STOCK BROKERS RESUME BUSINESS

Sales on the Exchanges 33,900 Shares for $7,980.25.

LITTLE CHANGE IN FIGURES

Utah Board Will Adjourn July 1st for Two Months—Caller Barrett Has Resigned.

TODAY'S METALS:

SILVER 61
LEAD, $4.25
CASTING COPPER, 10c

The exchanges did business today amounting to 33,900 shares for $7,980.25. The old board sold 22,600 for $6,787, while the Utah exchange made transfers amounting 11,300 shares for $1,233.25. Figures continued on the old basis with just a slight change, here and there, for the better.

Following the effort—we call the Utah board held a meeting, at which the question of a summer vacation was discussed. It resulted in the brokers resolving on a suspension of operations July 1st, the same to continue in force for two months or until September 1st. Capt. Mill Barrett, who takes a position at Garfield beach, has resigned as caller, and will be succeeded by another, perhaps tomorrow.

SALT LAKE EXCHANGE.

Business a Little Better than on Monday Last.

The Salt Lake Exchange found stocks a little more active today and increased up $246 shares for $6,161. Daly-West sold at $9.85, while Daisy and Four Aces sold based in kind, each making transfers at 11 cents a share, and Geyser Marion dropped 200 shares at 42 cents each, in spite of the brighter outlook for silver stocks. Lower Mammoth was a heavy seller at 13 cents, and was dealt in as low as 12, while Northern Light sold at 62 cents, or even less, Star Consolidated 94½ and 9½, Bankers 6 and South Swansea 1½.

Dalton was a favorite during the call, and advanced 10,000 shares at 2½, Eagle and Blue Bell had a closing bid of $1.25, but sold at $1.22, while Joe Bowers displayed a marked weakness and did business at 11½ cents.

Figures were posted as follows:

UTAH EXCHANGE BUSINESS.

Buckeye's Leading Seller—Eagle and Blue Bell Advances.

Today's proceedings on the Utah Exchange resulted in the sale of 11,300 shares, which brought the sum of $1,233.25. Buckeye was leading seller at 2½ and 3 cents, while Chloride Point and Iaqui advanced 10½ and Eagle and Blue Bell sold at $1.15 and $1.22. Otherwise there was practically no change from quotations established in the morning.

Two New Members.

D. A. L. McCurdy and H. North were voted members of the Utah Exchange today. These gentlemen came in as transferred memberships from R. E. Wakefield and Charles Hodgkins, both of whom have discontinued operations on the exchange.

MARKET REPORTS

NEW YORK MARKETS.

New York, May 31.—A few stocks showed fractional gains at the opening, but the general tendency was downward. The weakness in Sugar was renewed, and it sold down to 127½.

Heavy covering in Sugar carried it up 4 points to 131. The market subsequently fell back and rallied again. The Grangers were conspicuous for their weakness. Rumors were circulated that the Rock Island road was attacked down 10½ points. Pressed Steel Co., Brooklyn Transit and Sugar sold down 3 points. Lead preferred was attacked down 10½ points. Pressed Steel Co., Brooklyn Transit and Sugar rallied 2 points. Lead and the rest of the list from 1 to 2½. Covering by shorts called the market temporarily firm and prices dropped before closing to the lowest.

The success of the bears in attacking the sugars was followed by their efforts to extend their operations throughout the list. That the early weakness was largely due to short selling was shown by the quick sharp recoveries on covering but the forced sales brought prices each time to a lower level and the values of otherwise gave. There was evidence of liquidation in the large stocks of steel declined at the low point. The prospect of gold exports was generally considered substantial cause of the decline. The report of a rate of 3½ now issue at New Orleans and the exceptional opportunity was in influence and the closed effect of the Food exposition tax bill and the rule of the executive committee of the Sugar company's agents to carry on the crop war were made much of. Money and the municipal stocks, Federal and Chicago, gained at other leading specialties on the decline. Southern Pacific, Southern Railway, preferred, and the rest of southern, declined generally on the decline of the railways but practically all showed losses of a point or upward.

The bears made a renewed onslaught on the market in the final hour and made prices in a number of instances slightly below the previous low point. Sugar touched 126½, Metropolitan, 147½, and Brooklyn Transit, 1.05.

