave the board to understand that he had withdrawn from the service of the city and intended on a weekly examination of the preferred charges which, "said he, it would either result in a vindication or a condemnation. Then the meeting ended.

GREAT SILVER LECTURE.

Hon. Wm. J. Bryan speaks at the Tabernacle Friday Night.

Great interest is being taken in the lecture on bimetallism to be delivered at the Tabernacle next Friday evening by the distinguished orator, Hon. W. J. Bryan, ex-Congressman of Nebraska. Tomorrow morning the sale of reserved seats begins and the demand will no doubt be very large.

The lecture is given under the auspices of the Democratic Union, and is wholly non-partisan. Admission is free, but those desiring reserved seats will be asked to pay the nominal sum of twenty-five cents. This charge is made knowing that there are many who would like to aid in the advancement of principles, and also in view of the fact that the Bryan committee has passed $1,000 in the treasury thus.

The lecturer, although a young man, has a world wide reputation and is referred by Hon. J. L. Rawlins, who will with him in Congress, as a very eloquent orator, and as one of the most, if not the most, gifted man in the last Congress.

All who are interested in the cause of sound money and bimetallism should be in attendance on next Friday night.