The usual rally in covering followed and the market became more quiet. The property reached a point or over in Metropolitan, Brooklyn Transit, Sugar and Lead, Pacific Mail, etc. The closing was unsettled and irregular, several important stocks dropping to the lowest, but losses extending to seven points, in Metropolitan street railway.

SUGAR.

Sugar—Raw, firm; for refining, 4¼c; centrifugal, 96 test, 4¾c; molasses, 3c; sugar, 4c.

Refined, firm; crushed, 6½; pulverized, 5½; granulated, 5½.

MONEY.

Money on call nominally 2 @ 3 per cent. Prime mercantile paper 3½ @ 4½ per cent.

Sterling exchange firm with actual business in bankers' bills at 4.87 @ 4.87½ for demand and at 4.83½ @ 4.83 for 60 days; posted rates, 4.84 @ 4.87 and 4.88½; commercial bills, 4.82½ @ 4.83.

Silver certificates, 61 @ 62.

Bar silver, 61.

Mexican dollars, 46½.

Government bonds irregular; 2's reg. 96, 2's coup. 96, 4's reg. 112½, 4's coup. 112½, 5's reg. 111, 5's coup. 111½.

CHICAGO MARKETS.

PRODUCE.

Chicago, May 31.—Wheat bulls cheered at the opening and prices advanced to 74½@75, a gain of 1¼ over Monday's close. Heavy realizing set in and wheat sold back to a position to 74, but by 11 o'clock July has rallied to 75¼.

CLOSE.

Wheat—May, 77½; July, 75¼; Sept., 75½; Dec., 78¼.

Clover—7.75.

Pork—Mess, 7.95@7.97½.

Lard—Prime steam, 4.30.

Ribs—Short clear sides, loose, 4.50@4.62½.

LIVE STOCK.

Hogs—Receipts, 24,000; yesterday, 23,000; left over, 3,891. Market strong on good grades, other sorts steady. Mixed and butchers, $3.60@3.85; good heavy, $3.75@3.90; rough heavy, $3.60@3.65; light, $3.60@3.82½.

Cattle—Receipts, 16,000. Market dull. Beeves, $4.50@5.10; cows and heifers, $3.25@4.60; Texas steers, $4.00@4.60; stockers and feeders, $3.75@5.15.

Sheep—Receipts, 12,000. Market slow. Sheep, $1.90@5.25; lambs, $4.50@6.60.

OMAHA LIVE STOCK.

Omaha, May 31.—Cattle—Receipts, 4,300. Market steady to 10 cents higher. Good steers, $4.60@5.35; western steers, $4.40@4.85; Texas, $3.75@4.75; native cows and heifers, $2.60@4.75; canners, $2.75@3.15; stockers and feeders, $3.60@4.70; calves, $4.00@7.00; bulls, stags, etc., $2.75@4.25.

Hogs—Receipts, 11,600. Market steady to early. Heavy, $3.57½@3.62½; mixed, $3.55@3.57½; light, $3.50@3.57½; pigs, $3.50@3.55; bulk of sales, $3.55@3.60.

Sheep—Receipts, 3,00. Market active, weak. Wethers, $5.00@5.25; ewes, $4.75@5.00; lambs, $6.00@6.60; stock sheep, $3.00@3.90; lambs, $5.00@6.60.

KANSAS CITY LIVE STOCK.

Kansas City, Mo., May 31.—Cattle—Receipts, 1,500; market steady; native steers, $4.10 @ $5.25; Texas steers, $3.75 @ $4.65; Texas cows, $3.20 @ $3.90; native cows and heifers, $2.60 @ $4.60; stockers and feeders, $3.60 @ $4.65; bulls, $3.40 @ $4.25.

Hogs—Receipts, 12,000. Market steady to weaker; bulk of sales, $3.60 @ $3.70; heavy, $3.60 @ $3.80; packers, $3.55 @ $3.70; mixed, $3.55 @ $3.70; light, $3.50 @ $3.65; yorkers, $3.55 @ $3.60; pigs, $3.55 @ $3.65.

Sheep—Receipts, 3,000. Market easy; lambs, $4.00 @ $5.00; wethers, $5.00 @ $5.25.

DENVER LIVE STOCK.

Denver, May 31.—Cattle—Receipts, 3,—600. Market steady to strong; beef steers, $4.40 @ $5.25; cows, $2.90 @ $4.00; feeders, $3.60 @ $4.60; calves, $3.00 @ $4.60; stockers, do., $3.20 @ $3.90; bulls, stags, etc., $2.25 @ $3.60.

Sheep—Receipts, 1,500. Market is lower, weak; best mutters, $3.12½@3.25; sheep, $3.50 @ $3.55; heavy, $3.50 @ $3.65.

Hogs—Receipts, 1,200; market nominally; good to medium, $4.00 @ $4.25; mixed, $3.90 @ $4.00.

SAN FRANCISCO MARKET.

San Francisco, May 31.—Wheat, weak, Dec., $1.20½; barley, weak; Dec., 81½c; butter, steady; Dec., 16½; eggs, 16½c; cash, $1.05.

REMARKABLE SIGHT OF A BUSHMAN.

(Concluded.)

It has often been remarked that civilized people tend to become short-sighted. This is because in towns and cities their vision is mostly confined to short distances. Savage races, on the other hand, are generally gifted with remarkably keen sight, and few tribes have progressed so far as to need spectacles. The African bushmen, whom we now mention, are certainly not exceptions to the rule. This year, in, no doubt, a wise provision of nature, for the bushmen are a small race, and if they are allowed to have any chance in the struggle for existence they must be exceptionally on their various enemies, whether savages or other tribes, or wild beasts.

A traveler in South Africa states that, while walking one day in company with a friend, he observed a bushman, who was leisurely stepping, and, gazing across the plain, cried out that there was a lion hunting, and a concerted rush was made, and correctly in the direction indicated by the bushman, but could see nothing. Accordingly he asked Hans's brother, who was following at a distance, "Can you see the lion?" "No, I can not," was the reply. Upon questioning the lad, from 1 to 2½. Covering by shorts called the market temporarily firm and prices dropped before closing to the lowest.

The success of the bears in attacking the sugars was followed by their efforts to extend their operations throughout the list. That the early weakness was largely due to short selling was shown by the quick sharp recoveries on covering but the forced sales brought prices each time to a lower level and the values of otherwise gave. There was evidence of liquidation in the large stocks of steel declined at the low point. The prospect of gold exports was generally considered substantial cause of the decline. The report of a rate of 3½ now issue at New Orleans and the exceptional opportunity was in influence and the closed effect of the Food exposition tax bill and the rule of the executive committee of the Sugar company's agents to carry on the crop war were made much of. Money and the municipal stocks, Federal and Chicago, gained at other leading specialties on the decline. Southern Pacific, Southern Railway, preferred, and the rest of southern, declined generally on the decline of the railways but practically all showed losses of a point or upward.

The bears made a renewed onslaught on the market in the final hour and made prices in a number of instances slightly below the previous low point. Sugar touched 126½, Metropolitan, 147½, and Brooklyn Transit, 1.05.

The usual rally in covering followed and the market became more quiet.

SWANSEA POSTS JUNE DIVIDEND.

Will Pay the Usual $5,000 in Ten Days.

SACRAMENTO'S TOMORROW.

Bingham Claims Bonded—The Boston Consolidated—Ogden's Latest Discovery—Miscellaneous.

The directors of the Swansea Mining company met in regular monthly session in this city a week today, and declared the usual dividend of 5 cents a share, or $5,000, payable June 10th. This gives the company a total of $185,500, while it is said the mine was never in better shape. Tomorrow the disbursements will pay the dividend of $5,000, and later on in the month, the usual payments will be forthcoming from the Grand Central, Silver King and Bullion-Beck, with another $25,000 from the Horn Silver along about the 20th.

BINGHAM CLAIMS BONDED.

Salt Lakers Tie Up a Group Near the Highland Boy.

Messrs. A. L. Morris and E. M. West spent yesterday at Bingham, in an examination of a group of claims upon which they have just taken a lease and bond. The claims lie one and a half miles north of the Lexington, and far from the Highland Boy and consist of the Two Lakes Outlook, River Girl and Generator. The bond runs for one year, the property to be clear hands for the sum of $12,000. It is understood that the gentlemen above named are acting for Eastern parties, and that the ground will form the basis of an incorporated company. The property shows a nice ledge of quartzy quartz, averaging per various, and all in all has the appearance of being a good thing.

Mr. Morris reports Bingham busy in the Old Reliable. He says preparations are making for the starting of work on the West Jordan and Fisher Extension, a force of men to be put on in a day or two.

THE BOSTON CONSOLIDATED.

Bingham Mine Receives Attention from a Leading Mining Journal.

The Engineering and Mining Journal pays this "tribute" to the Boston Consolidated of Bingham, which has set up Utah's leading producers—Samuel Newhouse and Thomas Weir—are really interested:

Our contemporary, the London Financial Times, has been criticising pretty severely the Boston Consolidated Copper mines in Utah, the stock of which has been floated in London, and in at several of its respective developments. This criticism has been accompanied by some remarks on other Utah companies which we do not think are justified by the facts, but in the case of the Boston Consolidated judging by the company's reports and others, there seems to be no doubt as to the worthiveness of the proposition. The company has been floated, however, by very timely shorting, and advantage was also taken of the boom in everything connected with Utah to place the stock upon the market. The company has not been at all liberal with reports, and only very general statements have been presented. Although the property is in London, however, presents some figures which certainly call for attention.

Mr. Samuel Newhouse, the managing director, Mr. Samuel Newhouse, claims that development shows the existence on the claims of about 2,000,000 tons of ore "averaging 1 to 2 per cent copper, with some small values in gold and silver. This is based on a report from Mr. Thomas Weir, the mine manager, in which the following statement is made: "Assuming that 2,000 feet along the vein, that is, 1,000 feet on each side of the Copper Center Tunnel, we have 2,000 feet long, 1,500 feet wide (or across the formation) and 500 feet deep, or 2,500,000,000 cubic feet. Allowing 12 cubic feet to the ton (this is exceedingly liberal), we have 208,666,666 tons. The above ore body averages 2.50 per cent in 2.5 per cent copper."

Mr. Weir's assumptions are certainly on an exceedingly liberal scale, and it may well be questioned whether a good deal more development work is not required to prove the existence of such a great a mass of ore. But even if we accept the statement, and admit that the company has a very large body of low-grade ore, it does not seem to be for the case. According to Mr. Weir's report the ore contains 2.500 per ton of copper, which would give an average of 1.00 per cent. But even if the ore should be found to be equal to this, it would be a very low-grade ore, and it would not better the situation. It would be impossible to mine and treat such ore profitably for a loss of copper at a profit, under the existing conditions in Utah. In the Bingham district, for instance, ore from 4 per cent up are treated. It is well known that the profits come chiefly from the product refined in the smelter, and it is a fact that the Boston Consolidated material has more than ever small value, and that the Boston Consolidated ore, parallel cases might be presented. Although for the greatest cheapness of smelting which can be obtained, and for the large size of the ore body, one can not but feel that the prospect for heavy loss on 1½ and 1 per cent copper is not encouraging. Mr. Weir's report, however, is not probable that the ore is large enough to stay permanently at 2½ or 3 cents, and with every fall the loss on operations would be greatly increased.

On the company's new showing, therefore, the mine can be but of the kind that it is, and it is to be. Undoubtedly our London friends, who are now buying the stock at high prices, will realize that it is a little hard.

OGDEN'S LATEST DISCOVERY.

Big Vein of Zinc-Bearing Ore Found Close to the City.

Ogden, May 31.—The latest mining excitement is over the reported discovery of a lead-bearing vein of zinc-bearing ore less far from this city, by four gentlemen, among whom is Oliver Dee, Mayor of the police force. The report is that the vein is in the city limits, and early Monday morning and returned at night after having located and staked out the claims on the ledge, which is said to be traceable for quite a distance along a mountain side. The vein is said to be 4 feet wide, of which three feet will be Salt Lake for smelting, is of a brownish color, streaked with white, and is the city limits. The boundary of the alleged find is said to be easy of access by wagon.

If all of these "take to the hills" who promise to do so when "the spring time comes, Gentle Annie," in search of the golden fleece, report, like of our other old thing that has a commercial or mining value, there will be a perceptible thinning out of the population of this city. Men with their pockets full of "rocks" are almost as thick on the streets of Ogden as sinners in Chicago, which is saying a great deal.

Antelope Springs Cooper.

The Richfield Reaper says that Ed. Clark returned recently from the Antelope Springs country in Millard county where he has been developing a copper property. According to himself and H. E. Taylor, he reports a vein of fifty feet of well stained rock, and specimens of some good looking samples. The vein improves as depth is gained. Mr. Clark has returned to further develop the claim.

Utah Polishing Premises.

That the Utah of Fish Springs has begun the fulfillment of promises made by the management concerning improvements, was evident today on the arrival from this property of two cars of high-grade ore, which will be sampled by Salt Lake smelters. The mineral is like unto that recently shipped, and will run equally as well, it comes from the new ore chute, which is starting out with good roads during the season promises to make its appearance quite regularly.

Strike in the Copper Ranch.

A good strike is reported in the Copper Ranch mine, the property of Peyton and Murphy, near Milford. Will Griffiths, who came up from the south this morning, says he saw some of the ore at the hotel, and that it gave every evidence of carrying good values in copper. It was encountered at a depth of fifty feet in the shaft, and has grown in size and richness as it gained in this section. The Calumet, over which Mr. Griffiths presides, is all sinking and working in little ore for shipment, but interest in that section continues unclouded.

Lozy Takes Charge Tomorrow.

Tomorrow, June 1st, H. G. Lozy, the newly appointed manager of the Geyser-Marion, will be inducted into office without some ceremony. Mr. Lozy, Dutchmeyer simply stepping aside, after introducing his successor to his new office and the employes of the Geyser. As to the gentleman's efficiency there is no question, and that the property will continue its good record under the new management in what is confidently expected.

Goes East to Get Married.

George H. Dern, treasurer of the Mercur Gold Mining company, leaves for the East this evening on a so too important errand than to be entrusted the function to take place June 7th at Fremont, Nebraska. Mr. Dern will wed Miss Lottie Brown, the handsome and accomplished daughter of Mr. and Mrs. W. A. Brown, who whom he will return in the course of six weeks, to take up their abode in Salt Lake. The groom has a wide circle of friends in this city, whose best wishes and congratulations will go with him in his entrance upon married life.

MINES AND MINING MEN.

Jesse Knight was in the city today.

Harry Joseph has returned from Gold Mountain.

Two cars of ore from Cazie and 6 from Tintic, reached the Conklin smelter today.

Capt. George W. E. Dorsey was expected back from the East this afternoon.

E. O. Hogsen was out at Bingham today, on business connected with the Boston Consolidated.

Six feet of ore running $3 per ton is reported in the Eagle & Blue Bell at a depth of 70 feet.

Those interested in the Orient mine at Tintic are much elated over a new strike in this property.

The latest issue of the Mining Review contains a good article on the Highland Boy, which will be in the hands of other interesting matter.

H. H. Oliver has moved to 164-5 Dearborn block, the apartments heretofore occupied by Dr. Hoffman, who has found office in the McCornick building.

The Taylor-Broxton sampler received 22 cars of ore today, 18 of them from Tintic, one each from Mercur, Bingham and Nevada.

On the Salt Lake board today Eagle & Blue Bell sold at $1.12 to $1.20 a share but on the Exchange close no sales carried off by a broker, on record was made in the regular transactions.

NOTICE OF SPECIAL STOCKHOLDERS MEETING.

Of the Herriman Irrigation Company.

NOTICE is hereby given that a special meeting of the stockholders of the Herriman Irrigation Company has been duly called to be held on the 22nd day of June, A. D. 1899, at the hour of 11 o'clock a. m. at the Lehi-Jordan Stake Tabernacle, in the Town of Herriman, in the County of Salt Lake, State of Utah, for the following purpose, viz:

First. For the amendment of the Articles of Incorporation by adding thereto the following Article X:

"For the purpose of paying the debts, expenses and liabilities, and all moneys expended and for purchasing the interests of the companies, the directors shall have power to levy assessments upon all of the stock of the company, and all stockholders shall be liable to such assessments upon all of the stock owned by them, which shall be paid in cash or approved notes, or in such other property or stock as
